DOMINION PARLIAMENT.

THE JUDGE ELLIOT IMPEACHMENT MOTION.

Voted Down by a Majority of 48 Votes—Mr. Charlton's Sunday Observance Bill Defeated in Committee.

OTTAWA, May 10.—Yesterday being private members day the afternoon was nearly all taken up in moving for papers, after which public bills and orders were reached and the House went into committee on Mr. Charlton's bill for the better observance of the Sabbath day.

Then Colonel Tisdale moved that the committee rise without adding the necessary words "and report progress and ask leave to sit again." In support of his motion he held that the act dealt with civil rights which were under the control of the local government.

Sir John Thompson said he did not think the bill was beyond the power of this Parliament, but he thought the provincial authorities were best calculated to deal with the subjects referred to because of their knowledge of the surroundings. He did not approve of the publication of Sunday newspapers, but the Legislatures should be left to deal with this as they saw fit.

The debate was continued by Hon. Mr. Bowell and Messrs. Christie and O'Brien, after which a count was taken in committee and Col. Tisdale's motion carried by a vote of 65 to 38.

Will Not be Impeached.

The great question of the impeachment of Judge Elliot has occupied the attention of the House all the evening and at a quarter past 1 the division bell rang the members were called in and Mr. Lister's motion impeaching the Judge was defeated by a vote of 50 yeas to 92 nays. The speakers have been Messrs. Mulock, Fraser, Listes and Davies for the motion and Messrs. Tisdale, MacDonald (Victoria), Weldon and Sir John Thompson against it.

OTTAWA, May 10.—There was a large attendance of politicians and lawyers at the Supreme Court yesterday when the May term opened, as it was known that some five election appeals were on the list and that one or other of them was to come up for hearing. These cases are: South Grey, Pontiac, L'Assomption, Rouville and Bagot.

The first taken up was that of South Grey. In this case one Williams appealed against the election of Dr. Landerkin. On the case being called Mr. Ferguson announced that the appellant, Williams, abandoned the appeal, thus confirming Dr. Landerkin, the sitting member in his seat.

The next case proceeded with was the Pontiac election appeal, that of Murray v. Lyon. Mr. Thomas Murray, who was unseated by the court below is the sitting member, having appealed his case to the Supreme Court. Mr. O'Gara, Q.C., Ottawa, who appeared for Mr. Murray, took objection to the trial below since there was no date fixed for the trial within the six months as prescribed by statute, in other words it came within the category of the Glengarry case, which was decided by the Supreme Court, that such notice was necessary.

Mr. Murray was unseated.

LOSSES TO STOCK.

A Large Number of Dead Cattle and Horses on the Prairie.

LETHBRIDGE, N.W.T., May 10.—The storm of last week was the hardest on stock of any since 1886-7 and the loss will not be fully known until after the spring round-up. Reports from Macleod and Pincher Creek state that a large number of cattle were snowed under, having got under cutbanks, and the snow drifted over them, in some cases completely covering them. The cowboys were busy last week pulling out all those which were still alive, but they state that a great number had succumbed. On the north side of the river they drifted over cutbanks and we understand numbers of them lie dead at the bottom while numbers of calves are running on the prairie without mothers. The storm was nearly as bad on horses as on cattle and in the immediate vicinity of Lethbridge quite a number of horses succumbed to it. Mr. N. Walwork is out about 30 head, a number of which have been found dead. Mr. A. J. Whitney found six of his dead in one bunch and the rest he has not seen yet, while several of the freighters have lost one and two each. Altogether the loss will amount to thousands of dollars, as we understand the storm extended over the whole range country.

CUT HIS THROAT IN THE DOCK.

Dramatic Scene in a New Brunswick Court.

DORCHESTER, N.B., May 10.—There was an exciting scene at the Court House here yesterday. Judge Landry had pronounced three years sentence in the penitentiary on Morton Ricker for uttering a forged note when Ricker cried out that he was innocent and had been convicted on false evidence, and drawing a razor slashed it across his throat. He was at once disarmed and conducted, bleeding, back to jail, where he swallowed the contents of a bottle of ammonia given him by his wife. Doctors used emetics and soon brought him around and sewed up his throat. He will recover.

Death Roll of a Day.

Baron George William Wilhiere Bromwell of Castle Bromwich, Birmingham, England, is dead, aged 86. He will be succeeded by George Cecil Orlando, Viscount Newport.

James Goudie, sr., the man who built the Royal William, the first boat to cross the Atlantic by steam power alone, is dead at Chicago, aged 81.

Preferred Death to a Wife.

PHILADELPHIA, May 10.—Samuel Shape, a drug clerk, whose home is in Newark, N.J., shot himself dead in his boarding-house, No. 245 North Seventeenth-street, this morning during the absence of the family at church. Cards had been issued for his wedding next Thursday with Miss Dabell of Newark.

Feeding on Horse Flesh.

CALGARY, May 10.—Dr. Lovingheart and party, who left here on April 19 for the Knee Hill coal mines 60 miles away and who it was thought had perished in the storm on Monday last, were found by the mounted police yesterday. They had run out of provisions and were killing horses when found.

Canadian Cattle.

LONDON, May 10.—All the restrictions have been removed in England and Scotland, and Canadian cattle can now move freely through those countries.

This will give Canadian exporters a much greater chance of making money.

Some 2500 head of Canadian cattle are now on their way to the English markets.

A COALITION MINISTRY.

EXPECTED IN ENGLAND AFTER NEXT ELECTION.

Parliamentary Failures—Only a Few of Those Who Took Their Seats in the Autumn of 1886 Have Succeeded in Impressing Their Mark Upon Legislation—Mr. Chamberlain's Tactics.

LONDON, May 10.—As I was sitting in the House of Parliament yesterday and thinking how soon the present Parliament will come to an end, I could not help looking around and trying to decide whose reputation had increased or diminished since we first met in the autumn of 1886. I leave out of consideration private members, whose names would for the most part be unknown to your readers, though some of them will be a good deal heard of in future years. Let us glance over the two "front benches," where the leaders of the Ministry and the Opposition take their seats.

Gladstone Still Foremost.

Mr. Gladstone comes first whether in point of seniority or as the greatest member of Parliament now living. He has gained ground since 1886 by dint of sheer superiority to all rivals. His oratorical powers have not fallen off one atom, while his skill as a debater even seems to have become more consummate. When we came together in the first session the recollection of Gordon and Khartoum was strong upon us and the man who was chiefly responsible for so much disaster could scarcely obtain a hearing. I have seen Mr. Gladstone obliged to stand silent for several moments until the mocking laughter and murmurs with which he was greeted had subsided. In a short time, however, his supremacy over everybody in the House began to tell, and those who hated him most were compelled to pay him the tribute of silence if not of open admiration. Now the Conservatives treat him with great respect, while a large section of his own followers does all in its power to vex and thwart him.

Harcourt Holds His Own.

Look now at his lieutenants. Sir William Harcourt holds his own as the fighting man of the party. His principles are anything you please—to-day one thing, to-morrow something totally different, but he can hit hard, and therefore he has his uses.

Mr. John Morley is more respected, but I do not think that he makes any way in the House. His speeches fall rather flat and readiness of reply is certainly not his forte. Still there is many a good horse that is not a Derby winner, and I doubt whether Mr. Morley has stamina for the course over which he has to run.

Noted Liberals.

Sir G. Trevelyan is reckoned of little account, whether in the eyes of friends or foes. Mr. Henry Fowler has made distinct progress owing to his unfailing good sense and great acuteness, and he is sure to have a foremost place in the next Liberal Cabinet. Mr. Childers, who has filled many high offices, has broken down in health and has disappeared. Sir Charles Russell stands pretty much where he did, and the small fry have nothing to show for their six years of Parliamentary life.

Balfour's Success.

I now turn to the Government side. There it will be universally admitted that a great success has been scored by Mr. Balfour. He began as Secretary for Scotland, and when he rose to speak the House was speedily emptied. He is not even now "the brilliant orator" some papers try to make out, but he is a most effective speaker, and incessant practice has enabled him to throw off those awkward mannerisms which once marred all his efforts. He still hesitates, stammers, often uses the wrong words and is very slovenly in the arrangement of his ideas.

Mr. Goschen, in spite of his conversion of the national debt, has not improved his position in the House. His manner is repellent. He is too aggressive, and somehow or other, is generally disliked. Mr. Matthews, the Home Secretary, has held his head erect through many storms and need fear no further attack. Stanhope and Lord G. Hamilton have done well. The Attorney-General has been badly hurt by the Hurlbert case, and the Parnell commission did him no good. Some of the others have secured promotion, but whether it is strictly according to merit or not would be a very delicate question to decide.

Chamberlain's Future.

There remains two well-known figures. They are outside of the old party lines, but they are too important to be passed over in silence. I refer to Mr. Chamberlain and Lord Randolph Churchill. The first has certainly not lost any ground. He has remained faithful to the cause of the union. His debating powers have developed, and he is proving himself to be a good leader. There is, however, no place for him in the Liberal party, and he is inevitably drifting toward the ranks of the Conservatives. If Lord Salisbury succeeds in getting a majority at the next election the result must be a "coalition" ministry, in which Mr. Chamberlain would occupy a very prominent place. However, he would necessarily bring in with him several friends, including Sir Henry James, and how would the Conservatives like that? There would be a great redistribution of loaves and fishes and many of the present office-holders would be sent empty away. Perhaps the country would not lose much by the change, but a great howl would arise from the exiles.

Lord Randolph's Amusement.

As for Churchill he has practically effaced himself and is apparently becoming unknown to the members of the House. He scarcely ever attends Parliament and is rarely heard from a platform. Horse racing engrosses his whole time, if not his thoughts. He has cut loose from politics and another has stepped into his place. His friends must regard his future with great anxiety, but he may yet succeed to some extent in retrieving his position, though all existing circumstances must be changed before he can hope to do it.

Increasing the Wheat Acreage.

WINNIPEG, May 10.—In most of districts of Manitoba nearly all seeding has been done. Wheat acreage will be largely increased this year, and under ordinary conditions Manitoba will produce an enormous crop.

An Epidemic Among Immigrant Children.

WINNIPEG, May 10.—Bronchitis has broken out among the children of recently arrived European colonists who are temporarily in the immigration sheds, and yesterday six little ones were buried.

A TRAGIC ROMANCE.

A Lover's Abduction of His Sweetheart—Died in a Cave in the Attitude of Prayer.

AJACCIO, May 10.—A tragedy, with a strong color of romance, has just been enacted in this ancient city—the birthplace of Napoleon. For months a band of smugglers and bandits have preyed upon the people of this vicinity, but always managed to elude the authorities. Luigi Betano, the head of the band, during one of his daylight rambles, met Mariette Pagua, the pretty daughter of a wealthy merchant. In the course of time he made her acquaintance and made violent love to her. The girl reciprocated his feeling, and afterward they frequently met by moonlight on the Strand. His signal was a song which, when the young girl heard, she would secretly join her lover.

After this had been going on for some time the lover lured his sweetheart further away from home than usual, and, according to a preconcerted arrangement with his accomplices, had her abducted and imprisoned in a cave, where she was held for ransom.

The girl's father suspected that she had been secreted at the headquarters of the bandits and instituted a search. The whole gang were arrested, but the girl was not found. A peculiar feature of the arrest was the frantic manner in which Betano resisted arrest. Some days afterward the authorities found the cave in a dense forest, where it proved the robbers had their headquarters.

Further search revealed an adjoining cave, entrance to which was obstructed by a locked door. On breaking it open they entered a spacious chamber filled with valuable booty, and in the centre of the apartment was the unfortunate Mariette, who had fallen on her knees and clasped her hands in unavailing prayer. On examination it was found that she had died of starvation. The bandits had fastened her in their lair, and being all thrown into prison were powerless to rescue her.

ROBBED THE WEST SHORE.

Passenger Conductors in an Ingenious Plot to "Knock Down" Fares.

NEW YORK, May 10.—A conspiracy by means of which the West Shore Railroad has been defrauded out of thousands of dollars has been unearthed by Pinkerton detectives and the conspirators lodged in jail. For six months the road has lost an average of $100 a day at the Newburg station alone owing to the use of canceled tickets by conductors and the men who were in the scheme.

When everything was ready four warrants were issued by Recorder McCroskery of Newburg and three men, alleged to be the leaders in the conspiracy, were arrested. They are Michael Horton, a liquor dealer; Thomas Gilooly, a news agent, and John J. Pinder, an insurance agent. The fourth warrant, issued against Thomas Cunningham, is yet unserved, as he has disappeared.

The methods employed were ingenious and the extent of the swindle's ramifications the officials are in ignorance of. Certain conductors retained tickets for Newburg and gave them, it is charged, to the men under arrest, who in turn sold them to people whom they could trust at half price. Care had to be taken that they were presented on trains run by conductors in the secret.

One trip on these canceled tickets, it is said, did not stop their travels, for the detectives aver that they were used over and over again.

Crashed Into an Ice Floe.

OWEN SOUND, Ont., May 10.—The steamship Alberta, Capt. McAllister, left this port Thursday afternoon with a full list of passengers and freight. She arrived at Sault Ste. Marie Friday morning, which port she left about 8 a.m. On Friday evening about 7 o'clock the sea got up accompanied by a blinding snow storm. About 9 p.m. she ran into an ice floe and while near Passage Island, which is only a few miles from Isle Royal where the Algoma was lost, the ice broke three flanges off her wheel, leaving her helpless.

The S.S. Athabasca, which left Port Arthur Saturday, met the Alberta and towed her into Port Arthur. She will be brought here for repairs. Old sailors say Friday night's storm was the worst they ever experienced on Lake Superior.

FORT WILLIAM, Ont., May 9.—The schooner Gaskin, which broke away from the Glengarry in Friday's snowstorm, has been found at Peck's Harbor. The Gleaner, which the Glengarry also had in tow, is still missing. When last seen she was dismasted and in a disabled condition.

BADLY BURNED.

An Aged London Couple Receive Painful Injuries—Their House Destroyed.

LONDON, Ont., May 10.—Peter McGinnis and wife, an aged couple, occupants of a house which was totally destroyed by fire to-night in Bathurst-street, were badly injured, the former being badly burned about the face and hands and the latter inhaling smoke and flames. They were removed to the hospital, and it is not thought their injuries will result fatally.

A Fire at Paris.

PARIS, Ont., May 10.—Thomas Armstrong's blacksmith's shop at Paris station was destroyed by fire Sunday night, involving $800 loss.

Cheese Factory Burned.

CAINSVILLE, Ont., May 10.—The cheese factory belonging to Hately Bros. was destroyed by fire Saturday night, despite the efforts of the entire village to save the building.

A Gypsy Predicted His Death.

KNOXVILLE, Tenn., May 10.—J. R. C. Henderson, a well-known young colored man, disappeared from his usual haunts in this city April 24, and a relative gave it out that he died in convulsions at a cheap boarding house and was buried hurriedly. Many of the colored people think he was foully dealt with, but others blame a colored gypsy for his death. She told Henderson some time ago that he would die in May. A few hours before his death Henderson was as well as ever.

She Carried Mrs. Lincoln's Love Letters.

CHICAGO, May 10.—Mrs. Epsie Smith, colored, formerly a slave in the family of Gen. Edwards, an early governor of Illinois, died here last night. Mrs. Smith was Miss Mary Todd's maid and was the messenger employed for the sentimental correspondence with Abraham Lincoln, which finally resulted in the marriage. Mrs. Smith was nearly 80 years of age.

The wedding of Mr. Lincoln and Miss Mary Todd, daughter of Robert Todd of Lexington, Ky., was solemnized by Rev. C. Dresser at Springfield, Ill., Nov. 14, 1842.

Weather Notes for April.

PETERBOROUGH, May 7th.—*April*, with all its frost and cold, has come to a close. Having given some time ago the minimum rendering of the first half of the month it is not necessary that I should say much about it, only, throughout, the month has been cold and dry, with a considerable amount of wind and frost. The coldest was on the morning of the 24th, standing at 15°, 1 p. m., at 32°, sundown, at 25°. The hottest was on the 5th, morning indicating 50°; 1 p. m., 72°; and sundown at 45°. So it will be seen great has been the changeableness of fickle April. The mean temperature of the month was 37 14 30°. We had frost on 23 mornings; on 4 days flurries of snow; rain on 4 days, but only to the depth of 1 inch and 12.100, being light for April; lightning on the night of the 5th when the thunder storm swept over parts of Ontario. We had no thunder nor rain. Four times we had halo and three times auroral lights; once 111 degrees, once 11 and once 1, this on the night of the 22nd, which was uncommonly bright; twice fog; and a fierce gale on the 23rd. The first seen of our migrating birds was as follows: on the 1st, our dinging robins; on the 2nd our pleasant blue birds; and on the 4th, our chattering swallows. The following are the different points from which the wind was blowing at sunrise during the month respectively, namely, from the north west 15 days, south 2 days, west 2 days, south west 5 days, east 2 days, north 2 days, north east 1 day, and south east 1 day.—THOMAS TELFORD.

Last Words of Good Queen Bess.

All Wish for Long Life—How it May be Obtained With Health and Happiness.

"All my possessions for a moment of time!" These were the dying words of the great Queen Elizabeth of England. The love of life is the same to-day; and we have thousands of men and women in our midst who would gladly give their wealth, gold, houses and lands—if they were assured of life and health.

To-day we have at hand a marvellous agency for the restoration of life and health, for which the people of Queen Elizabeth's time would have given fortunes. The God given and wonderful blessing is Paine's Celery Compound, which overcomes the same troubles that brought to the grave good Queen Bess.

At times we are inclined to believe that our people are more skeptical and doubting than our forefather's were. This statement we think will hold good in many ways. Men and women have wandered far from orthodox views on religious matters; they are following strange gods and foolish and criminal rites and observances. So, in matters of health people are led by false reasoning and arguments to make use of untried and useless remedies to get rid of disease and suffering; the result is increased misery, and the dark and dismal tomb.

The unbelieving and doubting run fearful risks; they are standing on quicksands which may engulf them at any moment. These dreadful and fatal quicksands are found in nervousness, sleeplessness, despondency, dyspepsia, rheumatism and broken-down constitution. The rescuer—deliverer is Paine's Celery Compound, a prescription giving new life, strength, activity and joy—a prescription a thousand times more precious than pearls or gold.

Life, real and true, may be yours if the agent is made use of in time. Knowing this, why procrastinate and delay? Why allow pain and suffering to wear away what there is of life and strength. We offer you the golden key that opens the look leading onward to a new and happy life. This golden key is Paine's Celery Compound, which must be used if the yawning grave is to be avoided. We have done our part; we have advised and counselled, the future is in your hands. Will you make this future dark or bright by your decision? You must be the judge; you must stand or fall, you must soar or droop!

EXTREMES.

A Word of Friendly Caution Against Going Too Far Either Way.

A great many people are fond of overdoing things. They carry practices and ideas to extremes, and indulge in the use of superlatives. Unqualified praise is seldom called for, neither is unqualified condemnation desirable, for the great post found there was "good in everything." The general use of extremes is apt to arouse suspicion as to sincerity, and justly so. Take, for example, the use of mourning paper. Some people adopt a paper bordered by a black band fully half an inch in width. To say nothing about good taste, which may not be considered under the circumstances, the use of such paper is entirely too conspicuous. It obtrudes your grief upon everybody, and makes a display of it. The matter is wholly personal; it is not necessary to proclaim it to the world.

In the wearing of rings and jewellery, a lavishness of display is often noticeable. This also is bad form, being a parade of mere personal wealth. Rings and jewels are all right if worn in moderation, but true refinement never indulges in excesses of dress or ornamentation. It is this overdoing of things that leads to difficulties, even as too much study may weaken your eyes or destroy your health, thus preventing for a time at least further acquirement of knowledge. In speech, also, superlatives are too often used, and they serve to awaken distrust. Absolute perfection is indeed rare, and exaggeration plays a great part in modern life. We think too much of our own importance, or talk too much of ourselves. We dwell too much upon family or society, and lend a fictitious value to absolutely empty things. The use of superlative words often tends to destroy the impression that we wish to convey, simply because we overdo things. A light curb, a little thought regarding things of this life, seems to accomplish the end much better than going to any extreme, however strongly you may feel.—Harper's Bazar.

That Tired Feeling.

Is often the forerunner of serious illness, which may be broken up if a good tonic like Hood's Sarsaparilla is taken in season. This medicine invigorates the kidneys and liver to remove the waste from the system, purifies the blood and builds up the strength.

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore the action and invigorate the liver.

Seven Years Suffering.

GENTLEMEN,—I had suffered very much from inflammatory rheumatism, which through wrong treatment left ugly running sores on my hands and feet. With these I suffered for seven years, during which time I had neither shoe nor stocking on. I commenced using B. B. B. externally and internally, using the Pills also, and I can say now that the sores are entirely cured, and have been for some time. I believe the bitter were the means of saving my life.

OUR LOCAL PARLIAMENT

Sits Last Night; but Little Accomplished.

Several Reports Received and Accounts Passed—A Night for By-laws—The Council Will Shortly Take Over the Narrow Streets—Other Inquiries and Motions—The Street Watering Comes up Again—The Town to Buy Horses for the Fire Department at Once.

A special meeting of the town council was held in the council chamber last night. The councillors were rather lethargic in getting into their respective seats around the council board, and it was nearly half past eight when the proceedings began with the following guardians of the town's rights present, Mayor Kendry, Councillors Cahill, Best, Young, Kelly, Bradburn, Dawson, Ferguson, Meldrum, Dennistoun and Mulhern. The minutes of the previous meeting were read and adopted.

COMMUNICATIONS.

The following communication were read:—

From A. A. McIntyre and others residing on College street, asking that a new sidewalk be laid on that street and that it also be levelled.

Mr. MELDRUM stated that he wished to speak a few words in favor of College street. No repairs had ever been made on that street and the boards on the sidewalk on account of the street's roughness had to be laid lengthwise. It was a dangerous street and something should be done on it in the way of improvements.—Referred to the Street and Bridge Committee.

From E. B. Edwards, town solicitor, stating that he had written Messrs. Dumble & Leonard informing them upon the information furnished him that the accident from which Mr. Mason had suffered was due to the very poor condition of the sidewalk rather than to any defects which the town was bound to remedy and that he had therefore advised the town that in his opinion this is not a case in which the authorities of the town were responsible.—Received,

TORONTO, May 6th, 1892

John R. Cobb, Esq., Town Clerk, Peterborough:

DEAR SIR,—I am in receipt of your letter of the 3rd inst, enclosing copy of resolution of the councillors regarding street railway. I have sent a copy of the same to the New York members of the syndicate and upon receipt of their reply will correspond with you further upon the question.

Yours truly,
M. D. HANE,
District Manager.

—Received.

From T. H. Speight of the Speight Wagon Co. Markham, in an answer to a request, enclosing pamphlet illustrating their patent street cleaner. The company will supply the sweeper complete for $450, and will send one for a thorough practical test, on condition if the council find it satisfactory they will purchase it.—Street and Bridge Committee.

The following accounts were read and referred to the Finance Committee:—

Peterborough Lock Works	$ 2 60
W. J. Hall	4 90
Rathbun Company	15 58
W. H. Robertson	12 00

REPORTS OF COMMITTEES.

Mr. Dennistoun read the report of the Finance Committee, which was as follows:

To His Worship the Mayor and Council of the Town of Peterborough:

GENTLEMEN.—Your Finance Committee beg leave to report and recommend the payment of the following accounts:—

Mrs. R. Dunsford	$ 6 00
R. Main	13 45
H. Osborne	10 00
W. H. Bonfield	50 00
T. Smith	11 90
T. Williams	1 75
Stapleton & Kombe	23 00
J. E. Stratton	32 65

All of which is respectfully submitted.

R. M. DENNISTOUN,
Chairman

The report was adopted.

Mr. Mulhern read the report of the License Committee as follows:

GENTLEMEN.—Your License Committee beg leave to report and recommend that the application of Walter Kerr for a license to sell peanuts and candy at the corner of George and Hunter streets be granted, subject to his paying the usual license fee.

All of which is respectfully submitted.

H. A. MULHERN,
Chairman.

The report was received.

FIRE, WATER AND LIGHT JOTTINGS.

Mr. Meldrum read the report of the Fire, Water and Light Committee as follows:

To His Worship, the Mayor, and Council of the Town of Peterborough:

GENTLEMEN:—Your Fire, Water and Light Committee, after careful consideration of the matters referred to them, beg leave to report and recommend that the prayer of the petitioners for electric lights on the corner of Brock street opposite Sheridan Terrace, and Charlotte street between George and Aylmer street be not granted.

With reference to the petition of W. H. Hill and others for a hydrant to be placed on the corner of Bethune and Smith streets, your committee, in view of the fact that there is now no hydrant in that locality for fire protection, would recommend that their request be granted, and the Water Company instructed to place the same at once.

Pursuant to instructions, your committee advertised for tenders for street watering for the period of six months, of the northern and southern divisions referred to in our last report, the result being that fourteen tenders were received, the lowest being that of Michael O'Donnell for the northern division at the sum of $250, and George Henry for the southern division at the sum of $275, which tenders your committee would recommend be accepted, subject to their entering into a written contract and furnishing satisfactory security to the amount of $100 each for the faithful performance of their duties.

Your committee has caused an inspection to be made of the different standpipes used for street watering purposes, and find that several new valves were required, and some of the old ones in need of being repaired. In view of the urgent necessity of having them at once attended to, your committee request that they be empowered to have the necessary valves procured and requisite repairs made in order that the standpipes may be put in proper working order.

All of which is respectfully submitted.

W. H. MELDRUM,
Chairman.

COUNCILLOR BRADBURN thought a light should be placed on the corner of Brock and Sheridan streets. That corner was very dark.

Mr. MELDRUM stated that in view of the large outlay it will bring in the park during the summer, upon the committee had decided to not grant the request.

Mr. DENNISTOUN stated he did not think it was the duty of the town to pay for the stand pipe repairs and he suggested that the chairman inquire into whose duty it was to keep the stand pipes in repair.

Mr. MELDRUM stated that he was told that the committee should not keep them in repair. The report was received.

A BY-LAW PASSED.

Moved by Mr. Mulhern, seconded by Mr. Dennistoun that the first reading, by-law No. —, a by-law to regulate and license the owners of trucks and carts in the town of Peterborough, be read a first time.—Carried.

On the second reading of the by-law the council went into committee of the whole. Mr. Meldrum in the chair. Considerable discussion took place on the 3rd clause which provides that owners of a two horse truck shall pay $10 for a license and owners of one horse truck $5. Some of the councillors thought that if a man paid $10 for a two horse license, if he wanted to he could single out and run two one horse trucks and go from double to two singles and vice versa. There were times of the year when a carter could do better work with two single horses than he could with a team.

Mr. CAHILL asked if this held good why a man could not then take out two one horse licenses and drive double if he wanted to.

The clause finally passed and the bylaw was read a second and third times, duly signed and sealed and numbered 656

Mr. Meldrum moved, seconded by Mr. Dennistoun, that Bylaw No. 650, entitled a Bylaw to Amend Bylaws No. 395 and 607 of the corporation of the town of Peterborough, be read a first time.—Carried.

The bylaw respects the seizure of bread, allowing two ounces offafter 12 hours standing, instead after twenty-four hours. The bylaw was read a second and third time and passed, and duly signed and sealed.

Mr. Cahill moved, seconded by Mr. Dennistoun, that Bylaw No. —, Entitled a Bylaw to authorize the laying out and assumption of Hart avenue, Jackson avenue, La Fayette avenue, John street, Thomas street, and William street, be read a first time.—Carried.

On the second reading a great deal of discussion arose.

Mr. DENNISTOUN was not in favor of the town taking over narrow streets, such as those mentioned in the bylaw, which were not over 40 feet wide. Narrow streets were a disgrace to the town. No streets should be assumed by the town narrower than 66 feet wide, except where advantage was to the community and not to a few residents on that street. He did not see how the town would get over it, as very soon they would have nothing but narrow streets altogether on their hands. If the council did take them over, the expense of grading and watertabling them should be defrayed by the ratepayers who resided on the streets or who were benefitted by it. Unless this was done the council had always been requested as soon as they had taken over a narrow street to grade and watertable it. He begged leave to move, seconded by Mr. Meldrum, that the streets referred to be properly watertabled to the satisfaction of the Street Inspector so as to prevent the necessity of the expenditure of the money thereon during the current year, and that the bylaw be read this day two weeks.

Mr. CAHILL stated he could not support Mr. Dennistoun's motion. It was unfair to the ratepayers, and the council should allow this bylaw to pass and then make such arrangements as it saw fit. But it was not fair to treat the bylaw in such way as was proposed, no notice having ever been given. These streets were a great convenience to the residents of that locality.

Mr. MELDRUM thought it was a great mistake to take over 40 foot streets. It was not right to assume new streets, do work on them and leave the old ones undone. There had never been a street taken over by the council, but repairs were soon asked. He was not in favor of taking over streets unless the residents on that street paid a part of it.

Mr. DENNISTOUN stated he had no motive in objecting to this particular case other than that of establishing a precedent. It must be done. Cedar street for instance was a disgrace to the town. If the street was over 66 feet, the town should take it over and do the work, and if under that number of feet, the town taking it over, the ratepayers should pay all the expenses of repairs.

MR. KELLY supported the motion. He stated that had already seen enough trouble from the town taking over narrow streets and he instanced the case where residents on a certain narrow street where the town was making repairs had an uncalled-for jangle as to how far the sidewalk should be placed out on the street.

MR. FERGUSON stated that residents on any street could boulevard according to the by-law 12 feet out from their premises, and if residents on both sides of a forty road decided to do this it would leave only 16 feet of a driveway.

MR. CAHILL maintained that the motion was unfair to the property holders on that street and to his constituents. He could have had the by-law come up before the council six weeks ago but owing to the extreme pressure of business he had consented to lay it over until now. The council not having given any notice of its intentions to the ratepayers before should allow this bylaw to pass and make any motion they liked for the future with regard to taking over narrow streets.

The yeas and nays were then called for and the motion carried on the following division:

YEAS—Young, Bradburn, Ferguson, Mulhern, Dennistoun and Meldrum.—6

NAYS—Cahill, Best and Dawson.—3.

OTHER MOTIONS PASSED.

Mr. MELDRUM, in introducing the following motion, said that arrangements had been made with Mr. Smith to extend his time over two months, but that if he got a good opportunity to sell his scows, he could by mutual arrangements with the council dispose of them at any time.

Moved by Mr. Meldrum, seconded by Mr. Ferguson, that the Fire, Water and Light Committe be empowered to advertise for the purchase of scows and the selection of men to attend same, and report to this council.—Carried.

Councillor DENNISTOUN said that in order to make a clerical error right, and as he had received a communication from Mr. Peck, the secretary of the Cemetery Co., in reference to a resolution passed by the council sometime ago he begged leave to move, seconded by Mr. Cahill, that the Commissioners of the Town Trust be requested to issue to the Little Lake Cemetery Co. one or two debentures not exceeding $3,000 at 4½ per cent, instead of 4 per cent, as provided by resolution passed Dec. 7th, 1891.—Carried.

Mr. BRADBURN asked when the town auditors were going to have their work completed.

The Mayor said he had spoken to them during the past week and he believed they were working busily now to complete the audit of the town's books which should have been done long ago.

STREET WATERING.

Moved by Mr. Kelly, seconded by Mr. Bradburn, that the following streets be watered by the town watering carts.

Simcoe street to Rubidge street from Aylmer, Hunter street to Rubidge from Aylmer, Rubidge street from Charlotte to Brock, from Charlotte to Brock on Stewart, and from Simcoe to Hunter on Queen.

MR. CAHILL moved that Mr. Kelly's resolution be amended by adding the following streets to the resolution: Rubidge street from Charlotte to Dalhousie, and Stewart street from Charlotte to Dalhousie.

Moved by Mr. Meldrum, seconded by Mr. Ferguson, that all streets not included in the report adopted by this council at the last meeting be done by frontage tax. After considerable heated discussion, Mr. Meldrum and Mr. Cahill withdrew their motions, and a vote was taken on Mr. Kelly's motion a block was lost on the following division:—

YEAS—Cahill, Kelly, Young and Bradburn.—4.

NAYS—Best, Dawson, Ferguson, Meldrum and Dennistoun.—5.

Mr. MELDRUM called attention to the position of the engine in the fire hall. He had made an inspection with Mr. Young and found that a partition in one of the stalls to the rear could be taken out and by having a door cut at the expense of about $2, the engine could be stored in back of the hall, leaving ample room for stabling for the two fire teams. Owing to the present crowded condition of the hall, both teams, when an alarm was sounded, could not get out of the stables together.

On motion of Messrs. Cahill and Meldrum Mr. Graham was heard. He stated he wanted to see if he could not get some work in the town. He had been a resident of Peterborough, paying rent and taxes for over forty-five years, and he asked for equalization. Newer men were getting more work than he, and all he asked was fair play. He would be content if he secured only two days a week.

Mayor KENDRY stated that he had spoken to the Street Inspector to have him taken on the corporation as soon as work was resumed which Mr. Pope agreed to do.

Council adjourned at 11.45 o'clock.

It is not what its proprietors say, but what Hood's Sarsaparilla does, that makes it sell, and wins the confidence of the people.

Dangerous and Prevalent.

The fact cannot be concealed that suffering and disease is terribly prevalent in our land, owing to a disordered condition of the kidneys and liver. From an inactive condition of the kidneys and sluggish liver, the blood becomes impure and clogged, and proper digestive vigor is out of the question.

The secretory system must be in perfect order if health and strength are looked for. To bring about desired results, one sensible course of treatment is recommended—the use of Kidney-Wort. This great kidney remedy is one of the oldest and best tested medicines ever given to sufferers, and in thousands of obstinate cases it has effected permanent cures.

Kidney-Wort is now recognized by the medical profession as a standard remedy. Do not suffer longer, reader, while such a curative power is near.

If your druggist does not sell Kidney-Wort, send one dollar, and a large package, put up in dry vegetable form, will be sent by mail.

Kidney-Wort is also sold in concentrated liquid form; this, however, cannot be sent by mail.

Large Funeral.

The funeral of the late Mrs. Joseph Redmond took place this Tuesday morning from the family residence, Otonabee, to St. Peter's Cathedral, where service was held. The remains were afterwards removed to the Roman Catholic Cemetery, where they were interred. The funeral was one of the largest that has passed through Peterborough for some time. The family have the warmest sympathy of the community. The bearers were Messrs. James Duffus, Jas. Kylie, Jas. Graham, Joshua Smithson, Peter Gillespie and John Graham. Rev. Father Collins conducted the services at St. Peter's Cathedral.

No Injunction Applied For.

In a paragraph which appeared in the EXAMINER last week in reference to the application made by the Peterborough Water Company to the county judge in respect to the building of a dam on the site of the old dam, it was stated that a notice of an application for an injunction to restrain the company from erecting said dam had been served on the company as well as the townships of Deane and Smith. This information was incorrect as no such proceeding have been taken. An action is being taken under Chapter 119, of the Revised Statues of Ontario, for the improvement of a water power and the erection of a mill dam.

A Grand Rush for Bargains.

Come right along now to Thos. Dolan & Co's. corner clothing store, and let us show you what a reduction sale means. Prices for exhibitions cut, fashionably made, well lined clothing will astonish closest buyers every time. Nobody thought it possible to make garments to order at our prices and at the same time give good material, good workmanship and good trimmings. It is enough, however, that we are doing it—and doing it honestly and squarely. Our superior stock of tweeds and fashionable cloths are all being sacrificed for the ready cash. Have you heard how we are slaughtering shirts, coats, gloves, collars, cuffs and ties? Oh! this is a gala sale for everybody! Fancy selling a good 10c heavy grey cotton, yard wide, for only 5 cents. But this is only a sample of the reductions throughout our whole store. Grasp the bargains for they are bound to fly. Townspeople will please call early in the day. A Successful Entertainment.

Held in St. Andrew's Church Last Evening by the Young People's Society of Christian Endeavour.

Last evening about two hundred young people enjoyed a social evening in the school room of St. Andrew's, some of whom were visitors from sister societies. President Johnston presided in an agreeable manner. Devotional exercises ended, Mr. Thomas Dodds read a carefully prepared paper on the topic for the evening, "Public Worship," after which the following programme was proceeded with: Misses Jones and Ketcham and Messrs. Jones and Ketcham, a quartette; Miss Harris, solo; Misses Cochrane and Hemlock and Messrs. White and McLennan, a quartette; selection on the mouth organ by Mr. W. McLellan; Mr. W. Walton, solo. The pastor, Rev. A. S. MacWilliams, by request, answered the following questions found in the "Golden Rule," of March 3 d:

How can we cultivate the spirit of thanksgiving?

How can we convert grumblers?

How can we keep ourselves from overestimating our troubles and under-estimating our blessings?

What are the penalties of ingratitude?

What are the chief things to be grateful for?

What are some things we should not be thankful for?

Why are some of the most unfortunate men the most joyful?

Why must a Christian be a happy man?

How far is it possible to control our emotions?

How can we praise except with the tongue?

Serious objection was taken to the form of several of these questions but they were all ably and fully answered. Mrs. Jones then sang a beautiful solo, which brought this part of the programme to a close. Neat cards were then distributed to all present upon which were written part of a question, the remaining part being upon some other card, in the search of which a pleasant time was enjoyed. This over all were again seated, when coffee and cake were enjoyed. The meeting, which was regarded as most successful, was brought to a close by the old familiar hymn, "God be With You," and the benediction pronounced by the pastor.

Church Chimes.

On Sunday at Peter's Cathedral the annual Easter offertory was announced as amounting to $935.25. Rev. Father Collins on behalf of His Lordship thanked the donors for their liberal contribution.

The Holy Communion was administered to the members of the C.M.B.A. in a body on Sunday at 8 o'clock mass.

At the Baptist church, Rev. J. E. Trotter, the pastor, administered the rite of baptism to four persons. There was a large congregation.

Rev. W. G. Clarke, B. A., of Millbrook, conducted the services both morning and evening in the George street Methodist church on Sunday. The reverend gentleman is a fluent and earnest speaker. Large congregations were present at both services.

Mr. Chappell, a student of Trinity College, Toronto, conducted the services in St. Luke's church Sunday. He read a letter from the new Rector, Rev. Prof. Symonds, stating that he would be present next Sunday to conduct the services, and that he hoped to meet all the members of the church at communion service.

Rev. J. H. Locke, pastor of the George street Methodist church, conducted services in Chandos, Sunday.

The services in the Charlotte street Methodist church Sunday were of an especial character and largely attended. Evangelist Forster assisted the pastor at the love-feast services. Nine were admitted as members of the church. Rev. Geo. Edwards preached in the morning and Evangelist Forester in the evening. During the year fifty have been added to the church, fourteen by profession of faith, and the others by certificates.

Most of the weekly services in nearly all the churches have been withdrawn on account of the sitting of the Toronto and Kingston Synods this week in St. Paul's church.

Personal.

Mr. W. W. Carter, of the Rathburn Company, Deseronto is in town to-day.

Intelligence received to-day from the members of the family of Mr. Robert Kingan states that the condition of Mrs. Kingan, who is lying dangerously ill at St. Catherines, is unchanged.

Rev. Geo. Simpson, editor of the *Canada Presbyterian*, gave us a call to-day. The rev. gentleman is attending the meeting of the Synod. It was in St. Paul's church, during the pastorate of the late Mr. Roger, that Mr. Simpson preached his first sermon in Canada.

Mr. Donald Cameron of Queen's University, Kingston, died yesterday afternoon. He was taken ill with typhoid fever during the examinations and was thought quite well by his physician, when walking across the floor of his room he dropped dead. Deceased was a brilliant and clever student, a first class honor man in philosophy and was the greatest athlete Queen's has ever known, rendering great assistance in all her football contests.

The Douro Picnic.

The annual picnic in connection with the Douro church will be held this year on Thursday, June 16. All Peterborough is invited to this annual gathering. Special arrangements are being perfected to make this one of the finest yet held by the parish. Particulars later. 14 1w

An Ice Cream Cave.

Mr. John Watt, confectioner, George street, is making early preparations for the ice cream season, and is determined to be well ahead "in the race." He has procured at considerable expense a very convenient ice cream cave, which is to be placed in his premises for the convenience of his customers. It consists of a neatly constructed cabinet, in which three porcelain lined cylinders are placed for holding the ice cream after it comes from the freezers. The cabinet is packed with ice around the cylinders, which keeps the ice cream fresh and wholesome for a considerable time, and preserves its flavor and coolness to a much greater degree than by the old process.

Police Court.

Things Around the Local Centre of Justice Becoming Under the Mayor's Supervision.

Police court was held last evening at seven o'clock, His Worship Mayor Kendry presiding on the bench. Mrs. Mary Johnston, an old and enfeebled woman of eighty-five years, who was liberated from the gaol yesterday, made application to be re-committed as she had no home. She was brought up on the charge of vagrancy and the court granted her request, sending her to the county gaol for six months. The old woman was very thankful and with the proper document in her hand, she, whose only crime was poverty, wended her way back to prison walls; gaol.

A young man was charged with riding a bicycle on the board sidewalk yesterday in the southern part of the town. He was found guilty and fined by His Lordship, $1. The court stated that as this was the first case which had come under his notice, he would let the offender off lightly but the next man would not get off so easily. The police are determined to stamp out the nuisance. The road in the place for cycling and must be used for such navigation. The Chief of Police stated that he had heard of a little child that had been knocked down the other day by a wheelman steering his steed on the sidewalk and was seriously hurt.

This morning Cornelius Daly, an old offender whose name has appeared on the Chief's blotter before, was brought up on the charge of being drunk and disorderly. The Mayor fined him $10 or twenty days. He went up.

Wm. Thompson also appeared on the same charge. Last night as the council meeting was in progress while the clerk was reading the minutes of the previous meeting, William stepped to the council rail and in a hiccoughy voice said "I protest against Jas. Kendry occupying the position of chief magistrate of the town of Peterborough. He has no right to assume that position, gentlemen, and I can prove it. My name is Wm. Thompson, I came from Toronto, I can do ——— ——— ———" At this point of the discussion Chief Reed stepped in and moved the adjournment of the debate which was finished in cell No. 3. At the court this morning he pleaded to the man whom he protested against on the night previous, not to send him up as he was a machinist and would lose his position if suffered to languish behind prison bars. The court in deference to his urgent solicitude allowed him to go on promising not to appear again.

THE SYNOD CONFERENCE.

Preliminary Conference on the State of Religion.

The Nature of Sin and its Consequences Ably Presented and Discussed—Last Night's Meeting—The Subject Continued This Morning—Resume of the Papers Read.

THE OPENING SESSION.

MONDAY, May 9th, 1892.

The Synodical Conference, preliminary to the synod sederunts, opened at St Paul's Presbyterian church last night. There was a fair attendance of the public and there were about twenty five ministers presided. Rev. R. N. Grant, of Orillia, presided. There were several young ladies in the choir, and Miss Wrighton presided at the organ. At the conclusion of the devotional exercises, Rev. Dr. McLaren, of Knox College, Toronto, in an able paper presented the subject of

THE NATURE OF SIN.

The speaker began by pointing out the infrequency in these days of the preaching of sin—which was more restricted to the denunciation of overt acts of wrong doing, leaving untouched the deep source from which they spring. We were to assume the existence of a personal God, the source of moral law, and our responsibility to him for our conduct and life. There could be no sin unless there were a moral law, and no moral law without a personal God and Lawgiver.

THE NATURE OF SIN

could be understood only in its relation to the moral law of which it is a violation. God made man in His own image with a power of making moral discriminations, which the fall had impaired but not obliterated. In the very build of his moral nature, God gave man a revelation of moral distinctions and of moral law. Conscience, though impaired by sin, pronounced as to the right or wrong, morally, and laid upon us a sense of obligation to do right and shun the wrong. When we violated moral law, made known by either conscience or revelation, we learned that moral evil is the opposite of the moral excellence God has created. Sin involved two things, first, a sense of moral deterioration and defilement, and secondly a sense of exposure to penalty. Sin always carried with it moral defilement and guilt. The revelation of moral law and of sin, and its pollution made by the fallen conscience, was no doubt defective, but so far reliable. The heathen held views of moral obligations and of sin. The connection between sin and law pervaded Scripture. To sin was expressed in both Hebrew and Greek, by words expressing, words that meant; "missing the mark." The extent or range of the law's requirements must be known before we could decide what partook of the nature of sin. The moral law did not extend to all the activities of our moral nature. One might

FALL INTO INTELLECTUAL CRIME

or display bad taste without being a bad man. It was generally admitted that the seat of morality was the will. We could not ascribe goodness or badness to anything that did not involve man's voluntary nature or will. The will might be taken in a wider or narrower sense. The will was sometimes taken broadly for man's entire voluntary nature, his desires and habits, and those elements that lead up to decision of the will. If we accept the narrow view we must believe the moral law respected merely acts or volitions and took no cognisance of the state of the heart. If we regarded the will as the seat of morality then the moral law must extend to every part of our voluntary nature. The heart must be right with God, and the fountain pure as well as the stream. The Pelagian or narrower view had been rejected by all the historic churches; this view taught first that the law of God respected acts and their consequences which were directly under the control of the will. It did not take cognizance of the habits or tendencies of man's voluntary nature—then indwelling sin was nonsense and hereditary corruption an impossibility. It taught secondly that ability limited responsibility so that God could now enjoin only that which fallen man had the power to do. This view was inconsistent with the Bible account of the creation of man, which taught God made man in His image of which holiness was a constituent element, and it was opposed to the instinctive judgments of mankind.

IN ALL CHRISTIAN EXPERIENCE

there was comprehension of sinful thoughts and actions and of what was back of them, the love of sin. St. Paul called the innate tendency to evil in man, sin. It was therefore evident that the law reached more than mere decisions of the will. It demanded our whole voluntary nature, in all its habits, desires and inclinations, should be in harmony with the will of God. There must be a pure heart as well as a pure life. Sin was not merely a succession of bad acts, it was a moral disease. The practical bearing of the views of sin presented, set aside all the theories of sinless perfection. If the law demanded absolute moral perfection and reached not only to the acts but also to the habits and dispositions of the heart, no one could seriously assert that sinless perfection was attainable in the present life. It might be asked, could not God, by His grace, make us perfect? He could, but the question was not what God was able to do, but what He had promised to do, which for wise reasons he leaves undone. There were two ways in which the standards of God's law and our lives could be brought together. We might suppose the life brought up to the law or the law brought down to the life; the former was God's way of sinless perfection, the latter was man's. Some narrow down the requirements of the law to acts of the will and leave out the internal condition of the heart. The speaker went on to deal with the subject of perfection in detail, and then continued pointing out that the view we had reached of the nature of sin

SHUT US UP TO THE GRACE OF GOD

in Christ Jesus. When we had reached a right conception of the disease nothing could satisfy but the atoning blood and the power of the Holy Ghost. The standard was not lowered; we were not allowed to call that perfection which was not perfection, we might find in our experience that the requirements of the law were hard, but when we turned to the resources of aid proffered in our Redeemer we were inspired with new courage.

In conformity with a suggestion of Rev. Dr. Parsons, in order to intelligently discuss the cognate subjects, the subject was taken up of "The Consequences of Sin," by Rev. C. B. Jones, M. A., of Port Hope. The speaker began his paper by pointing out that life and the world were full of the consequences—the world was full of sin and crime. This state of sin was not altogether the fault of those in the world but was a heritage from their ancestors. He considered the penal consequences of actual transgression. Sin was punished by sin—by its consequences that resulted—these consequences were God's self-executing law. In the physical world

THERE WAS NO FORGIVENESS OF SIN—

the good and bad were punished alike. Sin's consequences on man were defined as remorse. The power of sin on the will was dealt with. Sin in its nature tended to destroy the strength of the will. The consequences of yielding to sin was the destruction of all the forces of the will—and the sinful soul gained the power of doing Satan's will perfectly. The consequences of sin were seen in the corruption of the affections—begetting a hatred of what is good—to love sin for its own sake, and to desperately hate God. Mental culture could not eradicate a single impulse to depravity. The personal element in the punishment of sin was the guilty looking out for judgment. If there were no hell men would be absolutely indifferent to the eternal consequences of sin. For a soul steeped in sin, there was nothing in Scripture or reason to say that eternal punishment was not the reward. Where there is endless guilt and eternal sin there must be eternal punishment. Christ had provided the remedy for sin, and the soul that rejected that remedy must necessarily suffer the consequences. The preaching of the consequences of sin should be the complement of the preaching of Christ the great remedy for sin.

A general discussion of the two papers followed which was joined in by four or five of the ministers present, including Principal Grant, Rev. Dr. Parsons and others. And after closing hymns and prayer and benediction by Rev. Principal Grant, the conference adjourned till the following morning.

MORNING SESSION.

TUESDAY, May 10th, 1892.

At the morning session of the conference there was an attendance of ministers and laymen of about seventy-five. After devotional exercises, Rev. E. F. Torrance, pastor of St. Paul's, presiding, Rev. R. D. Fraser, M.A., Bowmanville, addressed himself to the subject of present "Present-day manifestations of sin in the Church." His remarks were based upon the 1st, 2nd and 3rd chapter of Revelations. The picture of the churches there presented was the picture of the church in all the ages. Of the seven churches referred to, two were not blamed, three received some praise as well as much blame, and two were condemned. The three churches had fallen from their first love, their active love—their sin was the sin of the heart—which arose possibly from their controversies. Another sin was that of heresy as giving a larger liberty to live an easy spiritual life. The two last churches sinned in living in cold formal orthodoxy. The church of Laodicea was neither warm nor cold, rich and lying dreamily in the lap of the world. These sins were sins of life rather than of doctrine, but of course proceeding from false doctrine At the present day the sins that characterized the church were the lack of love for God and of the brethren, heresy, formalism and the love of the world. In the church at large and in the Presbyterian church of the present day, there was a gratifying existence of charity, a unity of love and feeling among the three branches of the church which have now been united for seventeen years. The dangers of doubting the inspiration of the Bible were clearly pointed out. The speaker believed in forms and the Presbyterian church was coming to regard forms more than in the past as media of devotional expression, but the danger of excess was insisted upon. The speaker concluded by pointing out the dangers of love of the world, and the remedy—taking Christ into the heart of the people and the church. A spirited discussion led by Dr. Parsons followed, in which several of the present ministers joined.

AFTERNOON SESSION.

The conference resumed with a large attendance. After devotional exercises Rev. John Somerville, M.A., Owen Sound, opened the conference by giving an address upon the subject of "The Importance of a High Spiritual Life on the part of Christian Workers."

Rev. Samuel Houston, M.A., gave the address on the subject of "The attainment of holiness possible in this life." Both were followed by spirited and practical discussion, and the conference was brought to a close. Rev. R. B. McKay, B.A., Toronto, presided.

To-night at 7.30 the Synod opens with a sermon by the Moderate Rev. R. N. Grant, of Orillia.

In the Field of Labor.

In a collision at Chicago World's Fair grounds between the police and striking ironworks a score or two heads were smashed, and for a time there was wild excitement.

Fifteen thousand members of the Paving Cutters' National Union were ordered out in New York yesterday. All the stone-cutting trades in Gotham are represented.

Thirty thousand workmen at Lodz, Poland, 75 miles from Warsaw, went on strike on May Day and are still out. During last week they engaged in considerable rioting and made a number of attacks on Hebrews of the place. The Governor was finally compelled to invoke the aid of the military.

At the Castleden colliery, New Hartlepool, England, union miners attacked a non-unionist named Stockdale, mobbed him and the police who came to his rescue, wrecked Stockdale's house, raided the colliery and smashed the engine house to pieces and promised to commit further damage until finally the nine officials promised to discharge Stockdale, and order was restored.

Watson's New 40-Tonner.

LONDON, May 9.—Queen Mab, 40 tons, the largest centreboard ever built in England, was launched at Glasgow last week. She was designed by Watson and she is not so deep as Volunteer, for her tonnage is very much cut away forward. The centreboard case is under the cabin floor and does not interfere with the cabin accommodation. The centreboard is lifted by a steel wire rope attached to a small winch just aft of the cabin companion.

It is expected Queen Mab will be ready to race against the German Emperor's yacht, which Americans will remember as Thistle, next August. If *Queen Mab* is the success expected the Clyde yachtsmen entertain a hope of a match being made for her in America next summer. Queen Mab was specially built for Thomas West of Chaddesworth Hall, Berkshire.

What Promised to be a Famous Case.

BELLEVILLE, May 10.—The Cronk will case, which was set down for hearing at the Chancery sittings, has been settled out of court.

IT RESTS THE BACK

Most women know all about the misery of washday. To many it means Backache, Sore Hands, Hard Rubbing over a steaming tub, and long hours. This falls to the lot of those who use poor, cheap, and injurious soaps.

THE DIFFERENCE IS THE RESULT WHEN Sunlight SOAP IS USED

This Soap does away with Hard Rubbing, Tired Backs, Hot Steam, and Sore Hands. It brings comfort to millions of homes, and will do so to yours if you will use it.

AGRICULTURE

Bulletin No. xxxix., just issued by the Ontario Bureau of Industries, thus treats of "The Silo and Corn Ensilage":

The Soil and its Preparation—Light soils are preferred, such as sandy loams or clay loams well drained. Heavy clays should be avoided. The preparation is controlled partly by the nature of the preceding crop. Many claim best results by plowing under clover or grass sod, and applying manure in spring; others prefer to turn over stubble in fall, apply manure in winter, and give shallow but thorough cultivation in spring. The main points, however, emphasized by all are, to have a comparatively light soil, well drained, thoroughly well cultivated and richly manured.

Varieties of Corn—The corns most frequently mentioned as being used are the Mammoth Southern Sweet (M.S.S.) and the Red Cob Ensilage. These are Southern varieties, and in most parts of the province make a large growth, but only in the most favored sections do they mature sufficiently to produce the best sweet ensilage. In the northern sections, where the growing season is comparatively short, they are being replaced with earlier varieties. Even in the south, along the lakes, it is by many considered advisable to mix with the M.S.S. or Red Cob some of the earlier varieties, sowing them in alternate rows or sections, so that to the stalk and leaf of the late variety may be added the cob of the early kind, and thereby sweeter ensilage be obtained. As to what earlier varieties shall be used great difference of opinion exists, but those most frequently recommended are Longfellow, Pearce's Prolific and Compton's Early (flints adapted to the east and north), Leaming and Pride of the North (dents adapted to the central lake counties). The variety or varieties to be raised will have to be decided by each grower according to his locality, the climate and the situation of his land. All agree that the most valuable sweet ensilage can be obtained only from corn fairly well matured. The varieties to be used must after all be left for the most part to the wise selection of the grower.

Sowing the Corn—The sowing or planting season of 1891 extended from May 10 to June 15, according to locality, but most of the corn was in the ground before May 24. The general opinion is that it is better to risk the early than the late frosts. In nearly every case the corn was drilled in; hills were used in a few cases; none was broadcasted. The drills were generally three feet to three feet six inches apart, and the plants from six to nine inches apart in the rows. From 15 to 25 lb. of seed will be sufficient for an acre if uniformly distributed. Most of the sowing is done by ordinary seed drill, the unrequired spouts being closed, but some of the most careful corn raisers adopt methods of hand-sowing or planting to ensure perfect distribution and to prevent close growing.

Cultivation During Growth—As soon as the corn shows itself in distinct lines harrow once, and if plants are a little too close, harrow a second time across the rows. When the plants are about six inches high start cultivating once a week with horse-hoe, beginning close to the plants, and as the growth continues keep a little farther from the plants and a little shallower. So continue until the corn ceases to grow, or until the process becomes inconvenient. The hand hoe should at the same time be constantly in use, to clean out between the stalks and to cut out extra plants. All corn-growers emphasize the great advantage of thorough cultivation during growth and the keeping of the plants well thinned out, thereby enabling the stalks to produce good mature ears, and also accomplishing one of the great benefits of corn-growing, namely, the cleaning of the land.

Harvesting—To produce sweet ensilage of the greatest feeding value, cutting should be done when the glazing of the seed has begun, but the corn should be in the silo before being frozen. The time for cutting is for most sections between the middle and the end of September, but will, of course, vary from year to year. Great importance is attached to this point of having well matured ears of corn upon the stalks before cutting, so that the ensilage will consist of a mixture of stalk, leaf and grain. The general practice of the best growers in the method of cutting is to use sickles or corn-hooks. If well matured the corn may be cut, at once placed upon low waggons or trucks, drawn to the straw cutter, cut into one inch lengths and transferred to the silo by carriers attached to the cutter. The number of men employed and the division of labor must be decided by the circumstances. On some farms ten or a dozen men are employed at once, or several farmers unite their forces; on others, where there is only one silo and help is limited, the work has to be carried on more slowly. Unless the corn is immature wilting is unnecessary. Cut the corn into inch lengths, using a strong straw cutter, and fill the silo at one shift if most convenient. The most important point to be observed in filling the silo is to keep the cut leaves and stalks well mixed, and to tramp thoroughly the corners and edges. Leave the ensilage heaped in the center, so that when settling the pressure will be towards the walls, and the ensilage will finally become almost level. If not well tramped it will settle away from the walls and spoil. If necessary hire an extra man to tramp; it will pay. Insist on having the outside well packed, and continue this several days after the silo is filled and while settling, then cover with cut straw or mats and well packed down, and close up silo tight until required. It is best not to re-open the silo for feeding for a few weeks.

The Silo—With a few exceptions the silos of Ontario have been built in the corners of the barns, sometimes utilizing the root cellars in the basement as the lower part. The silo should be from 16 to 25 ft. high, and should be built to withstand enormous pressure. The main features of tried silos which have been built in ordinary farm barns are as follows: Upon a substantial stone foundation are laid sound sills 10x10 inch, firmly imbedded in the foundation or secured to it by iron rods firmly bolted down. The studs should be 2x10 inch, set 12 inches apart, mortised into sills. Leave the two studs 18 inches apart where doors are to be placed. Secure the plates and rafters firmly, so that there will be no necessity for iron rods to prevent or overcome spreading. Board up the outside with one layer of inch lumber, battening the joints. On the inside first place a layer of inch lumber, pine or hemlock, which need not be planed; over that one, or better, two layers of tarred paper; over the tarred paper a layer of dressed inch lumber running up and down, which should be tongued and grooved or jointed. Into the corners should be fitted boards with bevelled edges, the space behind packed with sawdust or grout. Over the entire smooth and perfectly air-tight surface of the interior thus obtained apply one or two coats of linseed oil or of hot coal tar and resin (one gal. coal tar to three lbs. resin). The floor may be made of cement or hard-packed clay well drained, and should be made level or a little higher in the center. Upon the floor spread a little cut straw before putting in corn. No rough stone should be left exposed, but any foundation above the floor should also be covered with sheeting. The walls should be left hollow. The doorway is made by cutting down from plate to sill between the two studs, left 18 in. apart, hanging close-fitting doors on the outside to close this opening, each door being about 4 ft. long. As the silo is filled the inner wall is boarded up tight, the door closed, and the space between filled with sawdust. If the doors for removing ensilage are not conveniently placed for filling, a small door will be necessary situated according to requirements. Ventilate either by roof or gable. If the silo is more than 16 ft. long it is advisable to divide by removable plank partition. The two most important points to be observed in construction are to have it very strong and perfectly air-tight.

Cost and Capacity of Silo—One ton of ensilage will fill about 50 cub. feet. The cost of silo depends upon so many circumstances that it might be advisable to give a few examples:

24x45x27 feet, separate, brick, four rooms, 450 tons, $1,000; mows of barn, 175 tons, $100; separate building, wooden, 225 tons, $260; 12x12x20 feet, root house fixed over, 75 tons, $40; 17x21x21 feet, bay of barn, 120 tons, $75; 16x12x21 feet, against barn, 65 tons, $85; 16x12x28 feet, in corner of barn, 80 tons, $45; 14x16x23 feet, in bank barn, 100 tons, $50; 12x24x15 feet, in bay of barn, 100 tons, $40.

It will be seen that when a root cellar or corner of a bank barn is utilized the cost may be easily kept under $1 for each ton capacity. A root cellar alone is not deep enough for silo.

Feeding of Ensilage—The ensilage should be removed from the top, taking off an entire layer at once, and leaving the ensilage always level, thereby keeping the surface exposure as small as possible. Forty lb. per head is the usual daily ration, supplemented by cut straw or hay and grain, meal or cake. See extracts below.

Cost and Production of Ensilage—The reports give a return of from 12 to 25 tons of corn per acre, the average of all being 18 tons per acre. There is the greatest variation in the cost, and some are unable to give any figures. One puts the cost of his corn as low as 50 cents per ton; to another, because of local difficulties, the cost rose to $4 per ton. But 23 careful estimates give a variation from 75 cents to $2.25, with an average of $1.76 per ton. Under good management it would appear to be quite possible to produce nearly 20 tons per acre, and put it in the silo at a total cost of a dollar and a half a ton.

Value of Ensilage—Those who have followed the best methods and have made good sweet ensilage cannot speak too highly of its value, many stating its value thus: Two to two and a half tons of ensilage are equal for feeding purposes to one of timothy hay.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and beauty, and bloom with unfading beauty. An Enterprising Hotel Man.

It is stated that an hotel man in Toronto has posted up a notice stating that all time a at his hotel who use Burdock Blood Bitters to tone up their appetite and strength will be charged 20 per cent. extra. We do not know how true this is, but B B B undoubtedly does the work and does it quickly and well. dw

Backache is almost immediately relieved by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Try one and be free from pain. Price 25 cents. dw

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1 a dollar. We certainly would advise a trial. It may save you from consumption. dw

"German Syrup"

Asthma. "I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine, Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks. My cough began immediately to loosen and pass away, and I found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

Gentle, Refreshing Sleep.

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cummins, Esq., a leading druggist of Welland, Ont., speaks for itself:

Messrs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMMINS,
Welland, Ont.

BARON FAVA COMING BACK.

He is Quite Well Pleased With the Americans.

PARIS, May 9.—Baron Fava is here en route for Washington. He has expressed great satisfaction at being able to resume diplomatic relations in the United States and great delight that the difference between the two countries has been adjusted amicably and in a manner so honorable to both nations.

The Ratification Agreement Exchanged.

LONDON, May 9.—The ratification of the Behring Sea arbitration agreement and modus vivendi convention were exchanged between Great Britain and the United States Saturday.

The Invincible is Gone.

DUBLIN, May 9.—Edward O'Brien, the invincible, who was recently released from Mountjoy prison, is dead.

Reid Newfoundland Wreckers.

HALIFAX, May 9.—The three-masted schooner Maggie Smith, Captain Thompson, 30 days from Bristol, ran ashore in a dense fog at Bradley's Cove, Western Bay, last Saturday. As wires were down no communication could be had. Police were immediately despatched overland. On arrival they found the whole neighborhood lit up and that Wreck Commissioner Evans had sworn in a dozen special constables. He was overpowered by crowds of men, who boarded the schooner, which they stripped, taking tea, etc. They were finally driven off.

A Rotten Bridge.

FLORENCE, Ala., May 9.—Yesterday a span 150 feet long of the bridge across the Tennessee River at Florence, owned and used by the Memphis and Charleston Railroad, went down, carrying with it an engine, four cars, an engineer and three trainmen. One of them, Jack Howtell, is thought to be fatally injured. The others were not dangerously hurt.

Communication between Florence and Sheffield is cut off. Great indignation exists in both cities, as such an accident has been feared for months.

Anarchist Conspiracy in Belgium.

BRUSSELS, May 6.—A dangerous Anarchist conspiracy has been discovered at Liege. One of the plotters has been arrested, and has confessed, implicating others. Several arrests have been made and others expected. A quantity of explosives have been secured.

Dr. Dawson at London.

LONDON, May 9.—Dr. G. M. Dawson, assistant director of the geological survey of Canada, has arrived at Westminster Palace Hotel and is daily engaged at the Foreign Office with Sir George Baden-Powell upon Behring Sea business.

Paquin Will Be Brought Back.

OTTAWA, May 9.—Commissioner Sherwood of the Dominion Police force received a despatch from Inspector O'Leary at San Francisco informing him that he expected to leave for Ottawa with his prisoner, Paquin, on Saturday next. While O'Leary has received the judge's committal he has not yet got the extradition papers from Washington.

The Proposed Berlin Journey Postponed.

BERLIN, May 9.—The much talked of visit of the Czar to Berlin has been postponed for some months, if it has not been definitely given up. The King of Italy's visit is also likely to be delayed until a more convenient season.

Caron Impeachment Bill.

OTTAWA, May 9.—The Privy Council Saturday discussed the Caron Impeachment Bill, but separated without coming to any decision.

Appointed Prelate at the Vatican.

ROME, May 9.—At the request of Archbishop Ireland, the Rev. Father Caillet, administrator of St. Paul, Minn., has been nominated domestic prelate at the Vatican.

Women suffering from the ills peculiar to their sex should use Dr. Williams' Pink Pills. W. H. Hogaboom, Osgoode Station, Ont., writes:—My wife was run down and weak, and has been so for six years. I (In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience of a hairdresser, during which time I have experimented with every recommended preparation, not one has (nor, I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair-dressing, without leaving a trace of its use. I use it daily in my hair-dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissible. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy." VERY MANY SUCH.

RHEUMATISM.—COL. DAVID WYLIE, Brockville, Ont., says: "I suffered intensely with rheumatism in my ankles. Could not stand; rubbed them with St. Jacobs Oil. In the morning I walked without pain."

NEURALGIA.—MR. JAMES BONNER, 186 Yonge St., Toronto, Ont., writes: "St. Jacobs Oil is the only remedy that relieved me of neuralgia, and it effectually cured me."

BACKACHE.—"I can highly recommend St. Jacobs Oil as being the best medicine in existence; it promptly cured me of severe lumbago." G. N. BOYER, Carillon, Quebec.

SPRAINS.—"My mother received a very severe sprain and bruise by falling down stairs. St. Jacobs Oil cured her in a couple of days." E. BURNAND, 124 Tecumseth St., Toronto, Ont.

BRUISES.—MR. AITCHISON, Hamilton, Ont., Fire Department, says he met with a serious accident and his back and shoulders were terribly bruised, but by the use of St. Jacobs Oil he was completely restored.

THE BEST FAMILY PILL IN USE

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,

The year 1891 has been the Banner Year in the History of the Sun Life.

The Gross Applications for the year in the Life Department amounted to the enormous total of $5,301,000.00, an amount greatly exceeding that touched by the Company in any previous year, and it is believed no other Canadian Company has ever totaled a like amount in any one year.

THE SURPLUS PROFITS

have increased to even a greater extent than the new business, thus plainly indicative that the unbounded confidence placed in this great Financial Institution by the Canadian public, has not been misplaced.

Baby Mysteries.

Do not say your baby is bad-tempered when it has attacks of loud crying, especially if the cries are accompanied by stiffening of the limbs, tremblings or the reverse, limpness and apparent loss of consciousness. A doctor should be consulted and the child treated for hysteria. "'Cradle hysteria' is more amenable for treatment than the drawing-room variety."

Sufficient Unto the Day.

Be not anxious about to-morrow. Do to-day's duty only; fight to-day's temptations, and do not weaken and distract yourself by looking forward to things you cannot see, and could not understand if you saw them. Enough for you that God is just and merciful, and will reward every man according to his work.—Charles Kingsley.

A Consolation.

When the favorite horse of a friend of ours went lame, he consoled himself by the thought: "Well, after all, it is better that it is not the horse of some man who gains his living by him." This is like what Fenelon said when his library got on fire—he thanked God that it was not the house of a poor man.

Don't Monkey With The Snake!

It is stated that a rattle-snake cannot bite if held up by the tail. Would you like to put the statement to a practical test? Probably not; but how often do you take far greater risks? A snake-bite is not the only means of introducing poison into the system. If your liver is sluggish, it fails to remove the impurities from the blood which passes through it, and deadly poisons are thus thrown into the circulations, all the more dangerous because they are insidious. If your blood is impure, if your liver is out of order, if you have blotches, pimples, boils or eruptions, "don't monkey with the snake!" Take Dr. Pierce's Golden Medical Discovery, the only specific against all blood-poisons, no matter of what name or nature. It is sold under a positive guarantee that it will benefit or cure, or your money will be refunded.

Of the Luben Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, sadness, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be roused by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wears in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart when beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. Luben, 24 Macdonell ave., Toronto, Canada.

THE MONUMENT TO SIR JOHN MACDONALD IN ST. PAUL'S.

George Wade Commissioned to Execute a Bust of the Dead ex-Premier—The Eccentric Emperor of Germany and His Extravagance.

LONDON, May 10.—The committee of the Imperial Federation League in charge of the placing in St. Paul's of a monument to Sir John Alexander Macdonald have commissioned George Wade to execute a marble bust of the Canadian Premier. The bust will be placed in the crypt beside Mayos.

WILLIAM'S EXTRAVAGANCE

Annual Expenses of the German Emperor Reckoned at 25,000,000 Marks.

BERLIN, May 10.—Several journals announce that Count von Wedel, Chief of the Emperor's household, has resigned on account of disagreements with his sovereign as to plans for building new castles and spending large sums of money in repairing old ones.

Count von Wedel is also opposed to the "Clearview Lottery" method of raising money with which to transform the solid blocks behind the palace into a rural pleasure park.

Aside from the prospective expenditures upon the Emperor's new estate in the Reichsland and the cost of importing log houses and the like from Norway, the Emperor has directed that the residence at Coblenz and the castle on the Stolzenfels be repaired and elaborately improved.

As King of Prussia the Emperor receives 16,000,000 marks, and the sum at his disposal as ruler of the empire is much more modest. His expenses are reckoned as close to 25,000,000 annually.

The report of a 40,000,000 mortgage about to be given on the Crown lands is revived in view of Count von Wedel's retirement, and the recent negotiation of a loan of 1,500,000 is thought to have been merely an expedient for satisfying the most pressing needs of the throne temporarily.

Colliery Disaster.

LONDON, May 10.—Sixteen tons of coal which was being loosened at the Manvers main colliery in Yorkshire suddenly fell from the roof of the shaft, crushing the life out of three men; two others were dragged alive from under the coal. The cause of the accident was a lack of proper precautions in furnishing supports as the work progressed.

BRUSSELS, May 9.—A cage in a colliery at Gilly was dashed to the bottom of the pit to-day by the breaking of a chain. Five miners were killed instantly and others badly injured.

Waiters Burned to Death.

LONDON, May 10.—Scott's Hotel in Coventry-street, London, was burned last night. Fifteen persons were sleeping in the building at the time, and four waiters on the top floor were burned to death. The men were observed making frantic but unsuccessful efforts to raise a window sash, and while they were struggling with the sash the fire cut off their escape. Their shrieks and cries for help could be heard on the street, but it was beyond human power to aid them owing to the fierceness with which the fire raged. The restaurant was totally destroyed.

Deeming's Execution.

MELBOURNE, May 10.—The execution of Frederick Bailey Deeming for the murder of his wife at Windsor has been fixed for May 23.

Deeming is kept in irons to keep him from injuring himself and others, as he is at times very savage. He is reported saying that his mother predicted that he would be hanged before he reached the age of 40. Nobody in Melbourne puts any faith whatever in the murderer's stories about himself and others, although it is believed that the manuscripts which he is preparing may give a substantially correct account of the tragedies at Rainhill and Windsor.

Portugal's Queen Wins the Holy Rose.

LONDON, May 10.—The Holy Rose, which the pope bestows every year upon some Roman Catholic princess "for virtue," fell this year to the Queen of Portugal. The estimated value of the jewel is 50,000 francs. The stem of the rose is of solid gold and measures 1 metre 60 centimetres. The cup of the flower is set with magnificent precious stones. The leaves are similarly set with small gems, in resemblance of dewdrops.

The Flitch of Bacon.

LONDON, May 10.—Five couples applied this year for the celebrated Dunmow "flitch of bacon," which, by long tradition, is awarded to the married couple who, after a searching examination, shall have proved to have lived for a full 12 months without having had a quarrel.

A Pair of Shoes With a Lineage.

KNOXVILLE, Tenn., May 10.—Fethias Woolsey, a Greene County farmer, has a pair of shoes that were made in 1851 from the skin of a calf that, it is said, was once owned by George Washington. Woolsey wears the shoes on Sundays and special occasions only, and yesterday had them half-soled for the first time.

A SARNIA OUTRAGE.

The Lively Experience of a Sarnia Servant Girl on Sunday.

SARNIA, Ont., May 10.—Sunday morning about 6 o'clock the servant girl employed at the residence of John D. Beatty, got up and unlocked the kitchen door so as to allow the milkman to enter with the milk. She then returned to her room and a few minutes later a man entered her room, drew a long knife on her, ordered her to keep quiet or he would kill her and then attempted to assault her. There was a fierce struggle and the man became frightened, and taking all the money the girl had fled.

CARRIED OFF BY BEARS.

The Tragic Fate of a New Brunswick Lad.

SUSSEX, N.B., May 10.—The two-year-old son of Simon Scribner of Belle Isle on the Central Railway, wandered from home on Sunday afternoon. Mr. Scribner lives about a mile away from the Belle Isle station, and it is but a very short distance from his house to the woods. The opinion which prevails among those who have taken part in the search for the boy is that he has been carried off by a bear.

Local Option in Stouffville.

STOUFFVILLE, Ont., May 10.—Voting on the local option liquor bylaw took place yesterday, resulting in its being carried by a majority of 4 votes.

THE GILKINSON MURDER.

Mrs. Fred Fitzsimmons Wants a Pardon or a New Trial.

PITTSBURG, Pa., May 10.—The attorneys of Mrs. Mary Fitzsimmons, widow of F. C. Fitzsimmons (the Brockville, Ont., murderer who suicided at New Orleans), who is serving a sentence in the Western Penitentiary for her part in the murder of Detective D. H. Gilkinson, are having papers prepared and expect to either present her case to the Board of Pardons or the Supreme Court. It is claimed that the evidence in the case presents numerous loopholes which may be utilized in either contingency.

Mrs. Fitzsimmons is in the hospital ward and apparently not in very good health.

Captain Journee of the New Orleans police force, who helped to capture Fitzsimmons, has filed a claim with the Allegheny County Commissioners for the $1000, the price that was placed upon the murderer's head.

ANOTHER COMBINE.

A Colossal Wallpaper Trust Said to Have Been Organized.

BUFFALO, MAY 10.—A colossal scheme for the amalgamation of all the manufacturers of wallpaper in the country was revealed here yesterday. There are 32 firms engaged in the industry, and their invested capital is from $18,000,000 to $20,000,000. Ninety per cent of the capital represented is said to be pledged to the support of the scheme.

The new combination is much on the line of the American Tobacco Company, and the same attorneys who engineered the Standard Oil monopoly have the legal formation of this trust in charge.

The only manufacturers of prominence who refuse to go into the trust are M. H. Birge & Sons of this city. Five hundred traveling men will be thrown out of employment by the trust.

SINBAD'S ROC.

An Egg Which Recalls the Famous Arabian Legend.

LONDON, May 10.—A great rarity will be exhibited at the gardens of the Zoological Society Tuesday. A fossil egg of the æpyornis, of which very few specimens are in existence, and fetch from £100 each. The egg is nearly a foot long, and is only rivalled in size and rarity by that of the great auk, which also brings a fancy price.

A few of these eggs have been found in Madagascar. The bird that laid them is only imperfectly known from fragments of its huge skeleton, but is supposed to be the origin of the famous roc by which Sinbad the Sailor escaped from his captivity in the Valley of Diamonds. The latter, however, as is usual in legends and myths, is very much exaggerated as to size.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated, and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months. The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

A Tumble in Carpets

It gives us much pleasure to announce that owing to a lucky purchase of Fine Carpetings, we are able this week to offer a large and complete stock of the most artistic and beautifully colored designs at prices never quoted before. For example, take Kidderminsters:—

A Kidderminster Carpet worth 35c. at all the very lowest estimate, we will sell for 25c. a yard. The balance of this weave, heavier and better grades, will only cost you 40c. or 50c., and a 75c. Kidderminster can be sought for 60c. per yard.

In Two-Ply Kidderminsters, we quote:—

Exquisite designs in All Wool Carpets at only $1 per yard.

In Tapestrys, the prices will range as follows:—

Starting as low as 25c., 30c., 35c., 40c., 45c., 50c. and a special line of new effects in colours, worth 75c. for 60c. per yard. Better grades can be bought for 70, 75, 80 and 90c.

In Brussels, we are complimented every day on our beautiful designs and extremely low prices:—

We have two lines worth $1.20 and $1.25 which we can sell at $1 and $1.05 respectively.

In Velvets, for drawing and reception rooms, very handsome and much sought after. We quote as an example:—

Patterns worth $1.35 for $1.15.

An endless variety of Axminsters, Dagestans, Dagdog and Smyrna Rugs.

We also carry just now a fashionable assortment of Imported Portiers, Lace Curtains and Window Dressings, which give the home an air of refinement, at correspondingly low prices.

This will be a gala week for Housekeepers at the Golden Lion.

HE WAS A HIGH ROLLER.

THE HIGH JINKS OF CAPTAIN WINDRUM OF ENGLAND

He Turns Up in Montreal, Toronto and Saratoga—His Bogus Suicide at Niagara Falls—His Marriage With a Hospital Nurse at Montreal.

NIAGARA FALLS, Ont., May 11.—Captain John Henry Windrum of the British Army has been missing since Wednesday. He and his wife arrived at the Falls from the St. Lawrence Hotel, Montreal, three weeks ago.

He drew considerable money from a local bank here on Wednesday and it is thought he has been foully dealt with.

A search party is investigating. His wife is still at the hotel and fears he has committed suicide. He is about 42 years of age, short and strongly built.

His wife was before her marriage a Miss Carlisle and a nurse at one of the Montreal hospitals.

MONTREAL, May 11.—The rumor received here that Capt. Windrum had committed suicide at Niagara was received with grief by several people who thought there was still a chance to recover some of the money that he owed them.

On March 13 the St. Lawrence Hall register shows that he took room No. 140 and represented himself as from Portland, Me. Three days later he is again registered, but this time his place of residence is put down as Toronto and he is accompanied by his wife.

A short time previous to this both Capt. Windrum and Lydia Rogers arrived on the *Mongolian from England*. The girl went to the Maternity Hospital here and applied for a position as nurse, at the same time presenting certificates signed by some English doctor, whose names the ladies at the hospital have forgotten.

She was given employment, and during the course of her stay made known the fact that she was to be married in a few days, her prospective husband having sailed on the same steamer with her. This was looked at as rather strange, but the girl was so pretty and innocent-looking and could tell so good a story that she aroused no suspicion and became quite a favorite with the other nurses in the Maternity.

On March 13 she said she was going away for a couple of days to see some friends, and when she returned she said she had been married to Capt. Windrum. She was told she could stay at the hospital for the night, and she did.

Next morning she left, and the next trace of her and Capt. Windrum is found in the St. Lawrence Hall register. She had been married in St. John the Evangelist Church by the Rev. Mr. French. When she left the hospital it was found that a valuable gold watch belonging to one of the nurses had also disappeared, as well as the contents of several of the patients' pocket-books.

In the meantime Capt. Windrum was doing the English gentleman at the St. Lawrence Hall. He was a handsome, military-looking man, apparently about 45 years of age, with the most plausible manners, wore clothes of the latest English cut and sported a large roll of Bank of England notes, which were frequently on view, but very seldom changed. He was a very high roller, and the hotel has a considerable bill for wine sent up to room No. 140. He also left several bills for hack hire unpaid.

On March 31 the pair left the St. Lawrence Hall, saying they were going to Toronto for a couple of days, and of course did not take their luggage with them. They missed the early train, quickly drove back to the hotel and ordered up two bottles of wine, which they drank without the formality of payment, in time to catch the 11.55 train.

The next heard of them was in Toronto, and reports here say the Walker House suffered in the same way. Saratoga seems to be the next place heard from and now comes the Niagara Falls end.

Nobody who met Capt. Windrum here has any idea that he has committed suicide. He did not seem to be that kind of man.

DON'T THINK HE WENT OVER.

Reason to Suspect That He Ran Off With Another Man's Wife.

NIAGARA FALLS, N.Y., May 11.—The hat and valise found on Third Sister Island last week were recognized by W. A. Taylor and Mr. Newhouse of Jamestown as belonging to R. B. Taylor, a brother of the first-named visitor.

They think the articles were left on the island in order to cover up the owner's tracks and convey the impression that he had gone over the falls.

R. B. Taylor left his wife and home in Jamestown suddenly last week, taking $800 with him. Mrs. Jennie G. Newhouse, wife of one of the men now here, had disappeared mysteriously in the latter part of April. It is believed that the two, who were found of each other, met and are either in hiding here or have run away together.

SPOILED BY DEATH.

A Hoosier on His Way to Buy "Green Goods" in New York Drops Dead.

INDIANAPOLIS, May 11.—W. A. Scott, who lived at Stone's Crossing, Johnston county, all his life and bore a good reputation, sent the following despatch from here Saturday night:

E. J. Warren, No. 475 Canal-street, New York:

All right. Will invest $650.

W. A. SCOTT.

This was sent in response to a summons from a green goods dealer whom Scott set out to meet in New York. At the depot here, however, he dropped dead. In his pocket were found instructions from the green goods man as to what he should do in New York.

And Now England Owns Bourbon.

CINCINNATI, May 11.—An English syndicate will take possession on June 1 of bourbon distilleries in Kentucky, with an annual output of 25,000,000 gallons, more than two-thirds the output of the State. The capital interested is more than $10,000,000.

A Cat's Scratch Fatal.

RED BANK, N.J., May 11.—The death of Robert Bloodgood, 85 years old, on Friday was due to the scratch of a cat's claws last week. No attention was paid to the wound and blood poisoning set in.

The Three Brothers Killed Themselves.

POUGHKEEPSIE, N. Y., May 11.—Jarvis Preston, 80, a wealthy farmer of Dover, committed suicide yesterday. His two brothers, Myron and Uriah, ended their lives in old age in a similar way some years ago.

DOMINION PARLIAMENT.

MANY DEPUTATIONS AT OTTAWA YESTERDAY.

Cutting Down Expenses on the Intercolonial—A Brantford Deputation Wants a New Drill Shed and a Subsidy for the Brantford, Waterford and Lake Erie Railway.

OTTAWA, May 10.—Yesterday was Intercolonial Railway day in the House, and from 4 o'clock until midnight the annual discussion was continued. Mr. Haggart, Minister of Railways, led off the debate with a statement of the affairs of the road and announced that he intended to introduce a new policy, and in future endeavor to have the annual deficit, which will amount to nearly $700,000 this year, very greatly reduced or disappear altogether. He said that he intended to reduce the number of employes on the Intercolonial, who now number 4181, by 210, which would effect a saving of $95,000, and by taking off several trains and rearranging the service without impairing its efficiency, to reduce the train mileage 787,000 miles, which would effect a saving of $418,000, or a total of $513,000.

On the Prince Edward Island Railway, where there were 292 employes, he expected to discharge 20, by which there would be a saving of $9200, and another $9300 would be saved by taking off one train which was not needed.

He spoke at some length on the terminal facilities at Halifax, for which a vote of $152,000 was asked, and said that it was not intended that the money should be expended until he had thoroughly looked into the matter.

A Prohibition Motion.

Mr. Charlton gives notice that he will move the following resolution:

That the state of public opinion upon the question of the prohibition of the manufacture, importation and sale of intoxicating liquors for beverage purposes should be ascertained by a reference of the question to the electors of Canada at the polls.

Want the Soap Duty Amended.

OTTAWA, May 10.—Mr. Coatsworth, M.P., yesterday introduced to Hon. Mr. Chapleau, Minister of Customs, a deputation of soap manufacturers, consisting of C. C. Dalton, Toronto; A. Savage, Montreal; D. Richards, Woodstock, and Robert Henry, Brantford, who wish some alteration in the construction of the tariff relating to soap. No increase of duty is asked.

The Niagara Railway Bill.

OTTAWA, May 11.—At a meeting of the Railway Committee of the House of Commons an act to revise and amend the act to incorporate the Brockville and New York Bridge Company was passed.

A bill to incorporate the Niagara Falls and Queenston Railway and Bridge Company was thrown out by a majority of one. Sir John Thompson stated that the land belonging to the Crown at the Falls was all given to the Provincial Government for the use of the public as a park. If the bill became law they would not be able to expropriate enough land for a robin to build its nest on. Mr. Irving, Q.C., on behalf of the Park Commissioners, said that the Local Government had already granted a charter for an electric railway from Queenston to Chippewa, which would supply all the wants of the place.

Drill Halls and Railways.

OTTAWA, May 11.—A delegation from Brantford arrived in the city yesterday It comprised G. H. Wilkes, president; Thomas Elliott, vice-president; J. J. Hawkins, treasurer of the Brantford, Waterloo and Lake Erie Railway, and Mayor Secord of Brantford. They waited on Hon. John Haggart, Minister of Railways, and Premier Abbott at *noon*, requesting a subsidy for the continuation of the railway from Waterford to Port Dover via Simcoe.

A portion of the delegation also waited on the Postmaster-General and the Minister of Militia, asking that the new drill shed for Brantford be proceeded with. The delegation was favorably received in each instance.

A Redistribution Deputation.

OTTAWA, May 11.—A deputation from Clarence Township, the Liberal stronghold in Russell County, urged the Government to abandon its proposal to transfer the township to Prescott County for electoral purposes. The delegates were accompanied by Messrs. Mackintosh and Robillard. They submitted resolutions, adopted by the Clarence electors, objecting to the proposed arrangements.

Sir John Thompson agreed to lay the matter before his colleagues.

OTTAWA, May 10.—There was a big time yesterday before the Senate Railway Committee over an act respecting the Bell Telephone Company. Besides the short preamble, this bill only contained a small clause of five lines which asked powers to increase the capital stock of the company to an amount not exceeding $5,000,000. The attack against the bill was made by Senators Boulton, Power and Kaulbach, who held that the company had now too extensive powers and was to all intents and purposes a monopoly. Senators Ogilvie, Scott, McMillan, Smith and Miller defended the telephone company. The result was that the bill was subjected to some important amendments; for instance the company desired bonding powers equal to the amount of the authorized stock. This has been denied them and they are confined to the $500,000 which they now possess. The capital stock of the company may be increased to $5,000,000 that is including the $500,000 already mentioned. A very important clause was inserted in the bill which provides that telephone rates must be subjected to the Governor-General in Council. Before increasing the rates the company will have to apply to the executive. In the meantime, they can arrange what they please. The change will prevent monopoly rates. The bill was reported.

INFANT MORTALITY.

Thirteen Buried in Winnipeg in Three Days—Quarantine Regulations Adopted.

WINNIPEG, May 11.—Mortality among children here during the past few days has become alarming. Thirteen children have been buried in three days, all of them victims of capillary bronchitis. The disease was imported, as all the victims have been children of families recently from Europe. The city council has taken steps to stay the spread of the disease by *forming* quarantine.

Reports have been received from nearly every ranch in the Northwest Territory, and they indicate that the cattle have stood the winter well. Four per cent will cover the entire loss.

KILLED IN A COAL MINE.

AN AWFUL DISASTER REPORTED NEAR SEATTLE.

An Explosion of Gas in the Northern Pacific Company's Mines at Roslyn Causes Terrible Loss of Life—The Bodies of the Slain Terribly Mutilated.

SEATTLE, Wash., April 11.—A special to The Post-Intelligencer says: Yesterday afternoon a terrible gas explosion occurred in the slope of mine No. 2 of the Northern Pacific Coal Company at Roslyn, in which the loss of life has exceeded in number that of any other disaster that has ever been chronicled in the Northwest.

The exact nature of the explosion or the circumstances that led to it will probably never be known since it is believed that every miner who was at work in the slope at the time has perished.

It is not definitely known how many men were in the vicinity of the disaster, but it is believed that between 45 and 50 were on the three levels that were affected by the gas explosion.

Large relief forces are at work and at this time six bodies have been recovered. These men were working nearest to the opening and at some distance from the point where it is supposed the explosion occurred. Most of the men were 1500 and 2000 feet farther in the slope and in the immediate vicinity of the accident. There is no doubt either in the minds of miners or the company officials that every man was instantly killed.

The Roslyn mine is one of the largest in the state, supplying the western division of the N.P. and U.P roads with coal, and has a capacity of 20,000 tons a day.

The explosion occurred just as two gangs were shifting at 1.30 o'clock.

The explosion has closed up the shaft. The mine is on fire and it is impossible to recover the bodies. The company will forward 40 coffins from Seattle by midnight train.

A BOILER EXPLOSION.

Killing the Proprietor of a Bruce County Flour Mill and Blowing the Building to Smithereens.

ELMWOOD, May 11.—At 8.50 yesterday morning the boiler in the flour mill here exploded, instantly killing Alexander Heller, the lessee of the mill, and inflicting serious injuries on his assistant, H. R. Clements.

The engine room is completely demolished and the mill is badly wrecked.

Parts of the boiler weighing about 400 pounds were carried into a field 100 yards distant from the scene of the accident.

The boiler flues are lying in all directions. One fell on the roof of D. S. Craig's house with such force that the plaster was broken from the ceilings of the rooms.

Another was found in Mr. Kaufman's lawn fully three feet in the ground.

Mr. Clements was found to have three ribs broken, besides several bruises about the face and body. He is likely to recover.

Mr. Heller came here about 14 months ago from Parkhill. His friends reside in St. Jacobs. He leaves a wife and one child in comfortable circumstances. The body will be taken to New Dundee to-morrow for burial.

IN THE GALLOWS SHADE.

And Yet Frances Bailey Deeming Persists in Lying.

MELBOURNE, May 11.—The execution of Deeming has been fixed for the 23rd inst.

He has confessed to a clergymen that he killed his wife at Windsor.

Deeming claims that in his youth he was called "Mad Fred," and says that on one occasion he threw a girl who addressed him by that name into a canal.

IN THE LAND OF THE PHAROAHS.

The Defaulting Rothschilds' Cashier Placed Under Arrest.

CAIRO, May 11.—Rudolph Jaeger, the defaulting chief cashier of the Messrs. Rothschilds, was arrested yesterday in a hotel at Ramleh, Egypt. Jaeger's defalcation is estimated at 1,700,000 German marks.

When arrested the ex-cashier was with his mistress, a woman named Klez. When questioned the woman admitted her companion's identity.

Jaeger attempted to draw a revolver, but he was promptly handcuffed.

Bank notes almost equal to the amounts stolen were found in the prisoner's baggage.

A CANADIAN'S SUICIDE.

He Belonged to Near Toronto and Was of a Moody Disposition.

VANCOUVER, B.C., May 11.—A man, who registered under the name of W. Baylis, arrived at the Oriental Hotel yesterday. An hour later his dead body was found in his bedroom. Beside him was a revolver, and there was a bullet wound in his head. Ashes in the stove showed that he had deliberately destroyed all letters or papers which would lead to his friends being informed of his death.

Robert T. Graham subsequently recognized the corpse as that of William Baylis, whom he had worked with in a lumber camp, near Donald, in December, 1890. Baylis was then in a despondent disposition, and while the others were engaged at sports in the evening he would sit by himself apparently brooding over his misfortunes. He seldom spoke of himself and all Mr. Graham knew about him was that he had come from near Toronto.

WILL SETTLE IN MANITOBA.

Many Michigan Farmers are Looking to the Northwest.

WINNIPEG, May 10.—James W. Campbell, a prominent farmer of Michigan, arrived here yesterday. Campbell is the representative of a very large number of farmers who are anxiously awaiting his report on Manitoba and the Northwest Territories, with a view to emigrating at an early date. Campbell states that he fully expects that some of the best farmers in Michigan will pull up stakes this year owing to repeated bad crops there and settle in this country.

John Blake, sergeant of the 12th Battalion, Hamilton, has been working in a tunnel at Tonawanda, N. Y., for some time. He wrote for his wife and family to come over, and yesterday Mrs. Blake was making preparations to remove her furniture when she received a telegram that her husband had been fatally injured.

Before leaving for England, C. K. Domville, mechanical superintendent of the Grand Trunk, was yesterday presented by his Hamilton friends with a book case and a complete set of the Encyclopaedia Britannica—25 volumes—bound in morocco, and each volume bearing the recipient's initials.

Young's Point.

From Our Own Correspondent.

There is a good opening here at present for a butcher.

Prof. Hopkins and family, of New York, passed through on the boat on Thursday, to reside in his summer house at Stony Lake for the season. Many more will soon follow.

The body of Peter McGee who was drowned last fall in the river, below the Point was discovered on Monday morning by Mr. Thos. Duggan. It was taken from the watery grave it has occupied so long and interred.

A consignment of apple trees from Campbell's nurseries at Brooklin has been received by Mr. McFarlane. The trees are all of first-class quality, and are equal to any ever sent out by a Canadian nursery.

Mr. George Chalmers has been beautifying his residence by the planting of a number of spruce and balsam trees around it.

We are pleased to notice that Miss Nellie Young is recovering from her recent illness.

The steamboat traffic is increasing.

Mrs. Robt. Pope and Mrs. Costello are visiting at Mrs. C. Young's for a few days.

Miss Lahey, of Peterborough is the guest of Mrs. McFarlane.

Hall's Bridge.

(From Our Own Correspondent.)

A fire has broken out north of here and is destroying a large tract of country.

The Hall's Bridge Sunday school has added one hundred volumes to their library. The school is growing in attendance and interest.

The tug "Dawn," owned by Mr. Purser, is anchored at the lower locks waiting for the spring trade to commence.

The fish are rather late coming up the waters this year.

Bonnie Brae is one of the most picturesque places in this district. Many visitors are making preparations for summering at the Buckhorn hotel.

Seven Years Suffering.

GENTLEMEN,—I had suffered very much from inflammatory rheumatism, which through wrong treatment left ugly running sores on my hands and feet. With them I suffered for seven years, during which time I had neither shoe nor stocking on. I commenced using B. B. B. externally and internally, using the Pills also, and I can say now that the sores are entirely cured, and have been for some time. I believe the bitters were the means of saving my life.

ANOTHER DOWNFALL!

AND AGAIN WE SHOUT VICTORY.

1,700 Boys' two and three Piece Suits, bought from Lailey, Watson & Co. at 50c. on the dollar. Suits that cost $3.75, $4.00 and $4.50 to make, you can have your choice for just one-half. Elegant Wool Suits for $2.00 a suit. Pretty little Sailor Suits for 87½c. See our All-Wool Suits for $5.00.

Last Saturday a Customer remarked: "I was shown a suit just the the same as your $5.00 Suit up town, and their price for the same goods was nearly double." Make a note of this, and when buying don't forget to look us up. We rule the roost in goods and prices, and we carry more goods than all the other clothiers in town combined. Sale now on and you will be made welcome, whether you buy or not.

How to Cut Glass.

One can cut glass with a scissors as easily as though it were an autumn leaf, says an exchange. The entire secret consists in plunging the pane of glass into a tub of water, submerging also the hands and the scissors. The scissors will cut in straight lines without a flaw. This result is achieved in consequence of the absence of vibration. If the least portion of the scissors is left out of the water the vibration will prevent the glass cutting.

A Practical Mechanical Novelty.

Among the recent mechanical novelties of a practical character brought forward is a band-sawing machine, especially adapted to the use of wheel and carriage makers, chair and car shop work, where an inexpensive machine for heavy duty is wanted; the machine carries a saw from one-fourth to two inches wide, and has leather-covered saw pulleys of forty-two inches diameter, the table being thirty-nine by thirty-three inches, made of hardwood strips, and capable of being elevated to an angle of twenty seven degrees.

Underground Wires.

Cables of telegraph and other wires are extensively used in Madrid for all kinds of electric wires, owing to the municipal decree that prevents the use of an overhead wire longer than half a kilometer (about 1,600 feet). These cables contain twelve seven-strand wires made of silicium bronze.

A Kitchen Invention.

A new clothes-dryer for use in kitchens consists of a frame of long rods which may be raised or lowered from the ceiling by pulleys, thus doing away with the inconvenience of a clothes-horse in a small room.

PAIN-KILLER

Old Popular 25c. Price.

The house in which Patti lives is one of the most interesting of homes "Craig-y-Nos Castle," as the songstress has christened it, is hidden away in the wild hills of the Swansea valley of Wales, writes Florence Wilson in her charming account of "A Day in Patti's Castle" in the May Ladies' Home Journal. It would be one of the most inaccessible spots imaginable were it not for a little railway which runs within four miles of it. In pleasant weather it would be difficult to find a prettier bit of landscape, but in wet and wintry weather, when storms sweep through the valley and

PATTI AND HER DOG "RICHI."

transform the tumbling little Tawy River into a foaming torrent, it is a good place to keep away from. Patti's reason for choosing a home there was a good one. The peculiarly moist atmosphere of the place is suited to her voice better than any other locality she could find on the English side of Dover Straits. Having once determined where she would live, Patti began to build a home consistent with her ample ideas of comfort and luxury. The most remarkable thing about "Craig-y-Nos" is that such an establishment is to be found in such a remote part of the country. It is very much as though Jay Gould had built his Irvington palace in the heart of the Adirondacks, instead of on the slopes of the Hudson River. In point of architectural beauty or extent of acreage it would be absurd to compare "Craig-y-Nos" with any of the great ancestral estates of the English aristocracy. The castle takes its name from a huge, ill-shaped hill called "Craig-of-the-Night." To get around this hill and make her house moderately accessible from the railway station, Patti spent $20,000 in building a roadway.

WHERE MEN DARE NOT INTRUDE.

One Part of South American Theatres Reserved Solely for Women.

The great Opera-House—Teatro Solis—the pride of Montevideo. It is an enormous building, with a pillared portico in front and a pair of huge oval wings, the whole covering an entire square. One of the wings serves as a splendid wine and billiard saloon, the other contains the National Museum. On the second floor of the main building is a foyer of truly "magnificent distances," furnished with tables and chairs for those who wish to smoke and drink.

The oval-shaped auditorium is very handsome, capable of seating 4,000 people, with five tiers of boxes decorated in red, white, green and gold. The fourth circle is the camela (gallery), reserved for ladies alone, after the peculiar fashion of all Spanish-American countries, as well as old Spain. Not even an archbishop or a dictator could gain admission to the sacred precincts of the camela; and night after night it is filled with the beauties of Montevideo, escorted thither by their husbands, fathers and brothers, who leave them at the door and go away to spend the evening as they like elsewhere or take seats in the gentleman's gallery above, but being dead sure to return before the close of the performance to see their ladies safely home.

Though men may not enter the charmed circle, no jealous rules can be rigorous enough to control the Southern propensity to flirtation, which, like murder, "will out," the more surely because of the mistaken notions of seclusion, handed down from their Moorish ancestors, that environ aristocratic females. It is said that most of the matches of Montevideo are made—not in heaven, as the old saying goes—but in this gallery, though the ladies have no chance to extend their flirtation beyond the point of meeting eyes and telegraphic communications with fans and flowers and handkerchiefs—a language natural to youth the world over, as birds know how to build their nests without instruction.

Though a gentleman dare not speak to the fair enslaver whom he has been staring out of countenance night after night at the opera, he can follow at a respectful distance when the author of her being hurries her home, discover where she resides, and thenceforth prance before her windows and become her shadow when she goes to church or promenades in the plaza. The mischievous god "laughs at locksmiths" in Uruguay as elsewhere; and though a lover may not call upon the object of his devotion, they manage it somehow—possibly with the more eagerness and success because no opportunity is afforded for acquaintance before marriage.—Montevideo Letter to Pittsburg Dispatch.

Patient Motherhood.

The training of children, either girls or boys, should be commenced at that moment when the mother can see in them the first gleam of the knowledge of right and wrong, writes Mrs. John Wanamaker in a valuable article on "The Patient Work of Motherhood" in the May Ladies' Home Journal; when they know for the first time that one action merits—whether it receive it or not—reward, and another punishment, because of the action itself, not because of their parents' will. Prior to this, training can be nothing more than disciplining, but when this time arrives the mother's real duties commence, and from that moment date her responsibilities. Girls and boys require very much the same treatment in this matter of training, and I do not know that I believe in making very much, if any, distinction in it. The same amount of firmness, of common sense, of respect to individual character and regard for individual talents should be shown in the one case as in the other. The greatest care must be exercised by the mother, as her children grow older, to retain their affection, to be one of, and one with them; to have her daughters talk over the people, and especially the men they meet, with her as they would with any girl friend, and to keep an ever-watchful eye over their girl and men friends alike. I believe most sincerely in girls' friendships, in the friendships a girl makes after she is fourteen or fifteen.

Did it ever occur to you to take Hood's Sarsaparilla, the best spring medicine? Try a bottle this season. It will do you good.

Self Application of Electricity

FOR MEDICAL PURPOSES

BY THE

DORENWEND

ELECTRIC BELT

And Attachments.

HEAD OFFICE—168 Yonge St., Toronto.

THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY not merely a sensation current, and the quantity current is the greatest curative. It has a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not claim this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM but, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Police Magistrate Dumble having returned from Cobourg, again occupied his wonted position on the bench.

The Patti Waltz Tyrolienne

We have just received a copy of the Patti Waltz Tyrolienne, composed by Charlie Baker. It is simple and remarkably pretty, can be played on piano or organ. The title page contains an elegant photo of "Adelina Patti," the world renowned songstress, in stage costume. Price 40 cents per copy. To readers of this paper a copy will be sent upon receipt of 20 cents in silver or postage stamps, by addressing the proprietors, Baker & Heimick, 245 Sixth Avenue, New York.

St. John's South Ward Concert.

Owing to the threatening weather and counter attractions, there was not a large audience at the concert in the South Ward Mission School last night, and in spite of several of the performers being prevented by illness from attending, a very pleasing programme was presented. It consisted of a pianoforte solo by Mr. Fred Clark; a violin duet, "Mailbraun's Favorite Air," varied, by Miss Louise Yokoma; vocal solo, Miss Fawcett; reading, "A Child's Dream of a Star," Mr. Parker; duet, "Bittersweet," Miss Fawcett and Mrs. Stapleton; song, Mrs. Stapleton; humourous song, "Romeo and Juliet," with guitar accompaniment, Mr. Barnes; and in response to a recall, a whistling solo.

Messrs. Thos. Darcy and J. P. Johnston of Rochester are in town to-day.

Mr. Herrop, the newly appointed night operator, will leave in a few days to assume the position of station agent at Green Valley.

Mr. Geo. H. Laing, of Sturbot Lake, has succeeded Mr. A. W. Wray as senior freight agent at the C. P. R. The latter is still in poor health.

The Beatrice (Nebraska) *Daily Express* mentions the names of two former residents of this county in the following connection:—Messrs. Nicholls and Roberts, the live, wide-awake Chautauqua men, went up to Omaha this afternoon on Chautauqua business.

Rev. Edward J. Stobo, District Secretary of Quebec Bible Society, and Mrs. Stobo, are in town. We had the pleasure of a call to-day from Mr. Stobo, who was formerly pastor of the Baptist church. The Rev. gentlemen will address a public meeting this evening in the Baptist church on, "A Free Bible."

Rev. I. Campbell, Ph. D., and Mrs. Campbell, late of Listowel, are in town, the guests of Rev. James Thom. Mr. Campbell is on his way to Ottawa where he has accepted a call to the Erskine street Presbyterian church. His many friends in this county will be pleased to see that his popularity as a preacher and pastor has resulted in his being called to the Capital of the Dominion.

The Brockville *Recorder* has the following in reference to a former well known musical citizen of Peterborough:—Mr. J. Hutchins in the Wall street Methodist church last night sang "Abide With Me" to music composed by himself, with organ accompaniment arranged by Prof. Steward formerly organist of First Presbyterian church here. Mr. Hutchins was in excellent voice and has certainly scored a great success in his composition. We doubt if the ever popular words of this hymn have ever been set to better music than that composed by Mr. Hutchins.

Generosity.

The people of this town do not take very long to discover an improvement made in their interest. Mostly everybody has already found out that the proprietors of Perry Davis' Pain Killer have just issued a new big bottle of that old reliable medicine. This bottle contains twice the quantity that the old style held, and it to be sold at the old popular 25 cent price. Naturally the users of this old favorite medicine (and who does not use it?) are jubilant over the change, and praise its proprietors very strongly for their generous action. Have you seen the big bottle? If not be sure and call at the drug store for one without delay With it in the house you have a veritable medicine chest at hand, and all for the trifling sum of a quarter. 1d1w

For the Eye of the Peterborough Lacrosse Club.

The Port Hope *Times* says:—"The lacrosse season will be opened in Port Hope on May 24th, when the "Ontarios" of this town will cross sticks with their old rivals, the Peterborough's. The game will certainly be a splendid exhibition of lacrosse as the team from the [illegible] city is confidently strengthened since last year and are determined to reverse their two defeats of '91. During last season the Peterborough's sustained defeat twice at the hands of the "Ontarios," each time by a score of four goals to nil. The score, however, was no criterion of the Peterborough's playing ability, as the games were the hardest ones in which the Port Hope team participated. The team is now putting in some hard practice, morning and evening, and it is the intention of the team that this year's games will be a repetition of last season's victories.

Decoration and Drill.

The improvement and decoration of the Collegiate Institute grounds and premises are taking beautiful shape. Mr. J. J. McBain, chairman of the property committee of the School Board, who has charge of the work, is doing it with a judicious thoroughness and good taste worthy of commendation. Mr. John Kelly has charge of the practical details of the grading and sodding, and that is a guarantee of the work being thoroughly done. The boulevard in front of the grounds has received attention, the front lawns are sodded, neat, broad, clean walks laid down and the rear terraces are being covered with sod, and the work is nearly completed. So far as the work has gone the school premises are as neat as a new baby, and when the work now going on is completed, we shall have one of the finest school premises in the district. While noting these improvements last afternoon, a representative of the EXAMINER was attracted by the sharp Rundle-ian voice of command and the rythmic tread of juvenile feet in the gymnasium. It was a decidedly pleasant sight to see a company of school girls going through their gymnastic exercises, including club swinging and the attractive hoop drill. It was a sight to delight the heart of a military martinet. The precision promptitude and smartness with which the work was done was admirable. Sergt. Major Rundle deserves the greatest credit, which he received from High School Inspector Hodgson, on the excellence of the work done in his department, and if the exercises in training are done so well some idea may be formed of the excellence of the programme to be presented at the complimentary benefit entertainment to the "Major" on Tuesday and Wednesday evenings, May 17th and 18th. It is hoped that parents and friends of pupils will turn out en masse to witness the results of the excellent physical training the latter are receiving at the hands of Sergt. Major Rundle.

57th Battalion Paragraphs.

What is Being Done Among the Sergeants in Red—The First Battalion Parade held Last Night a Great Success—Other Notes and Jottings of Interest to Military Men.

The Kingston *Whig* has the following to say in reference to the 14th Battalion Princess of Wales Rifles, who are coming to Peterborough to spend the 24th.

The battalion parade, last night, was such that every one connected with the organization may well feel proud. Acting on the suggestions made through these columns some time ago, the officers have arranged to take their annual trip on the 24th of May and thus not only leave themselves clear for one big celebration on July 1st, but intend bringing the 57th Peterborough Rangers here so that in addition to the bicycle attractions in the afternoon a military parade will take place in the morning. This trip on the 24th of May means a lot of extra work for the officers and men, and it is gone about cheerfully because in the end it is to prove a benefit to the city without any extra cost. A military parade is always something to attract the public, as, for instance, witness the hundreds who nightly attend, and last night was no exception. Then the people from a distance, who do not every week have a fine band and a lot of fine looking young men to attract them, will give it all the greater attraction, thus by staying home on Dominion Day the 14th Batt is doing as much for the city as any organization, and that without knocking at the door of our exchequer for assistance. Leave of absence having been granted Capt. White, Lieut. Carruthers took over the command of "F" Company last night, and bids fair to make it the company of the regiment. The fine band was out in full strength and delighted everybody. It was fully ten o'clock before the parade was dismissed. The regiment go by Bay of Quinte and C.P.R. on the night of May 23rd.

To-day Major Galloway received an invitation for the 14th Batt. to go to Peterborough on May 24th. A meeting of the officers will be held this evening when it will be decided whether the invitation will be accepted. There will likely be no objection and if this is the case the battalion will drill three times a week for two weeks.

The 57th Battalion of Infantry Peterborough Rangers had their first battalion parade for this year last evening. The six companies were well filled, 230, including officers and men, being in the parade. The boys presented a creditable appearance and the line of procession headed by the battalion band, twenty-nine strong, and the bugle and drum band, nine strong, was viewed by hundreds. The band discoursed lively quick-step marches and as the battalion moved with easy and smart precision down George street, many looked with pride and admiration upon one of the best drilled and equipped battalions of any town or city in the Dominion. The line of march was down George to Charlotte, up Charlotte to Aylmer, up Aylmer to Hunter and then up George to Capt. Brown's monument in the Central Park. Here a halt was made and the companies performed creditably several manoeuvres, including the march past which movement they went through remarkably clever. Major Bell had charge of the parade. The various companies were commanded by: No. 1, Capt. Mason, No. 2, Lieut. Schofield, No. 3, Capt. Hill, No. 4, Capt. Loch, No. 5, Capt. Millar, No. 6, Capt. Brennan. At half past nine a return was made the drill shed, where the weekly orders were read by Capt. and Adjt. Dennistoun, and the men dismissed.

A Staff of Skilful Men.

In order to prove the superiority of their skill the staff of eminent physicians and surgeons, now permanently located at No. 271 Jarvis Street, Toronto, will, until further notice treat all curable complaints for *$5.00 per month*, and furnish medicines free of cost. A more liberal offer it would be difficult to make. No extra charge for anything: *$5.00 per month and medicines free.*

These eminent doctors treat every variety of disease and deformity, and perform all surgical operations, viz: The removal of cancers, tumors, cataract, polypi, etc. All diseases of the eye, ear, throat, lungs, heart, stomach, liver, kidneys, bladder, and all female difficulties arising from whatever cause, all nervous prostrations, failing vitality, and diseases originating from impure blood, are treated with the greatest success.

Catarrh, in all its various forms, cured by their new method, which consists in breaking up of the cold-catching tendency, to which every person suffering from catarrh is susceptible.

Invalids will please not take offence if they are rejected as incurable. The physicians will examine you thoroughly, free of charge, and if incurable they will positively tell you so. Also caution you against spending more money for useless medicine.

Invalids who cannot visit these eminent doctors in person can write, and be treated by express, but at least one personal interview is preferable.

All correspondence should be addressed to Mr. John Murray, Manager, 271 Jarvis street, Toronto

"Unasked I deem it my duty to a suffering humanity whose bodies and souls I would have healthy, to tell them of the value of Hood's Sarsaparilla. While living in Ohio one of my children was greatly

Afflicted With Boils

having 30 on her limbs, and being unable to walk. I had heard of Hood's Sarsaparilla, and bought a bottle, half of which cured entirely. Two years after, another child was afflicted as badly. I used the other half bottle of Hood's Sarsaparilla with like results. About four years after, the child first afflicted was again tormented like Job, and I bought a bottle (on Sunday at that) and again a cure. I gave some of the medicine to a poor woman and two children; they were helped as were mine. Through a testimonial sent to C. I. Hood & Co., inquiries came from all the country, asking if it was a 'bona fide' testimonial, and of course I wrote all that it was, and have the knowledge of

Of persons helped or cured by Hood's Sarsaparilla. Mild cases of rheumatism have yielded to it. Biliousness and bad liver have been corrected in my own family. This is the only patent medicine I have felt like praising. I speak not for C. I. Hood, but for the Jobs who are impatient and are tormented beyond endurance. Nothing I know of will cleanse the blood, stimulate the liver, or clean the stomach so perfectly as

MEETING OF THE SYNOD

Of Toronto and Kingston.

Ministers and Elders Meet to do Business—The Synod Sermon—Organizing for Business—Rev. Dr. Parsons, of Toronto, Elected Moderator.

The Presbyterian Synod of Toronto and Kingston opened in St. Paul's church last evening. The attendance of ministers and elders comprised mostly of those who were expected to be present. A large number of visitors from the town were also in attendance. The evening's proceedings opened with devotional exercises in which Rev. Principal Grant, of Queen's University, announced the opening hymn, Rev. Dr. Parsons of Toronto, read the Scripture lesson and Rev. Prof. McLaren, D.D., of Knox College, offered up prayer, invoking divine blessing upon all the business and sederunts of the Synod. After the singing of another hymn Rev. R. N. Grant, of Orillia, Moderator of the Synod, delivered the opening sermon. He spoke from the words found in the 16th verse of the 17th chapter of Acts, "Now while Paul waited for them at Athens, his spirit was stirred in him when he saw the city wholly given to idolatry."

At Athens Paul was standing on classic ground, for ages the city had been the greatest in art, science, poetry and eloquence. On every hand there was something to remind him that he was in the home of philosophy and orators. The speaker said he could not accept the conclusion of some that Paul, the scholar, could see no difference between Athens and any other city. It was not at all necessary to exalt Paul spiritually at the expense of his culture. Paul, eminent as a Christian and philosopher, was still a man. Bible heroes, such as Paul, Daniel, David and Abraham, were men like ourselves and had they not been human their grand effort would have been literally lost. From an angel at Athens we could learn little, but from Paul, the Christian man, we could learn much. Paul saw a city full of idols and he could not look with indifference on it. He knew there was but one true God, and his soul was thrown into a paroxysm when he saw a city where there was as many gods as men. The paroxysm

WHICH SEIZED HIS SOUL

was all the more violent because he saw the men around him leaving such powers and abilities, and not taking advantage of them. Might we not ask what effect the sight of sin furnished upon our minds? An idol is anything that takes the place where Christ ought to reign. Are we sure in Christian Canada to-day there are no idols, none in society or the state, none in the Presbyterian church? What about the man who talks more about the church than the greater Head of the church, not so far removed from the church after all. Idol, taking its true meaning, there were any amount in countries not Christian. There may be more in Canada than we have ever thought. Does it ever not stir us to see something in the heart where Christ alone should reign? Are not our spirits stirred when we see in any form the Sabbath day desecrated, God's name taken in vain, drunkenness, rascality, and all other transgressions. Do we blush with shame that men calling themselves British subjects are willing to sell their highest vote for a dollar apiece. Are we not shocked at men devoting so many dollars to election expenses, but give nothing to missions. Our Home Mission Society had to cut down the salaries of our own missionaries, had it not been for the great gift of one benefactor toward our church. Are we stirred into a paroxysm, such as Paul was, when we think of the millions as yet unconverted. There is more idolatry to-day than in the time of Paul, from the finding of the city to his preaching on Mars Hill some six centuries afterwards. 2,000 years ago the church received the commanding word "Go, preach the Gospel." God has given the Presbyterian church

ONE OF THE MOST PROMISING HOME MISSION

fields in the world. We need not go back to Athens, or go to India or China to have our hearts stirred. There is enough in our own Canada, in our church to have our hearts stirred within us, There were two factors to be considered in the case, the heart and the causes that stir the heart. The great spirit of Paul was roused to action, the paroxysm did not exalt itself in pious gratitude. He did not sit down on some fine to-day and moralize for this wicked world. He did not give up in dispair, nor did he wait for help but he set out at once to work, alone and single handed on Mars Hill he preached Jesus and the resurrection. He cared not what advancement they might make in philosophy or science, there must be enthroned darkness until in they knew Jesus. He showed them that God created the world and all therein and that he preserved and governed it. Are we careful to preach a full well rounded gospel, the gospel of our blessed God. We have a great spirit roused and in action, and the second point is that of skilful action. We have before our minds eye a mighty spirit aroused and also in skilful action. The preacher is aroused and enthusiastic. He says the right thing at the right time and in the right way. Standing in the place of this mighty creature can we not ask, do we preach the Gospel? Of course we all preach the Gospel, but do we do it with the tact and skill of that preacher of Athens? Paul conciliated his hearers at the outset. Had he insulted them at first, his influence would never have been so great. A Jew might say he was lowering his standard in so doing, and that he was coming down to the level of heathenism. Methods were nothing to him so long as all things were done decently and honest. Do we study our audiences and do we use the best

MEANS TO BRING ABOUT THE END

of that Gospel? One might ask if all these few doctrines which some ministers preached were all the Gospel. One lesson we may learn from Mars' Hill is that our spirits should be aright only when we Jesus alone. Paul never hesitated for a moment about the message he should deliver to them. Have we any reason to be ashamed of the way we do our Master's work? Ought not we to be ashamed if the local doctors show more skill in treating the mortal bodies of our parishioners than we do their souls? All the members of this Synod ought to display as much energy in the Augmentation Fund as other men show in other causes, if so the fund would be not so small. Ought we not to be ashamed that men display more skill in drawing men heli-down than we, ministers of the gospel, do in drawing them Heavenward? This lesson of Paul should teach us to stand by vital truths, even if in yielding we are liable to save some. Paul went to the synagogue on the market place where he was and as he was. It was a good thing to

HAVE A HIGH IDEAL IN LIFE

If we never attained it. Some one has said as soon as man ceases to learn he ceases to teach. The surest way not to go back is to go ahead. The power of God remains unchanged to-day, His grace is the same to-day as ever. Fathers and brothers when the Master calls us home may there be some one to take us by the hand and lead us up to the throne of God and say this is the man that first took me by the hand and showed me the way to Christ.

THE BUSINESS PROCEEDINGS.

Rev. Dr. GRAY, of Orillia, secretary of the Synod, said the first business of the Synod was that of calling the roll. It was moved that this be dispensed with until to-day. The names of the visiting clergymen and elders, as well as the places where they are from, have already been published in the EXAMINER.

The next order of business was an address from the retiring Moderator, and the election of a moderator for the ensuing year.

Rev. Mr. GRANT, the retiring Moderator, thanked the members of the Synod for placing him in that honourable position. He also expressed his gratitude for their many kindnesses and attentions shown him on all sides and on all hands. They had met together to improve each other as much as possible. He begged to be excused from making any lengthy remarks, as he thought he had said enough already in the sermon which he had delivered. The election of a Moderator for the Synod of Toronto and Kingston was then proceeded with.

Rev. Mr. MCEWEN, of Lakefield, in a few eulogistic remarks, moved that Rev. Dr. Parsons, pastor of Knox church, Toronto, be elected to that position. The nomination was seconded by the Rev. Jas. Somerville, M. A., of Owen Sound.

Rev. Mr. Sutherland of Warkworth, moved, seconded by Mr. Gilchrist of Baltimore, the name of Rev. Mr. Duncan of Colborne.

On the suggestion of Rev. Principal Grant the nomination of Rev. Dr. Parsons was made unanimous. The hearty response accorded the suggestion secured the unanimous and cordial approval of that name.

The new moderator was duly installed into the position and presided during the remainder of the evening. He in a few well chosen words thanked the Synod for the honor conferred upon him in electing him to the position. He would much rather take part and listen to the deliberations of the Synod than preside. He would however endeavour to fill the place to the best of his ability.

Rev. Prof. McLaren moved, seconded by Rev. Dr. Grant, that a vote of thanks be tendered the retiring moderator for his able and excellent sermon and his ability and dignity displayed in presiding over them for the past year. The motion was unanimously carried and tendered to the retiring moderator by the newly-elect moderator.

Rev. Dr. GRAY, of Orillia, then read reports from the Presbyteries of Kingston, Toronto, Barrie, Owen Sound and Orangeville, stating that they had examined several candidates, who having completed their full courses of study in either Queen's University or Knox College, and had delivered the prescribed discourses. The report recommended, the duly signed certificates being forwarded, that the Synod grant these students licenses to preach.—Adopted.

Rev. Dr. TORRANCE, of Guelph, convenor of the Committee on Bills and Overtures, then read the report which the committee had prepared, giving the order and outline of business for the various sederants of the Synod. The report recommended the following ministers and elders from the various Presbyteries as the committee for the examination of Presbytery records:—

KINGSTON.—Rev. Mr. Abraham and Mr. Madill.

PETERBOROUGH.—Rev. Robt. Johnston, of Lindsay and Sheriff MacLennan.

WHITBY.—Rev. J. B. Fraser, M.D., and Mr. John Clark.

LINDSAY.—Rev. Robt. Houston, M.A., and Robt Amys.

TORONTO.—Rev. R. D. Fraser, M.A., and Mr. Smith, of Warsaw.

BARRIE.—Rev. Dr. Wilson and Mr. Israel Payne.

OWEN SOUND.—Rev. W. A. J. Martin and Jas. Blacklock.

SAUGEEN.—Rev. Mr. Fitzgerald and J. D. Armstrong.

GUELPH.—Rev. Mr. Drummond, Centreville, and Mr. David Smith of Lakefield.

ORANGEVILLE.—Rev. Mr. Neal and Wm. Slater.

The committee received instructions to report first thing on Thursday morning.

The proceedings closed at 10 o'clock with the benediction.

SECOND DAY.—WEDNESDAY.

MORNING SESSION.

At 9 30 the members of the Synod assembled in pretty full numbers, the Moderator in the chair. Half an hour was given over to devotional exercises which were conducted by the Moderator.

The Synod continued upon its business by the reading of the minutes which were duly confirmed.

The names of the members of the committee to strike the standing committee were read and approved.

Rev. Dr. McTavish of Toronto, read the report of the Synodical conference. The report closed by pointing out that there was a general feeling in favor of changing the time of holding the Synod from spring to fall and of incorporating the conference with the Synod; and a committee will be charged with dealing with the suggestion thrown out.

An application for the postponement of an appeal case, owing to the illness of one of the parties, was considered, and the matter referred to a committee to adjudicate upon.

AGED AND INFIRM MINISTERS' FUND.

Rev. W. BURNS, Toronto, agent of the Aged and Infirm Ministers' Fund, having to leave the Synod, was permitted to present a report of his work. He suggested the appointment of a committee of the Synod, with whom he might confer in reference to the interests of the fund. There were 73 claimants upon the fund and there was an increase in collections. He urged care, in view of the state of the finances, in placing claimants upon the fund.

AUGMENTATION FUND.

An overture in reference to the Augmentation Fund, from the Home Mission Committee was presented, and Rev. D. J. Macdonnell, of St. Andrew's church, was heard in its support. He made a very strong appeal for generous support of the fund. If the 336 committees that had been upon the fund, 186 had become self-supporting. It was pointed out that the funds were not in a sufficiently strong condition. In fact, had it not been for the generous legacy of $8,000, given by Mrs. Nicholls, there would have been a serious deficit. It was also pointed out that it was the aim to give every minister a minimum stipend of $750. There were 150 weak congregations which could not reach this minimum. There was required annually to place the fund in a proper condition. The speaker believed that the churches were at bottom heartily in sympaty with this fund if its claims were properly presented to them.

Rev. J. Somerville moved, seconded by Rev. J. A. Turnbull, the Synod gratefully recognize the great service which the Augmentation scheme has done the church, lifting up so many charges to become self sustaining since its inception, and will heartily support any reasonable scheme which will commend this fund more fully to the confidence and support of the church. The Synod approves of the suggestion in the overture to appoint a synodical committee to revise the applications of Presbyteries within its bounds before being presented to the Assembly Home Missions Committee, and should the Assembly see fit to instruct Synods to appoint such a committee, the Synod would recommend that applications for grants from the Home Mission Fund be also revised. The mover and seconder made strong addresses in support of the resolution, and Rev. R. N. Grant, of Orillia, strongly objected to the last clause of it, describing it as unnecessary and the "fifth wheel to the wagon," a local knowledge of the needs of the stations in order to do justice. The mover withdrew the latter clause, and the resolution was adopted.

A cordial greeting was read from the Peterborough Y. M. C. A., and inviting the members of the Synod to take full advantage of the rooms of the association.

An invitation was also received, and accepted, from the ladies of the congregation inviting the Synod to refreshments to be served this evening at 6 o'clock in the school room of the church.

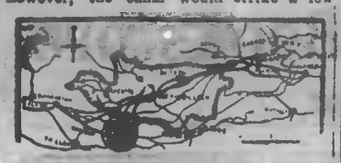
English and Scotch engineers and shipowners are talking over a scheme for digging a big ship canal clean across Scotland, so that great steamers may be able to sail up the Clyde on the west coast and come down the Firth of Forth into the North Sea on the east. There is actually a canal between these two points at present; it has been there 100 years, but it is only 56 feet wide and 10 feet deep, so that it is of no use for ocean steamers. The plans now under consideration provide for an entirely new canal, two routes for which are suggested.

THE LOCH LOMOND ROUTE.

One of the routes proposes to make use of Loch Lomond and Loch Long, and strike the Clyde near its mouth. On this route, however, the canal would strike a few



ROUTE OF THE PROPOSED SHIP CANAL ACROSS SCOTLAND.

miles of mountainous country, part of which could be passed by deep cuttings, and about two miles of it by a tunnel 150 feet high through the hill. The length of this route is 69 miles, and the cost of the canal is estimated at $40,000,000.

A more probable and more favorable route is that shown in the map, which is reproduced from Cassell's Magazine. This line is very nearly direct between the two termini, and is only twenty-nine miles. It is figured that a canal on this line could be built twenty-six feet deep, and 100 feet wide at the bottom, for about $35,000,000, and it is estimated that a low scale of tolls would yield an income of $3,000,000 per annum.

On this route twelve locks would be required, and the canal would cross six railways and the present barge canal. Vessels now bound from a port on the east coast of Scotland to one on the west coast have to go round by the north through dangerous currents and prevailing fogs, or else run down through the crowded English channel, and make a long circuit round the southern end of England.

The proposed Forth-Clyde Canal would lessen the dangers and save some hundreds of miles.

A Superb Machine.

Another of those superb mechanisms—a fifteen-ton locomotive steam crane—has lately been placed in one of the great steel plants of England, and presents in its construction some special points of interest. The load to be lifted is fifteen tons, at a radius of sixteen feet, and at this radius the center of the jib pulley is twenty-three feet from the rail level, but the jib is fitted with a derrick motion, permitting it to be lowered so as to be clear under a headway of seventeen feet. All the gearing, also the roller path and rollers, main crosshead, and many other important parts are made of cast steel, and the post is a steel forging. Steam is supplied to both sets of engines by a large steel vertical boiler, double riveted throughout, and arranged to work at a pressure of 120 pounds per square inch. The crane engines have double cylinders nine inches in diameter by twelve-inch stroke, these actuating the hoisting, slewing and derrick motions; the full load is lifted in single purchase, with two parts of 1¼ chain; the slewing gear is worked by double cones, and the derrick gear by means of worm and wheel in the usual manner. The lower engines for propelling the crane have cylinders twelve inches in diameter by twenty inches stroke, and drive direct on to one of the axles; the latter run in journals fitted to steel axle boxes, which slide in heavy steel brackets bolted to the truck frames, the load being carried by three volute springs over each axle box.

Iron and Nickel Experiments.

There seems to be no question as to the success of recent experiments in soldering iron with nickel, the adhesion of the metals, in fact, being so intense as to render their separation impossible by mechanical action, chemical analysis also showing a perfect assimilation, although the soldering had been effected at a temperature of from five hundred to six hundred degrees below the fusing point. The volatility of iron when heated to cherry redness is another fact which seems to have been established recently. In this case two plates of iron and nickel, superposed, being submitted to the same degree of heat, the iron passing into the nickel to a notable extent without soldering or adhesion of the surfaces resulting. On the whole surface of the sheet of nickel an alloy was formed with the iron, which, in the case of one-millimetre sheets, penetrated to 0.05 of their thickness, and contained on the average twenty-four per cent. of that metal, the proportion being naturally stronger on the surface. In any case, the exceptional welding properties which iron possesses in comparison with other metals must, it is asserted, depend on a partial volatilization at a temperature much below the fusing point.

A Wonderful Telegraph.

A printing telegraph system has been introduced in the mills of the Illinois Steel Company, Chicago, by means of which apparatus the men at the reheating pits can inform those at the finishing end of the mill as to the heat numbers of the ingot, the ingot numbers, and the number of rails to each ingot, so that the proper number may invariably be stamped on each rail that leaves the mill. In addition to these numbers, the "pit" and "hold" designations are also despatched by the same means. It is stated that though the mechanism is necessarily somewhat complicated, its work is performed in a very satisfactory manner. The transmitter is in charge of one of the men at the reheating pit, and the receiving instrument is in charge of a boy, who reports on a blackboard for the use of the stamper the different numbers and letters as they are printed on the tape by the receiving instrument. The distance between the two is about three hundred and fifty feet.

Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. "August Flower"

Mr. Lorenzo F. Sleeper is very well known to the citizens of Appleton, Me., and neighborhood. He says: "Eight years ago I was taken "sick, and suffered as no one but a "dyspeptic can. I then began tak- "ing August Flower. At that time "I was a great sufferer. Every- "thing I ate distressed me so that I "had to throw it up. Then in a "few moments that horrid distress "would come on and I would have "to eat and suffer "again. I took a "little of your med- "icine, and felt much "better, and after "taking a little more "August Flower my "Dyspepsia disap- "peared, and since that time I "have never had the first sign of it. "I can eat anything without the "least fear of distress. I wish all "that are afflicted with that terrible "disease or the troubles caused by "it would try August Flower, as I "am satisfied there is no medicine "equal to it."

For that Horrid Stomach Feeling.

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cummins, Esq., a leading druggist of Welland, Ont., speaks for itself:

Messrs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMMINS,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

Dunning Letters That Came.

The charming blonde who presides at the registered letter window of the postoffice threw up her dainty hands with surprise a few days ago when a gentleman walked up to the window and, upturning a big grip, dumped its contents before her. There were 470 letters to be registered. Such a task had never before fallen to her lot. Her appeal for help brought the chief of the division, who provided help in the shape of three assistants for her, and the pile was soon disposed of. The man stood by until the receipts were given him.

"The fact is," he explained, "I am secretary of a fashionable club, and it's the most difficult matter in the world to make them pay up. I send hundreds of bills, and when I speak to members about it it's always the same story, 'I never got the bill, old fel; certainly I'll pay up. Just send me a bill and I'll see that you get it.' There are 470 delinquents in the club, and I'll be sure they all get their bills this quarter."

The responses have already begun to come in in a way that foretells the entire success of the scheme.—Philadelphia Record.

Had a Familiar Sound.

"What is the name of the young man that's coming to see Maribel?" asked Old Spudd, looking up from the "Stocks and Bonds" column of his newspaper. "I think I've heard it, but I have forgotten it."

"It is one you certainly ought to remember easily enough," replied Mrs. Spudd. "His name is Oliver Cromwell."

"My memory, madam," said Old Spudd, looking fixedly at her over his glasses, "is as good as yours. Cromwell is the name of that merchant down in Hamilton that claimed I cheated him out of $37.40 in 1873 on a consignment of eggs. You can't fool me on names!"

One Little Point.

The professor had talked to the class an hour and a half on the question of the tariff.

"There is one little point still unsettled in my mind, professor," said one of the pupils, a thoughtful young man whose intelligent face and close attention had greatly pleased the instructor. "It is this: Who finally pays the tariff on imported goods—the foreign manufacturer, the importer, or the consumer?"

The professor sat down profoundly discouraged. That was the precise point he had been trying to explain.

Odds and Ends.

Many watches make five beats per second, 300 each minute, 18,000 every hour, or 432,000 per day.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience of a hairdresser, during which time I have experimented with every recommended preparation, not one has (nor, I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair-dressing without leaving a trace of its use. I use it daily in my hair-dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

Across the Continent.

Wm. Renwick, M. D., M.R.C.S.E., Victoria, B. C., writes:—"I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy." NORMAN, Ont., January 15, 1892.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

The power of grace, the magic of a name? asks Campbell, the poet, in his "Pleasures of Hope." Pleasures of Hope, forsooth. Many and many a woman knows them no longer. They are in despair about their health. They are run-down, debilitated, suffering from what they know not. It may be dyspepsia, heart disease, liver or kidney disease, any or all of them. The sicknesses of women are cured by Dr. Pierce's Favorite Prescription. That's where the magic of a name comes in. This improves digestion, invigorates the system, enriches the blood, dispels aches and pains, produces refreshing sleep, dispels nervousness and melancholy, and builds up both the flesh and strength of those reduced below a healthy standard. It is a legitimate medicine, not a beverage. Contains no alcohol to inebriate; no sugar or syrup to sour in the stomach and cause distress. It is as peculiar in its composition as it is marvelous in its remedial results.

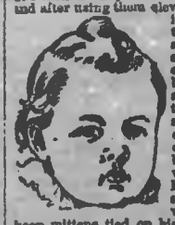
BAD ECZEMA ON BABY

Head one Solid Sore. Itching Awful. Had to Tie His Hands to Cradle. Cured by Cuticura.



Our little boy broke out on his head with a bad form of eczema, when he was four months old. We tried three doctors, but they did not help him. We then used your three CUTICURA REMEDIES, and after using them eleven weeks exactly according to directions, he began to steadily improve, and after the use of them for seven months his head was entirely well. When we began using it his head was a solid sore from the crown to his eyebrows. It was also all over his ears, most of his face, and small places on different parts of his body. There were sixteen weeks that we had to keep his hands tied to the cradle and hold them when he was taken up; and had to keep mittens tied on his hands to keep his fingernails out of the sores, as he would scratch if he could in any way get his hands loose. We know your CUTICURA REMEDIES cured him. We feel safe in recommending them to others.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated, and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months. The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PROFIT WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

A Tumble in Carpets

It gives us much pleasure to announce that owing to a lucky purchase of Fine Carpetings, we are able this week to offer a large and complete stock of the most artistic and beautifully colored designs at prices never quoted before. For example, take Kidderminsters:—

A Kidderminster Carpet worth 50c. at all the very lowest estimate, we will sell for 25c. a yard. The balance of this weave, heavier and better grades, will only cost you 40c. or 50c., and a 75c. Kidderminster can be bought for 65c. per yard.

In Two-Ply Kidderminsters, we quote:—

Exquisite designs in All Wool Supers at only $1 per yard.

In Tapestrys, the prices will range as follows:—

Sterling as low as 25c., 30c., 35c., 45c., 50c., 55c., 60c. and a special line of new effects in colours, worth 75c. for 65c. per yard. Better grades can be bought for 70, 75, 80 and 85c.

In Brussels, we are complimented every day on our beautiful designs and extremely low prices:—

We have two lines worth $1.20 and $1.25, which we can sell at $1 and $1.05 respectively.

In Velvets, for drawing and reception rooms, very handsome and much sought after. We quote as an example:—

Patterns worth $1.35 for $1.15.

An endless variety of Axminsters, Dagestans, Dagdag and Smyrna Rugs.

We also carry just now a fashionable assortment of Imported Portiers, Lace Curtains and Window Dressings, which give the home an air of refinement, at correspondingly low prices.

THE M'CARTHY DUAL LANGUAGE MOTION

Defeated by a Vote of 133 to 33—The Alien Labor Bill Given a Six Months' Hoist and the Appointment of a Representative at Washington Shelved.

OTTAWA, May 12.—The House was treated to a surprise last night by the sudden collapse of Mr. D'Alton McCarthy's Dual Language and Separate School bill without a word being said in explanation or defence of it by either its sponsor or any of its friends. The way it happened was this: The bill was reached in the ordinary course at a quarter to six. Mr. McCarthy was not present.

Col. O'Brien asked that it be called 8 o'clock so that the discussion might be commenced after recess. This was done.

After recess Mr. McCarthy, who had just arrived from Toronto, was in his place and after a few private bills had been disposed of he moved the second reading of his bill. After making the motion he lifted the lid of his desk as if asking for manuscript, while the French members cried, "perdu" and the English members "lost." Whatever he was looking for he apparently did not find, for he quietly settled himself back in his chair, and as no one rose to speak, the speaker gravely exclaimed, "Call in the members," and the division bells rang.

Then Col. Denison jumped up and said he had a speech prepared which he wanted to deliver, but he was informed that he was too late and the division was taken, with the result of the bill being snowed under by the big majority of 33 for to 132 against.

The vote was extremely light, as a division was not expected before 2 or 3 o'clock and a large number of members were at sessional dinners and at the opera house, where the Damrosch concert was going on. At the latter place a sign "Division On at the House" was shown on the stage and several members left in a hurry.

The Alien Labor Bill.

Besides Mr. McCarthy's Northwest bill two other important measures were settled by the House. The adjourned debate on Mr. Taylor's motion for the second reading of his alien labor bill and Sir John Thompson's amendment, giving it six months' hoist, came to a sudden termination by the amendment being carried on division without a word being said either for or against it.

A Representative at Washington.

Later in the evening, after Mr. McCarthy's bill had been disposed of, the debate on Mr. McCarthy's motion respecting the appointment of a representative at Washington was resumed by Hon. Mr. Tupper, who moved an amendment to the effect that the Mother Country should be consulted before any further action was taken. This was accepted by Mr. McCarthy and the amendment was declared carried on division.

Want Seized Whisky Destroyed.

OTTAWA, May 12.—Messrs. Gooderham, Toronto; Walker, Windsor, and Whitney of J. P. "VITALINE" PUT AN END TO A PROMINENT RUSSIAN.

General Gresser, the St. Petersburg Prefect of Police Died from the Effects of a Patent Preparation and Was Not Poisoned by Nihilists.

ST. PETERSBURG, May 12. — General Gresser, Prefect of Police, died yesterday from the effects of an injection of the quack medicine "vitaline," which produced a sudden and violent attack of blood poisoning.

The stories that have been circulated to the effect that General Gresser was the victim of a Nihilist conspiracy and all the sensational details of the case are without a single word of truth. He was the victim of quackery, and Gatchkowski, the inventor of "vitaline," finds himself in trouble with the police because of Gen. Gresser's death. He was arrested yesterday, and to-day the police searched his residence and seized his stock of vitaline, a quantity of chemicals and a lot of papers.

Many Other Victims.

It has transpired that Gen. Gresser is not the only victim of the quack medicine. Gen. Baranoff died last Sunday, and now it is stated that his death followed shortly after an injection of vitaline.

Gatchkowski maintains, however, that his death was not due to the use of medicine, but that it was caused by an illness from which he was suffering before he used "vitaline."

It is said that the medicine consists of glycerine and borax, but it is not believed that these substances would cause such rapid and fatal gangrene as marked the case of Gen. Gresser.

The authorities have prohibited the further use of "vitaline."

Indignation in St. Petersburg.

The fate of Gen. Gresser has caused great indignation among the people against Gatchkowski. The excited crowds besieged the prefecture when the prefect's death was announced and they denounced the quack in the most bitter terms.

HALTON'S TRAINS TO RUN.

Success of the Deputation—Trains Run as Formerly.

MONTREAL, May 12.—The Hamilton deputation called on General Manager Seargeant at 11.30 yesterday. The gentlemen of the deputation were presented to Mr. Seargeant by Mr. Stiff.

Ald. Moore presented the case in behalf of the city and Messrs. Bristol and Knox spoke for the Board of Trade, each making a strong case.

A long discussion followed, during which Mr. Seargeant explained that there never was any intention on the part of the Grand Trunk company to injure Hamilton or to put Hamilton people and merchants to any inconvenience or loss. The effect of the Halton boycott upon Hamilton had not been taken into consideration at the time and he regretted very much that Hamilton had been made to suffer from the attempt of the Grand Trunk company to "bring Halton to its senses."

Mr. Sergeant stated that orders would be at once given to restore the running of trains to Halton, as usual.

ASKING ALIMONY.

The Case of Architect Balfour of Hamilton Gets Into the Courts.

HAMILTON, May 12. — This morning James Balfour, the well-known architect, was served with a writ issued on behalf of his wife, Georgiana Catherine Balfour, claiming $100 a month alimony. Mrs. Balfour did not leave the city, as has been stated, but is residing at the house of her father in East-avenue.

The plaintiff claims that her husband's income is $6000 a year. She claims one-fifth of it. Negotiations have been in progress for some days to see if a settlement could be arrived at, but without success, and Mr. Balfour intends to defend the suit. If the case goes to trial the details of the deplorable scandal that have been circulated concerning the domestic difficulties of the parties will be sifted in the evidence.

POISONED HIS SQUAW.

She Was Old and Blind and He Wanted to Get Rid of Her in Some Way.

VICTORIA, B.C., May 12. — Andrew Schultz, a German, aged 60, poisoned a squaw with whom he had been living yesterday, with strychnine, which he purchased with the avowed intention of poisoning rats. When an officer proceeded to the old man's cabin he found the Indian woman lying dead and Andrew Schultz sitting in the cabin as unconcerned as could be.

The prisoner, on being questioned, said he had poisoned his squaw because she was old, blind and no good. He also said that doctors had tried to cure the old woman, but could do nothing for her. How and when he poisoned her he refused to say.

The cabin was searched and an empty phial with strychnine marked on it was found, as well as a small bottle with liquor in it. The latter is supposed to have contained the fatal draught.

The prisoner, Andrew Schultz, is an old German aged about 60 years, who for years has done odd jobs around the city, usually sawing wood. He is evidently out of his head, as even now he does not seem to realize his position, only being nervous when questioned. He has lived for years with the woman whose death he caused. The woman he killed was also very old and had been totally blind for some time. Dr. Morrison will hold an inquest.

Three Children at a Birth.

WOODHAVEN, L.I. May 12.—Mrs. John Schmall of this village has just presented her husband with triplets. The children weigh four and one-half pounds each, and seem strong and healthy and likely to live. The mother is a woman of small statue, but stout.

Dropped Dead While Dressing.

KINGSTON, May 12.—Julia Gray, aged 44 years, widow of the late Richard Schultz, killed two and a half years ago by falling a tree, visited neighbors in excellent health Tuesday, arose yesterday at 8 o'clock and while dressing dropped dead. Heart failure the cause.

Predicted His Own Death.

READING, Pa., May 12.—The frequent prediction of Joseph Miller that he would die suddenly was verified this morning when he dropped dead with paralysis of the heart while sitting on a bar at the Mellert Iron Foundry.

EAST YORK.

Mr. W. F. Maclean Elected by 240 Majority.

TORONTO, May 12.—The election in East York yesterday to fill the vacancy caused by the death of the late Hon. Alexander Mackenzie resulted in the election of Mr. W. F. Maclean, Editor of The Toronto World, the Conservative candidate, by a majority of 240 over Mr. J. Knox Leslie, Liberal. At the last general election Mr. Mackenzie defeated Mr. Maclean by a majority of 26.

When the result of yesterday's election became known there was a Conservative jubilation at The World office, and it was decided to celebrate the victory by a torchlight procession to-night.

The majorities:

TRADE WITH ENGLAND.

Large Increase in England's Imports of Canadian Goods.

LONDON, May 12.—The imports from Canada showed the great expansion last month of £91,836, or 4.06 per cent. compared with last year. Wheat imports expanded £2100, cheese £1100, fish, cured and salt, £93,600.

The imports for four months increased £165,000, or 7.6 per cent. Wood imports increased £41,000 in four months.

Exports to Canada, increased 4 per cent. in one month, and decreased 4 per cent. in four months.

THE C.P.R. ANNUAL.

Annual Meeting at Montreal—Figures Show Plenty of Axle Grease.

MONTREAL, Que., May 12.—The yearly meeting of the directors of the Canadian Pacific Railway was held yesterday, when the eleventh annual report of the directors of the company was submitted. A balance sheet of the affairs of the company at Dec. 31 last, and usual statements relating to business of the past year, were submitted. Gross earnings, $20,241,095.98; working expenses, $12,231,426.11; net earnings, $8,009,659.87; deducting fixed charges accruing during the year, $4,664,493.45; surplus, $3,345,166.42. From this two supplementary dividends of 1 per cent. each were made and paid Aug. 17, 1891, and Feb. 17, 1892, $1,300,000, leaving a surplus carried forward, $2,045,166.42; surplus of previous years, $2,656,432.83; total surplus carried forward, $4,701,599.25; working expenses for the year amounted to 60.43 per cent. of the gross earnings. Referring to the lands of the company, the report says that the total sales for 1891 in Canadian Pacific and Manitoba Southwestern lands were 97,240 acres for $414,945, at an average price of $4.26 3-4 per acre, against 81,485 acres for $312,664 in 1890 at an average price of $3.83 3-4. The total number of acres of land still owed by the company is 16,711,508.

PRESBYTERIAN COUNCIL.

Annual Sederunt of the Synod of Toronto and Kingston.

PETERBORO, May 12.—The Presbyterian Synod of Toronto and Kingston opened in St. Paul's Church Tuesday evening.

Rev. R. N. Grant of Orillia, moderator of the synod, delivered the opening sermon.

Rev. Dr. Parsons of Knox Church, Toronto, was elected moderator.

Rev. Dr. Torrance in a report recommended the following ministers and elders as the committee for the examination of the presbytery records: Kingston, Rev. Mr. Abraham and Mr. Madill; Peterboro, Rev. Robert Johnston of Lindsay and Sheriff McLennan; Whitby, Rev. J. B. Fraser, M.A., Mr. John Clark; Lindsay, Rev. Robert Houston, M.A., Robert Amys; Toronto, Rev. R. D. Fraser, M.A., and Mr. Smith of Warsaw; Barrie, Rev. Dr. Wilson and Mr. Israel Payne; Owen Sound, Rev. W. A. J. Martin and James Black; Saugeen, Rev. Mr. Fitzgerald and J. D. Armstrong; Guelph, Rev. Mr. Drummond, Centreville, and Mr. David Smith of Lakefield; Orangeville, Rev. Mr. Neil and William Slater.

Rev. Dr. McTavish of Toronto read the report of the Synodical Conference, which closed by pointing out that there was a general feeling in favor of changing the time of holding the synod from spring to fall and of incorporating the conference with the synod. A committee will be charged with dealing with the suggestion thrown out.

Inventive Genius in Prison Life.

COLUMBUS, O., May 12.—Warden James of the Ohio Prison has for some time suspected that the cells of many of the prisoners contained implements and articles which it would not be safe to permit the prisoners to retain. So he ordered a thorough search of the 2000 cells. Over 800 contraband articles were found, ranging from knives to cook stoves and pianos, all made by their possessors without any tools except such as their genius could supply. Knives, saws, files, punches and musical instruments form the bulk of the collection.

MAY BE LYNCHED.

That is the Fate Which May be in Store for a Shawville Scoundrel.

OTTAWA, May 11.—There is great indignation amongst the people of Portage Du Fort and Shawville over the attempted outraging of four young ladies near Shawville on Thursday evening last.

One of the fellows, whose name is Hodgins, is in jail, but the other two, Hamilton and Dale, are still at large, having, it is supposed, crossed into Ontario and gone up the line of the C.P.R. There are threats of taking Hodgins from jail and lynching him.

Waiting for the Verdict.

QUEBEC, May 12.—The Mercier investigation was continued to-day. The evidence was concluded and counsel addressed the judge. Mr. Lanslot, joint prosecutor, in his address contended that Mercier was not only guilty of conspiracy but likewise committed a malfeasance of office in obtaining public funds fraudulently, as in the Langlois affair, and the conspirators who continued with him were equally guilty of conspiracy.

Mr. Mercier was present listening with half closed eyes, apparently unconcerned, and only showing a semblance of consciousness whenever his name was pronounced.

Messrs. Langlier and Pacaud were also present. Mr. Langlier took notes while Pacaud carelessly curled the ends of his mustache.

Keene.

(From Our Own Correspondent.)

Arbour day was well celebrated in Keene by the school children and also by the residents. At 9 o'clock Friday morning the school flag was hoisted, while the children sang the following chorus:

We have come with joyful greetings,
Songs of gladness, voices gay,
Teachers, friends and happy children—
All to welcome Arbour Day.
Songs of gladness sing we daily,
Thus we welcome Arbour Day.
And as year by year we gather,
Glad to put our "tasks" away,
May the spring time ever shower
Blessings on each Arbour Day.

Many willing hands were ready to assist the boys and girls in their work, and do for them what they could not do. While the boys were at work clearing the grounds of sticks, stones, etc., the girls were equally as zealous in the process of renovation of the "Department of the Interior." Older hands dug tree holes and laid about 275 feet of side walk around a portion of the grounds, which were ploughed and laid out into flower beds, gravel walks and grass plots. Over one hundred trees were planted, spruce, cedar, maple and elm, seven being dedicated by the girls and boys, to the memory of departed Canadian statesmen and heroes, and one to "Our Country," when all united in singing

God bless the Canada our home,
Land of the maple tree.

All worked heartily and with unanimity. In the evening a concert was given in the town hall. The following is the programme:

A Great Institution's Noble and Philanthropic Efforts.

Hundreds in Canada Receiving Free Medical Advice Each Week.

We have now in our midst a Canadian institution that, in many ways, is doing a vast amount of good in every section of the Dominion. This institution is a universal benefactor; it knows no race, class or denomination; its works and efforts are shared by all who require medical advice and counsel. Its operations extend weekly from the Atlantic to the Pacific, and from the southern boundary line to the far north.

This institution provides free prescribing and advice for men, women and children, and conduct this work in such an efficient manner, that already, several helpless and despairing people have been cured, and their friends made to rejoice. In many desperate cases, the sufferers have been greatly relieved and blessed, and fainting hearts have been filled with sweet hope.

The well-known proprietors of that world-famed remedy, Paine's Celery Compound, have undertaken this noble and philanthropic work; and have every means at their disposal to do it satisfactorily. Through their physicians they take up those who have been laid aside as incurable, and make every effort to relieve and restore such sufferers.

No one need hesitate about applying for advice; it is given freely and willingly to all.

If you have not yet received an application form on which to state your case, we advise you to write at once to the Wells & Richardson Co., Montreal, and the necessary form will be mailed without delay and their physician's advice will be given without charge.

Dangerous and Prevalent.

The fact cannot be concealed that suffering and disease is terribly prevalent in our land, owing to a disordered condition of the kidneys and liver. From an inactive condition of the kidneys and sluggish liver, the blood becomes impure and clogged, and proper digestive vigor is out of the question.

The secretory system must be in perfect order if health and strength are looked for. To bring about desired results, one sensible course of treatment is recommended—the use of Kidney-Wort. This great kidney remedy is one of the oldest and best tested medicines ever given to sufferers, and in thousands of obstinate cases it has effected permanent cures.

Kidney-Wort is now recognized by the medical profession as a standard remedy. *Do not suffer longer, reader, while such a curative power is near.*

If your druggist does not sell Kidney-Wort, send one dollar, and a large package, put up in dry vegetable form, will be sent by mail.

Kidney-Wort is also sold in concentrated liquid form; this, however, cannot be sent by mail.

Seven Years Suffering.

GENTLEMEN,—I had suffered very much from inflammatory rheumatism, which through wrong treatment left ugly running sores on my hands and feet. With these I suffered for seven years, during which time I had neither shoe nor stocking on. I commenced using B. B. B. externally and internally, using the Pills also, and I can say now that the sores are entirely cured, and have been for some time. I believe the bitter were the means of saving my life.

THE SYNOD'S SEDERUNTS.

Its Yearly Work Closed This Afternoon.

Reports of the Sabbath Observance, Temperance, Systematic Beneficence, State of Religion and Sunday Schools—Standing Committees Adopted—Guelph to Have the Next Meeting of the Synod—Actions Taken Against the Columbian Exposition—Redistribution Bill Thrown Out—Other Matters Claiming Attention of the Brethren.

SECOND DAY—WEDNESDAY.

AFTERNOON SESSION.

The members of the Synod assembled for business at 2 o'clock p.m. The Synod was constituted for business by devotional exercises conducted by Rev. Prof. Gregg, Toronto. The Moderator presided. After routine,

A discussion took place as to the most convenient method of calling the roll. After considerable discussion, the following resolution was adopted:

Moved by Rev. D. D. McLeod, seconded by Rev. J. B. Fraser, M.D., that the clerk be instructed to provide a book in which members of the Synod shall enter their names in the respective Presbyteries to which they belong, said book to be placed by the clerk in some convenient place in the building in which the court is held, the members to enter their names as soon after their arrival as convenient; and that no person not on this register shall be allowed to vote.

SABBATH OBSERVANCE.

Rev. J. B. Fraser, M. D., presented the report of the Sabbath Observance Committee. The report stated that returns had been received from Kingston, Whitby, Toronto, Barrie, Owen Sound, Saugeen and Guelph, and reasons for failure to report from all other Presbyteries, except Peterborough. The reports were generally excellent, and indicated a spirit of Sabbath observance.

After referring to the difficulty of compiling these reports, the committee stated that the ministers generally seem to be faithful in dealing with the subject from the pulpit.

In answer to the question as to special Sabbath breaking, the forms were specified of social visiting, and the result of the issue of single-fare railway tickets on Saturdays, good till Mondays. There was an evident tendency to regard the Sabbath as a *holiday*, instead of a *holy day*. Several local reports complain of livery driving, bicycling, boating, playing of games, etc., and from some quarters of the indifference to the Sabbath of summer tourists. Sabbath funerals are unanimously condemned. Reference is made to the late opening of shops on Saturday nights, and the consequent effect upon morning church going. This paragraph of the report concludes with this sentence—"While there may be nothing very special in the forms of Sabbath breaking specified, the painful conviction deepens, while reading the reports that a growing disregard is manifesting itself both to the duty privileges of keeping holy unto God one whole day in seven according to His commandment."

The report deals next with the subject of what has been done in the several Presbyteries to check Sabbath breaking, and in this connection reference is made to public meetings, the circulation of tracts on the subject, the efforts to secure better legislation, and in this regard Mr. Charlton's bill is very generally approved.

The report closed with the following recommendations:—

1. That the Synod again remind all members of the Church of the influence of a consistent example in promoting Sabbath Observance, and earnestly urge them, for the sake of "them that are without" as well as for their own sake, to "remember the Sabbath Day, and keep it holy."

2. That attention be called to the subject from the pulpit at least once a year, and that the Moderator of Synod before the month of April next issue a pastoral letter on Sabbath Observance, to be read in all churches within the bounds.

3. That parents, Sabbath schools and Young People's Societies be urged to give to this important subject the special attention it so richly deserves.

4. That the Synod petition the Senate and the House of Commons of the Dominion in favour of the passage of Mr. Charlton's Bill to secure the better observance of the Lord's Day.

5. That every legitimate means be used to secure the closing on the Lord's Day of the Canadian Exhibit at the Columbian Exposition in Chicago, and that the Synod memorialize the Dominion Government thereanent.

Respectfully submitted.

J. B. FRASER,
Convener.

Peterborough, May 11, 1892.

Rev. Mr. Fraser in presenting the report said in reference to the Charlton Bill that the recommendation of the committee in this regard was out of date, as the bill had been thrown out of the House of Commons, without having received that courteous treatment which a measure that was in consonance with the religious sentiment of a large number of Christian people without reference to political alliances.

Rev. Mr. Fraser moved the reception of the report, seconded by Rev. Mr. Johnston, of Lindsay, who pointed out that there was something not referred to in the report and that was the danger of Sabbath desecration from within the church itself, the custom of pastors in Toronto doing almost any thing to attract a crowd on Sunday.

Rev. Dr. Torrance referred to the desecration of opening certain post offices on the Sabbath day. There was some ten of these offices so open.

The recommendations were adopted clause by clause. The fourth recommendation was amended by substituting a petition to the Senate and House of Commons for the passage of an act for the better observance of the Lord's day.

In regard to the fifth recommendation, Rev. Dr. McLaren favoured something stronger. He would suggest, that inasmuch as the carrying out of this recommendation, involving pecuniary difficulties, the Synod ask the Government to take no part in the Exposition if it were kept open on the Sabbath day.

Rev. John McEwen, Lakefield, pointed out that at the Vienna and Paris Expositions the English speaking sections were closed, and he had no doubt that England and her colonies would follow the same course at the World's Exposition.

The consideration of the consideration of the report was deferred.

TEMPERANCE.

Rev. W. Frizzell, on behalf of the convener, presented the report of this committee on this subject.

The report stated that eight of the ten Presbyteries in the Synod had reported on Temperance. The returns were all encouraging in tone. The causes that led to the improvement in drinking customs during the past twenty years were summarized as follows:—"All the returns are substantially agreed in the statement of causes; and that of the Lindsay Presbytery may be given as a fair and comprehensive summary: (1) The faithful endeavours of faithful teaching on the subject of temperance in the church and Sabbath school. (2) The agitation on the platform and in the press in favor of temperance reform, and remedial temperance laws. (3) Early closing of saloons and other drinking resorts on Saturday night provided by the Crooks' Act. (4) The excellent influence of temperance societies. (5) The growth of abstinent habits for the sake of self, and also for the sake of others. (6) In rural districts the opening of markets near home through the extension of the railway system, which obviates large gatherings in populous centres, and therefore the temptation to fall into the treating habit. (7) The circulation of temperance literature." Illicit sale of liquors had decreased. There was a very general teaching of temperance in the schools. Special prominence had been given to the preaching of temperance from the pulpit, and the result was generally pronounced beneficial. The report closed with the following recommendations:—

1. The continued earnest and faithful preaching of the Word as it bears on the evils of drink, believing that the best of all methods of prevention and cure is a change of heart.

2. That all lawful endeavour be made to counteract these evils by cultivating abstinent habits, by the formation of temperance societies in the congregations, by the fearless enforcement of such restrictive laws as may from time be provided, and by sustained agitation in favor of prohibition by our State authorities.

3. That the Presbyterial Committee on Temperance be instructed to memorialize Public School Inspectors within their bounds to have the Temperance Manual systematically used in all the schools under their jurisdiction.

M. MACGILLIVRAY,
Convener.

May 10th, 1892.

The several recommendations were adopted.

THE SABBATH OBSERVANCE

question was re-opened by the introduction of the overture by the Presbytery of Guelph in regard to closing the Columbian Exposition at Chicago on Sunday.

Rev. Dr. Jackson, of Galt, said this overture had been adopted by over twenty of the churches of the Presbytery of Guelph. He pointed out that the overture went further than the recommendation of the Sabbath observance committee, by recommending the closing of the exposition on the Sabbath day and the prevention of the sale of liquors and he made a strong appeal to the Synod to stand by the Presbytery of Guelph in the matter of this overture.

The motion to adopt the overture and to make it an equivalent to the fifth recommendation of the Sabbath observance committee, was adopted.

A motion was adopted to memorialize the Dominion government to receive their action in reference to prohibiting a certain postoffice to open on the Sabbath day, and to give no sanction to the opening of any post office on the that day.

REDISTRIBUTION BILL.

An overture was read by the secretary from the Presbytery of Owen Sound recommending strongly a re-arrangement of the Synod, as the report claimed the present boundaries were much too large.

Rev. Dr. FRASER, of Whitby, said the Synod of Toronto and Kingston was too large geographically and numerically. The present boundaries were Kingston in the east, and North Bay in the west. Some of the members had to travel at very great expense 175 and 200 miles. The present Synod had 236 members and 53 vacancies, besides about 250 elders should be present. One only had to look to see that not more than one-quarter of the 700, who should be present, were present. But the next difficulty in sub-dividing the Synod was to tell where the boundary lines should extend, and whether the Synod should be divided as the overture set forth. He believed that if it was referred to the General Assembly that there would be a redistribution.

Rev. J. N. Waite, of Owen Sound, moved, seconded by Rev. Mr. Carmichael, of Norwood, that the report be adopted and forwarded to the General Assembly.

Rev. Prof. McLaren did not favour the overture. He thought such unimportant matters should not be referred to the General Assembly, which had enough to do to consider greater and mightier questions than the one in hand. Each General Assembly cost $20 000.

Rev. H. CROSIER, of Holstein, was in favour of dividing and making them smaller. He thought the overture should be adopted.

Rev. JAS. SOMERVILLE, of Owen Sound, thought the overture should be laid on the table for one year, and let the Owen Sound Presbytery bring it before the other two Synods.

Rev. Dr. GRANT and others, strongly opposed the redistribution of the Synod. Distance, so often held up as an excuse, did not keep any away from attending the Synod. Only a very small representation from the Kingston Synod, the nearest by, was present, thus showing conclusively that distance had nothing to do with the matter of attending the Synod.

Rev. Dr. Fraser moved, seconded by Rev. Mr. Somerville, that the overture be withdrawn.—Adopted.

The Fourteenth Battalion's Visit.

Major Galloway, of the 14th Battalion, Princess of Wales Rifles, arrived in town last night on matters connected with the Kingston warriors' visit to Peterborough on May 24th. In company with Capt. and Adjt. Donnistoun and Lieut. Schofield he visited the camp ground at Baraham's Point, and expressed himself as highly pleased with the grounds and the location. The Major said he had never seen better adapted or more beautiful grounds on which to go under canvas in his life. It is probable by the recommendation which Major Galloway will make to the officers of the 14th, that their original plan of action to come up here on the night of the 23rd and go home the next evening without going under canvas, will be altered, and that we shall enjoy the battalion's visit for three days. In all likelihood they will come up on Saturday night, May 21st, and go under canvas until the 24th—three days. Captain Donnistoun with Major Galloway were around to the various hotels this morning making arrangement for the billeting of the men. The staff and officers of the 57th are particularly anxious to have the 14th here for three or four days in order that they may become mutually acquainted, and also because this is the 14th's first visit to our incoming town. If the men came up on the night of the 23rd and went back the next day, they would get no sleep and would be completely worn out. Major Galloway returned to Kingston this afternoon.

—Don't forget the meeting of the Local Union of the Christian Endeavour Societies in the Murray street Baptist church this evening. Rev. J. L. George, of Belleville, and others will deliver addresses. There should be a large attendance.

—On Monday evening 16th inst., following the anniversary services, a sacred concert will be given in St. Paul's church under the direction of Mr. Churchill Arlidge, organist of the church, assisted by the choir. A selection from "The Oratorio Emmanuel" will be given during the evening.

—An information has been laid with County Magistrate Edmison against a gang of gypsies, who encamped yesterday on a farm in North Monaghan, for trespass. The case will come up for hearing to-morrow morning. It is alleged that the gypsies also tore down several fences of the complainant.

—Barrie council has declared that it will buy no more paupers. Those whose friends do not assume charge of the remains, or who are too poor to pay for the burial, will be handed over to the inspector of anatomy, to be by them forwarded to the medical schools as provided by the anatomy act.

—The Bicycle Club will hold its weekly run to-night to the pine grove, on the Otonabee bank; if the weather turns out no worse than at present. The boys will leave the market square at 7.15 o'clock sharp. At the grove the boys will kindle a bon-fire and will enjoy refreshments. The captain desires a large turnout.

—Thos. Radford, who on arrested on Tuesday night by Officer Stewart charged with vagrancy, and whose case was enlarged from yesterday, was acquitted by the magistrate at the police court this morning, no evidence being adduced that the prisoner was a vagrant. Nothing was substantiated against the character of the prisoner.

—The police are determined to enforce the bylaw that every untagged dog must die. The two canines which had been confined in the cells the necessary twenty-four hours, and yet remaining unclaimed and unregistered by their owners, were shot last night by the police. They have also made another cur captive, who will meet the same fate to-night if not claimed and the necessary $1, so indispensable to dog life, paid into the town treasury.

—The new regulation trap for the Gun Club has arrived, and yesterday afternoon at Riverside Park a dozen members of the club had a trial shot with it. The crack shots of the club are loud in their praise of the new machine, which will fly birds if desired, 80 yards. Some 5000 birds have also arrived. The secretary, Mr. E. B. Lonsdale, requests a large turnout of the members of the club at practice to-morrow afternoon at 4 o'clock. The new trap will be used.

—The Street and Bridge Committee, composed of Councillors Cahill, Dawson, Kelly, Bradburn, Ferguson and Malhern, began their annual tour of inspecting the various streets and bridges of the town this morning. The gentlemen were drawn around in a fine equipage but the weather was not altogether the most pleasant for the journey. The committee will complete their work to-day and will report their observations and make their recommendations to the council.

Rev. Mr. Stobo in the Baptist Church.

There was a fair attendance in the Murray street Baptist church last evening to hear Rev. Edward J. Stobo, District Secretary of the Quebec Bible Society, give an address on "The Open Bible." The pastor, Rev. J. E. Trotter, occupied the chair. After devotional exercises the chairman, in a few complimentary remarks, introduced the speaker of the evening, Rev. Mr. Stobo, who is in town on his way to attend the annual meeting of the Ontario Bible Society meeting in Toronto where he has been asked to speak, delivered an hour's address, which was both interesting and instructive. The rev. gentleman is a fluent and pleasing speaker and has a fund of information at his command, as well as the work in which he is engaged thoroughly at heart. He spoke of the progress and advancement of the work of the society from Three Rivers east, which territory the Quebec Bible Society looked after. There were two Bible societies in that province. The other was the Montreal Bible Society, which was rich and influential, and doing a grand and efficient work. The Quebec Society had six colporteurs in the fields. They read, sold and taught the Bible, as well as delivered tracts to the people. These gentlemen prepared the way for the advance of the missionary among the French Canadians. The speaker said that he himself preached and worked a great deal in the French Canadian colony. Their numbers were multiplying very fast. Not many years ago their numbers were only 105,000, and to-day they numbered some 507,000. If they were to be converted to Protestantism it would be by the effort of the English speaking people. He did not believe French Canadians could ever convert French Canadians. The speaker spoke hopefully of the advance of the society and furnished figures illustrative of the number of Bibles and tracts issued by the society from year to year. At the close Rev. Mr. Trotter thanked Rev Mr. Stobo for his able and sound remarks. The meeting closed with the benediction.

Bakefield.

(*From Our Own Correspondent.*)

Some of our prominent sports have lately developed a taste for fish. One gentleman could stand it no longer, so securing a companion, he betook his way up the lake one dark night a short time since, and had an hour or two apart, but as it happened, under the watchful eyes of Fishery Inspector Moore, who by some means had got onto the racket and was there ahead on the watch. An information was laid before County Police Magistrate Edmison, on Tuesday; the fish lover went down and paid the fee demanded by Her Majesty's representative.

As will be noticed by our council report an effort was made last Monday evening to saddle the village with the keep of an unfortunate woman and her children who have not the slightest claim on the Municipality. Had it not been for the determined opposition of the reeve and Councillor Moore, our ratepayers would have been taxed $6.00 per month or $72.00 per annum, on the request of three or four would be charitable ladies and some of our poorer citizens, who require every cent they can make and save would have been called upon to contribute their share when the tax collector goes around next fall. Another family from Smith arrived in the village last week, and their first act was to visit the reeve and require assistance, although the head of the family has a fine and costs recorded against him over a year since, and his grown up sons are walking round the village with their hands in their pockets. We do not grudge any or all assistance that can be given to the poor of our own village but we protest against being taxed for the support of those from other places, and if a firm stand is not at once made there will be no end of applications from an undesirable population which will be attracted to our village.

COUNCIL MEETING.

A regular meeting of the village council was held in the town hall on Monday evening, the 9th. Present W. H. Casement, reeve, in the chair, councillors Hall, Moore, Lillicrap and Bird. Minutes of last meeting read and adopted.

Several communications were read and on motion received, and several persons addressed the council on waste or grievances.

Messrs. Dion and Gibson complained that the G. T. lumber cars were left across Queen street and were a source of annoyance; the matter was referred to the Road and Sidewalk Committee to communicate with the G. T.

A petition of several ladies connected with the aid societies requested the council to grant $6.00 a month to keep a woman and her three children who had come to the village from Smith.

Considerable discussion took place over it when it was settled by the following motion:

Moved by Mr. Bird, seconded by Mr. Moore, that the sum of $6.00 be granted the ladies petitioning in favour of Miss Mooney to be used by them as they see fit. And that the clerk be instructed to inform the ladies that this council does not consider that they should assist Miss Mooney for the reason that she belongs to the township of Smith.—Carried.

The chairman of the Street and Sidewalk Committee of the whole council presented a report of the repairs and improvements required this season, which was, on motion, adopted.

The reeve reported that as instructed by council he had visited the Agricultural Grounds along with a committee of the Lakefield A. A. A. and found the grounds unfit for games or sports.—Report received.

The village clerk reported that he had been advised by the village solicitors that owing to recent legislation the bonus clause of the Municipal Act had been repealed, and the council could not loan Mr. D. Mann the amount he required to start the woollen mill, but sooner than lose the industry, Messrs. J. C. Sherin, W. H. Casement, Jno. Hall and Madill Bros. had generously come forward and advanced the amount—$2,000—and the factory would soon be in full operation. The report was adopted.

The Finance Committee presented their report recommending payment of the following accounts:

John Murdoff, wages	$	4 00
Thos. Simpson, "		5 50
D. Sullivan, "		2 50
J. Hamilton, "		2 50
J. Kemp, "		1 00
John Simpson, teaming		17 87
John Cooper, "		2 10
Wm. Watson, repairs to hall		3 85
Samuel Sherin, dog tags		6 40
J. Martin & Co., badge for constable		1 07
Samuel Nelson, account for charity		1 20
	$	7 03

Report adopted and reeve's order to issue for the several sums.

Moved by Councillor Lillicrap, seconded by Councillor Moore, that the reeve and clerk purchase a flag (Dominion ensign) for the use of the village.—Carried.

Moved by Councillor Hall, seconded by Councillor Moore, that the reeve and clerk prepare a bylaw in the terms of the statutes to exempt Mr. D. Mann from municipal taxes for five years.—Carried.

A bylaw to repeal bylaw No. 23, and to license transient trading on the streets received its several readings, was passed, sealed and signed.

Council then adjourned to meet at the call of the reeve.

Confirmed.

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy, Syrup of Figs, a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers, the California Fig Syrup Company.

Miss Ballantyne, Peterborough, is a guest of Mrs. C. A. Smith, Walton street.—Port Hope *Guide*.

Rev. E. J. Beattie, Guelph, on his way to the meeting of Synod, Peterborough, was in town to-day, the guest of Mr. C. A. Smith, Walton street, over night.—Port Hope *Guide*.

Mr. D. W. Mace, proprietor of the Tamworth Mills, has purchased the famous trotting gelding, "Royal Jim," from Wm. Clancy, proprietor of the City Hotel, at a handsome figure. Mr. Mace will use the horse for a driving horse for his own use.

Mr. E. J. Donatel, who has been for some time with Mr. John Maloney, Clerk of the County Court, has accepted a position in the law office of Mr. John Barnham, Q.C. He succeeds Mr. Geo. J. Blackstill, who left this morning for Walkerton, where he assumes the position of assistant deputy clerk of the Crown, under Wm. Gunn, Esq. His many friends will wish him success in his new position.

The Minden correspondent to the Bobcaygeon *Independent* says:—Yesterday, Sunday, the Rev. J. Hughes Jones, Anglican Clergyman, successor to the Rev. Geo. Scott, preached his introductory sermon in St. Paul's church. The congregation was large and the discourse by the young divine was very favourably criticised. Rev. Mr. Jones was an assistant to Rev. Mr. McCleary, rector of St. Luke's, during the past winter. His many friends in Ashburnham will be pleased to hear of his success.

having 30 on her limbs, and being unable to walk. I had heard of Hood's Sarsaparilla, and bought a bottle, half of which cured entirely. Two years after, another child was afflicted as badly. I used the other half bottle of Hood's Sarsaparilla with like results. About four years after, the child first afflicted was again tormented like Job, and I bought a bottle (on Sunday at that) and again a cure. I gave some of the medicine to a poor woman and two children; they were helped as were mine. Through a testimonial sent to C. I. THE SYNOD'S SEDERUNTS.

(Continued from fifth page.)

TIME AND PLACE OF NEXT SYNOD.

The next business taken up was the time and place of meeting for the Synod next year. Rev. C. Davidson moved, seconded by Rev. Dr. Jackson that the next meeting of the Synod of Toronto and Kingston be held in the city of Guelph. The mover in a few well chosen words ably argued the claims of Guelph. It had been nine years since the Synod met there last.

Rev. Jas. Somerville moved, seconded by Rev. Dr. Dixon, that the next meeting of the Synod be held in Toronto. The former motion was unanimously adopted, and Guelph was selected as the place for the meeting of the next Synod. Rev. R. J. Beattie invited the members to hold their sederunts in Knox church, which was the largest church. It was decided that the sederunts be held in Knox church, to begin on the second Tuesday in May, 1893, at eight o'clock in the evening.

REPORT OF SYSTEMMATIC BENEFICENCE.

The next business was the reading of the report of the standing committee on systematic Beneficence. Owing to the unavoidable absence of Rev. J. Hoyes Panton, convenor of the committee the reports was not read, and printed copies of it were distributed to all the members of the Synod.

The report stated that only three reports from the ten Presbyteries of the Synod had been received and the committee were at a loss to account for the indifference. The subject was one of great importance, and never was more so than now when so much is required by the church to carry out her various lines of work—educational, benevolent and missionary.

There appeared to be a great diversity as to how congregations should contribute, but it was evident that the weekly envelope method was becoming more generally adopted. Very few, as yet, had set apart a definite proportion of their income to the Lord, but, where such have answered, one tenth was the amount consecrated to that object.

The committee made the following recommendations:

1. Emphasize before the people the importance of Systematic Beneficence.
2. Teach people that giving is a part of worship.
3. Where possible make monthly collections for the schemes of the church.
4. Set apart a definite proportion of income for the Lord.
5. Endeavour to develop a missionary spirit among our people.
6. Circulate literature bearing upon the schemes of the church.
7. That the yearly reports of congregations be printed.
8. Weekly offering for Congregational Fund.

THE STANDING COMMITTEES.

Rev. D. D. McLeod, of Barrie, convenor of the committee to strike the standing committees for the coming year brought in their report which was read and adopted.

Following are the names of the standing committees and the gentlemen on those committees:—

STATE OF RELIGION—Revs. A. Gilray, (convenor), E. F. Torrance, L. Perrie, R. Fowler, J. S. R. Barnet, and Messrs. Chas. Davidson and Sheriff McLennan, with convenors of the committee on State of Religion in the different Presbyteries.

SABBATH SCHOOL—Revs. R. D. Fraser, (convenor), S. H. Eastman, R. C. Jones, Port Hope, with convenors of the committees of the Presbyteries.

TEMPERANCE—Rev. Messrs. Frizzell, (convenor), McAlpine, Hossack, Abraham, MacGillivray, Scott, Hon. G. W. Ross; and and Messrs. Geo. Duff, Peter McGregor, Wm. McIntosh, Madoc.

SABBATH OBSERVANCE.—Revs. Dr. Watts, (convenor), J. A. Somerville, J. A. Grant, R. Johnston, J. Hay, and Messrs. Jas. Brown, Jas. McMullin, G. M. Roger, elders.

SYSTEMATIC GIVING—Revs. R. S. Gourley, (convenor), Jas. F. McLaren, Dr. H. Jackson, W. G. Hanna, J. Meikle, and Messrs. Alex. Steele, J. S. Allen, M.P.P., W. E. Roxburgh, John Jose.

SYNODICAL CONFERENCE.—Revs. J. Hoyes, Panton, Beatty, Grandin.

The sederunt adjourned at six o'clock. In the interim between the afternoon and evening sessions, tea was served in the Sunday School room by the ladies of the church. All the members of the Synod adjourned to the refreshment booth, at the ladies request, where they found three large tables unable to bear their weight of delicacies. Needless to say the reverend gentlemen satisfied their keen appetites after this long afternoon session. Their praises of the viands and especially of the kindness and attention on the part of the ladies themselves were loud and long.

EVENING SESSION.

By a motion passed in the afternoon the evening session did not begin until eight o'clock. The largest attendance of the general public since the Synod has opened, graced the auditorium of the church. The minutes of the afternoon session were read by the Secretary and confirmed. It was moved and seconded that Rev. Kenneth McLennan and Mr. Simpson be authorized to sit and act.

Moved by Rev. Dr. Grant, seconded by Rev. Prof. McLaren, that the Synod respectfully overture the venerable, the General assembly to remit to Presbyteries under the Barrie Act, a proposal to the effect that Synods may issue all complaints and appeals not involving doctrine or polity that may come before them.—Adopted.

STATE OF RELIGION.

REV. A. GILRAY, pastor of College street church, Toronto, convenor of the committee on the state of religion, read the report of the committee, time not having been given to have copies of said report printed. The report offered up thanks to Almighty God for His many kindnesses and blessings for the past year, and praised highly the good and effective work being done by the elders and deacons of the church in conducting prayer meetings, teaching the young, etc. The report praised the work being done in the Sabbath schools. The International System of Lessons was used in all the Sunday schools. The additions to the membership of the church from among the young was steadily growing. The Mission Band and Young People's Societies of Christian Endeavour from every church were great factors employed in getting the young interested in missions and giving regularly to that cause. One of the great causes which militated against religion was want of family worship and more devotion in our households. Dancing was also condemned as another great evil. The Convenor speaking on the point said:—"Recent heated election contests have done much to militate against the cause of religion. Developements which have been made in the high places in the seats of government have revealed scandalous disclosures. Is it not time for men to take home the conviction to their hearts and recognize that there is something higher than party. A black speck remains upon our fair land and had we better not try to remove it than remain silent." (Applause). The committee recommended the following:—

1. That the system of grading the scholars in the Sunday school be adopted, that promotion be made on merit.

2. That the importances of family religion be brought frequently before the people by pastors and elders; their heads of houses should be impressed with the duty of observing family worship and of doing all in their power by precept and example to commend Christ to all those commended to their care.

3. That greater care be taken to give the people regularly information as to the character extent and claims of the work of missions.

4. That every encouragement be given to the Young People's Society connected with our congregation and at the same time proper means should be taken to keep them under the supervision of the session.

5. That pains be taken to impress the people with the sense of the enormity of the sin of bribery and corruption, and to show that the duty of placing in power men of principle and honor.

After several suggestions and explanations on the recommendations of the committee by Rev. Messrs. McEwen, D. J. MacDonnel, Wishart, Torrance, Dr. Wardrope, Prof. McLaren, Principal Grant and others. The report was adopted.

SUNDAY SCHOOL COMMITTEE.

Rev. R. D. FRAZER, M.A., convenor, read the report of the Sunday School Committee. The report of the Committee on Sabbath Schools stated that returns had been received from all the Presbyteries. The record shows that there are within the bounds 400 schools, an increase of 34; of these 384 are represented in the report. The omissions represent an error of eight or ten per cent. in the aggregates given below. There were 4 491 officers and teachers; 40,551 scholars, an increase of 104 and 963 respectively. There was a falling off in the number of those committing Scripture to memory, and of 1,122 of these studying the shorter catechism. It is lamentable that less than one-third of the scholars are reported as committing the Scriptures or catechism to memory. There was a falling off in the number studying the scheme of Higher Religious Instruction. The need of better preparation for teaching was pointed out, and attention called to the fact that the Presbyteries of Peterborough, Cobourg and Kingston, propose holding institutes this year. There were 596 elders engaged in Sunday School work. There was an increase in the number of scholars attending church. There was raised by the Sunday Schools during the year, $23,742 and $6,068 was contributed by congregations for the support of Sunday Schools. The report closed with the submission of the following recommendations:

1. That the Class Registers recommended by the General Assembly be used in all the schools, to the end that the system of registration and reporting may be rendered uniform and complete.

2. That the Presbyteries be recommended to print their Sabbath School report and statistics for distribution in the congregation.

3 That the *Home Study Leaflet*, issued by the General Assembly Committee, be heartily recommended as a useful help in the preparation of the Lessons, especially in home study.

4. That the attention of Sessions, parents and Sabbath schools be again earnestly directed to the scheme of Higher Religious Instruction, as well calculated to promote thoroughness in the study of the Scripture Lessons and Catechism, and to stimulate interest in the history and progress of the Church of Christ; and that the children and young people be encouraged to undertake the annual examination in one or more of its departments.

5. That Presbyteries take measures to facilitate Teacher Training, whether by Conferences, Institutes, or other suitable methods.

6. That a weekly Teachers' Meeting for the preparation of the lesson be established in connection with each school.

7. That schools be encouraged to give a contribution each Sabbath for the missionary and other schemes of the church, and that congregations be urged to defray the expenses of the Sabbath school.

The report was adopted without discussion. The sederunt closed at 10 o'clock by prayer and the benediction by the moderator.

As Others See Us.

The Opinion of an Outsider on Our Town—Nothing but Praise From Kingston.

Here is what the Kingston *Whig* has to say on Peterborough and the 14th Battalion, Princess of Wales', visit here on the 24th.

The boys of the 14th Battalion will have a jolly time in Peterborough, on May 24th. The trip will be short, so that every man will be able to do his best when he unshakes himself in the brisk town. Town! Well, its population of over 12,000 entitles it to be a city if the people so demand it. It is a place of fine stores, handsome residences and stirring manufactories. The Otonabee boils through the town and is spanned by various railway and road bridges. Ashburnham lies on the easterly side, a shambling village, that should long ago have been added to Peterborough and some style given to it. Little Lake, a charming body of water, is the favorite canoeing resort, while on its banks is the cemetery, one of the choicest in Canada.

Peterborough is full of old friends. There are many Kingstonians there, if not as businessmen then as their wives. And Kingston has many also from that place, so that friendly associations will be renewed and everything will move along as "merry as a marriage bell." And who knows but that further interblendings may follow the meeting. The young ladies of Peterborough are charmers. They are bright, plump, rosy and dress with grace and beauty. They are second only to Kingston's lovely ones. And of course, this is why the officers of the 57th Rangers are so anxious to visit here on Dominion Day.

There is plenty of sight-seeing in Peterborough, plenty of things to give attention for a day and with the country side in the place there will be fine sport. The battalion boys will be well-fed, well-housed, well-entertained and they will come home, we are satisfied, full of high praises of Peterborough and its townspeople. Major Galloway goes there in a few days to make necessary arrangements.

T. Kelly's Great Shop Improvement Clearing Sale.

Extensive Improvements to His Shop—And a Great Clearing Sale.

Last spring the EXAMINER announced extensive improvements and remodelling in Mr. T. Kelly's dry goods shop buildings, corner of George and Simcoe streets. The announcement was made in good faith but owing to inability of the parties concerned to make satisfactory arrangements, the improvements were postponed. But now arrangements have been definitely made and the improvement and enlargement of Mr. Kelly's shop premises will be begun so soon as the stock can be sufficiently reduced; for the alterations are so extensive that the shop will have to be practically abandoned while the work is going on. The whole interior of the shop is to be changed, modernized and extended about ten feet westward. Two new plate glass windows are to be placed on the Simcoe street front, and also an entrance on this street, giving the shop a double front. The present plate glass windows on George street are to be remodelled and modernized, and the change will be such as to transform T. Kelly's well-known dry-goods shop into one of the finest in the town or district. To enable the improvements to be made it will be necessary to clear out the whole of the present extensive and select stock of drygoods, and to effect this the goods will be offered at the very lowest prices, regardless of values. This alteration sale will be a splendid opportunity to secure choice goods at the most reasonable prices. Kindly note Mr. Kelly's advertisement in another column.

TO ADORN THE NECK.

The Important Part Lace is Taking—How it Should be Worn.

To the poetic instincts of Parisian women we are indebted for most of the pretty trifles which modify the severity of our woollen gowns and add a charming grace to those of lighter materials. Because a long time ago a fair but unfortunate French queen knotted about her neck a half handkerchief of lace in graceful, careless fashion, the woman of today can smarten up her well-worn black silk with a fichu of crimson or blue to that elegant distinction demanded by the dinner or evening toilet. Because of the delicate French fancy playing through the seriousness of tailor modes we have the whole family of cravats, poufs, vests, and collars of bright-tinted chiffons and fine laces that in their various forms are becoming to all women.

With one good cloth dress and two or three of these plastrons, one is ready to face any kind of a dress emergency from the morning marketing to the afternoon reception or evening dinner.

For women with full throats and sloping shoulders the fichu that Marie Antoinette wore so well is decidedly becoming. It may be of India silk, chiffon, mousseline de soie, lace or liberty tissue. It may be of any tint or color, the glow of the sunset, the blush of the rose, the tender hue of the sky. The great charm lies in its adjustment, and that cannot be taught any more than the gift of posey or the art of song. The woman of artistic instincts is sure to deftly twist the soft fabric into opposite place and unconsciously to drape the folds according to the unalterable principles of artistic effect. The woman without an artistic soul had better try something beside a fichu—something that is made up and hooks itself into place.

Huge bows of soft silk or muslin dominate the mode for women with long necks. A few principles govern their arrangement. They must not be worn by short women with full busts. They must not be worn with small bonnets, as it is fatal to the dignity of proportion to force the head, as it were, "to take a back seat" or to give the neck undue prominence with a giant bow larger than the bonnet. Finally, the huge bow must never be donned unless great regard is paid to the neatness and preciseness of the rest of the costume, because if that is not tidy, it gives the idea that the whole has been hurriedly donned and that the undue size of the bow is calculated to hide defects.

Of the different forms of the cravat the only governing principle is grace in effect. The economical woman can save about two-thirds of the price of the thing if she makes it herself, besides being more sure to have it become-ing to her particular style. The cravat, when it came to us, was a modest little bit of lace or crepe du chine, but it has now enlarged its borders until in some instances it covers the shoulders like a cape, and in others fastens beneath the belt of the bodice; and the oddest thing about it is that it is worn with the roughest of wool gowns as well as with the gravest of silk toilets, converting the tailor-made morning gown into a lunch dress or a reception toilet.

How to Treat Your Eyes.

A Frenchwoman who knows what she's talking about, has this to say on the subject of eyes:

"Never rub your eyes, nor allow your children to do so from their cradles. Veils are bad for the sight, especially those spot-

covered with a pattern; so accustom yourself to read when you can, or wear the softest, light not when obliged to do so. Never read in bed or when lying on the sofa. Sit with your back to the light when engaged in reading or working. Pale blues or greens are the most restful wall papers for the eyes, whereas red is exceedingly fatiguing. Do not read, write or work longer than two hours together without resting your eyes, and closing them fully five minutes. Be most careful to live in a dry house on dry soil. Attend to the digestion, for did not Milton declare his blindness to proceed from the effects of dyspepsia? If the eyes be weak bathe them in a basin of soft water, in which a pinch of table salt and a dessertspoonful of brandy has been added."

Baby Language.

The matron of a well-managed foundling institution in this city, when interrogated the other day, said: "I am almost convinced if little babies were left to themselves they would form a curious language of their own. In it sounds soft and simple would predominate and gestures would form half of the conversation. Have you ever studied the faces of these little sprites and seen their big, bright eyes twinkle and their chubby little fingers and dimpled hand restlessly move without ceasing, day in and day out? Their language would be cute enough and all monosyllables. Without much talk they manage to communicate with each other so as to be understood, and curious little sounds will express their pleasure, disgust, contempt, love or hate. Of course we call it 'baby talk' or 'infants' prattle,' but if they were to work out their own way of communication it would be a regular built language, and a concise one, too.—Philadelphia Press.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. An Enterprising Hotel Man.

It is stated that an hotel man in Toronto has posted up a notice stating that all diners at his hotel who use Burdock Blood Bitters to tone up their appetite and strength will be charged 20 per cent. extra. Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. "German Syrup"

Here is something from Mr. Frank A. Hale, proprietor of the De Witt House, Lewiston, and the Tontine Hotel, Brunswick, Me. Hotel men meet the world as it comes and goes, and are not slow in sizing people and things up for what they are worth. He says that he has lost a father and several brothers and sisters from Pulmonary Consumption, and is himself frequently troubled with colds, and he often coughs enough to make him sick at his stomach. Whenever he has taken a cold of this kind he uses Boschee's German Syrup, and it cures him every time. Here is a man who knows the full danger of lung troubles, and would therefore be most particular as to the medicine he used. What is his opinion? Listen! "I use nothing but Boschee's German Syrup, and have advised, I presume, more than a hundred different persons to take it. They agree with me that it is the best cough syrup in the market."

Hereditary Consumption

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cumines, Esq., a leading druggist of Welland, Ont., speaks for itself:

Messrs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMINES,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

KILLED IN A COAL MINE.

AN AWFUL DISASTER REPORTED NEAR SEATTLE.

An Explosion of Gas in the Northern Pacific Company's Mines at Roslyn Causes Terrible Loss of Life—The Bodies of the Slain Terribly Mutilated

SEATTLE, Wash., April 11.—A special to The Post-Intelligencer says: Yesterday afternoon a terrible gas explosion occurred in the slope of mine No. 2 of the Northern Pacific Coal Company at Roslyn, in which the loss of life has exceeded in number that of any other disaster that has ever been chronicled in the Northwest.

The exact nature of the explosion or the circumstances that led to it will probably never be known since it is believed that every miner who was at work in the slope at the time has perished.

It is not definitely known how many men were in the vicinity of the disaster, but it is believed that between 45 and 50 were on the three levels that were affected by the gas explosion.

Large relief forces are at work and at this time six bodies have been recovered. These men were working nearest to the opening and at some distance from the point where it is supposed the explosion occurred. Most of the men were 1500 and 2000 feet farther in the slope and in the immediate vicinity of the accident. There is no doubt either in the minds of miners or the company officials that every man was instantly killed.

The Roslyn mine is one of the largest in the state, supplying the western division of the N.P. and U.P roads with coal, and has a capacity of 20,000 tons a day.

The explosion occurred just as two gangs were shifting at 1.30 o'clock.

The explosion has closed up the shaft. The mine is on fire and it is impossible to recover the bodies. The company will forward 40 coffins from Seattle by midnight train.

A BOILER EXPLOSION.

Killing the Proprietor of a Bruce County Flour Mill and Blowing the Building to Smithereens.

ELMWOOD, May 11.—At 8.50 yesterday morning the boiler in the flour mill here exploded, instantly killing Alexander Heller, the lessee of the mill, and inflicting serious injuries on his assistant, H. R. Clements.

The engine room is completely demolished and the mill is badly wrecked.

Parts of the boiler weighing about 400 pounds were carried into a field 100 yards distant from the scene of the accident.

The boiler flues are lying in all directions. One fell on the roof of D. S. Craig's house with such force that the plaster was broken from the ceilings of the rooms.

Another was found in Mr. Kaufman's lawn fully three feet in the ground.

Mr. Clements was found to have three ribs broken, besides several bruises about the face and body. He is likely to recover.

Mr. Heller came here about 14 months ago from Parkhill. His friends reside in St. Jacobs. He leaves a wife and one child in comfortable circumstances. The body will be taken to New Dundee to-morrow for burial.

WANT GAIETY WITH PIETY.

Methodists May Change Discipline to Admit Dancing.

OMAHA, Neb., May 11.—The old-school Methodist will no doubt be horrified when he learns that a scheme is on foot to allow the religious to mix a little gaiety with their piety. Among the many memorials presented to the Methodist Conference is one from the Troy conference, which petitions the general conference to expunge from the discipline section 242 relating to amusements, or at least that it be modified so that dancing may be permissible. Bishop Foster of Boston approves the movement and has given it his official sanction and will no doubt advocate its adoption. The memorial is now in the hands of the committee on discipline, to whom it was referred.

All dealers, or by post on receipt of 50 cents or $2 50 for six boxes. Dr. Williams Med Co., Brockville, Ont., or Morristown, N. Y. dw

No Lady's Toilet is Complete.

Without a tube of Dyer's Jelly of Cucumber and Roses, for making the skin smooth and soft. Try it. Druggists keep it. W. A. Dyer & Co., Montreal. 6d109

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience of a hairdresser, during which time I have experimented with every recommended preparation, not one has (nor, I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair-dressing without leaving a trace of its use. I use it daily in my hair-dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

Across the Continent.

Wm. Renwick, M. D., M.R.C.S.E., Victoria, B. C., writes: "I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding wasted [illegible], where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy." Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,

Constant Advertising in the Examiner Pays.

It is proposed to petition the British Parliament to prevent the disfranchisement of the striking workingmen in the North and Midland Counties who have been temporarily pauperised by the stoppage of nearly the whole of the iron and steel works. The number in receipt of relief is nearly 9 per cent. of the population.

A tie-up of the Buffalo street car line is threatened. The employes recently made demands upon the company, among which were the reinstatement of some men who had been discharged, shorter hours of labor and a uniform pay of 20 cents an hour. The company offered a compromise, which provided for an increase of pay, but to obtain the maximum rate of 18 cents an hour an employe must be in the service for a year. This was refused.

Montreal detectives are on the look-out for a man named Eli Jones, who absconded last week from Steuben, N.Y., taking with him Chidlaw Evans, the pretty wife of a farmer of Steuben. As the eloping couple have been traced as passengers on the West Shore Railway for Rouse's Point, it is thought they are in Montreal.

Quong Wing Chung, an ingenious Celestial, tried last January, by cutting off his queue and otherwise "getting himself up," to pass for a Jap, allowed by law to enter Washington free and unmolested. He was, however, caught and ordered to be deported to China. He was accordingly placed aboard a vessel leaving 'Frisco for China, but made his escape at Honolulu. He has since taken up his quarters in Victoria, where he is busy organising a small Chinese mission to Washington.

Plans have been perfected by General Superintendent Campbell of the Baltimore and Ohio, and Engineer Randolph for an elevated railroad and terminal loop at the World's Fair grounds entirely different from anything yet presented. The loop is to be a double one, 2400 feet long. It is proposed to have 16 tracks and facilities for loading and 16 trains at once. It is said by the planners that this double loop will enable the roads to handle 24,000 people every hour. The cost of building such a terminal is estimated at $400,000.

Martin C. McArthur, who organised the American Express Company's agencies throughout the West in 1856 and helped build the Toledo, Cincinnati and St. Louis Railway, and organised and was for many years president of the Centennial and Home Life Insurance Company, died at his home in Burlington, Iowa, yesterday, aged 61 years.

James Storrs, Kingston, Ont., who has been an inmate of the House of Industry for many years, died yesterday at the age of 84 years. He was a sea captain and commanded vessels in the coal trade which ran between Hull, Eng., and Quebec. When he retired he received a pension from the merchant seamen's fund of England. It amounted to £3 sterling annually.

Yesterday fire broke out in the building occupied by the C.M.B.A., in the rear of the Fimmerfeldt Hotel, St. Catharines. The building, which was known as the old Neptune Fire Hall, was used by the C.M.B.A. as a lodge room. There was about $150 worth of effects belonging to this organization destroyed. There was no insurance on the contents. The building itself belonged to Mr. J.C. Rykert and was worth about $300. Incendiary.

Joseph Shaw, a milkman, whose residence is at 1457 Bloor-street west, Toronto, was driving along Margueretta-street last night when some boys began throwing stones at his wagon. He became angry, and getting out of the rig started to chase the boys across a vacant lot. He had not proceeded far when he suddenly reeled and fell dead on the grass. Dr. Watson was summoned, and after examining deceased pronounced death to be due to heart failure. The body was taken home.

The German Emperor is at last in possession of the imperial train, De Lixe, which has taken three years to complete. It has cost about £90,000 and consists of 12 carriages, communicating by corridors, a drawing-room and a library hung with gobelins from Charlottenberg Palace and a dining-room painted in old oak. Two compartments are reserved for a nursery. A bath is attached to each sleeping room and the reception room is decorated with marble statuary. One car consists of a kitchen fitted with every modern appliance.

You've eaten too much turkey,
And so you cannot work, eh!
Your head feels very murky—

There! I don't believe I could add another line and make it rhyme if I had a dollar for doing it. A few cents, however, will cure me. To relieve stomach and bowels from the effects of overloading, a full dose of Dr. Pierce's Pleasant Purgative Pellets is the best remedy. They operate gently, yet thoroughly, and without griping, nausea, or other unpleasant effects. In vials, convenient to carry.

The Head Surgeon

Of the Lahoo Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Man, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, diseases of sight, palpitation of the heart, pimples, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be roused by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to men. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, ship heads, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

THE HACKNEY ELECTION CARRIED BY A CONSERVATIVE.

Important Conference Between Lord Salisbury and the Labor Deputation in Reference to the Eight-Hour Movement—The Silver Conference—The Poland Riots.

LONDON, May 12.—The election at North Hackney to-day resulted in the election of the Conservative candidate. The vote:

Bonnsfield (Conservative)	4460
Meales (Liberal)	3491
Majority for Bonnsfield	969

Lewis Polly (Conservative) carried the constituency in 1886 by 1503 majority.

LONDON, May 12.—The Marquis of Salisbury yesterday received a deputation representing the various Chambers of Commerce and Agriculture, the labor organizations, the leading manufacturing industries and the representatives of the financial and commercial interests of the city of London.

One object of the deputation was to urge on the Government the necessity of promoting an international agreement amongst the chief commercial nations to open their mints to the unrestricted coinage of gold and silver at a common rate.

The representatives of labor organizations also urged the importance of the 8-hour issue.

Lord Salisbury assured the 8-hour deputation that in his opinion their object was an estimable one. He believed that the hours of labor should be shortened and its burdens lightened as much as possible. How to bring about 8 hours as a working day was a difficult question and required further discussion. In his view the object could be best attained through the growth of popular opinion.

Lord Salisbury urged the leaders of the labor organizations to be careful as to their course upon interests in the preservation of which all had a common concern.

Mr. Balfour spoke in a strain similar to Lord Salisbury.

Sir William Holdsworth introduced the bi-metallic deputation from the Chambers of Commerce and other bodies to Lord Salisbury, Mr. Goschen and Mr. Balfour to-day.

Sir William asserted that public opinion was rapidly maturing in favor of a bi-metallic coinage. The deputation, he said, merely asked the Government to join in the proposed conference with America. The Chancellor of the Exchequer, Mr. Goschen, requested Lord Salisbury to reply in behalf of the Government.

Lord Salisbury said that the Government had received on Monday the invitation to America to a conference and had decided to accept. It seemed by the form of the invitation that America decided to make it easy for as many nations as possible to assemble and discuss the question. The Government in accepting the invitation had been guided to a great extent by the deep interest taken in the silver question by such large industries as the deputation represented, and at the same time had not been able to exclude from consideration the views and wishes of India.

LONDON, May 12.—Lord Salisbury, Col. Saunderson and Lord Halsbury were among those present at the house dinner at St. Stephen's club this evening.

Lord Salisbury gave no hint in his speech as to the probable date of the General Election, but urged the Tory workers to prepare at once so as to be well organized for the contes

Col. Spunderson said there would be no obedience in Ulster, for an Irish Parliament. "If it should be established," he said, "the men of Ulster would speedily demolish it.

Col Sanderson added that it was time for everybody to understand that British subjects with all the privileges which they enjoyed to-day. The rest of Ireland might as well understand at once that Ulster men would never bow their necks to the hated yoke of a Dublin Parliament. The British Parliament had no right to hand them over to another law-making power, to which they never would nor could give their allegiance.

ST. PETERSBURG, May 12.—Additional details of the disorders at Lodz, Poland, show that the strikers, besides looting and demolishing valuable property, set fire to buildings and that the zeal displayed by the fire brigade prevented the whole town from being burned. The united forces of the military and police were powerless against the mob, and were unable to prevent them from offering violence to the manufacturers of the places, the book-keepers employed in the factories and the Jewish residents These persons were mercilessly felled and stabbed by the rioters. Ten of them were killed outright and 100 were badly injured and had to be carried to the hospital. The bloodthirsty ferocity displayed by the strikers in their attacks on those who had incurred their enmity is shown by an incident which was witnessed during the heat of the rioting. A Jew had been assaulted by a crowd of the strikers. He had been beaten and stabbed and flung prostrate to the ground, and was in imminent danger of having the life crushed out of him. A policeman attracted to the scene by the howling of the mob and the cries for help uttered by the victim, forced his way through the crowd surrounding the unfortunate Jew and attempted to save the man from their fury. He succeeded in lifting the Jew's bleeding body from the ground, and with his arms about him tried to shield him from the blows aimed at him from every side. All the efforts were of no avail, however, for the ruthless mob closed in on the two men, and the Jew was beaten to death with clubs as he clung to the officer for the protection which he was powerless to give. The rioters were not content to murder their victims, but even after death they vented their hate on them by mutilating the corpses in a horrible manner.

The Cossacks and other soldiers, who were sent to Lods to quell the disturbances, appeared to take delight in the scenes of blood which were visible on every hand and took no trouble to avert the terrible fate of the assailed Jews.

The Cossacks wield knouts with iron balls attached, and in suppressing the disorders they are causing bloodshed everywhere with these formidable weapons.

Gen. Gourko, Governor of Warsaw, which is 75 miles from Lods, wired orders to the soldiers to take the most stringent measures to put an end to the acts of lawlessness, and to one of his messages he added the significant sentence: "Don't spare your cartridges."

It is thought the riot was due to socialistic agitation, and acting upon that belief the authorities have expelled 300 foreign workmen from Lodz. Forty of the leading rioters, including a number of Socialist agitators, have been sentenced to long terms in prison.

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated, and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

A Tumble in Carpets

It gives us much pleasure to announce that owing to a lucky purchase of Fine Carpets, we are able this week to offer a large and complete stock of the most artistic and beautifully colored designs at prices never quoted before. For example, take Kidderminsters:—

A Kidderminster Carpet worth 35c. at at the very lowest estimate, we will sell for 25c. a yard. The balance of this weave, heavier and better grades, will only cost you 40c. or 60c., and a 75c. Kidderminster can be bought for 60c. per yard.

In Two-Ply Kidderminsters, we quote:—

Exquisite designs in All Wool Supers at only $1 per yard.

In Tapestrys, the prices will range as follows:—

Startling as low as 25c., 30c., 35c., 45c., 50c., 55c., 60c. and a special line of new effects in colours, worth 75c. for 65c. per yard. Better grades can be bought for 70, 75, 80 and 85c.

In Brussels, we are complimented every day on our beautiful designs and extremely low prices:—

We have two lines worth $1.20 and $1.25, which we can sell at $1 and $1.05 respectively.

In Velvets, for drawing and reception rooms, very handsome and much sought after. We quote as an example:—

Patterns worth $1.35 for $1.15.

An endless variety of Axminsters, Dagthorpes, Dagdag and Smyrna Rugs.

We also carry just now a fashionable assortment of Imported Portiers, Lace Curtains and Window Dressings, which give the house an air of refinement, at correspondingly low prices.

This will be a gala week for Housekeepers at the Golden Lion.

GAVE UP ITS DEAD.

The Body of a York Man Found in Detroit River.

DETROIT, May 12.—The body of a man, supposed to be John Coulter of Farmore, York County, Ontario, who disappeared at the depot here while on his way home from Georgia last month, was fished from the Detroit River yesterday.

The body of the floater was apparently about 35 years of age and there were several marks on the body, but they were due to mortification, and no suspicions of foul play are entertained.

There is considerable tatooing on the right arm, including a hammer, a chain of four links, the figure of a woman, etc.

THE ROYAL ARCANUM.

Opening of the Annual Session of the Grand Council at Barrie.

BARRIE, May 12.—The Grand Council of the Royal Arcanum of Ontario met in annual session in the I.O.O.F. Hall, Barrie, the grand regent, Judge Reynolds of Brockville, calling the council to order at 10.15. There was a large attendance, only eight subordinate councils being unrepresented.

The reports of J. M. Stevenson of Barrie on the standing committee on laws and the grand regent were read. The latter showed that new councils had been instituted at Forest, Ridgetown, Deseronto, Smith's Falls, Perth and Ottawa.

Bro. T. L. Lewis of Toronto presented the report of the Committee on Separate Jurisdiction, which was received.

The Grand Regent appointed a Committee on Distribution as follows: Bros. J. H. Scott, Kincardine; Charles Packert, Stratford, and E. T. Miller, Deseronto.

The Grand Regent appointed a Committee on District Deputy Grand Regents as follows: S. Malcomson, Gananoque; J. L. Johnston, Toronto; J. H. Scott, Kincardine.

The election of officers resulted as follows:

Judge James Reynolds, Brockville, grand regent.
T. L. L. Lewis, Toronto, grand vice-regent.
A. Shaw, Kingston, grand orator.
D. F. MacWatt, Barrie, past grand regent.
Daniel Spry, Barrie, grand treasurer.
Hyman Lee, Hamilton, grand secretary.
Rev. Isaac Scarfoot, Caledonia, grand chaplain.
J. B. McKillop, London, grand guide.
W. R. Haight, Toronto, grand warden.
C. C. Lyman, Brockville, grand sentry.
Thomas Sargant, Toronto; James Brandon, Toronto; A. B. Munson, London, grand trustees.
D. F. McWatt, Barrie, alternate to Supreme Council.
G. T. Campbell, M.D., London, provincial medical examiner.
Thomas Sargant, Toronto, representative to Supreme Council.

The following places were proposed for the next Grand Council meeting: Cobourg, Kingston, Stratford, Simcoe, London and Toronto. The contests really lay between Cobourg and London, but after a lively discussion the Forest City was selected by a narrow majority.

A Crime of Unparalleled Atrocity.

CAMDEN, N.J., May 12.—A student in the medical department of the University of Pennsylvania, named Venn, received a letter signed James R. Moulton, No. 1142 South Sixth-street, Camden, offering to sell him for dissecting purposes the body of a fat negro woman, 73 years old, to be delivered dead or alive.

Moulton, who is a negro, is locked up in the Police Station here, charged with having, at an early hour to-day, brutally murdered his mistress, Mary Ann Wyatt, 70 years old, with whom he was living. There is little doubt that the body which he wanted to sell to the medical student was that of the woman he killed.

The Wyatt woman had possessed some property and had recently sold it for $900. She had spent $200 and with the balance proposed to go into an aged colored women's home.

WINDSOR, May 12.—The flag on the City Hall was flying at half-mast yesterday on account of the death of Pierre Langlois, who died early this morning of pneumonia. Mr. Langlois was born on the farm on which he died and on which the 77 years of his life were spent. He was several times a member of the town council. He leaves six children.

Postoffice Irregularities.

KINGSTON, May 12.—Postoffice Inspector Stoneham will arrive this week to investigate irregularities in the Kingston Postoffice. The principal case will be that of $100 sent by mail by L. Simpson to a man in Glenvale. The money did not reach its destination and no clue can be got of it.

Swallowed a Whistle.

GUELPH, May 13.—Jimmie Hannah, a 5-year-old son of Mr. William Hanna, Rockwood, was playing with one of those tin whistles which accompany gum boxes, when he drew the whistle into his throat while blowing it. The whistle lodged far down in the windpipe, so that the child could hardly breathe. His father, however, brought him immediately to the city and consulted a surgeon. An attempt was made to extract the whistle, but without avail, when it was forced down into the stomach, from which it may pass.

Arrested on Her Bridal Trip.

VANCOUVER, B.C., May 12.—A woman named Mrs. Squiers was arrested yesterday on a charge of bigamy. Two weeks ago her husband was sent to jail and on Monday she was again married to a bricklayer named Collins, recently arrived from Ontario. She claims to have secured a divorce from Squiers.

Seven Years Suffering.

GENTLEMEN,—I had suffered very much from inflammatory rheumatism, which through wrong treatment left ugly running sores on my hands and feet. With these I suffered for seven years, during which time I had neither shoe nor stocking on. I commenced using B. B. B. externally and internally, using the Pills also, and I can say now that the sores are entirely cured, and have been for some time. I believe the bitter were the means of saving my life.

THE CLOSING SEDERUNT.

A Good Natured Business Session.

The Delegates Heinz—The Effect of the Consciousness of Duty Done—Rapid Clearing of the Docket—Congratulatory Resolutions.

The members of Synod assembled promptly this morning and every one seemed to be in the mood for business. Every one was beaming with good nature. No doubt the consciousness of duty faithfully done and the prospect of reaching home contributed to producing this frame of mind. The discussion was marked by short, crisp speeches generally, and woe to the delegate who departed from the colloquial style of speaking, and assumed an oratorical tone, showing the slightest tendency to speech making—he was sat upon by the moderator as well as the brethern. While business was rapidly transacted, it was not at all slighted—whatever needed explanation was explained, and every attention was paid to the protection of the important interests involved.

THIRD DAY—THURSDAY.

CLOSING SESSION.

The Synod assembled at 9.30 o'clock, and was duly constituted, the moderator in the chair. Devotional exercise were led by Rev. Dr. Fraser and Rev. Messrs. Emberson, Mutch and James.

The reports on the records of the several Presbyteries, were given and were generally satisfactory.

YOUNG PEOPLE'S SOCIETIES.

The overture of the Presbytery of Whitby to the General Assembly, respecting Young People's Societies, was presented and supported by Rev. R. D. Fraser, and Rev. S. H. Eastman, of Oshawa. The former spoke in reference to the advisability of Young People's Societies being sanctioned by and organized under the direction of the General Assembly. He pointed out that this organization should be promoted in the spiritual interests of the young people, and authoritative unification of existing societies was especially insisted upon. Rev. Mr. Eastman said that as far as his experience went he would be satisfied with the adoption the principles of the Christian Endeavour of Society incorporated into a new organization. He pointed out at length the spiritual advantages of the Christian Endeavour Society. He seconded the adoption of the overture.

In answer to Rev. Mr. Torrence, Rev. R D. Fraser said the overture did not propose to exclude the Christian Endeavour Societies—it aimed to unify the several existing societies under whatever name they were now known.

Rev. Prof. Gregg said he was inclined to feel jealous of these Young People's Societies; the old people were excluded and certainly their judgment was entitled to some respect. He moved in amendment that the overture be not adopted but transmitted to the General Assembly.

Rev. Mr. TURNBULL insisted upon the importance of having the question fully discussed by the General Assembly, which had done the subject scant justice in the past.

Rev. Mr. JAMES, of Midland, said there was no necessity for such societies in the Presbyterian church. The function of the session in the regard under discussion covered the demand for such societies.

After some further discussion the amendment was agreed to by Rev. Mr. Fraser to transmit the overture to the General Assembly was adopted.

A PROPOSED NEW PRESBYTERY.

The question of the organization of a Presbytery in the Algoma District was introduced.

Agreed.

Rev. Mr. McLeod moved, seconded by Rev. R. N. Grant, that the memorial on the subject be transmitted to the General Assembly, and the formation of the Presbytery as proposed be approved.

FINANCE.

The report of the Finance Committee was presented, stating that the printing required by the Synod had been contracted for by the Presbyterian Publishing Company for $97 00 and that an assessment of six mills on the dollar per member for Synod expenses had been made. The report was adopted.

BRANTFORD LADIES' COLLEGE.

The report of the Board of Directors of the Brantford Ladies' College was read and the work, equipment and religious tone of the institution was shown to be very satisfactory according to the report of the visitor for the past year, Rev. Robt. Johnston, B.A., Lindsay.

Moved by Rev. Robt Johnston, seconded by Rev. Principal Grant, that the report now read be received and adopted, and that the Synod express its gratification at the increasing efficiency and prosperity of the college as shown by the report of the past year, and assures the directors of its appreciation of their efforts to make the college thoroughly efficient and to provide a liberal education for the young women of our church at as moderate a rate as possible. The Synod has special satisfaction in knowing that the moral tone of the institution is so high and that much attention is given to Biblical study and with pleasure commend it to the patronage of the church. The motion was adopted, and Rev. R. N. Grant appointed visitor for the coming year.

CLOSING BUSINESS.

The treasurer's report was read and adopted, the auditors appointed and the matter of the sale of church property in Perrytown was received, considered, and transmitted to the General Assembly.

A communication from the secretary of the Dominion Alliance was read and in compliance with the request, Rev Messrs. Principal, Johnston, Abraham and McGillivray were appointed delegates, to the September meeting of the the alliance.

A cordial greeting was received from the Peterborough council of the Royal Templars of Temperance commending the action of the General Assembly upon the temperance question, and the secretary was instructed to suitably acknowledge the latter of greeting.

The report of the Committee on Systematic Beneficence was received, and adopted with slight verbal amendments.

THANKS.

Rev. Dr. McLaren moved, seconded by Rev. R. N Grant, that cordial thanks be given to the pastor, the office bearers and the choir of this church for the willing services that have made this meeting so pleasant and profitable; to the citizens of Peterborough for their bountiful hospitality; to the representatives of the press, and the local press especially, for their excellent reports of the business transacted; and that thanks be especially extended to the Ladies' Aid Society of St Paul's church for the delightful recital entertainment given by them to the Synod last evening.

Both mover and seconder added eloquent words of praise in sympathy with the sentiments of the resolution. Rev. Mr. Grant said the people of Peterborough had received and entertained the members of the Synod right royally. He spoke very appreciatively of the reports of the proceedings furnished by the local press and praised the discrimination exercised in grasping the business details and distinguishing the wheat from the chaff.

The report was carried with applause.

The Moderator then declared the session formerly closed and announced the next session of the Synod to be held in Guelph on the second Tuesday in May, in Knox church. He then reiterated his thanks for the honour conferred by appointing him Moderator, and referred in eloquent and graceful words to the harmonious, pleasant and profitable sederunt that had characterized the meeting of the Synod, and he called upon the brethren to sing before separating, "Blest be the tie that Binds."

It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DRAINS and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a commercial electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you want to experiment with cheap articles, buy THEM but if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Thanks to the Firemen.

PETERBOROUGH, May 13th, 1892.

I beg to tender my heartfelt thanks to the members of the Peterborough Fire Brigade for their very prompt and efficent services at the fire which occurred in my store premises on Rubidge street last night. By their promptitude and hard work, together with the kind assistance of neighbours and citizens, the fire was speedily extinguished, and a very serious loss of my own and my neighbours' property prevented.

D. SULLIVAN,
294 Rubidge street.

Mr. Stevenson's Liberality.

Mr. James Stevenson, M. P., presented to the library of the Collegiate Institute to-day the record of the Royal Society of Canada, and a complete set of the reports of the Geological Survey, in eight volumes, which Mr. Stevenson has had handsomely bound specially for the Institute library, also a specially mounted geological map of Canada indicating its geological formation. These liberal and judicious gifts will form a useful adjunct to the educational facilities of the Institute. Mr. Stevenson deserves great credit for the practical interest he takes in local educational interests, and it is not surprising that the pupils and staff regard him as an Institute Mecenas.

The Late John Carrol, Contractor.

The many friends of Mr. John Carroll, contractor, formerly of St. Catharines, and at one time a well-known resident of Peterborough, will very greatly regret the intelligence of his death which took place at his late residence, Toronto, on Thursday, as mentioned in our telegraphic despatches. Mr. Carroll during his residence in Peterborough resided on the corner of George and Antrim streets. He has been absent from Peterborough over twenty years, still he will be remembered by many citizens. He was 66 years of age when he died. The family will have the sincerest sympathy of all, especially when it is remembered that it is only a fortnight since Mrs. Carroll too passed away.

License Commissioners' Meeting.

A meeting of the West Riding License Commissioners was held at their rooms, Water street, this afternoon, when the consideration of the applications for license of Wm. Kennedy and R. Cavanagh took place. Both parties were heard in support of their applications and letters were read from the Royal Templars of Temperance, and the directors of the Y.M.C.A. in opposition to the issue. The following resolution was adopted:—

Moved by R. Graham, seconded R. Welton, that the Board of License Commissioners at their meeting of May 13th, cannot under all the circumstances grant a license to Mr. Richard Cavanaugh or increase the number of licenses by granting a license to Mr. William Kennedy for a new hotel.

A six months wine and beer license was issued to Mrs. Swanson, in order to enable her to get rid of her stock.

The Bicyclers' Spin.

The Peterborough Bicycle Club held a successful weekly spin last night. Shortly after seven o'clock twenty three wheelmen left the market square and wended their way down to Crawford's Grove, some three miles below the town on the banks of the Otonabee, where a halt was made and for an hour the boys took a rest. Refreshments were served and duly partaken of. The return trip was then made and the town reached shortly after nine o'clock. On the way home a well-known wheelman met with a rather serious mishap. He was steering his steed at a pretty smart pace across what they call a bridge over the town drain at the foot of Park street. By some means his bike shied and the bridge having no railing on it, rider and steed went off into the water some eight feet deep at this point. Neither the machine or the man were, happily, injured in their unintended decent, and beyond a good shaking up and a second drenching no serious harm was done. The episode was as amusing as it was unexpected and furnished a good laugh for the other boys. The next spin of the club will be to Lakefield and return on Thursday night.

News Nuggets.

—The Arion club of Toronto, will appear at the Opera House on May 20th, and Turner's English Girls on June 4th.

—The dog which the police captured yesterday was claimed by his owner last night who procured a tag for him.

—The police received a call this morning to disperse a lot of boys which had congregated around the fire of last night on Rubidge street.

—The directors of the Peterborough Central Fair Association laid out a fine half mile track on the grounds yesterday afternoon.

—The annual meeting of the Philharmonic Society will be held at the Y.M.C.A. rooms on Tuesday night. A large attendance is requested.

—A match took place in Gun Club practice this afternoon between teams captained by vice-president J. D. Collins and Capt. R. Tivey.

—A tramp was arrested on Smithtown hill this afternoon by Constable Adams for creating a nuisance. He was one of the most filthy and dirty creatures ever lodged in the cells.

—The Lakefield Football Club arrived in town to-day and put up at the Morgan House. They are playing the Peterborough boys a rousing game of Association at the Riverside Park this afternoon.

—The various bayonet squads from the companies of the 57th are practicing for a first class drill exercise to be given on May 24th. They will meet for practice on Monday night under Capt. E. T. Mason.

—The sports committee of the 57th Battalion have arranged some of the finest sports and games ever seen in Peterborough, for the 24th of May. A good baseball match will be one of the day's attractions.

—The Fire, Water and Light Committee held a meeting last night. The new rubber coats and boots for the firemen have arrived, and are being numbered and marked today by Mr. W. Lilley. The rubber clothing is being supplied by Mr. J. J. Turner.

—Mr. Robt. L. Hamilton met with a rather bad accident in Wm. Hamilton's foundry yesterday afternoon. He was sawing some blocks with a band saw when his hand slipped and he sustained a severe gash on his right hand. It may be necessary to amputate the little finger of the hand.

—The bankers with the assistance of the coach Mr. Oldfield will play the team eleven in a cricket match on the P.A.A.A. grounds to-morrow afternoon at two o'clock. There should be a large attendance. Only ticket holders will be allowed to play. An interesting match is expected.

—The Street and Bridge Committee completed their circuit of inspection yesterday afternoon. Chairman Cahill says the streets were found in good condition and that there is an air of general improvement all over the town. Many of the citizens are erecting boulevards in front of their residences and otherwise adorning the streets. The bridges and sidewalks are in good condition. The committee will make its report to the council.

Two Nocturnal Fires.

The Grocery Store of Daniel Sullivan on Rubidge Street and a Vacant House on Stewart Street Both Destroyed by Fire Last Night.

A few minutes after eight o'clock an alarm of fire was sounded last night and the fire laddies quickly responded. The scene of the blaze proved to be the grocery store of Mr. Daniel Sullivan on Rubidge street, between Charlotte and King. The place was well ablaze when the firemen arrived but they soon had two streams playing upon the devouring element. The store was in a two story brick building. The inside is pretty gutted, while the stock is rendered useless by the fire, smoke and water and is a total loss. Mr. Sullivan was in the grocery alone when a lamp sitting on the counter, suddenly exploded setting fire to everything around. The flames spread rapidly until the firemen's hose came into play and extinguished it in about ten minutes. The rooms above the store and the back kitchen were not used by the family, who reside next door. The loss, which at present cannot be estimated, as this morning Mr. Sullivan is very ill, and is unable to form an estimate, is covered by an insurance of $1 000 on the building in the Caledonian, Mr. Felix Brunsecombe, agent. The stock is insured in the Commercial with Mr. W. H. Clarkes for $600.

Another blaze in a vacant rough-cast house belonging to the Chamberlain estate, called out the brigade again at a few minutes after two o'clock this morning. The house was vacated about a week ago by Mrs. Allen, who moved to the corner of King and Stewart streets. The building was completely destroyed, being old and of an inflammable material. The walls and board woodshed attached alone remaining standing. The blaze was very brilliant, so much so that many people rushed out of their houses to the scene of the disaster, thinking because the raucous Edison whistle was blown that the Edison works were ablaze. The house was an old one story large roughcast structure. It was an old landmark having stood there for over fifty years. It was the old homestead and for years the family residence of Mr. Chamberlain and his family for years. The fire was no doubt the work of an incendiary. The property is uninsured.

Miss Lottie Huntley,

Is the sister of Mr. W. S. Huntley, of Cortland, N. Y., a well known carpenter and builder. Her frank statement below gives only the absolute truth concerning her illness and marvelous recovery by the aid of Hood's Sarsaparilla. She says:

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sir: Twelve years ago I began to have hemorrhages and four years ago became so low that the physicians told me

There Was No Hope

and I should soon die. I could not be moved from my bed. Under my face were napkins continually reddened with blood from my mouth. I could eat nothing and had no action of the bowels for a week. The doctors said the cause was ulcers in the stomach. At this time my mother said she wanted to make one more trial, and asked if I would take Hood's Sarsaparilla. I told her it would be

A Waste of Money

but finding it would comfort her, I began taking it. In a few days the bloating began to subside, I seemed to feel a little stronger, but thought it only fancy. I was so weak I could only take ten drops of Sarsaparilla at first. In two weeks I was able to sit up a few minutes every day. In a month I could walk across the room. One day I asked what they were to have for dinner, and said I wanted something hearty. My mother was so happy she cried. It was the

First Time I had Felt Hungry for Two Years

I kept on with Hood's Sarsaparilla and in six months was as well as ever in my life. It is now four years since I recovered, and I have not had a day's sickness since, nor any hemorrhage. If ever a human being thanked the good Lord on bended knees it was I. I know that Hood's Sarsaparilla, and that alone, unquestionably saved my Life."

Messrs. Sawyer & Jennings, the well known druggists of Cortland, say that Miss Huntley "is a highly respected lady; her statement of what

Hood's Sarsaparilla

Has done for her is worthy the highest confidence." Hood's Pills cure Liver Ills.

In the art of Watch Repairing, there are many elements which go to make successful work. The cleaning and regulating is easily performed, but the replacing of any broken parts is far more difficult and it takes a workman of long experience and first class practical ability to make a new piece which is as well finished and fitted as the original was. MUNGASTER invariably finishes his work equal to new. The New Store is next to the "Examiner" Office.

A RUMBLING and TUMBLING RACKET

Our prices and goods caught the crowds on Saturday, making it one of the biggest days of the year. For one week we will sell goods at prices below the cost of production. A big, bold, slashing cut has been made. All other efforts are mere pigmies beside this giant slaughter. Not a garment or an article in our store held back for profit. Every department made to suffer a loss. Business we mean and business we'll have. On, people on to the bargains! They are yours for the asking. The best stock of Clothing, Tweeds and Furnishings in the city, at prices lower than the goods can be made for. Come and see what we are doing.

CHRISTIAN ENDEAVOURERS

Hold a Great Rallying Meeting.

Able and Instructive Addresses Given by the Rev. G. L. George, of Belleville, on the Prospects of Christian Endeavour and Rev. Dr. Dixon, of Galt, on the Aims of Christian Endeavour—A Large Attendance and Much Profit Reaped.

The first united meeting of the Local Union of Christian Endeavourers during this season was held in the Murray street Baptist church last night. There was a large attendance, no doubt attracted by the well-known ability and experience of the speakers Rev. J. L. George, B.A., of Belleville, and Rev. Dr. Dixon, of Galt, on Christian Endeavour work. Mr. R. J. Colville, president of the Local Union, ably presided. After the singing of a hymn, Scripture lesson, read by Rev. Dr. Dixon, and prayer by the pastor, Rev. J. E. Trotter, the chairman, introduced the Rev. J. L. George, B.A., pastor of the John street Presbyterian church, Belleville. He said Mr. George although a young man has been prominently identified with the Christian Endeavour Society, its work, aims and attainments, having been president of societies in New Brunswick and Nova Scotia.

Rev. Mr. George on coming forward thanked the chairman for his kind remarks. He then started out and gave a half an hour's spirited address in his fluent and forcible style. The subject of his address was "Prospects of the Christian Endeavour Society." He said he was glad to be present to say a few words in the interest of Christian Endeavour. He had been led to entertain the conviction after four or five years experience that it was

ONE OF THE GREATEST BLESSINGS

God had ever bestowed upon the church. The Christian Endeavour Society with its aims and principles is fit to be the mean of the Christian church wherever it may be found. He could look back even in his own time when very few young men could be found taking an interest in the work of the church. They felt with the natural diffidence and modesty of youth that it was not proper to take part with seniors. The Christian Endeavour Society was a good training school. It held out a bright prospect, and the outlook of the Christian church was brighter to-day than ever because of the help and assistance of the Christian Endeavour Society. To those who were alive to the efforts and advance of the church the Christian Endeavour Society had come as a mighty inspiration to lift us up to God. It was a power to develop the latent talent that is in the church to-day, calling out 'Work! Work!' In the coming 50 years we would see greater advances than ever. We were now upon the dawn of greater ideals and mightier forces, and in an age which had now to see the power that comes from well-directed and concerted efforts. Objection—which was only natural—had been raised by some to the Christian Endeavour movement. In the providence of God, the destiny of the Society would be shaped. There was no doubt that the power of God, which had helped the Society in the past, would continue to do so in the future. The Society created a social element, which was one of the most important and prominent elements of the church to-day. The Christian Endeavour Society developed the social life and social element of the church. The church of the future will make a great deal of the church parlour—a place where the congregation may go frequently. Some said it would interfere with the Young Men's Christian Association work, but he believed there was work for both the church and the Association. The church remained silent during the week, it had no charm or attraction. How did it compare with the public house in this respect? The church of the future will recognize the glory of keeping it open all the week. The church, when this was brought about, would do

A GREATER AND NOBLER WORK,

and would overwhelm the public houses. The idea was a little advanced perhaps but it was well if possible to live ahead of the present generation in order not to drop behind in the race of life. Religion was something which swept the whole horizon of human life. We were not here as Christians only to help man spiritually but intellectually. The Y.P.S.C.E. is going to help the outsiders, those away from the range of the church's works. It is going to bring them in the fold by visiting and bringing these people to Christ and the church under the guidance of the pastor. Talk was one of the things which would be secured in the coming days by the Y.P.S.C.E. The society would also do grander work in the temperance cause and reform. He could see the spirit rising and strengthening in this mighty crusade which would result in the overthrow of the strong drink traffic. Smaller bodies and smaller resources had accomplished greater things than these. He believed that only those who publicly identified themselves with the cause of God would be victorious and triumphant. The watchword of the Christian religion to-day was "the cross" and by this we conquer. As we look forward to the future which we believe could be joined by the past, the future of the Y.P.S.C.E. and the church would be unitedly linked together and the Y.P.S.C.E would be a mighty ally to build up all that is true and good in the service of God.

Rev. Dr. Dixon, of Galt, president of the Provincial Union, spoke on the aims of Christian Endeavour. He complimented Rev. Mr. George on his excellent address and said that he had no doubt all would agree with the ideas which he had advanced the believed the Christian Endeavour movement was going to make great changes which we could not yet see. The programme of the society was clearly comprehended, as it was laid down in the pledge and was the keystone of the great arch, of its successful christian character. Errors are creeping in the Christian Endeavour Society the same as they creep into every constitution. We wanted

TO GET RID OF THESE ERRORS

in the society which was yet in its formative stage. He regarded the society only as a stone which was was fashioning character through the same means that Christ enjoined. The Society needed wise guidance. Too long individual exercises were ruinous—they should be short, sharp and definite, no one should steal another's time in this manner. We wanted to have every one in the Society take part in either song, prayer or experience. The power of the Society meetings lies in the fact that everyone should have something to *do*, and the best meeting were those in which everyone took part. Another error was doing away with the pledge obligations. The moral grasp of the Society was in keeping fast to that pledge and the ones who would not take it the society did not want as members. Their strength did not lie in members but in the character of the members. Another error was the non-cultivation of the musical tastes of the society and its members. We should have at all the meeting duet, solo and trio. If we were not too humble to use our talents we should make the meetings all the better for our presence. We want to realize more and more the sweet and blessed influence of Christian song. The Presbyterian and Methodist churches would not be much to-day if it were not for those old songs which cling to them throughout an age. We should understand the power of song better and use it more and more. Too much talk was another great fault. The Society was not a place for mere talk. Short sentences, expressing the sentiments of the heart and uttering a single desire, were what was wanted. Too long a meeting was another error. They should not be longer than an hour. If they went over that time they were apt to run well into the next hour. He thought the Y.P.S.C.E. meeting should be held on the same night as the church prayer meeting. In his own church they worked this plan, and the membership of the Society had doubled. There should be a definite time for closing the meeting. Another error was that of

NOT KEEPING TO THE UNIFORM TOPICS.

The Week of Prayer had a marvellous influence in it all over the world, because there was brotherhood fellowship and intercession in it. Another error was in making the meetings the end of the Society alone. The great end was work and the meeting was only a means to an end. This was the reason why the Society had so many committees—that all the members might help and work. All the Y. P. S. C. E. of the Presbyterian church at least were endeavouring to maintain a missionary. He believed that unless a Society did this it was not living up to its privileges. He thought each Society should save up and be able to send their representative in the mission field. In regard to literature there was a large field to be opened out to every member. He believed in Peterborough there was room for this kind of work. The several committees was not simply to give coffee and cake but to understand the meaning of the four fingers and thumb. There was much in the grasp of the hand. It meant help and fellowship. The broken-hearted world needed kindness, graciousness, fellowship and help. We, as Christian Endeavourers, should take courage and press onward. The speaker hoped these suggestions would lead the Christian Endeavour Society to do more than they had ever done. Rev. Mr. Dixon closed his edifying address by asking God in His divine wisdom and infinite mercy to bless everybody.

During the evening the choir from the George street Methodist church led in the singing and also rendered an effective anthem during the evening. A vote of thanks was tendered the organization for their kindness. Mr. R. J. Colville on behalf of the Local Union thanked the speakers of the evening for their masterly addresses. He stated that the executive committee would hold a meeting the first Wednesday in each month to arrange with speakers from a distance to address the monthly meeting before the Union. A hymn was sung and after prayer and the benediction pronounced by Rev. A. S. McWilliams, the meeting dispersed.

Obituary.

The Late Thomas Beck.

The EXAMINER records with deep regret the death of Mr. Thomas Beck, of Norwood, an old, prominent and highly respected resident of Norwood, which event took place on Friday, May 13th, 1892. Mr. Beck had been in ill-health for some time, having been a great sufferer from gangrene. On Tuesday last he had a paralytic seizure of so severe a character that he remained unconsciousness from the time of the stroke till death occurred this morning. Mr. Beck was a native of Yorkshire, England, from which he came to the township of Asphodel in 1832. He has, therefore, been a resident of that township for 60 years. For years he has been one of the most widely known lumbermen in the district, and the rectitude of his business dealings, as well as his public spirited record as a citizen, fulfilling, zealously and conscientiously all the duties of citizenship, won for him the highest degree of public respect. In politics he was an ardent Liberal and took an active part in promoting the interests of good and honest government. In the election of 1878, Mr. Beck was the Liberal candidate for the Commons in the East Riding, but was defeated by Mr. Burnham by the narrow majority of 25 votes. In religion he was an active Methodist, being a trustee of the church, long previous and up to the time of his death. Mr. Beck will be greatly missed in the community where he has spent the long years of an active and singularly useful life. The funeral takes place from his late residence on Monday next, May 16th at 2 o'clock p.m.

Police Court.

An Assault Case Comes up—The Green Goods Case Concluded—Looper Discharged—Young Will be Sent up for Trial at the Fall Assizes.

An assault case was the first thing on the docket at the police court to-day, Milton Loose and Joseph Loose of Ashburnham were charged with assaulting Wm. F. Loper yesterday afternoon on Simcoe street. They pleaded guilty to the charge and the Magistrate fine them each $5 and costs.

The famous green goods case, the first one of its character ever tried in the Dominion of Canada, came up again. Mr. R. E. Wood appeared for the Crown, Mr. E. B. Stone for Wm. Looper, and Messrs. W. F. Murray and G. M. Rogers for Wm. J. Young, in the absence of prisoner's counsel. Mr. Edwards Chief Ressi, Col. H. C. Rogers, postmaster, John Corkery and Thos. Tebb of the Post Office Department, and R. Stevenson were examined. Nothing of importance was elicited in the evidence but what has already been stated in these columns. Chief of Police Ruzel told of the manner of his warning the post office authorities and Mr. Corkery, of giving the registered letter to Young sent by Looper. Mr. Tebb stated that three letters had been placed in post office box 664 for Young, and when letters were produced in court he identified them. He stated that the post office had been notified to be on the lookout for all mail matter addressed to box 664. Postmaster Rogers told of Young's engaging the box in question on April 1st for six months, and of his having given him the key. Mr. Rufus Stevenson said he had had a conversation with Looper when in the cells. The prisoner did not seem to mind telling all he had done in the matter, and had stated to him that he must have been greener than green goods himself for doing what did done. This concluded the evidence, and the Court could find nothing proven against Wm. Looper in the matter from the evidence and the prisoner was discharged. In the case of W. J. Young, alias F. C. Austin, the magistrate committed him for trial at next court of competent jurisdiction. Bail was accepted, himself at $1,000, and two approved sureties of $500 each.

AGRICULTURE

James Angus, a native of Scotland, who formerly lived in Canada, but who is now a resident of New York, has merited the gratitude of all national history devotees of the United States by his recent gift of 10,000 specimens of butterflies to the Museum of Natural History in Central Park. He gave the collection upon one condition—that it be kept unbroken, and he had expressed an intention of presenting to the same institution his large library, consisting of works on entomology. In the collection given by Mr. Angus are found 1,700 different kinds of butterflies and moths, arranged in 100 glass-covered drawers, which fill four cabinets. Mr. Angus made a specialty of the Catocala, a genus of moth with beautifully colored wings. Besides the butterflies and moths there are also thirty book-form boxes, which hold several thousand specimens of different kinds of insects principally found in the United States, such as bees, ants, wasps and dragonflies. The Angus collection is well known all over the country, and its value to the entomological department is greatly appreciated. The collection has been estimated as worth $4,000. The Catocala Angusi was named in honor of Mr. Angus, who discovered it about twenty years ago at West Farms, New York City. It was described by Mr. A. R. Grote, who is authority on North American moths, in the Canadian Entomologist. One of these original specimens is in the present collection.

PAPILIS.

DEATH'S HEAD HAWK MOTH.

Mr. Angus raised a large number of this species from the caterpillars which he found feeding upon the leaves of the hickory; it is represented in this collection by thirty-five specimens.

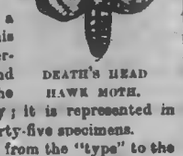
In the entire line, from the "type" to the last specimen, the varieties is so great as to lead to the belief that different moths have been presented, but the intergradation of the marking is so clearly defined through the intervening specimens as to prove them to be identical. The Catoca is one of the richest, there being over 12,000 specimens of this variety, and this species is represented in long series showing the different varieties and intergradation. There are some shorter series, owing to scarcity of specimens. The Argynnis Moutinus is represented by only two specimens. It is found exclusively on the summit of the White Mountains.

HUMMING BIRD MOTH.

The Catocala Sopho, of which there are only three specimens in this collection, are rare even in their native home in Florida, and Mr. Angus paid $15 for one pair. Very few specimens of the Catocala Marmorata have ever been collected and are also rarely seen. The Catocala Core has beautifully marked red under wings, while the Texan and Californian are finely marked and colored.

The three specimens of Catocala Fraxina are strictly European and are of bluish tint with blue underwings. The black wings are a distinct species, as well as the white Catocala Relicta, which species belongs to the North.

In the great variety of moths a strong similarity in form occurs, but in coloring a difference is readily discerned. The upper wings mimic the bark on which it settles. The white moth imitates the white birch bark; the black moth that of the hickory; the brown, the oak, and the wood of other trees has a similar result in the mimic of shades. The under wings are brightly colored in reds, yellow, brown, blue, etc., but when at rest with the sombre upper wings closely folded over the richer ones, an unpracticed eye cannot detect the insect from the dark.



WHITE CARROCOLA.

This provision of nature, so kindly bestowed upon this insect, protects it while at rest from being disturbed and destroyed by larger insects and birds. Among the Sphingidæ the humming bird moths are Southern and very rich in color, while the specimen of European Sphingidæ or death's head hawk moth is a foreigner and is not found in this country. An interesting difference of opinion has existed for some time among scientists and entomologists upon this mooted question of the home of this particular Sphingidæ, but it is now generally conceded to be of European origin.

Among the many varieties of this collection of butterflies and moths are the Vanessa Antiopa (mourning cloak) Liemenitis Disippus, Grapta interragationis, Sphinx Carolina (hawk moth), Melitæa phaeton, Pyrameis huntera (hunters' butterfly), Pyrameis Atalanta, Argynnis Idalia, Eucles Imperialis (imperial moth).

The variety and beauty of the insects in this entomological department would delight the eye of an ordinary person who only classes all moths and butterflies as being an attractive feature of nature's insects. To a lover and student an opportunity is given to satisfy any desire for information on this particular subject.—New York World.

Bloody Milk.

A cow gives bloody milk because of injury to the udder, congestion, and as the result of feeding certain irritating plants. Try to find the special cause in the case in hand and suppress that cause. Give a half-pound or a pound of epsom salts dissolved in a quart of hot water, together with two teacupfuls of molasses and a dessert-spoonful of extract of Jamaica ginger. After the salts has ceased acting give from four to eight drachms of the sulphite of soda dissolved in water night and morning, and if after a time the soda seems to lose its effect give in its place four drachms of the nitrate of potash night and morning in the drinking water.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. All medicine dealers sell Dr. Morse's Indian Root Pills. dw

As an aid to internal remedies for skin diseases Dr. Low's Sulphur Soap proves very valuable. dw

Turn the Rascals Out.

We refer to such rascals as dyspepsia, bad blood, biliousness, constipation, sick headache, etc., infesting the human system. Turn them out and keep them out by using Burdock Blood Bitters, the natural foe to disease, which invigorates, tones and strengthens the entire system. dw

An Enterprising Hotel Man.

It is stated that an hotel man in Toronto has posted up a notice stating that all diners at his hotel who use Burdock Blood Bitters to tone up their appetite and strength will be charged 20 per cent. extra. We do not know how true this is, but B.B.B. undoubtedly does the work and does it quickly and well. dw

Backache is almost immediately relieved by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Try one and be free from pain. Price 25 cents. dw

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Stubborn children readily take Dr. Low's Worm Syrup. It pleases the child and destroys the worms. dw

No More Better.

GENTLEMEN,—I have used Hagyard's Yellow Oil for my children, and it cured them—I have never been bothered with them since.

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—
HEINTZMAN
AND
EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,
AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices, we have only to say that we positively will not be undersold.

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"August Flower"

The Hon. J. W. Fennimore is the Sheriff of Kent Co., Del., and lives at Dover, the County Seat and Capital of the State. The sheriff is a gentleman fifty-nine years of age, and this is what he says: "I have "used your August Flower for several years in my family and for my "own use, and found it does me "more good than any other remedy. "I have been troubled with what I "call Sick Headache. A pain comes "in the back part of my head first, "and then soon a general headache "until I become sick and vomit. "At times, too, I have a fullness "after eating, a pressure after eating "at the pit of the stomach, and "sourness, when food seemed to rise "up in my throat and mouth. When "I feel this coming on if I take a "little August Flower it relieves "me, and is the best remedy I have "ever taken for it. For this reason "I take it and recommend it to "others as a great remedy for Dys-"pepsia, &c."

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady, and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cummins, Esq., a leading druggist of Welland, Ont., speaks for itself:

Messrs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMMINS,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

SCIENCE AND PROGRESS.

INTERESTING PARAGRAPHS CULLED FROM VARIOUS FIELDS.

All About Steam Pumps—The Distance a Pump Will Lift or Draw Water—The Conditions Required for Perfect Science—Science in Brief.

The distance that a pump will lift or draw water, as it is termed, is about 33 feet, because water of one-inch area 33 feet weighs 1.47 pounds; but pumps must be in good order to lift 33 feet, and all pipes must be air-tight. Pumps will give better satisfaction lifting from 22 to 25 feet. There are many things to be considered in locating steam pumps, such as the source from which the water is obtained, the point of delivery, and the quantity required in a given time; whether the water is to be lifted or flowed to the pump; whether it is to be forced directly into the boiler, or raised into a tank 25, 50, or 100 feet above the pump.

When purchasing a steam pump to supply a steam boiler, one should be selected capable of delivering one cubic foot of water per horse power per hour.

No pump, however good, will lift hot water, because as soon as the air is expelled from the barrel of the pump the vapor occupies the space, destroys the vacuum, and interfers with the supply of water. As a result of this the pump knocks. When it becomes necessary to pump hot water, the pump should be placed below the supply, so that the water may flow into the valve chamber.

The most necessary condition to the satisfactory working of the steam pump is a full and steady supply of water. The pipe connections should, in no case, be smaller than the openings in the pump. The suction lift and delivery pipes should be as straight and smooth on the inside as possible.

When the water contains chips, shavings or sawdust, a strainer should be placed on the lower end of the pipe.

When the lift is high, or the suction long, a foot valve should be placed on the end of the suction pipe, and the area of the foot valve should exceed the area of the pipe.

A suction air chamber is a great advantage to the pump when the lift is high.

The area of the steam and exhaust pipes should in all cases be fully as large as the nipples in the pump to which they are attached.

The cylinders of steam pumps should in all cases be oiled before starting in the morning or stopping at night.

Stuffing boxes on the piston and valve rods should in all cases be kept with soft, moist packing, as, if the packing is allowed to become hard and dry, it will flute the rods, inducing leakage, and necessitating repairs.

The air vessel on the delivery pipe of the steam pump should never be less than five times the area of the water cylinder.

When pumps are standing still, idle or out of service in cold weather, all the drain, drip and pet cocks should be left open.—Canadian Electrical News.

The Unit of Horse Power.

The horse power unit was established by James Watt about a century ago, and the figures were settled in a curious way. Watt, in his usual careful manner, proceeded to find out the average work which the horses of his district could perform, and he found that the raising of 22,000 pounds one foot per minute was about an actual horse power. As a method of encouraging business, Watt offered to sell engines reckoning 33,000 foot pounds to a horse power, or one-third more than the actual.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience of a hairdresser, during which time I have experimented with every recommended preparation, not one has (nor, I might say, even all out together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair-dressing without leaving a trace of its use. I use it daily in my hair-dressing place, at Belmoral Hotel, and have yet to find the first customer who was not pleased with it.

Wm. Renwick, M. D., M.R.C.S.E., Victoria, B. C., writes:—"I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding worn-out constitutions, where the ordinary form of administering Cod Liver Oil is not admissible. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy." Keep the Works in good order.

NORMAN, Ont., January 15, 1892.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece; frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

Fungus Growth in Cellars.

To kill fungus growth in the cellar, pour two ounces of sulphuric acid over one ounce of common salt. This generates hydrochloric acid. Close all the doors and windows closely, and do not allow any of it to escape into the rooms above, and do not enter it for 24 hours. Then ventilate from the bottom to the top (this gas is heavier than air, and settles to the bottom) without remaining long in it, and if possible without entering it, as one cannot breathe this acid. It kills all vegetation.

Aconite as a Venom Antidote.

A correspondent from Durango says that formerly about one-half of the children in the city died from the sting of the scorpion; but now nearly all the lives are saved, if taken in time, by the use of a strong tincture of aconite, of which five or six drops are put in a tumbler half full of water and a teaspoonful given at frequent intervals.

A Vast Advance.

An improvement in the preparation of lubricants is a soap, formed by treating wool grease with alkaline lye. This is dissolved in water and filtered, and to this solution another of alum is added, forming a brown precipitate. From this, when dry, lubricating oils of any viscosity may be produced by simply dissolving it in fluid mineral oil.

An Electrical Alloy.

Manganin, which is an alloy of copper, nickel, and manganese, has remarkable electrical properties. Its resistance hardly varies at all even through a range of temperature varying from 15° to 97° centigrade. It thus becomes a superior metal for the construction of artificial resistances.

An Ingenious Frictional Machine.

A Frenchman has invented a new and ingenious frictional machine. Mercury is forced by means of a pump through the pores of a piece of chamois, and electricity in considerable quantities is generated by the friction.

Data of Science.

The telephone has been successfully used in surgery to locate the position of metallic substances in the body, thus enabling an operation to be performed in the right direction at once.

Paper is now being made fireproof, and is extensively used in the construction of dwellings. It can be made of any color desired, and can be polished and worked like most woods.

Recent investigations show that the average speed of the transmission of earthquake shocks is nearly 16,000 feet per second.

WHY THEY SMILE.

Because Bradley's Teeth Are To Be Sold at Auction.

ANSONIA, Conn., May 12.—E. L. Joselyn, dentist, pawnbroker, horse doctor and general dealer in anything, is a character who has made the people laugh for many years. His latest freak is to advertise in The Sentinel that he will sell at auction, at Birmingham, a false set of teeth "now in the mouth of Henry A. Bradley of Derby." Joselyn made the teeth seven years ago, he claims, and says they have never been paid for. Bradley is the laughing stock of the four towns and has consulted a lawyer.

7000 MILES TO MARRY.

A Welsh Girl Makes a Long Trip for the Man of Her Choice.

SEATTLE, Wash., May 12.—After traveling 7000 miles, Miss France Underwood of Wales has been married to D. H. B. Evans, a teacher in the Indian school on the Lummi Reservation. Evans visited Wales, his native place, four years ago, and fell in love with Miss Underwood. At that time he had no prospects and marriage was out of the question. He returned here and with hard work soon had a comfortable home. His bride-elect then left, unattended, for the long trip that has just ended with the marriage.

Don't Monkey With The Snake

It is stated that a rattle-snake cannot bite if held up by the tail. Would you like to put the statement to a practical test? Probably not; but how often do you take far greater risks? A snake-bite is not the only means of introducing poison into the system. If your liver is sluggish, it fails to remove the impurities from the blood which passes through it, and deadly poisons are thus thrown into the circulation, all the more dangerous because they are insidious. If your blood is impure, if your liver is out of order, if you have blotches, pimples, boils or eruptions, "don't monkey with the snake!" Take Dr. Pierce's Golden Medical Discovery, the only specific against all blood-poisons, no matter of what name or nature. It is sold under a positive guarantee that it will benefit or cure, or your money will be refunded.

The Head Surgeon

Of the Lisbon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, confusion, lack of energy, pain in the kidneys, headache, pimples on the face or body, nothing or sunken sensation about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, sunken in the centre, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to men. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LISBON, 24 Macdonell ave., Toronto, Canada.

A Sad Message About Baby That Was Too Late for Father.

ST. LOUIS, Mo., May 13.—Arthur E. Grubb, a newspaper reporter, died from heart failure caused by smoking opium He had been out on a spree with a companion and did not go home all night. Ten minutes after he died his wife called at the office and told them to send him home as soon as he came, as their baby had died the same day. The news of her husband's death was kept from the poor woman as long as possible, but when it was finally told her she became frantic, and fears for her sanity are now entertained.

Well-Known Contractor Dead.

TORONTO, May 13. — Last night Mr. John Carroll, contractor, formerly of St. Catharines, died of inflammation at his residence, 91 Robinson-street, after an illness of only four days. Deceased was well-known by all railway men throughout the province. For the past 25 years he has been contracting, and has helped to build all the big roads that have been constructed during that time. His name is also remembered in connection with the construction of the Welland Canal in 1873, and later on in the enlarging of it. For the past few years he has been engaged in extensive contracts in Utah. His body will be taken to St. Catharines on Saturday morning, where it will be laid beside his wife, who died only two weeks ago.

A Toronto Floater.

TORONTO, May 13.—The engineer of the steamboat Primrose and an employe of Hodson's boathouse found the body of a drowned man about 25 years of age floating in the bay at the foot of Brock-street about 6 p.m. yesterday, having apparently been stirred up by the boats, and had it transferred in the patrol wagon to the Morgue, where it now lies awaiting identification.

A Toronto Fatality.

TORONTO, May 13.—While a gang of 10 men were endeavoring to remove a building in Drummond-place yesterday the building, which had been raised about two feet, suddenly collapsed, burying several of the workmen.

The body of Peter Adams was crushed into a shapeless mass, and Thomas Townsend, Robert Titus and William Mowat were more or less injured.

Adams was a married man, 39 years of age.

Beheaded by a Train.

WATERFORD, May 13.—The mangled remains of William French of the M.C.R. steel gang, working here, were found lying on the track at Five Bridges two miles east of here yesterday morning. How he was killed is not known. An arm was broken, a leg broken and his head cut off, and death must have been instantaneous. He has been working on the steel gang for a month past at Waterford, and yesterday went to Hagersville to get a gun, and was, presumably, walking back to work when killed. He was a single man, 27 years of age, and belonged to Dunwich, Elgin County.

The Face at the Window.

BARRIE, May 13.—Mrs. Walter Shaw, who was arrested on a charge of insanity, has been released from custody, her husband promising to look after her.

The night before her arrest Mrs. Shaw appeared at a number of houses between 10 o'clock and midnight tapping on the window panes and when the female occupants came forward they were frightened into hysterics by observing her ghastly face pressed against the panes.

When arrested at early morning she was wandering round barefooted, clad only in her nightdress and a skirt.

Poisoned the Babes.

WATERLOO, May 13.—Two children of Mrs. Carey, aged 4½ and 2½ years respectively, got hold of a preparation which their mother used as a wash for an affection of some of the nerves of her face and which Mrs. Carey had left standing on the bureau in her bedroom upstairs. The little children went to the room, climbed on a chair, secured the bottle and drank its contents. Death would have ensued had it not been for the fact that the doctor had put a quantity of sweet oil into the mixture, a thing not generally done.

Killed While Delivering a Message.

QUEBEC, May 13.—Yesterday a Quebec Central freight struck and killed Telegraph Operator Odule Lemieux at Weedon station. He was in the act of handing a telegraphic message to one of the trainmen and got too close to the train.

Attacked By a Bull.

KINCARDINE, May 13.—Donald Kerr of the 8th concession, Kincardine, was knocked down by a bull, which gored him, smashed his collar bone and otherwise injured him. Kerr succeeded in catching hold of the ring in the bull's nose and to this he held on, until his dog, after being loudly called for, came to his assistance and diverted the attention of the enraged animal.

Eloped With His Wife's Sister.

KINGSTON, May 13.—John McCullough, jr., who has been farming at Desert Lake for several years, drove to Harrowsmith and sold a team of horses. McCullough said he was going to Manitoba, and started the next day. He left his wife and eloped with her sister. McCullough has been quarrled only a couple of years.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

THE MILITARY CAMP.

THE DATES OF THE ANNUAL DRILLS FIXED UPON.

A Dull Day in the House of Commons—Liberal Caucus—Baroness Macdonald Appears in the House—The Compulsory Voting Bill.

OTTAWA, May 14.—To-day's Canada Gazette contains militia general orders fixing the following dates for militia camps this summer:

District No. 1, London, June 21 to July 2.
District No. 2, Niagara, June 14 to June 25.
District Nos. 3 and 4, Kingston, June 14 to June 25.
District Nos. 3 and 4, Brockville, June 21 to July 2.
District Nos. 3 and 4, Ottawa, June 21 to July 2.
District No. 5, Compton, June 21 to July 2.
District No. 6, St. John's, June 28 to July 9.
District No. 7, Levis, July 4 to July 15.

The Toronto Corps.

The militia general orders contain the usual camp regulations and a number of changes and promotions, amongst them the following in Toronto battalions:

Tenth Royals—To be lieutenant, Second Lieutenant Cesare James Marani, R.S.I., vice A. H. Macdonell, appointed to the infantry school corps; to be second lieutenant provisionally, Arthur Wellesley Croil, gentleman, vice A. C. F. Boulton, promoted. Lieut. Alexander Claude Forster Boulton resigns his commission. Second Lieutenant John William Seymour Corley retires from the service. It was confidently expected that the new major of the corps would be gazetted also, and I understand that the appointment has actually been made, but at the last moment, for some reason unknown, it was decided to hold the announcement over for a while.

Yesterday's Session.

OTTAWA, May 14.—The House was in supply yesterday afternoon and evening up to midnight, and got through a few items in Public Works estimate, although the greater part of the session was wasted in a long and somewhat acrimonious discussion on the item for increased terminal facilities at St. John.

Baroness Macdonald appeared in her place in the Speaker's gallery yesterday for the first time since Sir John's death. She was accompanied by Mr. Hugh John Macdonald and "Jack." The Baroness will remain in Ottawa some time longer and then go to River du Loup for the summer with the Hon. Mary Macdonald. About September they will go to Banff.

LIBERAL CAUCUS.

To Fight the Redistribution Bill—Mr. Devlin's Home Rule Motion.

OTTAWA, May 14.—The third Opposition caucus was held yesterday, at which it is understood it was again determined to fight the redistribution bill. The only other business transacted, was the acceptance of two resolutions to be moved by Messrs. Armstrong and Devlin, of which notice is given to-night. Mr. Armstrong's motion is that the Northwest Assembly should, after the next elections there, be given power to deal with the subject of education and the use of dual language in the courts and the Assembly.

Mr. Devlin's motion reads: "That in the opinion of the House of Commons of Canada the time has arrived when a substantial measure of Home Rule should be granted to Ireland, and this House expresses the hope that at the approaching general elections in the United Kingdom a majority will be returned to Parliament pledged to enact a measure which, while safeguarding the unity and interests of the British Empire, will satisfy the legitimate and national aspirations of the Irish people by granting to them a parliament with jurisdiction over all matters of a local character." The motion will probably come up on Monday.

The Criminal Law Amendments.

OTTAWA, May 14.—At a meeting of the Joint Committee on the Criminal Law bill Friday some 557 clauses were passed. An important question was raised as to whether the Dominion Parliament had the right to give jurisdiction to criminal courts. Some members of the committee, which, it may be mentioned, sat with closed doors, held that this power belonged to the provinces. The question was allowed to stand as Sir John Thompson was not present.

Chit-Chat of the Capital.

Inland Revenue account during April was $693,613.

The return of James A. Lowell for Welland will be gazetted to-morrow.

Deposits in Government Savings Bank for April were $230,919, and withdrawals $363,-264.

R. S. White, M.P., left for the West to-night on a visit to his constituents in Cardwell.

Messrs. T. E. Kenny and J. D. Edgar went west to-night with Mr. Van Horne and will visit British Columbia.

Notice is given of application for letters patent incorporating the Johnston and Johnston Company for the manufacture and sale, by wholesale of drugs, etc., headquarters Toronto, capital $20,000.

Compulsory Voting.

OTTAWA, May 14.—A meeting of the subcommittee appointed to consider Mr. Amyot's bill regarding compulsory voting was held again yesterday, when the bill was reported.

The principal changes made to the bill were that anyone who had religious scruples against voting could give the same as a reason and not be compelled to vote.

An elector also could have his name struck from the list at the final revision by stating that he did not want to exercise his franchise.

Trains Delayed by Caterpillars.

RALEIGH, N.C., May 14.—Caterpillars are so thick in the southern part of the State as to delay trains on the North Carolina Central Railway, just as they did a year ago. The trains have again killed many, but the vast body has marched into Columbia, Bladen and Robeson Counties.

43 Victims, 50 Fatherless Children.

ROSLYN, Wash., May 14.—The remaining bodies of the miners who lost their lives by Tuesday's explosion have been taken from the shops, making a total of 43 men who perished.

About 200 children have been left fatherless by the disaster.

The Body Identified.

TORONTO, May 14.—The body found floating in the lake Thursday has been identified as that of Michael Kelly, son of Capt. Kelly of the schooner Dundee. How he met his death is not known, but it is thought he jumped into the lake while at work on the Northern dashes.

A COLUMN OF CANADIAN

AN OLD MAN'S TRAGIC DEATH AT GALT.

Two Infants Drowned—Mysterious Death of a Young Woman at Orangeville—Tore His Leg Off—Fell Dead After Taking Up the Collection.

GALT, Ont., May 14.—Henry O'Neil, aged 50, formerly a blacksmith at Preston, was arrested Thursday on a charge of drunkenness and placed in the lock-up. Four hours later he was found dead.

An inquest was held, when the result of the post mortem was made known, but it threw no light on the cause of death, all the organs being in a healthy condition.

It came out that O'Neil bought a bottle of medicine from Dr. Robinson of St. Jacob's about 1 o'clock yesterday and came to Galt by train, arriving here about 5 p.m. When O'Neil was arrested he had the bottle in his possession, which was about one-third full, but when the constable found him dead the bottle was empty.

The coroner's jury brought in a verdict that O'Neil came to his death by taking an overdose of a drug administered by himself, not knowing that it was poisonous.

Bank of Montreal.

MONTREAL, May 14.—The Bank of Montreal statement, giving the results of the year's business up to April 30, was issued this afternoon.

The statement shows the profits on the year's business to be about 11½ per cent.

The profits for the year ending April 30, after deducting charges of management and making full provision for all bad and doubtful debts, were $1,325,887.03, which, added to balance of profit and loss account on April 30, 1891, $439,728.30, makes a total of $1,765,615.33. From this amount have been deducted two dividends amounting to $1,200,000, which leaves a balance of profit and loss carried forward of $565,615.

The statement is looked upon as satisfactory, showing as it does increased profits on the previous year.

As it is several years since a bonus has been given, it is expected that in view of the increased profits the directors will be able to give a bonus this year. The annual meeting takes place on June 5.

QUEBEC, May 14.—Shortly after 7 o'clock last evening a young girl about 14 years of age, named Julie Galarneau, daughter of George Galarneau, mason, of Beauport, went into the Beauport church to attend the month of May service. She had assisted in the taking up of the collection at the service, and was just re-entering her pew again when she suddenly dropped dead.

A BABY DROWNED.

Its Mother Finds the Lifeless Body Floating in the River.

COLCOONK, Ont., May 14.—About dusk last evening the 2-year-old son of Mr. W. H. Brown toddled down to the bank of the river, walked out on a plank that was placed in position for the convenience of dipping up water, and accidentally fell in. The anxious mother in a few minutes missed her boy and rushing down to the river, which is but a few paces from the dwelling, there beheld the lifeless form of her little one.

Assaulted Ladies.

SARNIA, Ont., May 14.—Andrew Crawford, first deputy-reeve, was arrested last night on a charge of assaulting Miss Frances Johnston, daughter of Dr. Johnston, and yesterday another complaint has been made against him for assaulting Miss Annie Fleming, daughter of M. Fleming.

The two young ladies were walking along the street last night about 8 o'clock when Crawford, who was under the influence of liquor, met them. He took Miss Johnston by the throat, then struck her in the face and knocked her down. He also struck Miss Fleming and is said to have dragged Miss Johnston along the sidewalk and threatened to cut her throat.

The Sad Fate of Julia McRae, an Orangeville Woman.

ORANGEVILLE, May 14.—An inquest was opened last night on the body of Julia Ann McRae, aged 22, who died suddenly at the Globe Hotel yesterday, and concerning whose death many rumors are rife.

Her last words were about her lover, a young man of this town. Miss McRae made an ante-mortem statement last week, but it has not been made public. Her parents live at Prioeville, where she was raised, and she came to Orangeville four or five years ago.

Methodists Ask Help.

OTTAWA, May 14.—This morning Premier Abbott and Mr. Dewdney were waited upon by a deputation made up of leading Methodist Senators and members of the House of Commons, whose mission it was to request that the Government make a grant in aid of the mission homes and schools carried on in Manitoba, Northwest Territories and British Columbia by the Missionary Society of the Methodist Church of Canada. The usual answer was given to the delegates.

An Extraordinary Suicide.

MONTREAL, May 14.—In the parish of St. Antoine Abbe, County of Chateauguay, a young farmer committed suicide in an extraordinary manner. After working in a field for a time, he unharnessed his horses and led them to a large tree in the centre of the field. Around this tree he passed a stout cord. With one end he securely bound his feet and, laying down with his feet towards the tree, he made a slip noose on the other end, which he passed around his neck. He then fastened the slack of the cord to the trace, and, the preparations for suicide completed, he started the horses. Readers can imagine to themselves what happened. The unfortunate was strangled and almost decapitated. It was the father of the suicide who discovered the body of his son as he was returning from a neighboring wood.

Drowned in a Cistern.

LISTOWEL, Ont., May 14.—Emma, the 2-year-old daughter of Samuel Dipple, Bismarck-street, tumbled into a cistern which had been left uncovered, and was drowned.

Another Boiler Explosion.

DUNNVILLE, Ont., May 14.—This morning the boiler in Winslow's mash factory exploded, completely destroying the building. No loss of life occurred. Damage about $3000.

Still Loyal to Gladstone.

EDINBURGH, May 14.—Lord Rosebery declared last night that he had re-entered political life in order to dispel rumors that his silence was due to a want of loyalty to Mr. Gladstone or the Gladstonian policy.

STILL ANOTHER HORROR.

SCORES OF HUNGARIAN MINERS KILLED.

A Waterspout Bursts, Flooding Numerous Collieries, and the Miners, Unable to Escape, Perish Miserably—The Dead List Will Be Enormous.

PESTH, May 14.—An immense waterspout burst in the neighborhood of the collieries situated in the city of Fonskirchen, the capital of the County of Baranya. The huge volume of water inundated the surrounding country and poured in great streams into the mines flooding them in a very short time and causing terrible loss of life.

The water poured into the mines so quickly that the unfortunate men who were engaged at work in the lower levels received no warning of their danger, and before they had a chance to escape they were struggling in the torrents which had almost instantaneously engulfed them.

They struggled desperately to reach the shafts or any parts of the mines which seemed likely to afford them a place of safety, but the water rapidly rose higher and higher, and in a short time every avenue of escape was shut off and the men perished miserably.

The water did not reach to the upper levels and the miners working in these portions of the mines made their way to the surface as quickly as possible.

The Work of Rescue.

Thousands of miners and others at once set to work to recover the bodies of the men in the flooded levels.

Every pit was speedily surrounded by men, women and children, and heartrending scenes were witnessed as the bodies were brought up.

It is known that 22 men are dead in one pit alone, and that many more have lost their lives in the other pits. Owing to the great excitement which prevails in the place it is impossible at present to obtain an exact list of all the dead, but it will doubtless reach startling proportions.

EATEN BY CANNIBALS.

Awful Fate of an English Settler in the New Hebrides.

MELBOURNE, Australia, May 14.—The system of dual control of the New Hebrides agreed upon between the French and English Governments works anything but well, and the natives have grown aggressive. This resulted in the recent murder of an Englishman named Sawers by the natives. Sawers and a man named Malcolm went from Victoria to the New Hebrides and bought a plantation near the French settlement. Sawers was murdered by the natives who were employed to work for him without the slightest provocation. Malcolm managed to escape to the mission station of Tangoa, two miles distant. Sawers' body was carried off by cannibals for food.

HEAVY DAMAGES FOR LIBEL.

The London Correspondent of The New York World Salted.

LONDON, May 14.—In the case of Mr. and Mrs Ivan Cargill, otherwise Tilkin, Mrs. Cargill being better known as Miss Geraldine Ulmar, against E. Tracy Greaves, London correspondent of The New York World, for libel, the jury this afternoon returned a verdict against Greaves for £1000 damages.

The libellous article was published in The New York World in October last as a despatch from London, and suggested that Mr. Cargill, who had been married to Miss Ulmar in the March previous, thought of instituting proceedings against his wife for divorce on the ground of alleged intimacy with Mr. Horace Sedger, manager of the Lyric Theatre, at which both Mr. and Mrs. Cargill were engaged.

No attempt was made on the trial to establish the truth of the libel, the defence presented being that Mr. Greaves was not responsible either for its authorship or its publication.

IMPOSING FUNERAL.

France's Minister of the Interior Makes a Speech at the Grave.

PARIS, May 14.—The funeral of M. Very, proprietor of the restaurant which was blown up by the Anarchists and who died at the hospital from wounds received, took place yesterday. It was attended by an enormous concourse of people.

M. Loubet, President of the Council and Minister of the Interior, delivered a speech at the grave. He said M. Very was the victim of his courage in denouncing Ravachol to the police. In a money sense the widow and daughter of the dead man, both of whom had been injured in the explosion, would not suffer, for the Government would make ample provision for their care and maintenance.

M. Loubet severely denounced the Anarchists. The Government, he said, would show itself equal to the task of defending society, which was threatened by these men.

An Organized Vendetta.

LONDON, May 14.—The Chronicle's Paris correspondent says: "A circular of the Anti-Anarchist League, now conducting a well-organized vendetta, declares that it is the intention of the league to compass the murder of some well-known Anarchists for every future Anarchist outrage by means of the knife, poison, vitriol."

A COUNTESS FIRED AT.

Count Kinsky Offers a Reward for the Arrest of the Offender.

PRAGUE, May 14.—Count Octavio Kinsky offers a large reward for the discovery of a person who fired through a window of a huntsman's lodge where Countess Kinsky was waiting for the early dawn to go shooting.

It has been the Countess' custom to take part in midnight deerstalking and capercailzie shooting.

She had received a number of menacing letters in a feminine hand, the last of which warned her not to enter the lodge that night.

ULSTER CONVENTION.

The Conviction Strengthening That It Will Be a History-Making Event.

LONDON, May 14.—Mr. J. W. Lowther, Parliamentary Secretary of the Foreign Office, speaking at a public gathering last night referred to the expressed belief that Ulster would evoke the aid of English loyalists, and said that the result would be that the world would see the sternest contest that had occurred since England was created a nation. On the whole the conviction strengthens that the Ulster convention will be a history-making event.

He is Well Known!

His Looks And Actions Indicated His Condition!

We cannot help pitying the poor dyspeptic mortal who passes us on the street. His condition is a sad one, more especially if he has become nervous and sleepless. There is no mistaking the nervous and dyspeptic man or woman. There is something in the countenance that betokens suffering, agony and grief. The sallow, hollow cheeks, the sunken and unsteady eyes, the nervous and irresolute gait, are all true indications of silent misery.

Could all such sufferers be reasoned with in a quiet and calm way, they would at once be convinced that, to go on in their present dangerous course, means sure death. When physical strength is nigh worn out by sufferings of the nervous system, the end is not far off; the yawning gulf that separates us from death, comes nearer to view every day. Happily there is escape—rescue—deliverance, if the true path is followed. There is a road that leads from present misery to health, joys and blessings. This road is open to all who have decision and stability of character. This safe, sure and life-giving avenue is Paine's Celery Compound. In other words this remedy is the agent that takes the sufferer (no matter how bad his or her condition) and leads on to the safe haven of renewed life.

Surely this is a blessing that the weary, wretched and suffering should not ignore or belittle! It is a matter purely of life or death, a most serious subject to contemplate. Are, you, reader, fully aware of its import? Your many friends will gladly tell you what Paine's Celery Compound has accomplished for them; they will tell you of the many wonderful—almost miraculous—cures that have been wrought by the great remedy in this Canada of ours. Thousands have the pleasure of knowing that Celery Compound was their salvation and cure when hope in life had almost fled forever. Let it be your portion—your privilege—to experience the same good results.

New Grease Removing Method.

Manufacturers of cloth material have lately resorted to a new method of removing grease and fatty matters from the same. Briefly, the material is passed through a volatile solvent in a closed vessel, from which the solvent that is used runs to a still or retort, its distillate being condensed and returned to the closed vessel; the solvent remaining in the cloth after treatment is expelled by heat, condensed, and also returned to the closed vessel. In the apparatus the fabric is passed through a closed vessel containing the solvent, by means of two sets of rollers arranged in three separate compartments, and at each partition is a set of squeezing rollers through which the fabric is also passed. On leaving the tank, the cloth passes into a closed heated chamber, in which it is led around a series of steam-heated drying cylinders, the vapors coming from the latter chamber being condensed into another chamber—to which it is connected by a hood or tapered pipe—escaping from this by a third chamber or receiver, and conducted therefrom to the closed tank. The flow of the solvent escapes to a retort where the vapors are condensed by the steam, and thence led to the receiver and back to the closed vessel.

Death Followed Tooth Extraction.

WINDSOR, May 13.—Mrs. F. Wilkinson, aged 72, died at the residence of her son-in-law, J. G. Stewart, yesterday. About two weeks ago she was troubled with an ulcerated tooth. A week afterwards the tooth was extracted and blood-poisoning set in.

The Smart Walking Hat.

An illustration of this hat is here given. It is of black English straw with a low square crown and a narrow brim that curls up at each side. This brim is smoothly faced with black velvet; about the crown and within half an inch of its top is a band of heavy white satin ribbon, a dead white being chosen; this is drawn to the front and is there arranged in two very narrow stiff loops with a long paste buckle, the ordinary square shape, glittering between them. If this one were a white hat its trimmings would be black and the buckle would be of finely cut jet. Undoubtedly these hats will be popular, and as they are easy to assume, and hide any disarrangement of the bang, it is not very difficult to discover the reason for the general liking accorded them.

Dangerous and Prevalent.

The fact cannot be concealed that suffering and disease is terribly prevalent in our land, owing to a disordered condition of the kidneys and liver. From an inactive condition of the kidneys and sluggish liver, the blood becomes impure and clogged, and proper digestive vigor is out of the question.

The secretory system must be in perfect order if health and strength are looked for. To bring about desired results, one sensible course of treatment is recommended—the use of Kidney-Wort. This great kidney remedy is one of the oldest and best tested medicines ever given to sufferers, and in thousands of obstinate cases it has effected permanent cures.

Kidney-Wort is now recognized by the medical profession as a standard remedy. Do not suffer longer, reader, while such a curative power is near.

If your druggist does not sell Kidney-Wort, send one dollar, and a large package, put up in dry vegetable form, will be sent by mail.

Kidney-Wort is also sold in concentrated liquid form; this, however, cannot be sent by mail.

The Sewerage System Reconsidered.

To the Editor of the Examiner:

DEAR SIR,—Your kindness on a former occasion in publishing some remarks of mine on the question of town sewerage, leads me to hope that you will find room in your paper for the following on the same subject.

Had anything meantime arisen worthy of notice, or pertinent to the engineering aspect of the project, I probably would have had a word to say, but as nothing of the kind came to my attention I let the matter rest.

Now, however, that a special report has been made by the engineer, and received and adopted by the town council, there is something tangible, if not inspiring and hopeful to talk about.

In my former letter I confined myself mainly to the consideration of the best location for the outfall sewer, and my opinions then expressed are still extant in my mind, and strong in my belief.

Although the field of inquiry and comment widens as one examines into any subject—and the one before us is no exception—I do not, in this article, propose to depart much from the discussion of the same branch of the question—that involving the superior natural position of either Aylmer or Park street, over Lock street, for the outfall sewer.

Of the whole system of sewerage, this point of wisely deciding upon the outfall site, is perhaps the most important, as upon its position and connection with the general plan will, in a large measure, depend the efficiency, smooth-working and

COMPLETENESS OF THE SEWAGE PASSAGE TO THE RIVER,

which is the supreme object in view.

There cannot, I think, be any reasonable doubt in the mind of any sensible, practical, unbiassed man, that the trunk or main sewer of any city should, where practicable, be carried through to the *discharge* point, in as economical, direct and central a line—one to serve the largest area from both sides—as the nature and configuration of the ground admits.

In the situation of our town the grounds and surroundings of our town are eminently favourable toward attaining this end, and it seems to me that the engineers and council who disregard these advantages will have incurred a responsibility vastly greater than they seem at present to realise.

I regret, indeed, that I cannot,—especially in regard to the location of the outfall sewer—agree with the views of Messrs. MacDougall and Belcher, and if, in the course of discussion, now or hereafter, my opinion should conflict with theirs, I would ask them to believe that I give my views in the strong conviction of the soundness of my position, and in obedience to what I conceive to be my humble duty in the interests of the people of Peterborough.

I have read Mr. MacDougall's late report to to the town council. I quite concur in the wisdom of substituting iron pipe for brick sewers, though under certain circumstances I have a preference for the egg-shaped form of sewer. Brick sewers unless of the best material and workmanship, and puddled all around, would not be reliable or suitable to the porous subsoil which largely composes the bed of the town. I do not concur in, nor do I accept, Mr. MacDougall's *a, b, c,* as orthodox doctrine. He says:

"LOCK STREET WAS CHOSEN FOR THE OUTFALL because it is the shortest line to the river." Yes, from the head of Lock street it is. With all respect for Mr. MacDougall, I submit he has not put this thing fairly. He does not speak of the round-about way he gets to the head of Lock street, from which he conveniently counts his "shortest line to the river." The shortest line to the river should manifestly be counted from the foot of the main sewer at the intersection of Aylmer and Lake streets. The sewage gets to that point and it should not be turned back from it. It is the common central point from which the distances to the river, either by Lock, Park, or extension of Aylmer street should now be properly computed. That point is there. It is fixed. The sewage gets there, and the object should be to get it to the river by the most direct and shortest line, that would at the same time drain the largest area on the way, and carry off most directly and effectually the sewage of the town and that part of it in the south-western suburbs that is growing up so rapidly.

Mr. MacDougall overlooks the distance of 1126 feet that he makes in getting from the foot of Aylmer to the head of Lock street, and he passes over, without a word, the three acute angles encountered in that distance, around which all the sewage of the town, diverted from its natural trend towards the river via Aylmer or Park streets, is made to pass. It is said that curves will be put in at the acute angles and the difficulty about them get over in this way. The difficulty or obstruction to a free flow of the sewerage will be lessened only. Curves will ease the flow but they cannot mend the principle. Where

ACUTE ANGLES CAN BE AVOIDED,

as in the case before us, they should be avoided. No two leading contiguous sewer lines should meet in an acute angle, no matter how curved together. Under the most favourable conditions, viz., where sewers intersect at right angles, choking sometimes occurs. I would strongly recommend that curved junctions be employed in every instance, but in fact and principle a curve around a square angle is quite a different thing from that around an acute one.

It has, I understand, been urged in favor of Lock street that rapids are in the river where it strikes it. This is a mistake. There are no rapids at the place. During winter it is always used as a crossing place for teams. On the 25th of March last the river here was frozen solid, and teams crossing it, while lower down it was open water, far above and below Park street, about 60 or 70 yards below Park street is a visibly strong current, and about the same distance farther on there is quite a southerly bend in the river, leading directly away from the foot of Park street. It is a cardinal principle in all drainage and sewerage engineering to seek the lowest practicable level or outlet and for city purposes, not only the lowest but, for obvious reasons, the most distant consistent with economy and usefulness. As a line for effectual sewerage, capable of economically draining the largest area, a result to be expected from all sewers, I consider Lock street of all the streets leading to the river, the least eligible. It discharges at one side, and at the wrong side of the town, into the highest accessible point of the river, and consequently on the flattest and densest grade, increasing the least velocity and self-cleansing power. For nearly 700 feet of its length along the bank of the Little Lake the outfall by Lock street

WILL NEVER HAVE ANYTHING TO DO

from the lake side, and for the balance of the distance to the river, about 3,440 feet, can get but little work to do from the small area on the same side. There is comparatively less of a current where it strikes the river than at Aylmer or Park streets.

The actual distances to the river from the common point as the foot of Aylmer street are, via Lake and Lock streets 5328 feet; via extension of Aylmer 4920 feet, being 408 feet shorter than via Lock and via Park street, 6137 feet.

There is another feature in the plan arrangement hereabout that must have escaped the attention of the engineers, but nevertheless, one which I think demands some notice.

Calling the point of intersection of Aylmer and Perry streets A, and of Lake and Lock streets B, the length of main sewer required to be constructed between these points by the plan is, via Aylmer and Lake 1680 feet, via Perry street it would be 1300 feet, making a difference in favour of Perry, and against the plan, of 380 feet. In addition to this difference against the plan, it will be seen that the sewage—all the sewage of the town—that has got so far south as the foot of Aylmer street is there arrested, and is made, in its north-east course on Lake street to return back north again 340 feet to get to the head of the charmed Lock street. If in opposition to these facts, Lock street is to be insisted upon, in order to satisfy a caprice, there certainly is no valid reason why Perry street should not take the place of Lake street, and thus secure, at least, right angles to turn upon, save the cost of constructing 380 feet of main sewer, and avoid the egregious blunder of causing 340 feet of sewage back flow. An unheard of piece of engineering in a practically level country.

AS TO SUFFICIENCY OF THE OUTFALL SEWER,

Mr. MacDougall in his late report says:—"A 24 inch pipe will carry off the sewage of 10,000 people with a modification of the present proposed grade on the outfall sewer." He is quite safe in saying this. Col. George E. Waring, to whom Mr. MacDougall refers in his first report, is perhaps the leading authority in America on sewage draining, says:—"When a proper inclination can be obtained, a pipe *18 inches* in diameter makes an ample sewer for a population of 10,000."

As to localisations or grades no town in Canada can show more uniform, even and better grades than Peterborough, and it will be too bad if they are not taken advantage of and properly utilized to the benefit of the system, and to the interest of the people. The capacities of a 24 and 18 inch pipe are respectively 3.14 and 1.76 square feet.

Adopting Col. Waring's ratio, of 18 inch pipe for 10,000 people, a 24 inch pipe, as proposed by Mr. MacDougall, will amply suffice for 18 000 people. Extending this ratio, a 30-inch pipe 4 91 square feet, suffices for 28,000, a 36 inch pipe, 7.06 square feet, for 40,000, and so on.

The capacity of the egg-shaped brick sewer submitted by Mr. MacDougall in his first report, is 5 39 square feet and according to Col. Waring's basis would provide for exactly 30,625 people. This number closely agrees with Mr. MacDougall's 30,000 to be provide for by the brick sewer.

I would strongly and respectfully urge upon the town council to consider the responsibility involved in this matter, to consider well and thoroughly the arguments I have adduced in the premises, and to pause again before committing, in my opinion,

SO UNPARDONABLE A FATUITY

as to adopt Lock street for the site of the outfall sewer.

When the council is prepared to go on with the work, or a part of it, let it be began in the right place, in a central place, where it can serve both sides, and not in a one-side corner of the town.

Let there be no slipshod, haphazard business—no grabbling or evasion about it—what is to be done let it be done well and thoroughly, and amply done at the one time—no after claps.

My humble counsel is to lay in Aylmer (extended) or Park street, a 36 inch pipe, that will strike the river at a point 1 600 or 2,400 feet below Lock street.

Better grades, greater velocity and greatly enhanced scouring and self-cleansing powers will thus be secured, and a beautiful stretch of river—virtually extending from the locks to the bend below Park street—will be preserved from the suspicion of sewage pollution.

The difference in cost between a 24 and 36 inch pipe, although an item of course, is not very great, and only in first cost. Only one trench, only one foot wider than for a 24 inch pipe, will be required. The labour and handling will not be unduly added to. The ultimate working efficiency obtained, and the saving of cost of other pipes, trenches, etc., will more than pay for present outlay and interest.

Whatever it may be, let the work be commenced with this object in view, and when it is completed Peterborough will, with respect to its outfall capacity, have a sound, substantial, satisfactory and effective system of sewerage, capable of amply providing for the needs of 40 000 people.

In conclusion, permit me to say that, if in the foregoing observations, and the figures and facts I have given, I have helped to throw any light on the important question, or to contribute to a popular and better understanding of it, I shall deem myself sufficiently rewarded.

Thanking you, dear sir, for space,

I am, yours truly,

J. W. FITZGERALD.

Removing a Prejudice.

"I never bought ready made clothing before," remarked a lady to us in our store this morning. "I always have had my boys measured for their clothes, believing that no ready-made clothing could be got to fit them, or wear so well. But I have heard a good deal of talk about you manufacturing all your own clothing, and making as good a boy's suit as the tailors can do, so I thought I would just come and see for myself." We told her that we were glad she had come in, and would soon remove her prejudice. She selected her suits without difficulty; was surprised at the material, fit, and especially, the price, and went away pleased and satisfied. All others who may think as our lady customer did, we cordially invite to come and do likewise. GRAFTON & Co. 1d1w

CLUB SWINGING, PHYSICAL DRILL.

The Dog Nuisance.

The most indifferent observer must notice that about only four out of ten dogs one sees on the streets, are provided with the license to live in the shape of tags. The other morning five dogs, one or two as large as a shetland pony, were noticed gamboling and rushing about riotously over the tulip beds in the middle of the park, and of the five only two were tags. The citizen who noticed them went back from the course he was taking on business and talked the fact to the police station with the intimation that these untagged dogs presented splendid chances for an effective shot, and was met with the information that "we have no gun!" Isn't the dog by-law a good deal of a humbug? Why should persons who own dogs they consider worth paying license for, be called upon to pay—and to actually pay—their dues, while mongrel curs, not worth a cent, let alone a dollar, are allowed to be exempt. Fair play would make all pay alike. During the season dogs invading Court House park, counting damage and extra work, cost the Horticultural Society scores of dollars of unnecessary outlay.

An Idiosyncratic Individual, Indeed.

There appeard at the police court this morning one of the most idiosyncratic individuals that has ever stood before the local bar of justice. He was a veritable tramp dirty, foul and stinchy. He was charged with being an idle person without fixed place of abode or visible means of support, a vagrant, contrary to the statute in that behalf. He would not give his name to the police and when asked by the magistrate, if guilty or not guilty of the charge, he made no reply except an incoherent sound which evidently came laboriously from the lungs. When the magistrate threatened to give him six months in the Central he acted as silly as a ninny and seemed to manifest the utmost nonchalance possible. He was remanded by the Court for a week, and in the meantime will spend a week at Castle Nesbitt. The police think the man is a fakir. He was arrested yesterday afternoon by officer Adams while lounging around Smithstown Hill.

—Street Inspector Pope is laying a fine block crossing down on Murray street in front of the drill shed. It runs to the shed doors and will be of great convenience to the volunteers.

—The proverbial neatness of the Snowdon House externally, is emphasized by the addition of 19 handsome awnings, which have been put up by Messrs. J. J. Turner & Son, who also shipped a large awning to Picton and one to Deseronto to-day.

—In conformity with a resolution passed at an adjourned meeting of St. John's Church the kneeling boards of the church have been altered and shaped to suit the better convenience of worshippers, and at the same time facilitating the cleaning of the church.

—The G. T. R. has issued a new notice regarding baggage. It says:—Passenger are entitled to seat room for one. Baggage and parcels that cannot be placed under car seat or in the passenger's portion of the parcel bracket, must not be taken into the car. All baskets, baggage and parcels that cannot be stored as above, if taken into the car will be removed.

—The secretary of the Board of Trade sometime ago in response to a request from the people in Barkton on the C. P. R., wrote the management of that road to secure market tickets on Wednesday and Saturday to Peterborough. A reply has been received stating that the request will be granted, commencing on May 21st. There is nothing like being alive to every chance of doing business.

—It would be well for our merchants not to drop their window blinds on the 24th of May, the same as if the day was Sunday, thus giving the town a very funeral aspect. On a holiday everything should appear bright and happy, and our merchants should display all their goods and make them attractive as possible, not shutting out the gaze of the thousands of visitors which will be coming to Peterborough by dropping their sombre window shades.

Personal.

Mr. and Mrs. M. Hagarty of Bay City, Michigan, are in town on a visit to their nephew, Mr. J. P. Harley, King street.

Mr. R. H. Lithgow of Pete Simons & Co., merchant tailors, leaves in a few days for the Rocky Mountains. He may locate in Vancouver, B.C.

Mrs. H. Phelan arrived home from Ottawa yesterday where she has been for the past two months attending her father, Mr. R. Nagle, who has been very sick but is now recovering.

Mr. W. Brick, principal of the Murray street Separate school, has been appointed, as representative of the Separate schools, a member of the Belleville Board of Entrance Examiners.

It is expected that Mr. C. W. Wray, senior freight clerk at the C. P. R., who has been suffering for some weeks past with inflammation of the lungs, will be able to resume his duties about the first week in June.

Mr. Robt. Waddell while working a piece of machinery in Mr. Sammuel Bittle's cheese box factory yesterday afternoon had the misfortune to have his hand slip. He sustained a severe cut on the thumb of the right hand. The member came within an ace of being cut off.

Bridgenorth.

Opening of the New Forester's Hall.

The members of Court Bridgenorth, No. 315, opened their new hall Friday evening in an appropriate manner. There was an open court and installation of officers. The latter were installed by Bro. H. Nesbitt, D. D.H.C.R., assisted by Bro. Lebourveau, as Grand Marshall. This was followed by an entertainment, over which Mr. John Telford, C.R., presided. The town contributions to the fine programme presented included an address on the aims and objects of Forestry by J. R. Stratton, M.P.P.; reading by Mr. A. Clegg; song by W. Harris, concertina solo by Mr. Miller. There was a large attendance and a delightful and profitable evening. Those present from Peterborough, besides, were Messrs. R. R. Hall, W. G. Lock, Mr. Ross, Dr. Rose, A. D. Russell Dr. and Mrs. Scott, Dr. Yelland. The Court was organized a year ago with a membership of 16. This has grown to 33 with as handsome a rural hall as is to be found anywhere.

The Absorbing Game.

Lakefield and Peterborough Play the First Football Match of the Season—The Home Team Win by 2 goals to 1.

The first football match of the season took place at Riverside Park yesterday afternoon between Lakefield and Peterborough. As the first match of the season it resulted auspiciously for the future of the home team.

The following are the names of the players and their respective positions:

PETERBOROUGH.		LAKEFIELD.
P. Roome	goal	W. W. Grant
P. Goldsmith	backs	H. A. Lempier
W. Kearns	backs	John Norcott
H. Trenier	halves	A. V. Hill
H. Kent	halves	A. Mann
W. Thompson	halves	K. Grant
E. Wasson	right	A. Dion
J. Norris	wing	B. Irwin
G. Hay	left	H. Fitze
W. Hendron	wing	S. Redpath
D. McCabe	centre forward	T. Redpath
W. A. Sanderson	goal judge	John Medill

The game was a quiet, orderly and peaceful one throughout. Play began at three o'clock and for the first three-quarters of an hour the battle raged largely in favor of Peterborough. Although the boys have done no practicising this year, they played well together and kept the pig-skin in too uncomfortable closeness to their opponent's goal all the first half. Hay secured the first goal for the town boys about five minutes after the game commenced. It was a kick from centre. About twenty minutes later, D. McCabe, the clever forward, again sent the sphere bounding between the poles by a free kick from the centre. In the second half the Lakefielders seemed to wake up and play a more united game. During this half they gave the Peterboroughs a hard brush and made many shots upon the goal of the opposing host. They scored their only goal about five minutes after the game started, made by T. Redpath from centre. For Peterborough Messrs. Hay, Wasson, Goldsmith, Hendron and McCabe did good and effective work. For Lakefield T. Redpath and Capt. Hill did fine playing. K. Grant and S. Redpath, for young players, have a future before them in the foot ball field. So amicably was the match played that no referee was engaged, the boys settling all disputes, and happily there were none, without him. The return match will be played on Tuesday afternoon when the Peterboroughs will go to Lakefield to play.

Dep. Sheriff Wheeler

Does Not Care to Live

If He Cannot Have

HOOD'S

Sarsaparilla

It would be difficult to find a man better known in the vicinity of Burlington, Vt., than Mr. R. D. Wheeler of Winooski Falls, the efficient Deputy Sheriff of Burlington county. He says:

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs: If Hood's Sarsaparilla cost

$10.00 a Bottle

I should still keep using it, as I have for the past ten years. With me the question as to whether life is worth living depends upon whether I can get Hood's Sarsaparilla. I don't think I *could* live without it now, certainly I should not wish to, and suffer as I used to. For over ten years I suffered the horrors of the damned with

Sciatic Rheumatism

for if ever a man suffers with anything in this world it is with that awful disease. It seems to me as if all other physical suffering were compressed into that one. I took about everything man ever tried for it but never got a dollar's worth of help until I began taking

Hood's Sarsaparilla

I have taken it now pretty regularly for ten years and have no more pain and can get around all right. I have advised a good many to try Hood's Sarsaparilla." R. D. WHEELER, Deputy Sheriff, Winooski Falls, Vt.

Gun Club Match.

A Keenly Contested Match at Riverside Park Yesterday Afternoon Between Teams Captained by R. Tivey, Captain, and J. D. Collins, Vice-President, Results in Favour of the Former.

One of the best practices which the Peterborough Gun Club have held this year, and also the first match among the members themselves, took place at Riverside Park yesterday afternoon. The match was with nine men each side. The teams were captained by Mr. R. Tivey, captain of the club, and Mr. J. D. Collins, vice-president. The former's men won won by 11 birds. The men in the vice-president's side were, with the exception of one or two, new hands, and many of them had never done any trap shooting before. Considering this, the team made a good stand against the acknowledged ability and enviable record of their opponents. The wind was blowing from the east in gentle zephyrs, and was not too strong. The light at the beginning was strong and shone so brightly upon the barrels of the guns that it was difficult to see the birds. The new regulation trap worked to perfection. The day was one of the finest that could be desired. The club will hold another practice this afternoon at the same place at five o'clock.

Following are the names of the crack shots and the number of birds killed by each in the five rounds which were shot:—

Market Mems.

The market this morning was exceedingly large. The fine weather brought the farmers and their wives to town in great numbers. The grain market is brisk, in oats especially, selling at 30c. per bushel; peas 58c. to 63c., two loads of spring wheat, 80c. (straight); fall wheat 85c. (standard). One load of barley was offered but not sold; 58c. was the highest bid for it. The hay still comes not only only on Saturday but every day of the week, selling at $13 per ton. Potatoes, apples, young pigs, butter and egg were the great staple products of life which filled the square this morning. "Irish apples" brought 35c. to 45c. per bag, while Peterborough canty apples sold at $1 to $1.25 per bag. Live pigs of all kinds shapes, degrees, sizes, breeds and make-ups from 3 weeks old up to six, sold from $4 to $5 per pair. Meats, not much of any kind offered except veal which was there galore; it sold at 4, 5 and 6 cts per lb, pork at 7 and 8½ by the quarter, $6 per cwt.; mutton 7 and 8½, and beef at 5½ and 6½; butter and eggs sold—well, not very fast. Butter all along the line from 17 to 20c per lb, and eggs at 9 and 10c per doz. Chickens sold at 60c per pair, few on sale and smoked hams sold at 10c. Then for the miscellaneous stuff and materials all jumbled together in one conglomerative mass. Here are a few. Soft stove wood $2 50 per cord, horse raddish 5c to 10c per stock, according to size, rhubarb 3c per bunch, tomato plants 10c per box, cabbage plants 30c per bunch, or 20 to 40c per 100, carrots 15c per peck, cabbage heads 30c per doz, onions 5c per bunch, and a long line too numerous to mention. A large crowd congregated around an Indian selling medicine which was the wonder of the world, the marvel of the age and the panacea of all ailments—the medicine of course referred to.

"I Am So Tired."

Is a common exclamation at this season. There is a certain bracing effect in cold air which is lost when the weather grows warmer; and when Nature is renewing her youth, her admirers feel dull, sluggish and tired. this condition is owing mainly to the impure condition of the blood, and its failure to supply healthy tissue to the various organs of the body. It is remarkable how susceptible the system is to the help to be derived from a good medicine at this season. Procuring just those purifying, building-up qualities which the body craves, Hood's Sarsaparilla soon overcomes that tired feeling, restores the appetite, purifies the blood, and, in short, imparts vigorous health. Its thousands of friends as with one voice declare "It Makes the Weak Strong."

Death Defeated!

A TORONTO GENTLEMAN TELLS OF A WONDERFUL CURE!

Physicians, Medicines and Patent Remedies all Failed—Hundreds of Dollars Spent in Vain—A Lady who Often Wished to Die—She Found New Life Through Paine's Celery Compound—Mr. Coxwell himself is Cured of Lumbago of Many Years' Standing by the King of Medicines—Hope for Young and Old.

To-day there is only one honest, reliable and thoroughly tested medicine in the Dominion of Canada; that medicine is Paine's Celery Compound. We would not hazard such a statement, were we not sustained and backed up by the strongest and most powerful of evidences—testimony and proof from men and women who are around us on every hand, and who have no object in making false statements. To-day, Paine's Celery Compound and the marvellous cures effected by it, are subjects of deep interest in every household of our Dominion. At the present time, eminent physicians are not spoken of; patent medicines, sarsaparillas, nervines and artistically made pills are cast to the winds as useless, and the people everywhere are using nature's great remedy—Celery Compound.

Our people who send in testimony are those who have suffered severely; many have for years labored in vain for a cure, and to-day would have been in the arms of death but for Paine's Celery Compound. Those who have suffered longest are the men and women who are eager to give prompt testimony; and are actuated by this noble desire for the good and benefit of their suffering fellow creatures.)

In this day's issue we are enabled to give our readers some facts connected with the marvelous cure of a lady who suffered for many years from dyspepsia and liver complaint, and who was very near the brink of the cold grave.

Mr. Coxwell tells of the excitement that was caused after the lady's rescue from death. The news of the wonderful cure, he says, spread like wild-fire; and he assures us that hundreds of people can vouch for every statement.

Mr. Coxwell says he can speak with confidence about Paine's Celery Compound—he was cured of lumbago of many years' standing by taking a few bottles; and declares it is the best and safest medicine he ever used.

Mr. Coxwell sends us the following letter, written a few days ago when he was in Fievna, Ont.:

"Causing to see one of your circulars while in the back country in which you request any who have been benefitted by your very valuable Paine's Celery Compound to communicate the same to you, I for one am only too happy to add my testimony to the long list of cures which your compound has effected.

In 1890 while in Michigan my business called me to the city of Escanaba. During my stay I was asked to see a lady, Mrs. G. Roy, who had been suffering for years with dyspepsia and liver complaint. Her husband had spent hundreds of dollars in the vain attempt to cure, or even relieve her, but all to no purpose. When I was called in she was in a very weak state, not being able to take any food, not even water would lay on her stomach. She told me she never expected to be better, and often wished to die. I at once ordered your Compound, as I knew of nothing that would cure if yours failed.

I was very much surprised to find that your Compound could not be procured at any of the drug stores in that place; and I at once requested the leading druggist to send for a supply, which he did.

Mrs. Roy commenced taking it as soon as it arrived; and, now after using six bottles she was, I am happy to say, a well woman. Her wonderful cure spread like fire, and every druggist in the place had to keep a stock on hand; and I can not refrain from saying your Compound was the only other medicine had been used in this part of Michigan, as all people in Escanaba can vouch for the above as truthful, for I am well known there. Even in this out-of-the-way place I [illegible] druggist to keep a stock; I have also prescribed it in several bad cases, and am happy to state with good results. I can speak with confidence as I have been cured of lumbago of many years standing by taking a few bottles. It is without doubt the best and safest medicine I ever used.

You are at liberty to make use of this in any way you see fit."

Very truly yours,
ED. F. COXWELL,
112 Bleeker street, Toronto.

Still Some Possibilities.

In view of the wonderful results which have been demonstrated to attend the employment of nickel steel armor plates, a French chemist is now quoted as authority touching a peculiar feature in the case, namely, the elastic properties possessed by nickle steel, and what may be expected to come of it; that is, a number of years spent in investigating the various aspects of the subject have led him to the conclusion that steel alloyed with nickle is destined to play a still greater role in the metallurgical world. By means of a peculiar acoustic method, recently devised, it has been ascertained that steel containing nickel in the proportion of twenty-five to one hundred is perfectly homogeneous and almost completely isotropic; and the incorporation of the nickel with the steel is sufficient quantity, it is found, while increasing the homogeneity of the material, imparts to it an isotrophy which is said to resemble the well-known belles glaces of St. Gobain.

The Irish National League Loses.

LONDON, May 13.—Garrett M. Byrne, M.P., who sued Justin McCarthy and T. P. O'Connor, M.P.'s, for £150 for services as agent in selling the lease of the National League premises at Westminster for £1000, was given a verdict to-day for £120.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. All medicine dealers sell Dr. Morse's Indian Root Pills. dw

As an aid to internal remedies for skin diseases Dr. Low's Sulphur Soap proves very valuable. dw

Turn the Rascals Out.

We refer to such rascals as dyspepsia, bad blood, biliousness, constipation, sick headache, etc., infesting the human system. Turn them out and keep them out by using Burdock Blood Bitters, the natural foe to disease, which invigorates, tones and strengthens the entire system dw

An Enterprising Hotel Man.

It is stated that an hotel man in Toronto has posted up a notice stating that all dinners at his hotel who use Burdock Blood Bitters to tone up their appetite and strength will be charged 20 per cent. extra. We do not know how true this is, but B.B.B. undoubtedly does the work and does it quickly and well. dw

Backache is almost immediately relieved by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Try one and be free from pain. Price 25 cents. dw

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Stubborn children readily take Dr. Low's Worm Syrup. It pleases the child and destroys the worms. dw

No More Bother.

GENTLEMEN,—I have used Hagyard's Yellow Oil for my children, and it cured them—I have never been bothered with them since.

dw REGIE KROWN, Victoria, B. C.

Milburn's Cod Liver Oil Emulsion with Wild Cherry and Hypophosphites combines the curative powers of the pectoral remedies mentioned in the most perfect and palatable form. Price 50c. and $1.00 per bottle. dw

My Burden was Removed.

After years of suffering from piles I found one remedy only to bring me permanent relief—that was St. Leon Mineral Water. I felt its good effects gaining from the start, and in time my old enemy left me, and though now in the "sear and yellow leaf" I enjoy good health, thanks to St. Leon Water.

INDISPENSABLE.—One spoonful of Persian Lotion used with the water when washing every morning is indispensable if you wish to retain your color fresh and rosy. The sun and wind crack the skin and render it more difficult to return to its natural glow if you neglect this precaution. 14

"German Syrup"

A Cough and Croup Medicine.

For children a medicine should be absolutely reliable. A mother must be able to pin her faith to it as to her Bible. It must contain nothing violent, uncertain, or dangerous. It must be standard in material and manufacture. It must be plain and simple to administer; easy and pleasant to take. The child must like it. It must be prompt in action, giving immediate relief, as childrens' troubles come quick, grow fast, and end fatally or otherwise in a very short time. It must not only relieve quick but bring them around quick, as children chafe and fret and spoil their constitutions under long confinement. It must do its work in moderate doses. A large quantity of medicine in a child is not desirable. It must not interfere with the child's spirits, appetite or general health. These things suit old as well as young folks, and make Boschee's German Syrup the favorite family medicine.

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cummins, Esq., a leading druggist of Welland, Ont., speaks for itself;

Messrs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMMINS,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

MIDLAND, May 13.—An inquest will be held yesterday on the body of Mrs. Jackson, who died suddenly the other day and is supposed to have committed suicide by poisoning herself.

Why He Went Insane.

JEFFERSONVILLE, Ind., May 13.—Marion Saynes, treasurer of Port Fulton, submitted at a recent meeting of the common council his semi-annual report of receipts and disbursements. It was referred to a finance committee, and upon examination Saynes was found to be short 60 cents.

The committee to whom the report was referred thought the deficit due to a clerical error, and the report was returned to Saynes for correction. After repeated trials he failed to account for the shortage, and at the last meeting of the council he notified that body.

A suggestion was offered that he make the sum good. This he would not consent to do, and the hallucination that he had been branded as a thief weighed so heavily on his mind that he is thought to have become hopelessly insane.

What Resulted From Politeness.

WASHINGTON, May 13.—In lifting his hat acknowledging a young lady's courtesy in pinning a rose on his coat lapel at a strawberry festival, Secretary Blaine missed his footing and fell from the steps of the pavilion in which the festival was being held. He was not seriously hurt.

Her Journey Ended in Death.

LINDSAY, May 13.—A domestic named Christina McDonald left the residence of her employer, H. Gladman, to visit her sister and was taken suddenly ill at Wellington street bridge. A passer-by assisted her to a house in the neighborhood, where she died on a lounge before a doctor could be summoned.

Thirty Persons Killed.

BUENOS AYRES, Argentina, May 13.—A large skating rink in course of construction here fell yesterday. Thirty persons were killed. The architect and the builder were arrested.

Died With His Mailbag on.

NEW YORK, May 13.—Fred C. Kinslie, letter-carrier No. 839, fell dead to the walk in Mail-street yesterday just as he was starting on the regular 3.15 p.m. delivery.

Ha my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plaque has become chronic and has merged itself into a disease. Years of experience of a hairdresser, during which time I have experimented with every recommended preparation, not one has (nor, I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair-dressing without leaving a trace of its use. I use it daily in my hair-dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first, only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

SCIENCE & PROGRESS

By means of a new process, auriferous ores are now calcined, it is claimed, with remarkable facility and economy, the principle made use of being that certain compounds will take up oxygen from the air, but will give it up again when in the presence of anything that has a greater affinity for it. The arrangement which accomplishes the desired end consists of an iron furnace, fifteen feet long, conical shaped, and set up on an incline, with the smallest and lowest, and this revolves on friction pulleys; the firebox is under the smaller end of the roasting chamber, the products of combustion circulating along flues arranged round the furnace, not entering the furnace itself, thus avoiding the dilution of the atmosphere within it. The ore is fed in at the wider end of the furnace, and as it revolves the fine particles are raised on shelves and split through the atmosphere, the whole working its way down to the exit at the smaller end. The peroxide, together with fresh air, passes in over the ore at the exit end of the furnace, where the ore is already nearly roasted, and therefore will not rob them of much oxygen, besides being at its greatest artificial heat. As the peroxide and air pass up the furnace, the oxygen combines with sulphur, arsenic, etc., which is in a solid state in the ore, and forms a gas which increases in bulk; the gases and any dust they may bear away pass into condensing chambers under the water, and are drawn into the stack by a fan, the flue dust being thus saved.

Castings From Raw Iron Ore.

Among the recently brought forward processes and applications in the treatment of iron, mention may be made of the castings from raw ore which have so successfully been produced in Australia. An ordinary blast furnace was employed in carrying out this plan, the experiment being made with seventy-five pounds of Tasmania ore, to which fourteen pounds of limestone were added, and the iron ran into pigs, from which castings of various descriptions were made, some of the metal so produced being also put into a lathe to show that it was not too hard for working, the result being that the iron proved to be of the very highest degree of excellence, of exceedingly fine and close grain, and very tough, its usefulness in the various metallurgical industries being thus placed beyond question. The novelty of producing handwriting on iron castings has just been brought to notice by a Boston inventor—accomplished, it appears, by the use of an ink which leaves a substantial and hard body, one that will not be destroyed by molten iron. The writing in this case is done upon ordinary paper and backward, that is, from right to left, instead of the ordinary writing habit of left to right, the paper then being placed in the mould and the melted iron poured over it; the effect of this operation is that the paper is burned away, but the ink is equal to resisting the action of the molten iron, and leaves an indented impression upon it.

"Who hath not own'd with rapture-smitten frame
The power of grace, the magic of a name?"
asks Campbell, the poet, in his "Pleasures of Hope." Pleasures of Hope, forsooth. Many and many a woman knows them no longer. They are in despair about their health. They are run-down, debilitated, suffering from what they know not. It may be dyspepsia, heart disease, liver or kidney disease, any or all of them. The sicknesses of women are cured by Dr. Pierce's Favorite Prescription. That's where the magic of a name comes in. This improves digestion, invigorates the system, enriches the blood, dispels aches and pains, produces refreshing sleep, dispels nervousness and melancholy, and builds up both the flesh and strength of those reduced below a healthy standard. It is a legitimate medicine, not a beverage. Contains no alcohol to inebriate; no sugar or syrup to sour in the stomach and cause distress. It is as peculiar in its composition as it is marvelous in its remedial results. b

Seven Years Suffering.

GENTLEMEN,—I had suffered very much from inflammatory rheumatism, which through wrong treatment left ugly running sores on my hands and feet. With these I suffered for seven years, during which time I had neither shoe nor stocking on. I commenced using B. B. B. externally and internally, using the Pills also, and I can say now that the sores are entirely cured, and have been for some time. I believe your bitters were the means of saving my life.

PAINTINGS UPON SKIN.

A Syrian's Grisly Business—He Offered $10 for a Strip of Hide from a "Floater" in Philadelphia.

PHILADELPHIA, May 14.—The finding of an unknown man floating in the Delaware River, off Fairmount-avenue wharf, has led to the discovery of a most gruesome trade practised by one of the discoverers of the body. The dead man bore upon his arms some perfect specimens of the tattooer's art, and Jacob Zizrachi, a Syrian, who assisted in the recovery of the body, applied for that portion of the cuticle of the left arm which bore an admirable representation of the crucifixion. In the representation of this piece of work the artist showed a master hand. Every detail was perfect.

This was what most attracted the attention of Zizrachi, and he begged and pleaded with the keeper of the morgue to give him the strip of cuticle covered by the picture. He even offered $10 for it, and when told that he could not have it without an order from the coroner he stormed and raved, declaring it to be rightfully his anyway, because he had assisted in the recovery of the body.

Upon being plied with questions as to what he proposed to do with the strip of tatooed cuticle after he got it, Zizrachi said that in Morocco, where he had passed the greater part of his life, there were many dealers in curios who would give him from $10 to $100 for such things, according to the artistic finish of the picture. He had made hundreds of dollars by trading with these merchants, and had learned the secret of properly preparing the skin for framing. The cuticle is first carefully dried and tanned, and is then treated with a peculiar solution of poisonous drugs, which has the effect of bringing into bold relief the pigments used in the tatooing. It is afterward pressed between two plates of glass, and allowed to stand for a month or so, after which it is framed and placed on sale. Many prominent citizens of the larger cities of the orient, the Syrian stated, had the walls of their house decorated with these objects.

In some parts of Arabia, according to his statement, the sheiks of certain tribes always had their own portrait tattooed upon their backs. After the death of one of them the cuticle bearing the portrait was carefully cut away and prepared according to the usual process, and reverently carried from place to place by the bereaved tribe. Zizrachi said that the picture on the arm of the drowned man at the morgue would be worth $50 to $60 to him.

BI-METALLIC CONFERENCE.

France, Germany, Belgium, Italy and Switzerland Will Be There.

WASHINGTON, May 14.—The acceptance by England of the invitation to take part in the International Bi-Metallic Conference brings out the fact that France, Germany, Belgium, Switzerland and Italy will also accept and that this was known to the President and the Cabinet.

LONDON, May 14.—Referring to the acceptance of the invitation of the United States to take part in an international bimetallic conference The Times says: "We regret the course the Government has taken. It appears to be playing into the hands of the politicians in power in Washington. If it were possible by the protocols of a conference to establish a permanent parity between gold and silver the object would be worth effort and sacrifice, but it is as impracticable as it is for a pint pot to hold a quart. The result will only be to keep the silver market and the whole question of the currency in an unsettled state for a long time to come."

The Trade Outlook.

NEW YORK, May 14.—Montreal advices to Bradstreet's are that the prospect does not favor an early expansion of trade, although hardware, groceries and shoes are in fairly active demand.

From Toronto the report is of quiet trade, with orders chiefly to piece out stock, but prices of staples are firm and the outlook is said to be favorable.

Bank clearings at Halifax, Montreal, Toronto and Hamilton aggregate $20,783,000 this week, 6 per cent. more than last week and 10 per cent. more than in the week a year ago.

Business failures in the Dominion of Canada number 36 this week; last week there were 41 and a year ago there were 30 within a similar period.

FIRED A BULLET INTO HER HEART.

Delia Winters Studied a Physiological Chart Before Shooting Herself.

LOWELL, Mich., May 14.—Delia Winters, the 15-year-old daughter of Freeman Winters, shot herself through the heart yesterday.

As a physiological chart was spread on her bed it is supposed that she had studied it to get the exact location of her heart.

She had been confined to her bed several months, and she wrote that she was driven to suicide by pain.

Held Up the Paymaster.

SYRACUSE, N.Y., May 14.—Paymaster Fox and an assistant of the Solvay Process Co. was waylaid and robbed by two masked men in the town of Geddes at 10 o'clock yesterday, while driving to the quarries of the company at Split Rock with the weekly wages of the 230 men employed there. The sum of $2300 was taken.

CHOLERA'S WAVE IN VIEW.

Raging in Asia and Measures Taken to Stem Its Course.

LONDON, May 14.—Another cholera scare is feared. At the request of the various European powers Egypt has been requested to exercise unusual vigilance to prevent that country being traversed by the disease.

It has been demonstrated that cholera's first course is across India, Afghanistan and Asiatic Russia, and its second via Persia, Arabia and the Red Sea ports. Hence has Egypt been appealed to.

Cholera is said to be raging in Asiatic Russia, and a few days ago it was reported to be prevalent in Cabul, Afghanistan.

It is epidemic in the interior of Arabia, and hundreds are dying. At Harrar, where thousands have died, the epidemic is now abating.

Fugitives from the stricken district, arriving at the coast, estimate the mortality at 15,000 during the past fortnight. Commerce is paralyzed, and no caravans have arrived from the interior since the middle of April.

DYNAMITE ON A TRAMWAY.

The Latest Diabolical Attempt of European Anarchists.

BUDA PESTH, May 14.—An explosion occurred yesterday in Andrassy-st., one of the fashionable thoroughfares. No doubt is entertained that the explosion was the work of Anarchists.

An electric railway runs through the street. As one of the cars was rapidly moving along this morning there was a sudden jar, followed by a terrific roar. The shock was very great. At first it was thought that the affair was due to some derangement of the electrical apparatus, but an investigation showed that the explosion had been caused by a dynamite cartridge that had been concealed alongside the rail in such a manner that the flange of one of the wheels would strike and explode it.

A search showed that seven other cartridges had been placed alongside the rails, but that they had in some manner become displaced so the car wheels could not touch them. Thus a terrible disaster was averted.

As it was, the car wheel that struck the cartridge was blown off the axle and the bottom of the car was badly shattered. Nearly all the passengers were severely bruised, but none received fatal injuries.

The Big Relay Race From Chicago To New York Starts Monday.

CHICAGO, May 14.—For the encouragement of the riders who will take part in the now celebrated relay bicycle race from this city to New York, which starts next Monday, two special prizes will be given—one to the man who makes the best average time over a course which is free from impediment and smooth, and the other to the man who, while laboring under difficulties, makes the most meritorious performance. The final 25 miles of the long journey will be negotiated at breakneck speed, and will be finished up in grand style by such universally known cracks as Van Sickien, Roe and Spooner of Chicago; "Billy" Murphy of New York and a dozen or more eastern flyers of national repute.

This speedy brigade will be entertained in princely style at a banquet given by The New York Recorder to signalize the end of one of the most remarkable feats of the century.

The Lottie a Smuggler of Chinamen.

VICTORIA, B.C., May 14.—It is said that the schooner Lottie, reported wrecked, had been chartered ostensibly for sealing, but in reality for running Chinamen from this city into the United States under cover of darkness. She had made one trip. After clearing from the Custom House she lay for a day or two outside and, it is alleged, 30 or 40 Victoria Chinamen, anxious to be landed near San Francisco, were taken on board.

'Twill Be the King of Reservoirs.

PHOENIX, Ari., May 14.—A company was organized for the construction of one of the largest artificial reservoirs in the world. The site is the Box Canyon. The dam is to be 200 feet high and the back water will extend 16 miles to Sierra Anch Mountains, making a capacity of 103,058,040,800 cubic feet of water. The enterprise is backed by New York capitalists.

BAD ECZEMA ON BABY

Head one Solid Sore. Itching Awful. Had to Tie His Hands to Cradle. Cured by Cuticura.

Our little boy broke out on his head with a bad form of eczema, when he was four months old. We tried three doctors, but they did not help him. We then used your three CUTICURA REMEDIES, and after using them eleven weeks exactly according to directions, he began to steadily improve, and after the use of them for seven months his head was entirely well. When we began using it his head was a solid sore from the crown to his eyebrows. It was also all over his ears, most of his face, and small places on different parts of his body. There were sixteen weeks that we had to keep his hands tied to the cradle and hold them when he was taken up; and had to keep mittens tied on his hands to keep his fingernails out of the sores, as he would scratch if he could in any way get his hands loose. We know your CUTICURA REMEDIES cured him. We feel safe in recommending them to others. GEO. B. & JANETTA HARRIS, Webster, Ind.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months. The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. Profits will be a SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS [illegible]

Come and buy now, if you want to reap the great benefit of the commencement of [illegible] which must be taken during the Positive Alteration Sale.

FLOORING
THE CARPETS!

Carpets were made to be put down, and you would think that was what Prices were made for, judging from the way we have put THEM down.

You carpet your floor and we floor our figures. We are not only making a remarkable display of Carpets just now but we are making a revolution in prices as well. We offer values that cannot be excelled by any other house in the trade.

Velvets for $1.15; Brussels $1; Tapestries as low as 25, 30, and 35c., better grades from 50c. to 80c.; Two-Ply Kidderminsters, All Wool Supers worth 35c, for 28c.

Our stock of Imported Portieres, Lace Curtains, Art muslins, Curtain Nets, &c., is so varied and cheap, that personal inspection is necessary to form a correct idea of the great values offered.

Umbrellas Re-covered while you wait.

NO ILLITERATE VOTERS.

A BILL PASSED REPEALING THEIR ENFRANCHISEMENT.

It Looks Like a Stroke Against Irish Nationalists—A Hot Speech from Mr. Sexton—The Motion of Repeal Carried—A Bill on Alien Immigration.

LONDON, May 16.—In the House of Commons Saturday R. G. Webster (Conservative), member for St. Pancras, moved the repeal of the clause of the Ballot Act permitting illiterate voting. He referred to the host of illiterates in Ireland as compared with England and Scotland, and said where the greatest illiteracy prevailed Home Rulers were most numerous and the local agents either priests or National Leaguers.

Mr. McNeal (Nationalist) member for South Donegal, denounced the motion as aiming to disfranchise a section of the Irish and attacking popular rights. The priests, he said, exercised a just and beneficial influence and no intimidation existed. He himself, although a Protestant, had been returned against a Catholic by a large majority. (Cries of "Hear, hear.")

Thomas W. Russell (a Liberal-opposed to Home Rule for Ireland) member for South Tyrone, supported Webster's motion.

Thomas Sexton (Nationalist), member for West Belfast, in speaking against the motion said the Irish people remembered the time, not long distant, when the same price was placed on the head of a priest as on the head of a wolf.

It was not surprising after the statement made by Archbishop Whately that the primary education in Ireland was designed to wean the people of the country from "Romish Superstition," that the people were hostile to that system of education. Yet the census returns proved that illiteracy in Ireland was declining.

Mr. Balfour denied that it was a disfranchising motion.

He admitted that the illiterate might be equally qualified with the literate to decide public questions, but such a class of persons was becoming rare since the Education Act had been passed. Criminals, he declared, were largely recruited from the ranks of illiterates.

He supported the motion, not because he believed that it was possible to deal with the matter at the present session of Parliament, but because he felt that it must be dealt with ere long.

The motion was carried by a vote of 117 to 51.

The announcement of the result was greeted with a volley of cheers from the Conservatives, which were answered with deafening counter cheers from the Opposition benches.

Mr. Balfour stated that Home Secretary Mathews would shortly introduce a bill dealing with the question of alien immigration.

SEVEN ROBBERS SACK A TRAIN.

Some Good Material for a Dime Novelist.

SAN ANTONIO, Tex., May 16.—A desperate attempt was made about 3 o'clock Saturday morning to rob the southbound Missouri, Kansas and Texas passenger train which arrived here over the International and Great Northern road at 9.50 o'clock.

The train was one mile south of Temple when Engineer Peebles saw two men lying on the track a short distance ahead. He slowed up and the engine came within a few feet of the men, when they suddenly arose and each aimed a rifle at the engineer, commanding him to keep the train at a standstill while the remainder of their party "went through" the cars.

The engineer, however, pulled the throttle wide open and the train gave a lurch forward. The robbers, who numbered seven, then opened fire on the train. The sleeper and chair car were riddled with bullets.

Several passengers were badly cut by glass, while Thomas Hurley, a conductor on the Missouri Kansas and Texas road was shot through the arm. L. G. Townsend, a safe drummer, was shot in the face, but only received a flesh wound. A number of Gun Club men returning from the Dallas State shoot were on the train, but none of them had any ammunition to return the fire. The ladies were panic-stricken and many fainted. The U. S. Marshall has organized a posse and gone in search of the robbers.

CLAIM OF THE CHURCH REFUSED.

The Executors of Millionaire Mrs. Fair Decline to Yield Up $250,000.

SAN FRANCISCO, Cala., May 16.—John W. Mackay and B. V. Hay, executors of the estate of Mrs. Theressa Fair, ex-wife of the mining millionaire, have refused to pay a claim for a quarter of a million presented by Archbishop Riordan. The claim was founded on a contract made by Mrs. Fair in 1890 agreeing to pay the Archbishop the sum named for a Catholic seminary. The executors stated that they would not allow the claim because when Mrs. Fair renewed the agreement she was not of sound mind and was dying.

$102,000 Realized on the Dumas Collection.

PARIS, May 16.—The sum realized on Saturday's sale of the Dumas collection of paintings was $22,000, making a total of $102,000 for the two days.

VIENNA, May 16.—A Hungarian brigand named Simic, after a long career of murder and robbery in Slavonia, was shot dead yesterday near Essegg, the chief town of Slavonia.

The brigand fought desperately to prevent the officers from taking him and fired six shots at them, severely wounding several of the gendarmes.

Hotelkeeper St. Cyr's Three Sons Drowned.

MONTREAL, May 16.—A terrible drowning accident took place Sunday at Ste. Cunegonde.

Three young men named St. Cyr, sons of a well-known hotelkeeper of that place, went out boating and the boat capsized, overturning them into the river.

Before assistance could be given they were drowned.

A BOY FIEND.

Eight Years in Penitentiary the Punishment for the Offence.

WOODSTOCK, N.B., May 16.—James English, aged 18, was Saturday committed to the penitentiary for eight years for attempted murder. The assault was committed on William L. Drier and his wife while they were asleep in their bedchamber one night last winter. The culprit confessed, when apprehended, that the object of the murderous attack was to kill his employers, Mr. and Mrs. Drier, to get possession of the money kept in their chamber.

HE FORGOT HIS ORDERS.

AND A FRIGHTFUL WRECK WAS THE RESULT.

A Cannon Ball Express Dashes Into a Freight in Ohio in a Blinding Rain Storm and an Awful Disaster is the Result—Many Dead and Wounded.

CLEVES, O., May 16.—In the midst of a terrible storm of wind and rain yesterday two "Big-4" trains ran into each other near here with awful effect.

Freight No. 42 had orders to stop at North Bend to allow express No 80, a cannon ball special, to pass.

The trains passed at another point some miles further on. Instead of stopping the freight engineer pulled ahead and approached Cleves, running about 20 miles an hour.

Why he did not stop at North Bend will never be known, as he is dead.

The two locomotives came together with terrible effect, both were battered into a shapeless mass and tumbled into the ditch.

The cars behind were smashed into kindling and the track for 100 feet was torn up.

Telegraph poles were thrown down, and it was two or three hours after the wreck before word reached this place and a special train was sent to the scene from Cincinnati.

Long before the people from the little village and from the surrounding country had gathered and in the frightful storm were doing all they could, many of the wounded had been taken away and the number cannot to-night be definitely known. Not a person on either train escaped uninjured.

With the arrival of the special train, the work of getting out the dead began—up to six o'clock five bodies had been recovered, four of them shockingly mangled and mashed out of all human shape. Under the freight engine, all bruised and scalded were found Engineer William Hidds and his fireman, Hiram Bruce, both of Indianapolis. Under a mashed freight car further back Philip Gibbon and David Harwood were found. Nearly every bone in their bodies were broken and their faces horribly disfigured. The fifth body was that of Berry Edwards, engineer of the passenger train.

Fireman Taylor, Conductor John Schroeder of the passenger train and George W. Hudler, a commercial traveler, were caught under the wreck and all had their chests crushed. All three will die.

Five or six passengers were supposed to be in the smoker, which was burned in the wreck. Nothing is known at this hour as to who they are.

DEAD IN HIS CHAIR.

A Hermit Who Lived and Died Alone Near Windsor.

WINDSOR, May 16.—Peter Ray, an old recluse living alone in a hut on the Huron line, was kicked in the stomach by a stallion.

Ray made his way into the house and seated himself in a chair. Four hours later when Dr. Casgrain arrived the old man was still seated in the chair, with his chin down on his breast. "What is the matter, Mr. Ray!" asked the doctor, but no answer came. The doctor took him by the vest to shake him, thinking he was asleep, and found the old man was dead.

Ray had lived in this old hut about 15 years and was practically a hermit and a miser. He was nearly 80 years of age.

YESTERDAY'S FIRES.

Georgetown Paper Mill Damaged—Harriston Furniture Factory Destroyed.

GEORGETOWN, May 16.—The pulp department of Georgetown Paper Mills was partially destroyed by fire yesterday, the digester room section being completely gutted and the top flat of the second section burned off.

The loss will reach $8000, fully insured.

Furniture Factory Burned.

HARRISTON, Ont., May 16.—The furniture factory of Dowling & Leighton was destroyed by fire yesterday, together with most of the machinery and a large quantity of stock and lumber. A number of hands are thrown out of employment.

Three Buildings at St. Mary's.

ST. MARY'S, Ont., May 16.—Fire, which originated in the stable of R. Box, yesterday destroyed that building, the cabinet shop owned by Mrs. Johnson and occupied by C. Wright, and the Royal Hotel stables owned by W. Graham. Loss $2300, insurance $900.

Ottawa Has a Small Fire.

OTTAWA, May 16.—A fire broke out at 3.15 a.m. yesterday in Casey's block in Clarence-street. The fire originated in a stable and the sheds at the back were destroyed. A horse and carriage were consumed. Loss $1000.

Shot by a Dismissed Servant.

PARIS, May 16.—Madame [illegible], widow of a former Prefect of [illegible], died at Grenoble yesterday [illegible], who had been dismissed from [illegible], and who took that means of revenging [illegible] of his position. The murderess committed suicide.

She Was 17; He was 15.

SPARTA, Ill., May 16.—Charles Jones, aged 15, of Eden, shot and killed 17-year old Julia McFarland of the same place last night. He then shot himself, dying instantly.

Did Not Want Him.

WINDSOR, Ont., May 15.—Twenty-one years ago Thomas Norman, employe of the Kingsville woollen mills, deserted his seven months' bride and disappeared. A few months after Norman's disappearance a child was born, and since then Mrs. Norman has continued an employee of the mill. On Wednesday last a stranger came to Kingsville, and after making some enquiries informed Mrs. Newman that he was her husband, and endeavored to secure a reconciliation, but she told him she had gotten along without him for 21 years and could continue to do so the rest of her life.

Norman says he has been all over the world, but refuses to give the reason why he deserted his bride. He says he has considerable property in Chicago, which he has willed to his son, T. H. Norman of Rathven.

FROM ACROSS THE SEA.

MR. GLADSTONE AND THE MID-LOTHIAN ELECTORS.

The Czar Bestows Honors on American Officers—The Kaiser and the School Children—A Tiger and Two Leopards Loose in Hungary—A New Divorce Case.

LONDON, May 16.—Mr. Gladstone has written a letter to his Midlothian electors, agents stating that he will be in a position to ask the electors for a vote of confidence at the polls at the end of June.

Another Divorce Case.

LONDON, May 16.—Kent has been somewhat interested in another divorce suit, the parties to which are well known in high life. The petitioner in the case was John Richard Malone, Major and Honorary Lieut.-Colonel of the Ninth Battalion Rifle Brigade of Bainston, County Westmeath, Ireland, who charges that his wife, the Hon. Charlotte Mildred, eldest sister of Lord Charleton, had committed adultery with Count D. Autichan in Paris, where they lived together. No defence was made and the court granted a divorce.

Count D. Autichan was ordered to pay the costs.

The Kaiser and the School Children.

BERLIN, May 16.—At a review of the troops at Spandau Saturday, the Emperor gave a sudden order to the mayor to close the schools and let the children attend the review. Within 15 minutes 5000 children were on the drill ground.

A Tiger at a Country Fair.

LONDON, May 16.—A traveling menagerie in Hungary was overtaken by a flood yesterday and almost completely wrecked. The proprietor's wife and many beasts were drowned. A Bengal tiger and 2 leopards escaped and appeared at a neighboring village fair, where they injured a policeman before they were shot.

BERLIN, May 16.—The National Zeitung publishes a dispatch from St. Petersburg saying that the Russian police, acting on a warning from the police of Paris, have discovered a number of mines under the Gatchinal Palace, the mines extending for a distance of several kilometers around the palace.

The Russian Government has tried to hush up the fact of the discovery.

The populace of St. Petersburg are terrorized.

An autopsy in the case of Gen. Gresser, the prefect of police of St. Petersburg, who died a few days ago after being treated with vitaline, disclosed traces of poison in the body. Gatchewsky, the inventor of vitaline, by whom General Gresser was treated, has been arrested. He is a Pole, and is suspected of being concerned in some plot.

The trial at Neuzats of three women charged with poisoning their husbands and lovers with arsenic, has closed. One of the women named Piernickski, was found guilty, and was sentenced to life servitude. The two others were acquitted.

Missouri State Endangered.

ALTON, Ills., May 16.—The Mississippi at this point is higher than it has been for nine years. All the packet houses along the levee have been abandoned and temporary quarters secured. Hundred of acres of wheat are submerged on Missouri point and many families are homeless. The Lamot levee broke during the night causing enormous damage on the Missouri shore.

JEFFELSON CITY, May 16.—The Missouri River has spread over the Calloway bottoms, flooding many farms and driving hundreds from their homes. The worst is yet to come, for an immense rise is coming from above. The Osage is over its banks and the Moreau is flooding the bottoms. The rivers are now all within a few inches of the disastrous floods of 1881 and the indications are that in a few days it will be exceeded. Heavy rains continue.

FORT DODGE, Ia., May 16.—The Des Moines river has suddenly risen four feet and is still rising steady. There is reason to fear a disastrous flood.

BEARDSTOWN, Ill., May 16.—The Illinois river continues to rise here at the rate of four inches a day. It is doing immense damage to this city and to the farmers in the valley.

ST. LOUIS, May 16.—The situation here as regards the flood is alarming. A heavy rain storm came up about midnight and the rain continues to pour down. The storm is by no means local, as it extends as far north as Davenport, Iowa. The river which is steadily raising at the rate of an inch an hour, measures 32.7 feet.

A Gigantic Trust.

CLEVELAND, Ohio, May 16.—The Leader has been informed on good authority that one of the greatest combinations of great interests ever attempted has for a long time been under consideration and will be perfected July 1. The combination is of the greater share of the immense interests in which Andrew Carnegie is concerned. A new corporation is to be formed with the name of "The Carnegie Steel Company, Limited." Among the establishments to be amalgamated together are Carnegie, Phipps & Co., Limited, and Carnegie Bros. & Co., Limited.

H. C. Frick, the coke operator, holds large blocks of stock in both companies and will be general manager of the new company, which will wield as much influence in the steel industry as the entire company does in its own field.

The Keystone Bridge Company will probably be included in the combination, the aggregate capital is $70,000,000.

And Found Dead, Not Very Far.

SIOUX, Ia., May 16.—Policeman Dunn who started to walk from San Francisco to New York on a wager of $5000 to walk 50 miles per day, no allowance to be made for sickness or bad weather, has reached here. On his arrival he received news that the wager had been declared off, the time limit of walking across the bay at San Francisco via San Jose, and Stockton, he crossed in a boat, he acknowledged, did not count. Very angry because he has been allowed $5 per day since the bet was declared off.

He Shot Himself, to the Fortunate Relief.

MILWAUKEE, Wis., May 16.—Theodolin Harter, fireman at the Pabst Building, shot himself Thursday evening because of domestic troubles, and yesterday his wife killed herself by taking poison. Five children, two of them defenseless, are left to struggle with the world by the parents.

Burned His Son's Barn.

BELLEVILLE, May 16.—Warner Simmons of Thurlow has been committed for trial on the charge of burning a barn owned by his son John.

A [illegible] Manitoba,

Notes of a Trip of Mr. Wm. Eyres to Manitoba and Dakota.

Mr. Wm. Eyres has just returned after a five weeks' visits to the Northwest—Manitoba and Dakota. He started on the 5th of April and visited first the Melita district of Manitoba, when he purchased Mr. Wm. Ferguson's farm and leased it to a man formerly in his employ, equipping it with his stock and farm implements, and left the tenant to make the most of it. Mr. Eyres found the soil of this district sharp and good. He noticed wild roses in bloom on the prairie and they had been apparently in that condition for some days. The farmers were ploughing and making ready for seeding and were in hopeful spirits in anticipation of good crops. The best land here is all taken up and it is one of the most prosperous sections of the Northwest. Some of the land is heavy and has the disadvantage, that the crops do not grow so thriftily nor ripen so quickly—exposing them to the effects of early frosts. From the Melita district Mr. Eyres went southwest about 100 miles to the Manitou district; while here a terrific storm, approaching a blizzard in severity struck the place and there was a snow fall of about two feet. Thence he went eastward to Deloraine and saw the paper town of Scurisford—noted for its stakes—it having been staked out for a town and sold for $30,000, and there is not a roof on all its acres. East of the Melita district, the chief disadvantage is the scarcity of water, and the land is heavy and hence subject to frosts. At Deloraine Mr. Eyres visited a well which had been put down 1800 feet with no signs of water, and still the boring was going on. He noticed that there was a considerable portion of last year's crop in the stack, and some still in stock, not harvested on account of scarcity of farm labour.

From Manitoba Mr. Eyre went to St. Thomas, Dakota, where he visited the Garnet family, whose 4000-acre farm is well known to our readers through a description of it which appeared in the columns. Mr. Eyres has two sons on an 800-acre farm. They keep employed a large number of teams and men and are doing well. Then homeward he wended his way. When he reached Chicago he found that vegetation and growth were no further advanced than it had been a month previous in Manitoba, about 500 or 600 miles north, where he had seen wild roses blooming on the open prairie. East of Chicago wide stretches of farming country was found under water. Mr. Eyres reached home on May 12th, and believes now more firmly than ever, that there is no better country on the continent than Ontario.

A Great Explosion!

In these days of gunpowder, dynamite, giant powder, and the like, tremendous explosions are no rarity, but the greatest explosion of modern times is, without doubt, that of the "old-school" idea that Consumption is incurable. Thousands of lives have been sacrificed to this mistaken notion. Modern research has established the fact that Consumption is a scrofulous disease of the lungs, and that there is one remedy which will positively eradicate it from the system—Dr. Pierce's Golden Medical Discovery. Of course, there were in the olden times many who would have pronounced modern explosives, instruments of witchcraft; but there are, fortunately, few today who do not acknowledge that the "Golden Medical Discovery" is the one sovereign remedy for all scrofulous diseases, and Consumption is one of them.

Mildew of the Grape.

John Craig, Horticulturist to the Experimental Farm, says:

The disease particularly referred to in the following is known among viticulturists as "downy mildew," "brown" or "grey rot" of the grape, and to scientists as *Peronospora viticola*, was very severe last year in many grape growing districts. It has been particularly destructive in the Eastern and the Central States, and also in Western Ontario. Last year it was prevalent in vineyards in the Provinces of Quebec and also in the Ottawa Valley.

As a rule it is first noticed on the fruit—when about half formed—presenting a downy and frosted appearance, which gives place to a grayish brown in the latter stages. The berries shrivel and fall to the ground when slightly shaken. Beginning with one or two varieties in the vineyard, the disease if allowed to run its course will spread rapidly, attacking other kinds which are at first entirely exempt.

It usually affects the leaves and wood later in the season, sometimes in the case of early varieties after the fruit has been gathered. This stage of the disease was prominent as affecting the Rogers Hybrids in the Experimental Farm vineyard last season.

At first it is seen on the upper surface of the leaf showing in brown spots, while the lower surface presents the frosted appearance resembling that form of the disease affecting the fruit. This particular leaf form is not easily detected on grapes having the thick pubescent leaves characteristic of the Concord family.

TREATMENT.

Carbonate of copper	2 oz.
Ammonia	1½ pint
Water	25 gals.

As soon as the mildew made its appearance last year on our vines they were thoroughly sprayed with the above mixture. Two applications and the removal of all diseased berries had the effect of checking the spread of the malady, but at the same time demonstrated—when compared with the results of my former experiments—that the proper line of treatment leading to complete success, lies in the early application of the remedy.

When the vines are uncovered spray with a simple solution of copper sulphate, 1 lb. dissolved in 15 gallons of water.

Spray using the above formula soon after the fruit sets; make two or three additional applications at intervals of ten days or two weeks as the necessities of the case seem to demand. Remove and destroy diseased parts of fruit and foliage.

The prostration after the Grip is entirely overcome by Hood's Sarsaparilla. It really does make the weak strong.

Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

ANNIVERSARY SERVICES.

Held in St. Paul's Presbyterian Church Yesterday.

Sermons by the Rev. Dr. MacVicar, Principal of the Presbyterian College, Montreal—Large Attendances at both the Morning and Evening Services—Two Practical and Earnest Christian Discourses Preached in a Forcible and Spirited Manner—The Seventh Anniversary of the Church Re-Opening.

The seventh anniversary services in connection with St. Paul's Presbyterian Church since its re-opening and the thirty-second anniversary since its founding were held yesterday. A large congregation, completely filling the edifice, worshipped in the morning, and in the evening the united congregations of St. Andrew's and St. Paul's attended, but owing to the inclement weather without, the attendance was not so large as at the morning service. Rev. Dr. MacVicar, LL. D. Ph. D., Principal of the Presbyterian College, Montreal, and one of the most powerful and distinguished divines of Canadian Presbyterianism, conducted both the morning and evening services. It is seven eight years since Dr. MacVicar preached in St. Paul's church before. The pulpit was tastefully banked with leaves and lillies and flowers, while the music was of a special and high-class character, and much enjoyed. The special collections taken up at both the morning and evening services were large and for the reduction of the church debt.

MORNING SERVICES.

In the morning Principal MacVicar spoke from Colossians II chapter 6th and 7th verses. "As ye have therefore received Christ Jesus the Lord, so walk ye in Him." "Rooted and built up in Him, and established in the faith as ye have been taught, abounding therein with thanksgiving."

The preacher said the theme of these words is the origin and development of spiritual life in the soul of man. The various steps are clearly specified. The first one is to receive Christ Jesus, the Lord. All know how to receive instruction, money, friends, but how do we receive the Lord? It must be by faith, and faith alone. Faith in this place sets more upon proposition until received. A mere acceptance of the facts of the Bible is not faith or salvation. The devil himself knows a great deal more about the truth, incarnation, atonement and resurrection of Christ, yet he did not know God. Saving faith was distinctively a trust, not in dogmas or propositions, but in a divine Saviour. This trust which was spoken of and received, was not natural to man. We are suspicious of God; we are often suspicious of one another. We act disobediently with Christ, although he says, "Come unto Me." The carnal mind could not receive Him except when it has been touched and quickened by the Holy Spirit. Prayer is the link existing between God and man. We have the power and disposition when wrought by sin and misery to call whom Jesus, and we have His word that He will answer. It was mentioned in the text that we must know we receive the son of God. We received God as anointed as our teacher, prophet and deliverer from ignorance to guide men back from their rebellion and alienation against his voice and heart. To as many as receive him He gives

POWER TO BECOME THE SONS OF GOD.

We also receive Him as our supreme ruler. We as Christians had no will of our own, we have become the prisoners of Jesus Christ. Not that we are bound in thraldom, or he has encroached upon our personal liberty, but we have in thought, will, judgment and desires, made ourselves obedient to the supreme will of our Lord Jesus Christ.

The next step in spiritual life was to advance, "As ye have received Jesus Christ so walk ye in Him." This was self evident but it is a simple elementary truth in regard to Christians that men are not able to walk in Christ. They object to having their whole life regulated by His power and His spirit. We are all to advance in Godliness. It is one thing to follow the church of Christ in church membership and another thing to follow Christ in His spirit of will. We are to advance in scriptural knowledge. We are to advance in faith by exercising a living and loving trust in the divine Christ. If we have in the past trusted Christ for a few things, we should trust him for all things. The more we walked with Him the less we walked in the world. The next point was stability, which meant holding fast to our own steadfast and unmovable. It meant all Christ's soldiers knew where to find Him. He was the foundation and they the superstructure. Being steadfast was like the house builded upon the rocks that could stand all the fiery tempests without. Faith rests not upon superstition, but upon knowledge. It was not irrational, but rational. We could not shut our eyes to the fact that there was a strong disposition to resist knowledge and fundamental truth. The study of the Bible and God's truths is

THE DEEPEST KIND OF CULTURE

which men could study and enjoy. To have a vague, undefined and illogical creed is a shame and a disgrace. What we wanted in a faith that sustains, a faith, which rests upon a broad basis of divine truth. The fourth point was thanksgiving. Not to be thankful is a mark of Paganism, and not of Christianity. Paul in writing to Timothy spoke of the unthankful man as one of the most unkind of all beings. So thanksgiving should be recognized among the highest Christian virtues. We can show the world our holiness by our deeds and by our gifts. Have we spent pure loving generous lives of praise and thanksgiving. As we look back this morning have we nothing to be thankful for as men, women, and a people for what God has done and accomplished in us. Do we feel strong, unmovable and invincible. May we all receive that faith and trust in the Christ which God alone can give.

THE EVENING SERVICE.

In the evening Dr. MacVicar spoke from St. Mark, 5th chapter and the 17th and 18th verses. "And they began to pray to him to depart out of their coasts." "And when He was come into the ship he that had been possessed with the devil, prayed Him that he might be with him." The poor woman in the chapter came to Christ for healing in all fidelity and humility. How unlike the methods of man was Christ in His divine treatment exclaiming in the message "Daughter thy faith has saved thee, go in peace." No man is in his right mind unless he is reconciled to God through the blood of His son and the deadly power of sin removed; "Clothed and in his right mind." When Jesus Christ saves a man He always gives him a mission. It will not be denied that every man has a mission of some sort—good or bad. We are divided into two classes, those who glorify God with honest, out-spoken zeal, and those who oppose Him. We had only to look around in this world to see examples of both classes. We cannot be neutral, for Christ says: "He that is not for Me is against Me." We are all, consciously or unconsciously, setting an example or creating an influence in this world, building up or laying waste the Kingdom of God, or like the Pharisees of old, not entering in or permitting others to do so. When our souls are touched, and our sin set free by Christ, it is to save us and send us upon an appropriate mission. Aimless sermons were a curse, and aimless persons, professing to be Christians were a curse. Is there

NOTHING TO DO, NO MISSION TO FULFIL?

What does Christ say? "Bear ye one another's burdens and so fulfil the law of Christ." Is there nothing to do to fulfil this injunction? Then, looking at the countless heathen, pining to know of the existence of a Christ. Let no one say with affected modesty, I am unworthy to engage in this work. Who could have been more unworthy than the women of Samaria? The second point is that the mission given us by God is not always the one we would select, but it is the best because selected by infinite wisdom. The man in the text had a plan of his own, to join the disciples and observe the law, a purpose, the natural outcome of his own soul. When we seek to follow our own plans we make fools of ourselves. Let the man and the woman who aspire to become missionaries begin in their homes and among their families by living holy and pure lives and giving unmistakeable evidence of what the Lord has done that they may become qualified for the higher and larger sphere to which they aspire. The one who is not a missionary at home, will never do successful work abroad. Thorough modesty, in doing the unostentatious work to which you are called, is what is required. The third point is Christ saved a man to give him a mission. We should be honest with our own souls. What we lack is not ability. It is the want of the grace of God in our own hearts and minds to do Christ's mission. Let us strive to do it to the best of our ability, let us feel the solemnity of our responsibility and strive to render the greatest amount of good from penitent and faithful hearts, and Christ will bless us in all our doings.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. A Valuable Horse.

Mr. Wm. Chaney, proprietor of the City Hotel, has purchased the famous trotting stallion "Membrino Chief" from Mr. W. D. Mase, of Tamworth. The horse is a beautiful chestnut, stands 14 3 hands high, and weighs 1,200 pounds. His sire was "Membrino Gift," the first trotting stallion in America who made a record of 2:20. "Membrino Mitchell" is a pure bred American bred stallion. He has been in service at the C.P.R. Horse Exchange, Montreal, all winter under Mr. W. D. Kimball. The horse has one of the most enviable records of any stallion in America. Folger Bros. of Kingston, former owners, paid $3 000 for "Membrino Mitchell." This celebrated stallion arrived yesterday and is now on exhibition at the stables of the City Hotel. He was viewed to-day by a large number.

The Arion Club.

The music loving people of Peterborough will have an opportunity on Friday evening next, the 20th inst., of listening to one of the finest concerts that will be given in Peterborough for some time. Mr. Bradburn has secured the Arion Club for one concert to be given on that date. As an experiment he has placed the prices of admission at a low rate, within the reach of all, and this enterprise and liberality should fill the house to hear the talented members of this company. The Arion Club are engaged for six concerts at Grimsby Park this summer. The individual members of the club are very highly spoken of by the press, the following being from the *Central Canadian*: "Miss Lulu Mesk has a voice of rare flexibility and brilliancy. All that she essays she accomplishes with repossful ease and with a consummate art that is almost bewildering. The audience recognized, as she sang so sweetly and so accurately, that she was an eloquent advocate of the sound training, which is very essential in modern dramatic music." See programme of the concert in to-morrow's issue. 1d

George Street Church Sunday School.

The annual meeting of the officers and teachers of the George street Methodist church Sunday School was held in the Sunday School rooms last Friday evening. There was a large attendance. Rev. J. H. Locke, pastor, occupied the chair. All the reports showed the school to be in a flourishing condition. Mr. Geo. S Bean, B. A., secretary-treasurer, read the annual statement which showed the membership of the school to be 650, of which about 150 are adults. The finances were shown to be in a healthy condition, having a balance on hand of $130. During the year the school has paid to the Missionary Society $126. Mr. F. H. Dobbin read the librarian's report for the year, which showed the library to be in a good condition and well patronized. The election of officers for the ensuing year was then proceeded with and resulted as follows:

SUPERINTENDENT—H. S. Griffin.
SECRETARY-TREASURER—Geo. S. Bean.
1ST ASSISTANT SECRETARY—R. R. Sloan.
2ND ASSISTANT SECRETARY—Jos. Marks.
LIBRARIANS—(Senior Library) F. H. Dobbin, Alf. Parker, O. Sherrily; (Junior Library) S. R. Armstrong, Frank Hilliard.
BIBLE CLASS TEACHERS—J. J. Turner, B.A., T. W. Robinson, Mrs. Kendry, Mrs. Locke, Mrs. Jackson, Mrs. Mighton.

Thirty two other teachers were appointed for the intermediate and junior classes. The meeting then adjourned.

Few people have any idea of the care with which tobacco has to be attended after it is grown. It will imbibe odors of almost any kind if placed near the source of them. A pig sty, for instance, near the place where the planter stores his crops will impart a disagreeable flavor, which no care afterwards will divest it of. Among the many precautions taken to obtain a fine "bright leaf for the "Myrtle Navy" is to ascertain carefully the methods which every farmer adopts with his crops in the counties of Virginia where the "Myrtle Navy" leaf is grown.

News Nuggets.

Obituary.

The Late Mrs. Robert Kingan.

The funeral of the late Mrs. Robert Kingan took place from from the family residence corner of Stewart and Brock this afternoon. The obsequies was largely attended, Rev. Mr. Torrance, pastor of St. Paul's officiating. The pall bearers were Messrs. J. D. Cotton, Jas. Reid, W. W. Johnston, J. H. Roper, G. M. Roger and Wm. Tully. The late Mrs. Kingan was born in Cobourg in 1823. She was the eldest daughter of the late Hon. Andrew Jeffrey. At the age of twenty-four She removed to Peterborough and ever since that date, 1852, she has been a constant resident here. Forty-four years ago, the deceased lady was married to her now sorrowing husband, Mr. Robert Kingan, She had always enjoyed good health and about a month ago went to St. Catharines on a visit to her sister, Mrs. Dr. Cross, where she was taken ill and died of progressive anaemia. Her remains were brought to Peterborough on Saturday night. Mrs. Kingan was a gentle and loving wife and mother, of a retiring disposition and warmly devoted to her home and its interests. In social life she was universally beloved and very highly respected, and the numerous friends of the family, and our citizens generally will sympathize deeply with them in the great loss they have sustained. She leaves behind her a husband and a family of seven children. They are John Kingan, of Arkansas; R. G. Kingan, Peterborough; W. F. and Fred A. Kingan, of Sault Ste Marie, Michigan. The daughters are Misses Jessie, Mary and Annie, all living at home.

If He Cannot Have

HOOD'S

Sarsaparilla

It would be difficult to find a man better known in the vicinity of Burlington, Vt., than Mr. R. D. Wheeler of Winooski Falls, the efficient Deputy Sheriff of Burlington county. He says:

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs: If Hood's Sarsaparilla cost

$10.00 a Bottle

I should still keep using it, as I have for the past ten years. With me the question as to whether life is worth living depends upon whether I can get Hood's Sarsaparilla. I don't think I *could* live without it now, certainly I should not wish to, and suffer as I used to. For over ten years I suffered the horrors of the damned with

Sciatic Rheumatism

for if ever a man suffers with anything in this world it is with that awful disease. It seems to me as if all other physical suffering were compressed into that one. I took about everything man ever tried for it but never got a dollar's worth of help until I began taking

Hood's Sarsaparilla

I have taken it now pretty regularly for ten years and have no more pain and can get around all right. I have advised a good many to try Hood's Sarsaparilla." R. D. WHEELER, Deputy Sheriff, Winooski Falls, Vt.

THE NICHOLLS HOSPITAL.

To-night there will be a meeting of the Board of Management of the Nicholls Hospital for the purpose, among other things, of considering a suggested amendment of that section of the rules which limits the attendance upon private ward patients of the hospital to physicians upon the regular medical staff. This, of course, deprives private patient from enjoying the privilege of having while in hospital, the services of their regular or family physician, a privilege in many cases in the opinion of the patients and their friends, which is not compensated for by the better nursing and diet, and quiet, which causes the selection of the hospital. There does not seem to be any valid reason why those medical practitioners not on the regular medical staff, should not have the privilege of attending the patients, whom for the reasons cited above and in the case of infectious diseases, they may advise to enter the hospital. For instance, why should not Dr. Caldwell, Dr. Carmichael, Dr. Scott, Dr. Clarke, Dr. Wilkison, Dr. Yelland, Dr. Greer, Dr. Spears and others who may hereafter come to the town, enjoy the privilege of attending upon those patients whose constitutions and physical history they are familiar with, with better chances for successful treatment than could be derived from the treatment of another physician of equal skill and experience, lacking these important advantages? Why should patients who pay for their nursing and medical attendance at the hospital, and who are satisfied with the former, not have the privilege of receiving the latter from their familiy physician or regular medical attendant? There is no valid or apparent reason why a monopoly of this important institution should be given to a few physicians who happened to be in practice in the town at the time the medical staff was organized. They are gentlemen, it is true, of first rate ability, but they will not refuse to concede the possession of similar ability to other town physicians not on the staff at present. It is to be hoped that the Board will take a liberal view of the situation, and concede to a general demand of public opinion in the regard in question, the privilege to outside physicians of attending upon private ward patients in the hospital, who may desire their services.

Y. M. C. A. Notes.

The Saturday night meeting for young men was a season of refreshing, the short pointed talks, and bright cheerful singing led by orchestra were inspiring and the after meeting was very profitable and helpful.

The Bible Study and Consecration Service was conducted by Mr. Herbert Fife with profit and instruction to all present.

Mr. James Sutherland gave a very earnest gospel address at the first open air service in Central Park. Tne attendance was very good and we are praying for results.

The Gospel and Song Service held last night was not so largely attended as usual, owing to the unfavourable weather. Mr. M. Cummings gave an impressive and practical address which was very helpful.

The Monthly meeting of the Ladies' Auxiliary will be held on Tuesday afternoon at 4 p. m. Every member urged to attend as business of importance will be transacted. All ladies interested, invited.

Bible study on Thursday evening from 8 to 9, led by Mr. Isaac Richardson. Topic —"Seven witnesses that Jesus is the Christ."

St. Luke's, Ashburnham.

Rev. Herbert Symonds, M. A., Rector, Enters Upon His Pastoral Duties—His First Service and Sermon.

There was a very large congregation at St. Luke's yesterday morning, when the new rector, Rev. Herbert Symonds, M. A., entered upon his duties and conducted the first service. During the service he preached a plain practical sermon, taking as his text, the fourth verse of the twelfth chapter of St. Paul's first epistle to the Corinthians:—

Now there are diversities of gifts, but the same spirit.

The condition of the church at Corinth which suggested this portion of St. Paul's epistle was not dissimilar to the conditions of the church of the present day. The preacher pointed out that we had "all been baptized into the one body" and that we had a diversity of gifts, the humblest had some gift that could be turned to account in the service of the Christ. We were apt to forget our own gifts and envy others the possession of theirs. Some had the devotional type and others possessed more practical gifts and both could be used to the glory of God and the building up of the church, and not to self-glorification. The church was a society; the church in the abstract had a definite existence and for the building up of this body there was required the exercise of divers gifts in the unity of the spirit. There was a tendency in life to forget the fundamental object of life and to exalt some secondary object, not that a secondary object was necessarily wrong, but it should not dominate the fundamental. In the church there was the financial aspect to be considered, and divers opinions upon forms of service and minor details, but these were subordinate. The real object, the fundamental object in church life was to bring mankind close to God. The church was designed to aid its members by mutual assistance in the service of God. We came to church to worship, to gain strength for the duties of the week. The real object of the church was to make God real in the lives of its members and all other objects, however legitimate in themselves, should be subordinate to this object, which if kept in view would relegate all secondary objects to their proper place. The church as the body of Christ had many members and each had his or her function which should be exercised to the full extent of the ability God had given. We should let our light shine not to the exaltation of our poor weak selves, but to the glory of God through us.

Rev. Mr. Symonds' discourse was plain, simple, practical, delivered in a quiet earnest manner—no mounting on oratorical stilts, nor display of pulpit pyrotechnics, but a plain, homely discourse, very obviously flowing from the heart and as obviously reaching the heart.

In the evening, in spite of the downfall of rain, there was a good congregation, and another bright cheerful service, and another excellent sermon. The music in the evening was special, the solos being taken by Miss Long, Miss Tivey and Miss Lily Jackson.

The indications of the beginnings of Rev. Mr. Symonds' work augur a successful pastorate for the present rector.

Cricket Match.

The Bankers and Town Play the First Match of the Season on the P.A.A.A. Grounds on Saturday Afternoon—A Closely Contested Game With the Town Eleven, Three Runs Ahead at the Close.

The first cricket match of the season took place on Saturday afternoon, on the P.A.A.A. ground, between an eleven chosen from the different banks and an eleven from the Peterborough Cricket Club. The match began at 2 30 o'clock. It was hotly contested throughout the whole innings and at the close the town team had forged ahead by three runs. The cricket club has some good material and they will no doubt give a good account of themselves before the season is over. C. Halliday for the town team made the greatest number of runs; his batting was in good style and for a young player he has a record before him. The bowling of Walter Stocker was first class throughout, taking eight wicket at the cost of a very few runs. For the bankers H. Oldfield bowled in good shape, taking six wickets for only 23 runs. Morgan with 18 runs and Parker with 14, did good and effective batting, getting their runs in well. Following is the list of players on both sides and the score of each:—

Removed to Peterborough.

The Edison General Electric Company's Offices and Office Employees in Toronto Removed to Peterborough.

For some time past many rumours have been afloat relative to the removal of the Edison General Electric office in Toronto to Peterborough, together with all the office employees. The rumour has now become a reality. In view of the amalgamation between the Thomas Houston Company, and the Edison General Electric Company having been effected, the above move has been made. On Saturday night Mr. W. H. Brennan, district engineer, and his staff of a dozen able assistants, arrived in town and have taken up their quarters permanently. Mr. Brennan is one of the ablest and most practical engineers of the day, and together with his family will be welcomed as a good citizen of our town. The staff brings with them equipments for making out plans and cost mates, blue prints, etc. Henceforth the company's office here will be the central office of the engineering department. Mr Bruce, the efficient superintendent of the shipping department, and his staff of half a dozen assistants, will arrive in Peterborough this week. All orders for plants will now be filled from the Company's works here, this department together with the engineering department aforementioned with all wiremen and all foremen making Peterborough their head quarters instead of Toronto. Only the business conducted directly with Mr. M. D. Barr, the general manager's department, will remain in Toronto.

T. Kelly's Great Shop Improvement Clearing Sale.

Extensive Improvements to His Shop—And a Great Clearing Sale.

Last spring the EXAMINER announced extensive improvements and remodelling in Mr. T. Kelly's dry goods shop buildings, corner of George and Simcoe streets. The announcement was made in good faith but owing to inability of the parties concerned to make satisfactory arrangements, the improvements were postponed. But now arrangements have been definitely made and the improvement and enlargement of Mr. Kelly's shop premises will be begun so soon as the stock can be sufficiently reduced; for the alterations are so extensive that the shop will have to be practically abandoned while the work is going on. The whole interior of the shop is to be changed, modernized and extended about ten feet westward. Two new plate glass windows are to be placed on the Simcoe street front, and also an entrance on this street, giving the shop a double front. The present plate glass windows on George street are to be remodelled and modernized, and the change will be such as to transform T. Kelly's well-known dry-goods shop into one of the finest in the town or district. To enable the improvements to be made it will be necessary to clear out the whole of the present extensive and select stock of drygoods, and to effect this the goods will be offered at the very lowest prices, regardless of values. This alteration sale will be a splendid opportunity to secure choice goods at the most reasonable prices. Kindly note Mr. Kelly's advertisement in another column.

The Clytie bang is the newest caprice of fickle fancy. The hair is parted down to the forehead, leaving only a light fringe to fall together on the brow. On either side it is waved in long, loose, but regular waves back to the softly coiled knot of waves and curls worn rather low at the back of the head. Not every woman has the well-rounded head demanded by this style of coiffure. Emma Eames Story, the singer, realizes its possibilities, as Santuzza, more beautifully than any woman except the one for whom the style is named, the classic contour of the small, prettily poised head being quite as charming as the fair oval face.—New York Sun.

FOR A SICK CHILD.

How a Thoughtful Mother's Ingenuity Was Amply Rewarded.

"O, dear! I am so tired lying in bed!" moaned little Jamie as he turned his head restlessly on the pillow.

"Mamma will read to her son."

"No, don't; I am tired of old Robinson Crusoe and all the rest of the stories. O, dear! what shall I do?" And the child moved his hands impatiently over the coverlet.

"Be patient, dear, for a few days longer, then maybe you can sit up."

Poor little Jamie felt discouraged, and with a sigh turned his face to the wall. Seeing her child so weary, his mamma put on her thinking cap, and tried to discover some new, quiet amusement for her son. After a few moments Jamie turned just in time to see his mother leaving the room with that bright smile on her face which meant that she had thought of something pleasant, and he wondered in a vague way if it could be anything concerning him. Soon she returned carrying her easel, a common one, intended for use, not ornament, and stepped quickly but quietly across the room. Jamie watched to see what was to come next.

Standing the easel near the bed, again mamma disappeared, and came back with the mirror unscrewed from the frame on her bureau.

"Now" thought Jamie, "what is that intended for?" as he watched with interest the placing of the mirror on the easel. He noticed that the glass was attached higher up on the easel than drawings or paintings stand, and also that his mamma was tying a strong cord on the right-hand screw-knob of the glass, but he asked no questions, content to quietly await developments.

When the string was securely fastened on the knob, mamma threaded the long end through one of the higher holes on that side of the easel, then across and through the corresponding hole on the left-hand knob of the glass, tilting forward the mirror as shown in the illustration.

So highly entertained was Jamie that he forgot, for the time, his longing to see out-of-doors; but suddenly glancing up as his mamma stepped aside to view her work, what was his joy and surprise to see reflected in the mirror his beloved play-ground across the street, and he gave a shout of delight as he saw some of his old school friends come into sight with their football, ready for a game. Soon Jamie forgot illness, lost sight of the medicine bottles, and was oblivious to all things save the moving picture in the glass; for the game had begun, and the boys were rushing after the ball with shouts and laughter.

Mamma took up her sewing and sat in the low rocking-chair busy with her needle, while her eyes often rested on her boy, who lay quietly, absorbed in the scene mirrored before him. All restlessness had gone, and the longed-for peace had taken its place. When, after a long while, his medicine was given him, Jamie smiled happily and said, "O, I have been having such fun! Even my headache stopped, I don't know when, but it's all gone, and I feel so rested. Mamma, that is the nicest glass I ever saw. The boys have all gone now, but the trees and green grass remain, and I am glad to look at them, it's been so long since I've seen out-of-doors; and it's hard on a fellow like me to be a prisoner."

"So it is," replied his mother as she gently smoothed his curly hair.

"O, look! there goes Ned Storm's new goat cart. It's a daisy! And there comes a crowd of girls; one has dropped all her books and a nice red apple. There it goes! Look! the girl can't catch it; it's rolling into the street." And Jamie laughed as he spoke, and then added, "The girl has it now, and is squeezing it in her pocket. What fun this mirror is! Pray, let me have it here all the time."

"We will see," answered his mother sweetly.

The contented little boy closed his eyes and was soon in a refreshing sleep.

Dots About Women.

Now the news comes across the sea that Mrs. Grimwood, the heroine of Manipur, is writing a novel.

Mrs. Henry Norman, "The Girl in the Carpathians," has had a rather severe experience during the Egyptian trip from which she has just returned. She was taken ill before she got her first glimpse of the Sphinx, and her impatience to be up and seeing aggravated the trouble. She is in England now, and anything but "an interesting invalid," for the woman who has lived so free and wild an outdoor life does not take kindly to confinement. Sue has written a number of short stories, which will be published as soon as she recovers.

Dangerous and Prevalent.

The fact cannot be concealed that suffering and disease is terribly prevalent in our land, owing to a disordered condition of the kidneys and liver. From an inactive condition of the kidneys and sluggish liver, the blood becomes impure and clogged, and proper digestive vigor is out of the question.

The secretory system must be in perfect order if health and strength are looked for. To bring about desired results, one sensible course of treatment is recommended—the use of Kidney-Wort. This great kidney remedy is one of the oldest and best tested medicines ever given to sufferers, and in thousands of obstinate cases it has effected permanent cure.

Kidney-Wort is now recognized by the medical profession as a standard remedy. Do not suffer longer, reader, while such a curative power is near.

If your druggist does not sell Kidney-Wort, send one dollar, and a large package, put up in dry vegetable form, will be sent by mail.

Kidney-Wort is also sold in concentrated liquid form; this, however, cannot be sent by mail.

Offensive Sore Cured.

DEAR SIRS—I take pleasure in testifying to the great healing qualities of your medicines. I had the misfortune to injure my leg, and through cold and neglect it broke out in a running sore, my leg becoming inflamed and very painful, and the discharge was very offensive; various remedies failed to help me when I had the good fortune to try your B. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I feel justified in recommending it to the public as a cure if only given a fair trial. dw GEO LAURIE, Portage la Prairie, Man.

The action of Carter's Little Liver Pills is pleasant, mild and natural. They gently stimulate the liver, and regulate the bowels, but do not purge. They are sure to please, try them.

Stubborn children readily take Dr. Low's Worm Syrup. It pleases the child and destroys the worms. dw

My Burden was Removed.

After years of suffering from piles I found one remedy only to bring me permanent relief—that was St. Leon Mineral Water. I felt its good effects gaining from the start, and in time my old enemy left me, and though now in the "year and yellow leaf" I enjoy good health, thanks to St. Leon Water.

DORENWEND

ELECTRIC BELT

And Attachments

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Application. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has the independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUANTITY, not merely a sensation-producer, and the quantity current is the greatest on earth. It is a Successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SEXUAL DISEASES, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, Impotency, SEMINAL DISCHARGES and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a consultant electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles buy THEM, but if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. ced w

"August Flower"

Mrs. Sarah M. Black of Seneca, Mo., during the past two years has been affected with Neuralgia of the Head, Stomach and Womb, and writes: "My food did not seem to strengthen me at all and my appetite was very variable. My face was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades, in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure." ©

SCIENCE AND PROGRESS

The problem of obtaining sufficient road communication across streets running through large cities without seriously interfering with the shipping interests is one which has always perplexed engineers and city authorities. A great many solutions of this problem have been made with various degrees of merit.

The illustration here given shows the manner in which the problem is being solved by English engineers regarding the crossing of the river Thames in London. The cut represents a bridge which is to cross the Thames near the Tower of London, and is to be known as the Tower Bridge. The illustration shows the bridge open. The draw or opening span consists of two leaves each weighing 950 tons, which are counterbalanced in such a manner as to make them easy to handle. These leaves when let down come on a level with the main roadway of the bridge, which is 30 feet above high water. One hundred feet above this bridge level and 130 feet above high water is another span or roadway to be used by foot passengers when the lower span is open. This upper roadway is

TOWER BRIDGE, LONDON.

accessible by elevators, which are placed in the towers at each end. When completed this bridge will be one of the most remarkable in existence, and will span what is probably the busiest waterway in the world.

The total length of the bridge with the approaches is 2,640 feet, and the steepest gradient of the approach is only 1 in 40. The foundations of the piers are 60 feet below high water, and 28 below the bed of the river. The side spans are 270 feet wide and 20 to 27 feet above high water mark.—Railway Review

A Curious Phenomenon.

A French journal describes an interesting phenomenon relating to two railways, one the Sceaux line, and the other the Ceinture, which pass within a comparatively short distance of the Montsouris Observatory, Paris, the former line being about eighty metres distant and the latter sixty. It appears that during the passage of trains on the Ceinture line, which is nearest to the observatory, the bifilar magnet is found to be disturbed and its oscillations are registered photographically—indeed, the movements are so regular that the curve clearly indicates the exact time of each train passing the observatory. This phenomenon is due to the fact that, as the line crosses the direction of the magnetic meridian, the wheel tires of the carriage become magnetized by induction, and thus produce, in consequence of the laws of magnetism, a deviation of the bifilar magnet. The trains on the Sceaux line give rise to a phenomenon not less remarkable; that is, whenever the driver blows off the steam the electrometer is partly discharged, the electrical potential of the air falling to about one-half of its original value. It appears that these phenomena have been considered of sufficient importance to be brought forward by the director of the Paris observatory in opposition to the proposed extension of the railway from Sceaux to the Place de Medicis.

GEORGE STREET

A GREAT STRIKE.

It Is Expected That 100,000 Men Will Go Out To-day.

NEW YORK, May 16.—The latest decision of the Executive Committees of Granite Cutters' and Paving Cutters' National Unions has settled definitely the fact that there will begin on Monday the greatest strike in the granite industry ever ordered in America. It was announced Saturday morning at the headquarters of the National Paving Cutters' Union, No. 226 East Thirty-ninth-street, that the Executive Committees had decided to order a general strike of granite cutters, quarrymen and paving cutters. Before this important decision was reached every trade in the stone industry was consulted, and not one union dissented from the proposition to go on strike Monday morning.

The lowest estimate places the number of men who will strike on Monday at 100,000.

The seriousness of the strike is made plain by the fact that the police in at least a dozen large eastern cities are making preparations to quell all possible demonstrations by the strikers.

The National Granite Cutters' Union, with its membership of 14,000, can effectually stop work on thousands of buildings and in cemeteries to a great extent east of the Mississippi River.

The eccentric engineers and derrickmen have decided to support the granite cutters. This will make it next to impossible to go on with work where strikes are ordered, as there are probably less than 500 non-union men in these trades in America.

No favor will be shown in this city to any employers, it matters not how generous they may be with their men. The strike will not be directed against the employers in the various cities, but against the Granite Manufacturers' Association of New England. The men realize that the result of the struggle into which they have entered may be the extinction of unions in the stone trades in New England. Both the employers and the employes have entered the fight in earnest and it may last several months, causing much suffering in all parts of the country. In this city and Brooklyn the number of men on strike may reach 15,000. The union longshoremen are in sympathy with the Granite-Cutters' Union and have agreed to refuse to handle any stone from the New England quarries.

To-morrow work will be stopped on the foundations of the Grant monument in this city, on the new state capitol at Albany, where 500 men will stop work; on the new Congressional library in Washington, where 300 men will stop work; on the Reading Terminal building and the Betz building in Philadelphia.

The troubles of the pavers are assuming a more serious aspect every hour. The Granite Manufacturers' Association asserts that the places of the strikers will be filled with German pavers. Where the non-union men are coming from cannot be learned, as there is an air of mystery in the offices of the members of the association in this city.

MATCHLESS "MOLLIE MATCHES."

A Thief Whose Reputation Is as Wide as the Continent.

TORONTO, May 16.—John Larney, a crook noted in all the large American cities for his daring [illegible], is under arrest at Police Headquarters on a charge of vagrancy. The real reason for his incarceration is a suspicion that he is responsible for losses of money sustained by ladies at an auction sale at 621 Church street. The prisoner is better known by the name of "Mollie Matches," a euphemism which he gained at an early age. He was in New York city when his career as a thief began. He there disguised himself as a match girl and picked the pockets of people to whom he sold his wares. He is credited with stealing as high as $1,000 a day when luck was good.

He is 50 years of age and gives his birthplace as Westmeath, Ireland.

He is suspected of having operated in Canada several times. The most notable case was the robbing of the St. Thomas branch of Molsons Bank some twelve years ago. Three men were concerned in the robbery. Two of them were captured—Walter Jones and "Clutch" Donahue, Matches was [illegible] to have been the man who actually [illegible] the money, but he was never [illegible]. He will appear before the magistrate this morning.

Run Down by an Atlantic Liner.

LONDON, May 15.—A steamer belonging to one of the Atlantic lines sank a lugger off Castleton Sand Light, County Cork. The crew of the lugger were drowned.

HALIFAX, N.S., May 15.—The Government steamer Newfield arrived here this afternoon from Sable Island bringing six sailors from the bark Hough, which was wrecked, and six of her crew, including the captain, first mate and carpenter, drowned.

A Boom in the Lumber Industry.

SAULT STE. MARIE, May 16.—A deal has been closed here by which the Perry Lumber Company bought 192 square miles of Canadian Indian reservation, 40 miles above this place. The bonus paid for the right to cut timber was $50,000, subject to the timber royalties. The deal will result in pine, spruce and cedar operations of unusual proportions. The Soo Paper Company of Niagara Falls, N.Y., will build two mills at the mouth of the Waishkat River, 10 miles from here.

PREMIER WHITEWAY.

His Bill to Enforce the French Shore Treaties Defeated On Second Reading—Will Not Resign.

ST. JOHN'S, Nfld., May 16.—The permanent bill to enforce the French shore treaties, which was introduced by Premier Whiteway, was defeated on second reading in the Legislative Assembly by a vote of 8 to 22.

The vote was taken at 1.30 o'clock Saturday morning. Premier Whiteway had only one supporter to speak in favor of the bill, which was not introduced as a Government measure.

It is supposed that Premier Whiteway will not resign, though he had only one member of his Cabinet with him.

A Shuffle in the Greenway Government.

WINNIPEG, May 16.—There has been a big shuffle in the ranks of the Greenway Government. Ex-Attorney-General Martin has retired from the contest in Portage la Prairie on account of his going to England as one of the counsel for the Manitoba Government in the Separate School case. Robert Watson, member of the Dominion Parliament for Marquette, is to be asked to accept a place in the Greenway cabinet and to stand for Portage la Prairie. It is generally understood he will accept.

OTTAWA, May 16.—The Cabinet were in session all day Saturday and discussed the personnel of the Caron Royal Commission. It is understood that a selection was made, but no names will be published till the commissioners have accepted and undertaken to serve.

WILLIAM ASTOR'S WILL.

Thirty Millions Left to His Son, John Jacob.

NEW YORK, May 16.—The will of William Astor, whose funeral took place Saturday, will probably be offered for probate to-day. It is dated Jan. 12, 1892, and is modified by six codicils.

The William Astor estate has not, it is supposed, increased so rapidly as that of the other branch of the family. It is, however, estimated at from $30,000,000 to $50,000,000. The disposition of this great estate is that which had been expected. John Jacob Astor, the only son, receives the bulk of the property, either for life or as his absolute property. The half of the William B. Astor residuary estate, which William Astor held for life, is to go to the son. The house and lot at No. 350 Fifth-avenue, subject to Mrs. Astor's life estate, are to be conveyed, with other property valued at $500,000, to John Jacob Astor when he arrives at the age of twenty-one years. One-half of the rest of the William B. Astor estate is to be conveyed when the young man reaches the age of 25 years and the balance when he becomes 30 years old. As Mr. Astor is now between 25 and 30 years old, he will immediately receive an immense fortune as his absolute property.

Mrs. Caroline Webster Astor, the widow of William Astor, receives, in addition to the annuity settled on her at marriage, the Fifth-avenue and Newport houses and their furniture, for life, with an annuity of $50,000. From his individual estate William Astor also gives nearly $1,500,000 in trust funds to be divided among his three grandchildren bearing the family name of Van Allen. His daughters, Mrs. Roosevelt and Mrs. Wilson, each receive trust estates for life of $850,000, with the use of houses in Fifth-avenue. A trust fund of $850,000 is divided among the four children of Mrs. J. Coleman Drayton. About $200,000 is given to charitable institutions or to private individuals. The rest of Mr. Astor's individual property is given in trust for life to John Jacob Astor. The son receives practically the whole estate except about $6,000,000, and thus becomes one of the richest men in the country.

The executors and trustees who will have the management of a large part of the estate are Henry Day, Philip Kissam, John Jacob Astor and William Cruikshank.

A Rising Promptly Put Down.

MONTREAL, May 16.—Chief Warden Ouimet of St. Vincent de Paul Penitentiary was in Montreal Saturday and conferred with the police authorities in regard to an attempted rebellion among some of the convicts.

A convict named Scanlan, who was employed in the shoemakers' shop, was asked by one of the guards to do something. Scanlan, becoming enraged, suddenly turned on the guard and struck him a terrible blow on the head with a heavy hammer.

Encouraged by this show of resistance, several of the other convicts were about to join him, when the guards presented arms and quelled the disturbance.

Scanlan's victim is in the hospital, but will recover.

Escaped from Kingston.

KINGSTON, May 16.—John H. Ferguson, sentenced at Toronto in October, 1889, to five years in the penitentiary, made his escape, Saturday, while at work on a farm which is located without the walls.

BROUGHT BACK HIS MAN

FORGER FALING NOW IN STRATFORD JAIL.

His Escape From Winnipeg Jail Was Engineered by a Turnkey of the Institution, Who Provided Him With a Wooden Key.

TORONTO, May 17.—When Chief Government Detective John Murray gets his claws on he is a hustler. At 2 p.m. last Thursday a warrant from the State Department, Washington, for the surrender of P. C. Faling, the forger awaiting extradition at St. Paul, Minn., was placed in possession of Detective Murray. An hour later he was en route to St. Paul, where he arrived Saturday noon. At 7.30 o'clock the same evening he had started with his prisoner for Canada, and at 2.30 yesterday the prisoner was arraigned before Police Magistrate J. R. Terhune at Listowel, pleaded guilty to passing a forged draft for $1000 on Banker Scott of that town and was committed to Stratford jail for trial.

Faling made a determined fight against extradition and set up a plea of mistaken identity—a plea which he strenuously adhered to until two hours before the train reached Listowel, when he suddenly turned to the detective with the remark, "I'm afraid the jig is up," and confessed the whole affair, adding that he would have accepted the advice given him by Mr. Murray at St. Paul and admitted the affair then, but his counsel and friends advised him not to.

Startling Charges.

Faling was arrested at Winnipeg two years ago under the name of Cole while attempting to pass a forged draft for $2000, and sentenced to a year's imprisonment. Shortly afterwards he escaped from jail. He has now made a sensational statement concerning the escape which may or may not be true, but which warrants the prompt investigation of the Department of Justice.

According to Faling's story, shortly after his incarceration he interested a turnkey of the institution and a local lawyer in a patent which he possessed for the manufacture of mosaic embroidery, and so impressed did they become with the value of the invention that they agreed to purchase the right for Canada and two-thirds interest in the United States rights for a stipulated sum, $150 of which was to be spot cash. Faling made it a condition of the transfer of the patent that he should be aided to liberty, as he knew of the Listowe charge hanging over him and was anxious to get out of Canada. This was agreed to, and the deal was completed with the assistance of Faling's wife, brother and mother, who had been summoned to Winnipeg for the purpose.

How He Escaped.

According to Faling's story the turnkey manufactured for him a wooden key which fitted the lock of his cell and also provided him with a saw. With the aid of the key Faling unlocked his cell door and made his way to the basement, where he operated with the saw on the bars, but was unable to secure egress to the yard, and he returned to the turnkey's apartments, and that worthy accompanied the prisoner to the basement, and pried off the bars with a jimmy.

After reaching the jail yard Faling was unable to scale the fence, and the kind-hearted turnkey again, so Faling alleges, showed him where there was a piece of plank which would aid him. This he secured, clambered over the wall and escaped.

Next day, Faling says, his wife called on the lawyer for the promised $150, but was only successful in obtaining $30. Faling did not feel very sore over this fact, as it was $25 more than the useless patent right was worth—he had, in fact, confidenced both turnkey and lawyer in order to secure his liberty.

Faling now alleges that he has reformed—that he is leading a new life. It is not likely, however, that this dodge will work.

ONTARIO MILLERS DUPED

BY A NOVA SCOTIAN WHO WENT "LONG" ON FLOUR.

A Scheme to Get Rich Which Failed to Pan Out and Resulted Disastrously to Many Shippers, Who Are Now Looking for Damages and Their Flour.

HALIFAX, May 17.—Some time in February there was planned in the quiet village of New Glasgow, in this province, one of the most gigantic enterprises for the seeming emolument of those concerned that had been heard of for many days in these parts. The deal was in flour. The time seemed propitious, also the market. Wheat had steadily declined in Chicago from $1.10 to below 90c., the Newfoundland question seemed in a fair way of being settled and the usual spring demand would surely advance prices, apart from any speculative element, which after a long decline would probably be of a bull character. Such being the situation and the outlook, it evidently was the opinion of Mr. Dalrymple that the price of flour had reached bed rock and would probably soon in the near future. This gentleman, formerly of a milling firm in Ontario, evidently thought he was an authority upon the subject and acted upon his belief in the most practical way.

He Formed a Syndicate.

He proceeded to form a syndicate for the purchase of 25,000 barrels of Ontario flour, which was duly accomplished by him, he getting a commission from the millers of 5 cents per barrel. The flour was bought and delivered in Halifax, via Boston, but was to await orders at the latter place as to its disposition. The sales were made to F. A. Ronnan & Co., Halifax, and the customary drafts were to be drawn payable on the arrival of the flour at Halifax, the purchases being made for March and April delivery. It is the unexpected that always happens, and the price of flour declined, Dalrymple's opinion to the contrary notwithstanding. When the largest bulk of the flour had arrived in Boston a howl was raised by the transportation agents, and the millers wer wired to anent its disposal. Meantime wheat had declined from 90 to 80 cents, and flour was correspondingly depressed, so Dalrymple, seeing his little game was all up, left for Chicago with his thousand dollars or more of commissions.

Went Broke in Chicago.

Arriving at the Windy City and breathing the speculative air of the wheat pit dreams of becoming a second Partridge danced before his vision, and he went short on wheat plunging to the extent of his entire capital. In five days he was once more a poor man. The hitch in Boston becoming serious, several of the Ontario millers visited Halifax with a view of ascertaining what the trouble was. The immediate outcome has been the institution of two suits against Frank A. Ronnan for damages for breach of contract brought by Watts of Brantford and Harper of Norwich. The Ontario millers have by this time decided that all is not gold that glistens.

Following are some of the victims: Meldrum, David, Son & Co., Peterboro; Plattsville Milling Co., Plattsville; Whelan Bros., Stouffville; A. H. Malhem, Peterboro; W. Harper, Dundas; P. Quance, Delhi; Hay Bros., Listowel; A. Brooks, Lynn Valley; A. Watts & Co., Brantford; P. Kelly, Blyth; Ratz Bros., Elmira; A. H. Harper & Co., Norwich; J. A. Williams & Co., Zurich, and Tavistock Milling Co., Tavistock.

OVER THE FALLS.

The Maid of the Mist Fishes a Floater From the Niagara—Had Come Over the Falls.

NIAGARA FALLS, May 17.—The Maid of the Mist, which commenced making her rounds yesterday the first time this season, found the body of a woman floating in an eddy on the Canada side below the carriage suspension bridge about 4.30 o'clock this afternoon.

The police were notified and had the body examined, and found it to be a woman about 5 foot 1 or 2, 30 years of age, weighing about 130 pounds, long jet black hair, dark complexion, round face, the nose inclined to be flat. On the third finger of left hand was a plain gold ring

The body was nude with the exception of black stockings and fine button shoes.

The body was taken in charge by the coroner.

Captain Carter of the Maid of the Mist says the body must have come over the horseshoe falls, that the woman has never sunk and has been in the water only a short time as the body is perfectly fresh.

The only sign of foul play on the body is that on the knuckles of the right hand, which are badly discolored by bruises, which certainly must have taken place before death.

A Toronto Blaze.

TORONTO, May 17.—The West End sections of the fire brigade were called out last evening to extinguish a fire in the corner of Peel and Gladstone-avenues. The fire originated in an old frame building, formerly used as a skating rink, and before the firemen could gain control of the flames the two houses adjoining occupied by Thomas German and James Donaldson, were completely gutted. The loss is estimated at about $6000.

ST. PAUL, Minn., May 17.—Charles H. McGurrin of Kalamazoo, Mich., official reporter of the Ninth Judicial District of Michigan, this afternoon broke the world's type-writing record, writing 200 words in one minute.

Drowned While Setting a Lobster Trap

PORT ELGIN, N.B., May 17.—James Allen, a fisherman, was drowned while putting out lobster traps at Cape Spear yesterday.

Found Dead in Bed.

SHAKESPEARE, Ont., May 17.—Mrs. Stephen Capling was found dead in bed by her husband yesterday. Mr. Capling woke up early and noticing that his wife did not breathe he lit a lamp, when he saw that she was dead.

Killed by a Building.

BELLEVILLE, May 17.—Joshua Crysdale was assisting in moving a building yesterday afternoon, when a partition fell upon him, striking him in the back and inflicting injuries which will cause his death.

A Fatal Dose of Washing Soda.

QUEBEC, May 17.—A child 13 months old was poisoned at Levis by eating washing soda, which one got at unknown to her mother.

DOMINION PARLIAMENT.

MR. CHARLTON'S PROHIBITION MOTION WITHDRAWN.

The Redistribution Bill Will Not Come Up for a Day or Two—The Queen's Birthday Appointment—The Northwest Mounted Police.

OTTAWA, May 17.—The divorce bill granting relief to James Albert Manning Aikens and Ada Dunigan [illegible] House Monday [illegible] the first [illegible] reading a divorce bill [illegible] House of Commons [illegible] days being reserved [illegible] not, however, stand [illegible] three times in succession [illegible] the bill for the relief of Horace [illegible] Mead came up the yeas and nays were asked for and the bill was carried, 63 for to 31 against.

Next Week's Adjournment.

The question having been raised as to what the length of the adjournment over the Queen's Birthday will be, The World has taken some pains to ascertain the intention of the Government and finds that there is no intention of adjourning from Friday next to the following Wednesday, as has been suggested, but that the adjournment will only be from Monday to Wednesday.

Northwest Police.

The whole of the evening was taken up in discussing Mr. McMullen's motion that the Northwest Mounted Police Force should be reduced annually and resulted in the motion being finally withdrawn. The House adjourned at 11.30 without reaching Mr. Armstrong's separate school resolution or Mr. Devlin's Home Rule motion.

Notes.

Just previous to adjournment Sir John Thompson said, in reply to Hon. Mr. Laurier, that the criminal law bill would be taken up for a while to-morrow and after that supply, so that redistribution will not be on the carpet.

Dr. McEacheran, two representatives of the Waldron Ranch Company, and a number of other ranchmen are here and will have an interview with members of the ministry to-morrow on the old question of grazing leases.

The pages of the House of Commons have organized a lacrosse club and have received permission from Hon Mr. Ouimet, Minister of Public Works, to use the lawn opposite the eastern block. They had their first practice to-night and are already talking of challenging the Toronto and Montreal clubs.

Two Years Less Than a Century.

HAMILTON, May 17.—William Gunner, Hamilton's oldest citizen, died yesterday, aged 98. He was born in London, Eng., in 1794, and enjoyed the distinction of having been presented to and shaken hands with four English sovereigns, George III., George IV., William IV. and Queen Victoria. He settled in Hamilton in 1851, and was for many years employed as a bookkeeper.

Passed Wine the First Heat.

QUEBEC, May 17.— Yesterday Judge Routhier rendered judgment in the case of the Queen v. Pacaud for the recovery of the sum of $100,000 of the Baie des Chaleurs money subsidies which Pacaud got from Mr. C. N. Armstrong, railway contractor. His Honor dismissed the action of the local Government with costs, on the ground that Pacaud, being a third party and not having dealt directly with the late Government, he could not be answerable to the present Government.

Captured a Bull Moose.

MONCTON, N.B., May 17.—Hunter Sellick arrived in Moncton yesterday after an absence of several weeks in the wilds of Northern New Brunswick. Sellick for several years has been the possessor of two fine cow moose; and the height of his ambition has been to go into the moose-raising business. Year after year he has endeavored to capture a male moose, but up to this winter failed. While on his recent trip, he sighted and succeeded in lassooing a monster bull and brought his prize back with him.

No Half-Holiday For Expressmen.

MONTREAL, May 17.—The employes of the Canadian Express Company have made an unsuccessful attempt to have their working hours reduced by the granting of a half-holiday on Saturday, General Manager Seargeant of the G.T.R. positively refusing the request.

Killed by Toothache.

WILKESBARRE, Pa., May 17.—Mrs. Alonzo Atwell died yesterday at Noxen. A few days ago she became annoyed with a toothache, which became more and more painful. Finally she was thrown into convulsions by the distracting ache and the doctors could not relieve her.

The Colored Man Won.

NEW YORK, May 17.—There was a good gathering of sporting men at the Coney Island Club last night to see the contest between Joe Lannon and George Godfrey. After four rounds had been fought Lannon refused to rise and Godfrey, the colored man, was awarded the victory.

A Murderous Valet.

NICE, May 17.—The wife of Senor Cocconato, the Portuguese Vice Consul at this place, was murderously attacked by her husband's valet. The man was armed with a revolver and threatened to take the woman's life. She struggled desperately and screamed for help. The woman's maid rushed to her assistance. She seized the valet and attempted to rescue her mistress, whereupon he fired several shots, wounding both women. The valet, thinking he had killed them, rushed from the place and tried to make his escape, but was soon captured.

Recently he had been advertising wild and dangerous plans, the gist of which was that the laboring people should kill the rich and share their property equally between themselves. A collection of daggers and revolvers was found in the valet's room.

Killed His Brother.

SHAKESPEARE, Ont., May 17.—On Saturday two boys, aged 9 and 8, sons of Joseph Dedrich, got possession of their father's old gun, which had been loaded some time. It was discharged into the abdomen of the younger boy, who died yesterday.

THE PROPOSED HOME RULE RESOLUTION.

In the House of Commons on Friday Mr. Devlin, a member of the House, gave notice of the introduction of a resolution to the effect that the House of Commons is of opinion that the time has come when a substantial measure of Home Rule should be granted to Ireland. During the past few years two similar resolutions have been introduced and both adopted—one proposed by Hon. John Costigan and one by Hon. Edward Blake. Now another opportunity is presented to the Canadian House of Commons to give moral assistance to the project for the extension of the blessings of local self government to Ireland, whose claims have so long been persistently presented. Home Rule for Ireland cannot be regarded so much in the light of a favour, as of a simple matter of right and justice. It is difficult to understand how advanced statesmen can refuse to any member of the United Kingdom the right of self government which the Imperial Government has so freely bestowed upon the chief Colonies with the happiest results. No weakening of allegiance on the part of the latter has resulted—in fact it is a common saying, as regards Canada, that she is more loyal to the Crown and monarchical institutions than the mother land itself—and there is no solid reason for assuming that Ireland if given an approximate, or even equal measure of self-government, would not be more peaceful and contented and, consequently, more loyal, than at the present, when she suffers under a sense of injustice. The present—the eve of a general election—is an opportune occasion for the Canadian parliament to strengthen the hands of those who in the interests of political progress, as represented by the granting of self government to Ireland, are working to that end. The representatives of Canada in Parliament assembled, will show themselves inappreciative of the blessings of liberty which we as Canadians enjoy, if they do not take advantage of the chances presented of expressing the sympathy with the proposal to extend to Ireland, or any other of the three chief members of the United Kingdom desiring it, the same degree of political liberty and self government which their constituents enjoy.

(From Our Own Correspondent.)

We regret to learn that Agnes, daughter of Mr. Robert Spiers, met with the misfortune to break her arm on Monday. Medical aid was at once procured and the injured arm set.

Several dogs in this neighborhood have been caught in the act of worrying sheep. It is noticed that they are still at liberty to rove around.

We are sorry to learn that Mrs. J. Wood, who has been ill for some time, is still in a very critical condition. We trust that she will recover.

Our school yard now presents a very tasteful appearance. Evergreen and maple trees encircle the yard, and a plot is now being cultivated in the centre for a flower garden. Mr. Ward, our teacher, certainly is worthy of praise for his untiring labors in decorating and beautifying the grounds in connection with the school.

A very heavy rainstorm passed over here on Sunday evening, which has started vegetation, and the trees are now clothed in a living suit of green.

Growing Old Gracefully.

"What a lovely old lady," I heard a man remark, at the opera, lately. "She's quite as beautiful as any girl in the house. Such color and complexion is rarely seen in a woman past forty."

Indeed, the woman of whom he spoke was lovely. Her face was clear and smooth, her cheeks fresh and rosy, her eyes bright with perfect health and enjoyment of life. She had passed the critical "change of life" without falling into "the sere and yellow leaf," as most American women do. How has she succeeded in doing this? Simply by using Dr. Pierce's Favorite Prescription at a time when nature stood in need of some assistance. She had taken it at the right time. In doing this she was wise. Wiser than most women who "trust to luck" in getting through the critical and trying period safely. This standard remedy is just what is needed at such a time. It is, from girlhood to old age, woman's best friend. In all diseases peculiar to the sex, it accomplishes what no other remedy does—a cure. Take it, women, when life's autumn begins, and "grow old gracefully." Your money back if it doesn't help you.

Offensive Sore Cured.

DEAR SIRS,—I take pleasure in testifying to the great healing qualities of your medicines. I had the misfortune to injure my leg, and through cold and neglect it broke out in a running sore, my leg becoming inflamed and very painful, and the discharge was very offensive; various remedies failed to help me when I had the good fortune to try your B. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I feel justified in recommending it to the public as a cure if only given a fair trial.

On the Death of Joseph Willis Porter Who Died May 1st, 1892.

We have laid our darling brother down in his narrow bed,
And oh, what grief we felt and what bitter tears we shed
As we lowered him down into his dark and silent cell,
We could not help but weep as we took our last farewell,
For our hearts were full of sorrow to think we'd see him no more again
Should hear our darling brother join in our evening strain.

Yes, he has gone, has our brother, far from this weary earth,
But we know he feared not the cold dark hand of death,
For his heart was kind and gentle, just like a child of light,
And now he is in heaven all robed in garments bright.
He may have been a little weak like many more that's here,
But Oh, he loved his Saviour with a heart that was sincere.

Its true we shall miss our brother, for he was gentle, just and kind,
For he always had a gentle word for the thoughtless and the wild,
And his heart was always open to help the poor in their distress,
Nor thought a man was less a man though he were a ragged dress.
For love shone in his heart and beamed from his eyes,
For he loved all on earth, not one did he despise.

But now he is laid in his damp cold tomb,
And oh how changed is our once bright mournful home,
For there stands his vacant chair, just at the table end,
Where he used to thank the Lord all the good He sent;
For he knew that Jesus was the only begotten Son of God,
For he read the Holy Bible and believed in its every word.

And thou poor mourner in all thy sorrow and grief,
Then knowest from whence comes all sweet relief;
Thou knowest that God has a care for each and all,
That without His will a sparrow cannot fall;
And that He with His loving hands our footsteps guide.
To bring us nearer and closer to His loving side.

No more on earth wilt thou thy son see,
No more wilt thou hear him laugh with glee;
No more on earth will he be thy darling boy,
No more will he fill thy heart with joy;
No more will sickness rack his weary brain,
No more will his heart ache with pain.

All will be joy and peace where he has gone,
All will be happy around God's great throne;
All will have pleasure without sorrow or care,
All will in the love of God have a share;
All pain all sorrow all will be free,
All will be peace for all Eternity.

Then let us not, my friend, look downhearted and forlorn,
For we cannot bring him back to this, our earthly home;
But we may go to him if we only do what's right,
And live with him for ever amongst the angels bright;
Death will come to each and all soon or late,
Then let us be ready to meet him as our fate.

C. BRANDON.

Though Your Condition be Critical and Alarming, there is Still Hope.

How You May Become Free.

Yield not to dark despair weary and afflicted one; there is hope, notwithstanding the fact that deep darkness seems to have gathered round you. We are fully aware of the fact that your condition is serious and alarming; your face, eyes and general appearance indicate both mental and physical sufferings of a severe and most dangerous character. We perceive you are a nervous sufferer; your restless eyes, your colorless face, your trembling muscles, tremulous hands, all these proclaim your infirmity. You are sleepless, restless, despondent, nervous and dyspeptic; all these troubles are from a disorganized nervous system.

You admit all these facts—you confess that your condition is critical. Any further argument on your part you know is useless and of no avail; you now cry out for a remedy to restore, strengthen and heal. You ask for something more efficacious and lasting than anything you have yet used. Now we point you to the front of us—that has given power to humanity—that can raise up to new and vigorous life. It is Paine's Celery Compound that has already saved thousands from the pallid and fearful face of nerve disease, and brought them back from the grave.

You and your friends know of it and have some knowledge of its wondrous powers. No medicine of the present day has been more thoroughly tested in our country, and no other has had so many victories and triumphs added to its credit. There is a certainty of its work in your case, poor sufferer; it will give you that great boon—health—which you now pray for so earnestly and fervently. Your life is in jeopardy and peril if Paine's Celery Compound is not used. Honesty of purpose, your family's interests and the country's good, call for a trial of this grand remedy without delay.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, having the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and blesses with healing beauty. NEW MILLINERY.

The Hats and Bonnets are Becoming Gay and Brilliant.

The millinery of the season is fantastic to the verge of the ridiculous, and recalls the early Victorian era, with its high, narrow crowns, lacy brims, its hugh posies, broad ties, and vivid coloring. Even the full flowing veil in which our grandmothers delighted is among the late novelties, made of the finest lace wrought in a deep border, gathered upon a rubber cord at the top, that it may be mulled to one side instead of being raised, and falling below the waist.

Beneath the brim of the black leghorn poke which this veil adorns, deep crimson roses are crowded closely along one side, and a clasp of rhinestones fastens the veil at the back. Among the prettiest hats are the white straw sailor of coarse braid, with broad flat brims and low crowns, trimmed with white satin ribbon tied in a bow about a cluster of white clover blossoms at the side. A picturesque hat of green Tuscan straw with a gracefully bent brim, finished with wired black guipure lace, has a similar bow of black velvet ribbon edged with gold and drawn through a buckle of rhinestones set in gold. The ribbon passes straight about the crown and ties again with long streamers at the back. A graceful feature of the hats for summer wear is the long scarf of mull or chiffon which is twisted about the crown and knotted at the back, whence it fails to be coquettishly wound above the throat and tossed back over the shoulder. A broad-brimmed leghorn hat, falling in in pretty curves about the face, has its absurd little crown enveloped in a scarf of pale blue liberty tissue, with half a dozen American beauty roses falling from the back upon the brim. Chip hats are again introduced as novelties on the ground that everything is new when it is old enough. They are profusely trimmed with flowers, and adorned with a large bow of ribbon tied with careless grace and caught so lightly in its place that the wonder is that it does not fly away in the first gale. A hat without a sparkling buckle somewhere in its trimming is hard to find, and small, close hats for morning and travelling wear have for their only decoration the clasp of bravely sparkling brilliants. Occasionally a bonnet is seen adorned with real pearls in the French fashion, but the effect scarcely warrants the expense, so perfect is the imitation of the paste jewels.—New York Sun.

Mark Street Methodist Church.

The Mark street Methodist church Epworth League of Christian Endeavour held their first missionary meeting last evening. The physical geography of Japan was presented vividly, by the use of a colored map. The social customs of the people and their religion were passed in clear and instructive review. The planting of Canadian missions in Japan was narrated and the work being done there by the Canadian Methodist church. These and other cognate points were presented by different members of the society, a good number taking part, and all spiritedly and efficiently. Suitable sacred melodies, duets and hymns were interspersed. It was a most interesting and profitable hour.

The First of the Season.

The first lacrosse match of the season was played on the P.A.A.A. grounds last evening between teams selected from Ashburnham and Peterborough. Play began at seven o'clock and although the match was some what of a "scratch" match, the men on both sides being picked up hurriedly and the teams not playing with full team eleven, still some good playing was done, and the Ashburnham boys proved to be too good stick handlers for the Peterboroughs. At the close the score stood 11 to 2 goals in favor of Ashburnham. These were scored mostly by Jas. McCabe and J. Bagley whose clever and effective playing helped their team give the home boys such a drubbing. Peterborough managed to shoot the rubber through the uprights twice, the able work of J. McDonough. The following were the players :—Ashburnham, F. Dobbin, F. Peacock, G. Heap, F. Long, John McCabe, G. Lipsett, R. Glover, Jas. McCabe and J. Bagley. Peterborough, M. Minors, F. Hughes, W. Phelan, F. Adams, W. Borland, J. Daly, J. McDonough, J. Galley and E. Hickey. It was a good practice for the boys and they will be able to give Port Hope a hard brush on May 24th.

St. Luke's Reception.

A social meeting was held in the Sunday School room of St. Luke's church last night to give the new rector, Rev. Prof. Symonds, of Trinity College, Toronto, a hearty reception. The attendance was large, completely filling all parts of the room. Through the clever management of Mrs. Orde and her energetic band of co-workers the arrangements of the rooms were complete, and flowers were present in profusion. The first half hour was spent in social intercourse, and rector and people were made acquainted, many being introduced to Rev. Mr. Symonds by the churchwardens. After words a short programme was carried out, Mr. John Burnham, M.P., taking the chair. Miss Eva Tilley sang a solo with good effect, Miss Thom accompanist. Miss Celeste and Mrs. E. A. Peak, contributed piano solos, which were highly appreciated. Afterwards refreshments were served to all present and duly appreciated. Then followed a few words of welcome to Rev. Mr. Symonds by the chairman, who extended greeting to the new Rector on behalf of the church wardens and the congregation. Rev. J. C. Davidson, M.A., Rector of St. John's, followed in a few well chosen remarks, congratulating St. Luke's upon the success of its reception, and, as the Rector of Peterborough, he welcomed Rev. Prof. Symonds, and trusted that heaven's richest blessing might rest upon his work and labours in his new parish. Rev. Prof. Symonds thanked the people for their welcome, and stated that this was the first parish he had ever had, but he had always had a longing for parochial work, and he trusted, with God's help that his labours might be successful. He would not, on account of professional duties, be able to take up his residence permanently with them until September, but he would conduct the services whenever he possibly could or would provide a suitable supply. "God Save the Queen" was then sung and the meeting dispersed.

News Nuggets.

—The council of the Board of Trade will meet to-morrow night.

—All is quiet in police circles. There was a blank at the court this morning.

—The Peterborough Football team left for Lakefield this afternoon to play the return match with the Lakefield boys.

—The crusade against untagged dogs still continues. Some more are fall dead on the street at an early hour this morning.

—Mr. J. J. Turner & Son this morning received an order from the steamship "Empress of India" for twenty five life preservers.

—The cricket club go to Campbellford on May 24th, and to Port Hope on May 25th to play, to give the Port Hopers a "hard run."

—The William English Canoe Company are shipping to-day canoes to Trenton, New Jersey, Springfield, Mass., and French River.

—The 57th Battalion will hold its second battalion parade to-night, leaving the drill shed at 8 o'clock. There should be a large turnout.

—The annual meeting of the Philharmonic Society will be held to-night in the Y.M.C.A. rooms. A large attendance is earnestly requested.

—The Lansdowne and Peterborough Lodges of the Sons of England will attend divine worship in the Murray street Baptist church next Sunday evening, May 22nd. A good turn out is requested.

—A telegram was received to-day by Capt. and Adjt. Donaldson from Major Galloway of the 14th Battalion, Princess of Wales Rifles, Kingston, stating: "Cannot make arrangements to come for three days, will be up for the 24th."

Settled at Last.

The long debated and much discussed matter of locating a new school in section No. 2, North Monaghan, was finally settled this morning, at a meeting of the ratepayers held in the school house. After considering an offer from Mr. Geo. Webber to supply a site free of cost, it was decided to purchase a site on the "John Burnham lot" a short distance south of Geo. Mity's residence and proceed at once to erect a suitable school thereon.

Hear what the Toronto World has to say about Mr. Gorrie, who will appear with the Arion Club in the Opera House Friday evening next :—"Mr. Alexander M. Gorrie created something like a furore by his artistic singing of Reichardt's ballad "Love's Request." His voice has a most sympathetic, vibrant quality, with the genuine first tenor range, and is well under control. He also had to respond to the storm of applause, which he did by singing "Mary of Argyle."

A Run-off on the C. P. R.

Yesterday afternoon a run-off occurred on the C.P.R. between Cavanville and Manvers, about sixteen miles from Peterborough, and three miles east of Manvers. A special freight train of some twenty-five cars laden with merchandise, beef, etc., left Toronto yesterday morning, proceeding eastward to to Montreal. The freight along the lines was very heavy and the special made a good run until Manvers was reached. Between Manvers and Cavanville repairs are being made to the track and as the freight came along at five o'clock yesterday on the road the men had simply placed one of the rails in position for the freight to pass over, not even bolting it down. They then signalled and when the engine struck this part of the track she jumped the rails, taking the tender and five freight cars with her. They were merely derailed, happily just running off the track, but not being ditched. Traffic was blocked on the line for some hours. The local from Toronto, due at 9 o'clock, did not reach here until 10 this morning, and the 5:45 p.m. west bound train had to wait at Cavanville for hours. It was four o'clock this morning when she reached Toronto. The east bound express which reaches Peterborough at 12:02, was on time last night, the track being cleared by that time. Happily no serious damage was done, no loss to life or property at all.

St Paul's Anniversary.

The Services Conducted by a Successful Sacred Concert.

The programme of sacred music rendered by the choir of St. Paul's church last night under the direction of Mr. J. Churchill Aridge, organist of the church, was one of more than ordinary interest. As is, unfortunately, too often the case at a sacred concert, there was only a small audience, but the frequent bursts of applause indicated that the different numbers on the programme were heartily appreciated.

The programme opened with a hymn from the church hymnal, "Praise the Lord, ye heavens adore Him," which was followed by a solo and a chorus from the "Oratorio, Emmanuel." The solo, "Blessed are they," was sung by Master Aridge with beautiful effect, and the chorus was rendered in a firm steady manner. Mrs. Brodigan sang a recitative and aria, "Eve's Lamentation," very tastily, and with considerable expression. In the song, "The Distant City," Mr. W. F. Nelson showed himself to be familiar with the sentiment of this beautiful selection, and acquitted himself well. Miss Edith Hall sang in good voice "When the Mists have Cleared Away," which was followed by a beautiful Soto selection by Mr. J. Churchill Aridge, "Hear my Prayer," which was rendered with the skill of an artist, as was also his number in the second part, "God Save the Queen," in which some very difficult variations were produced upon the theme of the National air. He was assisted very effectively at the organ by Mr. J. Crane, who performed the accompaniments very creditably. Mrs. Sanderson sang "I Know that my Redeemer Liveth," from the Messiah, and showed great improvement in the rendering of this difficult work. A beautiful quartette, "Rock of Ages," Dudley Buck, was given very nicely by Mrs. Brodigan, Miss Montgomery, Messrs. Crane and Nelson, which closed the first half of the programme.

The second part opened with an anthem in march style, "From Egypt's Bondage Come" by the choir, very well rendered. Master Aridge followed with a charming number, "Sole Southern Breeze," in which his sweet boyish voice was heard to good effect. Mr. J. Crane was on the programme for a solo, "Eternal Rest, but substituted Parker's "Jerusalem," which he sang in good voice. Mrs. Hunter contributed Gounod's "There is a Green Hill far Away" in pleasing voice, with intelligent expression, and Miss Montgomery "The New Kingdom," which was well received. The programme closed with the "Amen" chorus from the Oratorio "Emmanuel," in which the choir showed careful training, which was very noticeable in the steady rendering of the difficult fugue work in this chorus. The concert was an entire success, and doubtless but for the many attractions in town last night, a much larger audience would have been present. Mr. Aridge accompanied the various soloists with his accustomed taste and ability.

The Bell Buys up the Ontario.

The Ontario Telephone Company to be Taken Over by the Bell Telephone Company.

For some time past there have been rumours that there was a deal pending, having in view the requirement by the Bell Telephone Company, of the stock, plant and good-will of the Ontario Telephone Company, of Peterborough. The presence in town of Messrs. K. J. Dunstan, Toronto, Manager of the Bell Telephone Company, W. C. Scott, special agent, Napanee, and Mr. Hugh Nelson, Toronto, inspector of trunk lines, lent consistency to the rumour, and a representative of the EXAMINER this morning waited upon Mr. Dunstan. The latter in answer to questions on the subject, said that he was not at liberty to give any definite information on the matter in advance of the annual meeting to-night of the Ontario Telephone Company, which would deal with the matter. He would not deny, however, that negotiations had been in progress. Mr. Mayor Kendry, president of the Ontario Company, being seen, stated definitely that the deal had been effected, and intimated that the formal ratification of the agreement would be settled at the meeting to be held to-night.

William A. Lehr

King of Medicines

And His Cure Was

Almost a Miracle

"G. I. Hood & Co., Lowell, Mass.

"Gentlemen: When I was 14 years of age I was confined to my bed for several months by an attack of rheumatism, and when I had partially recovered I did not have the use of my legs, so that I had to go on crutches. About a year later, Scrofula, in the form of

White Swellings,

appeared on various parts of my body, and for eleven years I was an invalid, being confined to my bed six years. In that time ten or eleven of these sores appeared and broke, causing me great pain and suffering. Several times pieces of bone worked out of the sores. Physicians did not help me and

I Became Discouraged

"I went to Chicago to visit a sister, as it was thought a change of air and scene might do me good. But I was confined to my bed most of the time. I was so impressed with the success of Hood's Sarsaparilla in cases similar to mine that I decided to try it. So a bottle was bought, and to my great gratification the sores soon decreased, and I began to feel better. This strengthened my faith in the medicine, and in a short time I was

Up and Out of Doors

To make a long story short, I continued to take Hood's Sarsaparilla for a year, when I had become so fully released from the chains of disease that I took a position with the Flint & Walling Mfg. Co., and since that time have not lost a single day on account of sickness. I always feel well, am in good spirits, and have a good appetite. I endorse

Hood's Sarsaparilla

for it has been a great blessing to me, and to my friends my recovery seems almost miraculous. I think Hood's Sarsaparilla is the king of all medicines." WILLIAM A. LEHR, No. 9 North Railroad st., Kendallville, Ind.

A RUMBLING and TUMBLING RACKET

Our prices and goods caught the crowds on Saturday, making it one of the biggest days of the year. For one week we will sell goods at prices below the cost of production. A big, bold, slashing cut has been made. All other efforts are mere pigmies beside this giant slaughter. Not a garment or an article in our store held back for profit. Every department made to suffer a loss. Business we mean and business we'll have. On, people on to the bargains! They are yours for the asking. The best stock of Clothing, Tweeds and Furnishings in the city, at prices lower than the goods can be made for. Come and see what we are doing.

THE NICHOLLS HOSPITAL.

There was a meeting of the Nicholls Hospital Board last night. A proposal to permit private ward patients of the hospital to have the attendance of whatever physician they may select, and to also allow patients in society wards to have the services of either their family or lodge physician, as they may prefer, was unanimously consented to. This concession so cheerfully made on the part of the hospital board shows that the members are anxious to discharge their trust with a full regard to all demands which, in the real interests of the public and the widest enfranchisement the hospital, may be made upon them. We are sure that their action in the matter in question will have unanimous popular approval.

A Grand Success.

Court Stanley No. 7680 A.O.F. Hold Their Second Annual "At Home"—A Large Attendance and an Auspicious Occasion.

The second annual "At Home," given under the auspices of Court Stanley No. 7680 Ancient Order of Foresters took place last evening in their court rooms, Cox's block, George street, and was a brilliant affair in every particular. The rooms were gaily and artistically decorated for the occasion with flags, cloth and bunting, presenting a very beautiful appearance. There was a very large attendance, the room being jammed to the doors until even standing room was at a premium. Bro. W. D. Scott, M.D., Past Chief Ranger, occupied the chair in an agreeable manner. In a few brief opening remarks he thanked all present for their attendance, and expressed the hope that they would spend an enjoyable evening. He congratulated Court Stanley upon its success, and said that though only organized a year, it had now a membership of over forty. The first number on the programme was a solo entitled "Storm at Sea" by Miss M. T. Stephens, sang in excellent voice. Mr. Thomas Cockrane followed in a recitation "Asleep at the Switch." His rendition was loudly received. Mr. C. N. Brown favoured with a comic reading in his usual happy style. Mrs. Stapleton's rendered a solo with fine effect. Mrs. A. G. Mortimer, of Toronto, formerly of Peterborough, was present and gave a recitation "The Death Bridge over the Tay." Mrs. Mortimer is an elocutionist of great ability, and her renditions last evening were very favourably commented upon. Bro. J. G. Sweetlove followed in a comic song "My Mother-in-law" which pleased immensely. Being encored he responded. The Misses Stephens rendered a fine duet entitled, "Hope, Beyond." Owing to the non-arrival of the brethren from Toronto, Mr. J. R. Stratton, M. P. P., was called upon to say a few words, which he did, explaining in a few remarks the aims and objects of the order. After refreshments were served the second part of the programme was successfully carried out, Mrs. J. R. Stratton occupying the chair, Dr. Scott having been called away. Mr. J. G. Sweetlove favoured the audience with two selections, and was encored each time. Mrs. Mortimer recited again in her splendid style and was rapturously encored. The clog dancing of Messrs. Lowis and Carney was a very fine piece of footwork. They were recalled. The second "at home" of Court Stanley was brought to a close by "God Save the Queen."

Laid at Rest.

Funeral of the Late Thomas Buck at Norwood—Solemn Demonstration of Public Respect to the Memory of a Most Worthy Citizen—Shoes of an Upright, Broad, Well-Rounded Life.

The funeral of the late Thomas Buck of Norwood took place at Norwood yesterday, and the large attendance of citizens testified to the high respect and esteem he enjoyed during his life, and which attached to his memory, in an unusual degree. The funeral ceremonies were conducted in the Methodist church which had been the religious home of the deceased for so many years. The pulpit and organ and choir rail of the church were draped in black. The funeral services were conducted by Rev. William Buchanan, assisted by Rev. Mr. Ash. The former preached the funeral sermon, taking for his text the 7th and 8th verses of the 25th chapter of Genesis:—

And these are the days of the years of Abraham's life which he lived, a hundred and three score and fifteen years.

Then Abraham gave up the ghost and died in a good old age, an old man, and full of years, and was gathered to his fathers.

The preacher proceeded to point out how the life of Abraham in its features of godliness, uprightness and fidelity to the service of the Lord, was a type of the life of the man whose mortal remains they were assembled to lay at rest. He showed how his life had been an upright and a noble one, guided by principles of divine origin. His goodness, piety, kindness of disposition, charitable action, and integrity, all combined in harmonious balance, constituted

A FULL-ROUNDED CHRISTIAN CHARACTER,

which secured the divine approval, and won the high esteem of the community in which he had moved an honoured and respected member for so many years. He had no fears for the future—the life he had lived had prepared him fully for the life of the world to come. Touching upon his early connection with the Methodist church, the preacher referred to the close relation in every department of church work, which existed between the deceased and the spirit of Methodism. He had worked faithfully and unstingingly in the church's interest, and it was no empty phraseology or flattery to denominate him a "pillar of the church." The settlers of the community had known him in his business transactions, had known of him in the sanctity of home, and in religious circles. He was always sincere, with his trust founded upon the Rock of Ages. He was a tower of strength in any undertaking, especially in connection with the church, with which he identified himself. His brief illness and suffering were borne with Christian patience, and when the dread summons came he passed away peacefully to his reward. During the services Miss Sperry, of Peterborough, organist of the church, presided at the organ and the choir sang appropriate hymns. Miss Sperry also contributed appropriate selections. During the time the public were taking their last look at the remains of the deceased she played the "Dead March in Saul." The body was then removed and laid reverently at rest in the Norwood cemetery. The late Mr. Buck, had been a prominent citizen of the community for over 50 years, and he carried on a large square timber and lumbering business for nearly 45 years with varying success. His principles was shown characteristically by the two failures which came upon him. With undaunted energy on each occasion he began life anew, meeting with interest every obligation "to the uttermost farthing, and carrying into practice the rigid principles of integrity that formed a part of his character. As a prominent and active Liberal his services to that cause will long be remembered. Mr. Buck leaves behind him a wife, three brothers, two sons and two daughters, all married; and, above all, that crown of a well spent life, a good name.

Dangerous and Prevalent.

The fact cannot be concealed that suffering and disease is terribly prevalent in our land, owing to a disordered condition of the kidneys and liver. From an inactive condition of the kidneys and sluggish liver, the blood becomes impure and clogged, and proper digestive vigor is out of the question.

The secretory system must be in perfect order if health and strength are looked for. To bring about desired results, one sensible course of treatment is recommended—the use of Kidney-Wort. This great kidney remedy is one of the oldest and best tested medicines ever given to sufferers, and in thousands of obstinate cases it has effected permanent cures.

Kidney-Wort is now recognized by the medical profession as a standard remedy. Do not suffer longer, reader, while such a curative power is near.

If your druggist does not sell Kidney-Wort, send one dollar, and a large package, put up in dry vegetable form, will be sent by mail.

Kidney-Wort is also sold in concentrated liquid form; this, however, cannot be sent by mail.

Major Rundle's Benefit Entertainment.

A Delightful Exhibition of the Perfection of Physical Training.

Though there was a fair-sized audience in the Market Hall last night on the occasion of the benefit entertainment of Sergeant Major Rundle, it was very far short of the merits of the programme, which furnished a magnificent exposition of the benefits, and also of the perfection of the excellent physical training imparted by Major Rundle. The programme opened with an exhibition of company drill, musical firing and bayonet exercise, by the boys of the Collegiate Institute. Competent military critics present pronounced this as "simply perfect." It is certain that no volunteer company in Canada could equal, and no company of a line regiment could excel the sharpness, precision and excellence of execution which marked the several exercises. The same applies generally (though in a lesser degree in some cases, owing to shorter training) to the succeeding numbers of the programme—wand exercise, by girls of the public school; military marching, by Collegiate Institute girls; gymnastic exercises by boys; dumb bell exercises, by Y.M.C.A. class; club swinging, girls of public school; and hoop drill by public school girls. The latter was a delightful spectacle, and showed what graceful action, in unison combination, is the outcome of intelligent instruction. The competitive club swinging by the baby duet, Miss Dottie Cavanagh, the little 6 year old niece of Mr. W. J. Gross, and Master "Doc" Stephenson, was absolutely well done, and the grace and confidence of the Lilliputian performers gave additional interest. The performance was varied by a capitally performed violin solo given by Miss Louise Yokome, to the effective pianoforte accompaniment of Miss Marguerite Butler, and a vocal solo by Miss Pettit. The accompaniments for the boys' drill were played by Master Joe Smith; for the girls' marching by Miss Wilkinson, and for the other movements by Miss Pollard. The programme concluded by a capital presentation of the crowning of the May Queen. The entire entertainment was eminently satisfactory and was greatly enjoyed by those present, and the house should be crowded to-night when the programme will be repeated with a few slight variations. Turn out en masse and give "the Major" and the boys and girls the bumper house they well deserve.

Mrs. Eugene Field is a remarkable woman. To appreciate this fact in all its dimensions it is necessary to know her husband, and to be familiar with his daily life. Mr. Field is one of those men who are said to be very "trying." He is free from what are commonly called vices, and he is affectionate and devoted to his family; but he is a genius, and when that is said all is said. A lady of wide experience and close observation once remarked that while a man of genius was one to admire and look up to, possibly to worship, he was generally "a great trouble about a house." This describes Mr. Field's case exactly. He is esteemed and loved by all who come in contact with him, and he is worthy of the sentiments he inspires; but he is nervous, dyspeptic, usually amiable but at times extremely irritable, always eccentric, extravagant, generous to the point of prodigality, a creature of impulse and a perpetual obstacle to orderly living, sytematic housekeeping and good domestic discipline. He loves books, pictures, curiosities of every description, dogs, chickens and birds. Upon the inanimate objects he lavishes a large part of his income, and upon the living creatures the choicest viands that he can openly or surreptitiously extract from the larder. By a supreme exercise of her authority, Mrs. Field has contrived to keep the chickens out of the house, but the books, dogs, birds and curiosities occupy every nook and corner that is not absolutely required for chairs and beds. No one realizes better than Mr. Field himself what Mrs. Field has had to endure by reason of his peculiarities, and he illustrates this by narrating a dream he claims to have had. "I thought," he says, "that I had died and gone to heaven. I had some difficulty in getting past St. Peter, who examined my record closely and regarded me with doubt and suspicion, but finally permitted me to enter the pearly gates. As I walked up the street of the heavenly city I saw a venerable old man, with long gray hair and flowing beard. His benignant face encouraged me to address him. 'I have just arrived and I am entirely unacquainted,' I said. 'May I ask your name?'

"'Oh yes,' he replied. 'I'm Job.'

"'Indeed,' I exclaimed, 'are you that Job whom we were taught to revere as the most patient man in the world?'

"'Yes,' he said, with a show of hesitation, 'yes, I did have quite a reputation for patience once, but I hear that there is a woman now on earth who has suffered more than I ever did and has endured it with greater resignation.'

"'Why,' said I, 'that is curious. I am just from earth and I do not remember to have heard of her case. What is her name?'

"'Mrs. Eugene Field,' was the reply. Just then I awoke."

MRS. FIELD.

Mrs. Field's trials have left no mark upon her face nor wrought any change in her disposition. She is as girlish in appearance and as equable in temper as she was in her youth. The portrait which accompanies this sketch is from a photograph taken five years ago, not a later one, taken last September in which her children are grouped around her, does not add a year to her age or a line to her face. She might readily be mistaken for an elder sister of her youngest boy. Mr. Field touches very gracefully on this point in a poem written upon and relating to his thirty-ninth birthday:

"And you, dear girl, with velvet eyes,
I wonder what you mean
Through all our keen anxieties
By keeping sweet sixteen."

Mrs. Field—Julia Sutherland Comstock—was born December 8th, 1856, at Rainbridge, Chenango County, New York. Her father, Alexander A. Comstock, was a prosperous merchant, whose fortune had been considerably augmented by a legacy from [illegible]. Soon [illegible] a wealthy trader. Her mother, who still lives, was Ann Sutherland—one of the Sutherlands whose ancestors came from Scotland in the old colonial days and settled in the western part of New York. About 1867 or 1868, Mr. and Mrs. Comstock removed to St. Joseph, Mo., and it was there that Mr. Field met, wooed, won and married his wife. She was the second of five beautiful sisters, who are still spoken of in St. Joseph as "the pretty Comstock girls." Mr. Field had been studying, or at least had been at the University of Missouri, at Columbia, and had become intimately acquainted with Edgar V. Comstock, a fellow-student. They arranged to go to Europe together, and prior to their departure Mr. Field was invited to spend a few days at the Comstock residence. He accepted, and there was introduced to Julia, then a girl of fifteen. It was a case of love at first sight. Mr. Field remained a month, and during the whole time devoted himself to the object of his affection.

[illegible]

At the end of a month Mr. Field had declared himself and been accepted. It was arranged that the marriage should take place on his return from Europe, where he proposed to remain a year. He said goodbye to his beloved and with her brother as a companion went to New York to embark. Somewhere in the east Mr. Comstock lost sight of him, and after several days of careful investigation learned that he had gone back to St. Joseph for another fond farewell. At last they sailed, but six months of absence was all that Mr. Field could endure, and at the end of that period he returned to America, hurried to the home of his little sweetheart and insisted on a speedy wedding. Of course, he carried his point; men always do in such cases. He was then twenty-three; she was barely sixteen.

Mrs. Field is always spoken of as a little woman, but, as a matter of fact, she is somewhat above the medium height and fully up to the medium weight. Her head is rather small, and her hands and feet extremely so, and somehow she gives the impression of littleness. She has soft brown hair and eyes—velvet eyes, her husband calls them—and a complexion as clear and fair as a child's. She is the mother of six children, three of whom live to remind her that, in spite of her youthful appearance, time is fleeting. Her eldest is a daughter of fifteen, already taller than her mother. She is the Mary French Field to whom Mr. Field's "Little Book of Profitable Tales" is dedicated. The other two are boys, Eugene, aged twelve, and Frederick, aged ten. The latter is the baby of the family. It was to him that Mr. Field addressed his lines "To a Usurper," written five or six years ago. In this little poem he has paid a deserved tribute to his wife's steadfast and loyal devotion. It occurs in the last verse:

"And when that other comes to you,
God grant her love may shine
Through all your life, as fair and true
As mamma's does through mine."

With her household cares, with the financial question always present to worry her, with her children to bring up and clothe and educate, Mrs. Field has had no time to devote to literature, and is content to bask in the light of her husband's fame. But if by any chance her private correspondence is ever given to the world, it will reveal a depth of feeling and a power of expression of which some of the foremost women writers of America might envy her the possession.—John Ballantyne, in Ladies' Home Journal.

If You are Going
To Buy a
Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'s
ESTABLISHED
PIANO AND ORGAN WORKS,
360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

SQUARE, SQUARE AND UPRIGHT
PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—
HEINTZMAN
AND
EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,
AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices, we have only to say that we positively will not be undersold.

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected

All kinds of Instruments Tuned or Repaired on short notice.

"German Syrup"

For Coughs & Colds.

John F. Jones, Edom, Tex., writes: I have used German Syrup for the past six years, for Sore Throat, Cough, Colds, Pains in the Chest and Lungs, and let me say to anyone wanting such a medicine—German Syrup is the best.

B. W. Baldwin, Carnesville, Tenn., writes: I have used your German Syrup in my family, and find it the best medicine I ever tried for coughs and colds, I recommend it to everyone for these troubles.

R. Schmalhausen, Druggist, of Charleston, Ill., writes: After trying scores of prescriptions and preparations I had on my files and shelves, without relief for a very severe cold, which had settled on my lungs, I tried your German Syrup. It gave me immediate relief and a permanent cure.

HARNESS STORE.

Horse to Rent—643 Aylmer Street.

For Vineyards and Berry Fields.

Grapes, raspberries, blackberries, currants and gooseberries are usually planted in rows from six to eight feet apart, and, after a few years, it is quite impossible to drive between the rows with a common farm wagon; hence, if it is desired to fertilize the plants, it is necessary to carry the manure a long way, or else make a vehicle for the purpose. A strong and cheap two-wheeled cart, shown at Fig. 1, is made from the wheels and shaft of a common, worn-out mowing machine. The frame and all other parts are removed, and poles or strips of wood are made to serve as thills. Attach the large end to the shaft by a strap of iron, bolted firmly. A box, wide enough to set on the shaft between the hubs of the wheels, and about six feet in length, is bolted to the thills, or, if wanted for a dump cart, each side or bottom of the box is secured to the shaft by a loose-fitting iron clasp, hooking the front end of the box to the crossbar near the whiffletree. This is a strong and cheap rig, as the wheels and shaft can be obtained for the price of old iron, and the remainder of the ironwork need not cost more than one dollar and a half. It requires no extra space to turn around in, goes between the rows of fruit without injury to them, and can be used for many purposes about the farm in place of a stone-boat. It will support a load of half a ton, and for hauling stone, or other similar work that can be done with one horse, it is most serviceable. The wheels have wide tires, and do not cut up the field like narrow tires.

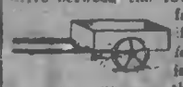

FIG. ONE.

In Fig. 2 is shown a four-wheeled, low-down truck, which many have found useful in their vineyards. The bottom, or platform, is four feet four inches wide, and eight feet long. Short stakes are used in the bolsters, and will retain a box in position when used for hauling loose material, but, for moving grapes and berries, another platform, the same size of this one, is placed immediately above the stationary one, coiled or elliptic springs are placed between the two platforms, and thus berries or grapes can be carried over rough ground without injury from jarring. The wheels are twelve inches in diameter, and are made from two-inch hardwood plank, with two bands of common hoop iron placed on the periphery near each edge. The sections of each wheel are bolted together. Old buggy axles may be used, or wooden ones, made from tough timber; in which case the bearings should not be less than two and a half inches in diameter. Make the bolsters high enough so that the wheels may set under the corners of the platform.

FIG. TWO.

Judicial Backing for the Lottery.

LOUISVILLE, Ky., May 14.—Judge Toney decided yesterday that the Frankfort Lottery had a right to run, despite the State Constitution did prohibit it. The Henry College Lottery grant was, however, declared exhausted.

Gun Blowing Apparatus.

In the construction of gun blowers, an ingeniously contrived apparatus is said to be now in use at Woolwich, England, the air being forced from the blowing cylinder into a reservoir, from which it is forced by its own compression; the beams of the pistons are so connected that when one is at the top of its stroke another is midway of its cylinder, while a third is at its lowest point, thus maintaining very uniform pressure in the wind chest below, with which every cylinder is united. In contrast with this device is the Schiele compound blowing fan, two fans being combined in the same shaft, so as to act successively in the same air; the first fan drives the air into a chamber between itself and the other, at a pressure of about six ounces, from which chamber the second fan receives the air at this pressure, and, as it compresses it as much more, delivers it into the furnace. One of the latest devices in this line is a blower with spoked wheels, having conical annular disks mounted on an axle driven by two belts to prevent a tendency to wabble; the air enters between the spokes around the axis, and the curved floats which span the space between the annular disks drive it forcibly into the receiving chambers near the periphery of the wheel, whence it escapes through a horizontal eduecation pipe at the bottom of the case.

As an aid to internal remedies for skin diseases Dr. Low's Sulphur Soap proves very valuable. dw

The Blood Surgeon

Of the Lisbon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic [illegible] or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, [illegible] heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or painful sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be roused by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, unsuitability of tempers, sunken eyes surrounded with leaden circle, oily [illegible] skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital forces having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUSON, 24 Macdonell ave., Toronto, Canada

Cure for Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents package.

MISS ARMSTRONG,

The Girl Who Brags.

Ella Wheeler Wilcox in the April Ladies' Home Journal deprecates the tendency of American girls to the habit of bragging. Only last week, she writes, she asked a young bachelor who is comfortably situated in life, why he did not marry? "Well I will tell you," he replied. "I want a home, which, of course, means a wife, but I am discouraged about making the venture. I admired a young lady greatly, and was beginning to think seriously of paying her court. She seemed to be my ideal. She was a model daughter, progressive minded, intelligent, industrious. She was always neatly but simply dressed, and her cheerfulness was like a sunny day. Recently I met her on the street just as she was emerging from a milliner's establishment.

MRS. WILCOX.

"'See my new hat!' she said brightly, as I walked along by her side. 'Isn't it pretty?'

"I had not noticed the new hat, but now I saw a simple open-work straw on which reposed a few flowers and a bow of ribbon.

"'Yes, very pretty and becoming,' I replied. 'I have a finer one being made,' she continued. 'This is only a hack affair. I paid only twenty dollars for it. It is stylish, though, for the price, I think.'

"My heart sank at her light way of estimating cost. I have no sisters, and my mother possessed a knack of trimming her own bonnets, so I had never known what ladies' hats cost. If that simple bit of straw and ribbon cost twenty dollars, what would be the price of the 'finer hat being made'? Thirty dollars at least. I realized at once my inability to properly support a girl who paid fifty dollars for two hats in one dosing season. What a fortune it would require to furnish all her wardrobe at that rate? Yet she is so simply dressed to all appearance; nothing at all showy about her. I suppose all girls in her station pay as much for their clothes, and so I think I will leave marrying for richer men. The average young man cannot stand that sort of thing, I assure you."

Now, I happened to know who this young woman was, and I happened to know that she was not an extravagant girl. If she had paid twenty dollars for a hat it was an unusual expenditure for her, and would trouble her conscience and purse for many a day, and cause her much self-denial in other directions.

But she possessed the foolish idea so prevalent in this age of great fortunes, that men admire women who use money lavishly, and who pay large prices for their garments.

Navigation Notes.

VANCOUVER, May 16.—Detachment of 245 marines and officers for pacific naval squadron arrived Saturday at 5 o'clock in charge of Lieut. Hudson of the Royal Navy and D. E. Brown, assistant general freight and passenger agent of the C. P. R. They left Liverpool by the Allan steamer Caspian, on April 26. Left Halifax by C. P. R. special train on Saturday, May 7, arrived at Montreal, 911 miles at 12:50, Sunday, making an average of 34 miles per hour. Montreal to Smith's Falls at the rate of 41 miles and the remainder to Vancouver at an average of between 27 and 30. Marines officers were delighted with the route and comforts provided. Most of the men go to the Warspite and the remainder to other ships.

Couldn't Clear the Track.

CORNWALL, Ont., May 16.—Charles Haney, aged 37, was struck by the cylinder of an engine at Lancaster throwing him a considerable distance and breaking his neck. He was given timely warning, but as he was walking on crutches he was unable to clear the edge of the track. Had he time to have taken one more step he could have saved his life.

A Whitby Merchant's Sudden Death.

WHITBY, May 16.—Mr. John R. Pringle, merchant tailor here, died suddenly of apoplexy at 3 o'clock yesterday. He retired last evening in his usual good health.

For any case of nervousness, sleeplessness weak stomach, indigestion dyspepsia, try Carter's Little Nerve Pills. Relief is sure. The only nerve medicine for the price in the market.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed, Miller's Emulsion nearly always succeeds. It is the best kind of flesh and blood maker, and has been used with marked success by the physicians in the Insane Asylum, Penitentiary, Hotel Dieu and General Hospital in Kingston, Ont. In big bottles, 50c. and $1, at Peterborough drug stores. dw

"Having used Burdock Blood Bitters for general debility, weakness and lack of appetite, I found it a sure cure."
dw HENRY HOWARD, Brownsville, Ont.

Worth $10 a Bottle.

DEAR SIRS,—I have used Burdock Blood Bitters for dyspepsia, and have found it to be the best medicine I ever used. I could not eat without suffering from a terrible burning pain in the pit of my stomach. I used six bottles of B. B. B. and am glad I did so or I should have been in my grave to-day. It completely cured me. I take a bottle every spring and would not be without it if it cost $10 a bottle.
dw DAVID PEDLEY, Morley, Alb.

The Commercial Man's Grip.

I have long looked for a preparation that would keep my head clear of Dandruff, but always failed to receive any material benefit until a friend recommended Anti-Dandruff, which I used with perfect success. It not only removed the Dandruff with three applications, but stopped the annoying itching of the scalp and rendered the hair soft and pliable without leaving an appearance of a dressing being used. It now occupies a permanent position in my grip. It is pleasant to use, and with pleasure I recommend it.

I have used the Flax-Seed Emulsion in [illegible] cases of Chronic Bronchitis, and the cures [illegible] Patients, and have been well pleased with [illegible]
JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N.Y., Feb. 16th, 1891.
I have used your Emulsion in a case of [illegible] (consumption) with beneficial results, where [illegible] could not use Cod Liver Oil in any form.
J. H. DROOK, M.D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 29th, 1891.
I can strongly recommend Flax Seed Emulsion [illegible] both full to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN F. TALMAGE, M.D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 30th, 1891.
I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.
D. A. COLTON, M.D.

WASTING DISEASES

197 West 26th St.,
New York, Aug. 4, 1891.
I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and convincing. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

PARIS' LATEST MYSTERY.

Two Men Decoyed to Death by a Woman in a Closed Carriage.

PARIS, May 17.—Paris is excited over another mysterious tragedy. Last Wednesday M. Dulamon, one of the officials of the Hotel des Monnaies, was summoned to a closed carriage in the street by the announcement that a lady wished to see him. On his return he was evidently much annoyed and requested a commissionaire, in his service, to accompany him on a mission, the nature of which he did not mention.

Neither of the men returned and the first chapter of the mystery was solved yesterday by the finding of two bodies in the Seine, which, subsequently, were identified as those of the missing official of the Hotel des Monnaies and his companion.

The spot where the bodies were found was some distance from any well-frequented road.

The theory of the authorities is that M. Dulamon and the commissionaire were decoyed to this locality, murdered and their bodies thrown into the river. There is, however, no motive known for the crime.

THE SAUSAGES HAD A BIG RUN.

But the Shop Was Closed When a Lot of Dog Carcasses Were Found.

LILLE, May 17.—Gustave Rasson, a sausage vendor, and his wife have been sentenced to six months' imprisonment for selling dogs' flesh, and their shopman goes to prison for three months.

Rasson and his wife lived at Roubaix until last October. They had a very prosperous butcher business and made a specialty of sausages of a peculiarly savory taste and flavor, which were very popular.

A warrant was issued October 26 for their arrest upon a charge of dealing in dogs' flesh and selling it for human food. The indignation of their customers was intense.

Rasson succeeded in escaping across the frontier into Belgium, but his wife and one of his shopmen were arrested. The trial took place yesterday. The court-room was packed to suffocation.

M. Leclercq, the health inspector, said that he found four pounds of chops in a basket in Mme. Rasson's possession. Back of the shop was a slaughter house, in which were 13 carcasses of dogs and 60 dog skins pegged out to dry, while some living dogs were waiting their turn to be slaughtered.

A veterinary surgeon named Roger testified that the chops seen and several pounds of inviting sausage were of the same character of flesh and in his opinion the flesh was that of dogs. The witness said dog's flesh is not unwholesome providing the animal was not diseased.

Several of Rasson's regular customers testified that they patronized his shop because of the agreeable flavor of the sausages sold there, but had no idea of any imposition.

It was proved that the Rassons had been in the habit of slaughtering a dozen dogs each week.

WILHELM BEGINS HIS JUNKET.

He Is Given a Magnificent Reception in Pomerania.

BERLIN, May 17.—Emperor William began yesterday the round of festivities with which this summer is to be filled. He and the Empress passed the day in Stettin to celebrate with the Pomeranian nobility the opening of the new county building. The reception surpassed any other that has been given to him since his accession to the throne. In the evening the whole city was illuminated. At the banquet the Emperor said that he had special solicitude for Pomerania on account of its peculiar history. He recalled the great Elector's conquest of Stettin and added:

"The red griffin defended herself bravely against the red eagle and my ancestors conquered with difficulty Pomerania. Since we have stood together as friends for centuries I dare say with the poet: 'Brandenburg and Pomerania; no devel separates them.'"

After the celebration the Empress returned to Berlin, and the Emperor proceeded to Danzig, where to-morrow he will attend the celebration of the Hussar Regiment in commemoration of its seventy-fifth anniversary.

TO KEEP HIS GOWN.

But Will Be Suspended from the Ministry for a Year.

CHATHAM, Ont., May 17.—It is said on good authority that as a result of the report of the commission appointed by the Bishop of Huron to investigate the case of Rev. N. H. Martin at Chatham, the absent clergyman will not lose his gown, but will be suspended from the ministry for a year.

This is an evidence that His Lordship exonerates Mr. Martin from all blame, except in so far as he left his charge without permission. Mr. Martin has already been offered four charges in Manitoba.

Mollie Matches.

TORONTO, May 17.—"Mollie" Matches, the noted United States crook, who was arrested in an uptown saloon on Saturday, was in court charged with vagrancy yesterday. He was remanded on suspended sentence for a day on his own bail. He left [illegible]

SALVATION OF THE MASSES.

Bishop Ninde Says that Churches Pay Too Much Attention to the Rich.

OMAHA, Neb., May 17.—Probably the largest concourse of people ever at a religious meeting in Omaha attended the mass meeting in Exposition Hall. The special theme of the meeting was the American Sabbath, and Colonel Elliott Shepard of New York, Bishop Warren, Bishop Ninde and Judge Lawrence of Ohio addressed the audience. An overflow meeting was held in the First Baptist Church.

Bishop Newman presided in the hall and Chaplain McCabe led the singing. Mr. J. H. Knowles, secretary of the American Sabbath Union, read a report of the work of the Union, and was followed by Colonel Shepard, who read the Ten Commandments, and confined his remarks to the necessity of having one day in seven for rest.

Bishop Law said that law was the best condition of existence, and that when a nation fell out with the idea of regulation by law there was danger in the immediate future. God had said that one day in seven should be set aside for rest, and human law should correspond with the law of God. Judge Lawrence maintained that it was the duty of the State to provide that all unnecessary work should be discontinued on Sunday, so the churches might have a chance to draw the people to church.

J. T. Edwards, State Senator of New York, said that James G. Blaine was in favor of closing the Centennial Exposition on Sunday, and had telegraphed that statement from Paris when consulted about the matter by the board.

Dr. Carman, the fraternal delegate from Canada, said that the church people of Canada were with the people of the United States in this effort to keep the Sabbath day from being disregarded.

Bishop Ninde said that there was little use to expect the people to keep the Sabbath holy until the church had won the masses to Christianity. He wanted to see the ministers get hold of the masses. There were people who made light of popular preachers, but he was ready at all times to take off his hat to the man who could draw the masses to hear the Word of God. The churches of the present day had gotten into the habit of shifting along to keep up with the rich instead of going after the masses everywhere and under all circumstances. He believed that if the churches would take hold in earnest and work for the salvation and conversion of every rank and class of humanity the great Sabbath question would soon solve itself. The Bishop aroused enthusiasm and set several of the brethren to shouting for more of the Holy Ghost religion.

For Eighty-four Hours Two Castaways Subsisted On Their Oilskins.

NEW YORK, May 17.—While running at full speed past St. George's Shoals, off the Banks of Newfoundland, the lookout on the Dutch tank steamship La Hesbaye, from Antwerp, noticed a fisherman's dory directly in the path of the vessel. Apparently leaning over the gunwale were two men.

A boat was sent out to the dory. Her crew found its occupants almost dead and unable to speak. The dory was towed back to the steamer and the two men lifted to the deck. Warm baths and stimulants brought the castaways around sufficiently in a few hours to tell their story.

They gave their names as Harry Atwood, 47, and John Holstat, 28, both of Gloucester, Mass. They were members of the crew of the fishing schooner Orient and had on Tuesday last set out in the dory to look after their trawls. A fog shut down and they lost their bearings. They had neither food, water nor compass aboard and for 84 hours they sustained life by chewing their oilskins.

HIGHWAYMEN FEARED THE GUARDS.

They had Planned to Waylay a Paymaster, But Were Driven off.

GILA BEND, Ariz., May 17.—A bold attempt to hold up the paymaster's wagon belonging to the Arizona Construction Company was frustrated last night. The company has two hundred men at work on a dam and reservoir on the Gila River. They are paid off the 13th of each month. Money for this purpose is shipped to Gila Bend by Wells-Fargo and from there transported to the dam site, 24 miles up the river, by the paymaster under heavy armed escort.

Deputy Sheriff McPhaul yesterday received information that a Cherokee Indian, known as Captain Jim, was at the head of a party of toughs who intended to hold up the paymaster's party. An extra relay of guards were put on, and the bandits failed in their attempt. Jim is in the mountains. He has served three terms in the Yuma Penitentiary and Territorial Prison of New Mexico for like offences, and is a desperate character. The Dam Company will hereafter pay its men in checks.

Railway Men Parade in London and Declare for an Eight-Hour Day.

LONDON, May 17.—Twenty thousand men attended the railway men's demonstration yesterday. They paraded to Hyde Park, where speeches were made from six platforms.

John Burns, Cunninghame Grahame, M.P., and Tait, the leader of the great Scotch railway strike, were among the orators.

The addresses were moderate in tone, Grahame's remarkably so, considering the extravagance of his recent conduct in the House of Commons, which led to his suspension.

The meeting was orderly, and after adopting with enthusiasm resolutions in favor of the eight-hour day the assemblage dispersed.

Kelley Goes to Europe.

Appleby's Postmaster Killed.

BRONTE, May 16.—The eastbound express passing here at 10 o'clock Saturday night struck a man and rig on the public crossing, near the station. The man was instantly killed and was recognized as J. Prescott, postmaster at Appleby, about four miles west of here. Deceased leaves a wife and large family.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months. The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade, THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during the Positive Alteration Sale.

DOMINION PARLIAMENT.

THE CARON COMMISSIONERS HAVE BEEN APPOINTED.

Two Judges of the Quebec Superior Court Said to Have Been Chosen. [illegible] Report Will Not Be Ready for Presentation to the House This Session.

OTTAWA, May 18.—I [illegible] on pretty good authority that Judges Pelletier and Routhier of the Superior Court of Quebec either have been or will be appointed commissioners to investigate the Caron charges.
The commission is not likely to sit until about the end of the month, as Judge Routhier will be engaged on other duties until about that time.

Business Day in the House.

This has been a fairly good business day in the House, about all classes of the Criminal Code being got through in committee this afternoon and good progress made with public works estimates to-night.
There was a good deal of talk over the Kingston Graving Dock contract.

Newfoundland Troubles.

No information has been received here with respect to the Associated Press despatch from Halifax that a caucus of the Government supporters in Newfoundland has decided to suggest a treaty with Canada providing for the exchange of bait between the two countries. It will not be surprising, however, if the Newfoundland Government sees the error of its unfriendly action towards Canada and makes an attempt to secure more amicable trade relations, as the popular feeling on the Island is understood to be decidedly against the position taken by the Government.

The Ranch Dispute.

Dr. McEachran and Messrs. Newton and Fechall, representing the Walrond Ranching Company, had an interview with Premier Abbott and Hon. Mr. Dewdney to-day, on the old subject of their grazing lease. It is understood that they offered to give up a portion of their land and allow settlers in provided the Government would give them an absolute lease of the rest of the land for the balance of their term—21 years—about 12 years free from the condition at present in the lease that it can be cancelled at any time after two years' notice. In view of the trouble the Government has had with this company it is not very probable that the request will be complied with.

Queen's Birthday Adjournment.

It was agreed across the floor of the House this afternoon by Messrs. Thompson and Laurier that the period of the adjournment for the Queen's Birthday would be fixed to-morrow. It is most probable that it will be from Friday to Wednesday.

A More Vigorous Immigration Policy.

OTTAWA, May 18.—A deputation of the western members, headed by A. W. Ross and L. A. Riviere, waited on Hon. Edgar Dewdney yesterday to urge the adoption of an improved and more vigorous immigration policy.

Steve Brodie's Leap Eclipsed.

MEMPHIS, Tenn., May 18.—Thomas F. Madden of this city made the phenomenal dive last evening of 149 feet from the great bridge into the Mississippi River, thus eclipsing Steve Brodie's leap from the Brooklyn Bridge.
Madden jumped from the iron girders that rise on either side of the roadway. He did not drop as professionals do, but leaped, feet down.

Prince Michael Gets a Change of Venue.

DETROIT, May 18.—Prince Michael will not be tried in Detroit on one of the most serious charges against him, that of carnally knowing a female between the age of 14 and 16.
Judge Chambers decided on the opening of the Recorder's Court yesterday that affidavits presented to him a fair and impartial jury could not be obtained here, so he granted a change of venue to the Circuit Court for the County of Washtenaw.

Victoria Alumni.

COBOURG, May 18.—At the Victoria University Alumni Association meeting last night, Rev. Dr. John Burwash, president, in his address said that a weakness of the federation scheme to Victoria was that they had not a strong arts faculty. They were in need of money to increase the staff and build a college residence. He strongly protested against the system of specialism in education, and said its effects were most pernicious. Dr. A. P. Coleman, Toronto, was elected president of the association for the ensuing year.

The Corpse Was Burned.

MONTREAL, May 18.—The candles that were burning by the side of a corpse in a residence in St. Dominique street set fire to the funeral draperies at 2.30 o'clock yesterday morning. The timely arrival of the firemen prevented the house from being seriously damaged, but the corpse was partly burned before the flames were extinguished.

WANT NO SEX IN CHURCH.

The Woman Question Now Bound to Come Up in the Methodist Conference.

OMAHA, Neb., May 18.—Dr. Ridgeway, for the Woman's National Council, in session in Chicago, presented a resolution Tuesday in the Methodist Episcopal General Conference, asking that body to come out squarely in favor of the admission of women into the legislative council of the church and declare that there is no such thing as sex in the church of the living God. The paper created a heated discussion.
Dr. Carman, the fraternal delegate from the Canadian Methodists, being obliged to leave for home, was asked to give the conference a parting word. His speech was rippling over with fun. He said in conclusion: "Now let me deliver a parting charge—and how shall I deliver a charge to this body? But here is the charge. Hold up to your public school system. [Applause.] Stand by the public schools, for they are the hope of your country."

Bloy Proves Fatal.

TWO RAILWAY ASSAULTS

A CRIME THAT IS GROWING IN ENGLAND.

A Clergyman Charged With Outraging Two Girls Who Were Travelling in a Compartment With Him—The Scoundrel Arrested—Another Alleged Assault in Which the Assailant is Also Arrested.

LONDON, May 18.—The sentences passed upon Goodale, the evangelist, and Hon. Patrick Greville-Nugent for assaults committed upon unprotected women journeying by rail do not seem to have any effect upon miscreants who find themselves in the compartments of railway carriages with women or girls who are traveling alone. Yesterday a man named Windle was arrested at Retford for assaulting a cook named Hannah Cordeck in a railway carriage near Babyworth.
The assault was committed in the compartment of a train on the Manchester, Sheffield & Lincolnshire Railway.
When the train arrived at the East Retford station the guard noticed that the door of Miss Cordock's compartment was open. He went to close it and found the young woman half lying in the corner of the seat. Her bonnet lay on the floor, her waist was torn at the neck and her skirt was full of rents. Her hair was down, and she was so dazed that he was obliged to ask her three times what was the matter before she could rouse herself sufficiently to tell him.
She then told him that she had been assaulted by a tall man with a heavy mustache and wearing a light checked suit. The man had jumped from the train, she said, as it was slowing up for East Retford.
Miss Cordock was assisted by two guards to the police station, where she gave a full description of the man. A detective and three policemen were despatched in search of the fugitive.

Fully Identified.

They found him two hours later walking through West Retford, and took him to the station, where Miss Cordock identified him. She said that she was alone in the compartment when Windle entered, and that he began talking with her shortly before the train reached Worksop. She answered only in monosyllables at first, and then not at all.
As the train left Worksop he came over and sat beside her. When she moved away he said, "You must not be so shy, little one," and caught her around the waist. She began screaming, but he covered her mouth by throwing his arm around her neck.
She tried to get up to reach the communication cord, but he held her fast, and pushing her into the corner took further advantage of her. In the struggle her clothes were torn and she tore his collar and cravat, which when arrested he had not had time to change. When the struggle was over he said:
"Now, are you going to peach on me? If you do you will be sorry."
Miss Cordock made no reply. Windle straightened out the cushions, picked up her bag and sat it beside her and told her, she said, that nobody need be the wiser and he would make it all right with her. By this time the train was approaching East Retford and began to slow up. Windle suddenly opened the compartment window and jumped out.
At first Windle denied Miss Cordock's accusations. Then he refused to say anything until he could see a lawyer. Subsequently he was arraigned and remanded to jail.
Miss Cordock is hysterical, and showed symptoms of breaking down several times during her recital. She is now under medical treatment, and her physician says she will be able to appear against Windle in court within three or four days, probably.
When Windle was taken to jail a crowd of men and boys pressed close to the policemen, and threatened to take him away and drag him through the streets.

The Crime of a Clergyman.

The police had hardly digested the details of this story when another case of the same kind was reported, Rev. Kennedy Bell, rector of Little Bedwyn, a village near Hungerford, Wiltshire, being the accused, and Miss Britain, daughter of the station master at Kentbury, and Miss Abery, a telegraph operator.
The case is without parallel, in that Bell appears to have committed two assaults in two different compartments during one journey in one train.
He entered at Newbury, Berkshire, the compartment occupied by the young woman named Brittain. Soon after entering the compartment, Bell, she states, tried to enter into conversation with her. As he appeared to be a clergyman she answered him modestly and respectfully. She began to get frightened, however, when he came near and began to fondle her. She tried to push him away, but he persisted and finally overcame her by force.
The Rev. Mr. Bell kept on as a passenger in the train after Miss Brittain had left it.
At Hungerford Miss Abery got into the compartment occupied by the minister. Bell began to make approaches to Miss Abery, taking her by the hand and attempting other familiarities pretty much as in the case of Miss Brittain.
He said that it was her duty to submit, etc., and as the young woman continued to resist he resorted, as in the former case, to violence.
On the arrival of the train at Bedwyn the Rev. Bell left the compartment. Miss Abery caused his arrest, and this was speedily followed by information of the other crime which he had committed on the same train.
The clergyman at first indignantly denied his guilt, but afterward admitted having been too familiar with the girls, though he persisted in denying the criminal assault.
At the hearing before the magistrates to-day sufficient proof was adduced to justify a remand, and Rev. Bell was held without bail.
Bell is a married man and has two children.
As usual, the communication cord was not in working order and the girls, though they shrieked at the top of their voices for help, could not make themselves heard above the rumbling of the train. When the train arrived at the station the girls called the guard and Bell was arrested.

Road Passed To Him Through a Hose.

BUTTE, Mont., May 18.—The rescuers yesterday reached Frank Aggam, who was buried in the Anaconda mine by the late disaster, and he was taken out. Food had been passed to him through a hose for several days. Nine persons were killed by the fall of ore and four injured.

Perry May Plead Guilty.

LYONS, May 18.—Express Messenger McInerney and many other employes of the New York Central Railroad and American Express companies were in town yesterday to testify before the grand jury in the Perry case. It is now confidently expected that Perry will plead guilty.

Two Murdered and Fifty Drowned.

ST. PETERSBURG, May 18.—It is reported that the governor Alexander Wolkow has been murdered in the Caspian Sea, and that fifty passengers were drowned.
The Alexander Wolkow left a Persian gulf port for Baku the end of March. She should have reached her destination in a few days, but on the 31st, when in a heavy storm which continued for three days, the vessel sprang a leak. The Wolkow did not dare to put in to shore, the boats and her fifty passengers were given up for lost. She was discovered with a big hole in her bottom and in a sinking condition. Her engines had been disabled, leaving the vessel helpless.

THE PACAUD TRIAL.

The Book Was Useless For Educational Purposes and Worth Not 10 Cents.

QUEBEC, May 17.—The enquiry into the charges of conspiracy against Charles Langelier and Ernest Pacaud of committal with respect to the interest rate drawn from the Public Treasury for the issue of the book, "Sylviculture," was continued and adjourned until Saturday, when counsel will address the court.
Fred Bedard, secretary of the Council of Agriculture, testified that the book was valueless from a commercial point of view.
Mr. Prevost of the Department of Public Instruction said the book was useless for school purposes.
Publisher Fabien testified that 10 cents per copy was a big price for the book, when one 75c. was paid.

An Icelander as a Candidate.

WINNIPEG, May 18.—Icelanders recently arrived in Manitoba are taking great interest in the present provincial election campaign, and over 150 of them took out naturalization papers this morning in order to vote. One of their number is the Conservative candidate for St. Andrew's constituency, formerly represented by the late John Norquay.

The Greatest Literature

On Earth is the Bible—Messrs Alex. Morrison and Isaac Richardson deliver Able Expositions on it at the Regular Meeting of the Charlotte Street Church Epworth League on Monday Night.

A regular meeting of the Charlotte street church Epworth League, was held in the Sunday school room of the church on Monday evening. There was a large attendance, President P. Hamilton occupying the chair. The subject was "Our Father Bible, and how we should use it." We have been favoured with the following account of the meeting:—

Mr. Alex. Morrison was the first speaker. He said that the greatest minds of all ages have given their best thoughts and their grandest efforts on the subject of the Bible. The best literature of the past and present have included much concerning God's word. He divided his subject as follows:—

1 General history of the Bible.
2 Vindication of the truths of the Bible.
3 Necessity of the Bible.

In speaking of the first division Mr. Morrison said the Bible came to us from the Jews, the word Bible being a Norman-French word meaning book read in churches. Christ called it "the Scriptures." Paul styled it "the New and Old Testament. It has come down to us as the Old and New Testament.

The Old Testament extends over 4000 years and contains 39 Books; 5 were written by Moses, 30 are historical and prophetic, and 4 are hymns or songs.

Copies of the Bible were destroyed in the destruction of the temple by Nebuchadnezzar. It came to us in English under the rule of King James.

The new Testament covers a period of 100 years, and was written by the apostles or their attendants. For instance, Matthew wrote the first Gospel, and Mark the second, Luke wrote the third, and was also author of the Book of Acts. John wrote 5 books, Paul 14 books, Peter 2, Jude 1. The books of the New Testament, therefore, were written by men who were intimately associated with our Lord.

Secondly—The Bible is true because Christ sanctions it. He says, "Search the Scriptures—." Again, "The Scriptures cannot be broken." Josephus, an ancient historian, speaks of Bible writers as men who were logical and true.

Again, we have a reason that the Bible is true from the facts that the Jews, who were always at enmity with Christians, testified in an unmistakeable way to its authenticity. Where is the writer that could give an account of Christ's miracles but could have been contradicted if they were not true? The speaker cited the miracles of the 5000 fed, and Lazarus' resurrection as examples. We must believe it to be true, we can do no other.

Critics have tried to prove the Bible false but have utterly failed.

Thirdly—Scientists and philosophers and others tell us we have no need of the Bible, but we say it is a necessity for the uplifting of man. Without the Bible we would know little or nothing about the Fall, the Godhead, Sin, Creation—Nature tells us but little about these things.

What would we know about the Soul, the Atonement, the Resurrection, the Descent of the Holy Ghost, the Judgment? We learn in God's Word that we must all stand before the judgment seat of Christ, when we shall hear the "Well done" or the solemn word "Depart."

Mr. Isaac Richardson took up the second part of the subject, "How shall we use it?" and pointed out in a very forcible way the following valuable suggestions: Study God's word in sections and passages. Read the history of the lives of the patriarchs, study their times, work, shortcomings and failures. You will find that the Bible gives not only the bright but also the dark sides of the lives of the patriarchs of old. Then take up the history of the prophets in order, study their temperaments, mission, duties, etc.

Read the history of God's chosen people, the Jews from the time of their bondage in Egypt all through their journeyings to Canaan to the promised land. Find out all about their worship, tabernacles, sacrifices, etc. Study the reigns of kings of Judah and Israel very thoroughly. Get acquainted with the neighboring nations of ancient times.

The basics of the Bible will prove a very profitable reading, when and why they were taught, etc. The ethics of the Bible with their temples, building, rise and fall.

The geography of the Bible will prove of vast advantage to the Bible student and cannot be ignored or dispensed with. Study the lakes, hills, dales, meadows, mountains, rivers, etc. The botany of the Bible is also very important. What a delightful theme is the flowers, trees, etc. You remember our Lord often referred to the lily and the rose, and was Himself styled the Rose of Sharon, and the Lily of the Valley. Mr. Richardson also drew attention to making use of the study of the natural history, chronology, prophecies and their fulfilment, miracles of both the Old and New Testaments. Make an accurate study of the life of Christ, marking every incident and connection with His illustrious career. Form an acquaintance with the Gospels and their authors, and endeavour to study the customs and costumes of Oriental countries. The parables and metaphors of the Bible should be pondered and their true meaning ascertained. Store your mind with God's promises, they will prove very helpful in time of need. In conclusion Mr. Richardson counselled the League members to have a personal knowledge of the Book of Books, and in order to do this we must be converted and become as little children, sitting at true disciples at the feet of our Master.

The meeting was very profitable to all present.

St. Leon Mineral Water.

The resignation of the second professor in divinity, which has just been announced, and which takes effect after the close of the present term, is a matter of deep concern to all the men connected with this University. The regret is widespread, and extends as it McConnell. It has often been remarked how providentially Trinity has been favored in her choice of professors and how signally Mr. Symonds is a worthy successor to that good fortune. Everything and everybody has been the better for his presence here. He has done work for Trinity and for Trinity men, the effects of which will be felt long after the present generation has passed away, and he has done it, too, with that thoroughness which is a marked characteristic of the man. Thoroughly unassuming and forgetful of self, his determination of character is doubtless tively felt by all who come in contact with him, and the esteem that commends itself to his judgment and sympathy can have no better or more zealous champion. His faith in Trinity and the part she is bound to play in the religious and intellectual life of Canada is an active faith, an energizing force which has been felt and recognized much beyond his own immediate circle. Ever since his official connection with this university her interests have had the first claim upon his time and attention, and his own, lost. Prof. Symonds has completely identified himself with Trinity, and we can say of him no higher words of praise than these: that she has gained much by that identification. His impartiality, unfailing good temper and kindly sympathy have been tested too often not to have had their due effect upon the students under his care, and by our men he is regarded with affection and sincere respect. Prof. Symonds leaves us to become rector of Ashburnham, and in taking this step we understand he does so believing that in native parochial work lies his true vocation. Satisfactory arrangements have already been made to fill the vacancy on the staff here, so there will be no interference in the work of the college consequent upon his resignation. We feel assured that his zeal on behalf of Trinity will suffer no check by his removal to Ashburnham. It will soon be known that we have a strong man for our friend there. Our readers will be glad to know that Prof. Symonds will still contribute to the columns of the *Review*, on the staff of which journal he has been for the past four years.—*Trinity University Review.*

The success of Hood's Sarsaparilla is because it possesses true merit, and no claims made for it which is not fully supported.

The Commercial Man's Grip.

I have long looked for a preparation the would keep my head clear of Dandruff, but always failed to receive any material benefit until a friend recommended Anti-Dandruff, which I used with perfect success. It not only removed the Dandruff with three applications, but stopped the annoying itching o the scalp and rendered the hair soft and pliable without leaving an appearance of a dressing being used. It now occupies a permanent position in my grip. It is pleasant to use, and with pleasure I recommend it.

BERNHARDT'S SON MAURICE.

The Actress Tells of the Consuming Affection She Has for Him.

Before young Maurice, her son, and only child, settled down and married, Mme. Bernhardt used to take him along with her on her triumphal tours around the world. He was a strikingly handsome young fellow, slender and somewhat shy, with a tiny little love of a dark moustache and of a decidedly aristocratic appearance. Of course, with a celebrated mamma doting on him and earning money by the bushel, young Maurice saw no reason from refraining in sowing his wild oats. And thus he did in this country as well as at home, and the mother who adorned him always ungrudgingly put up the spondulix for him. On one occasion, five years ago, young Maurice was initiated into the great American game of poker at a New York club and lost some $2,000. And on another occasion he fell a victim to some sharks in another club, who fleeced him out of $7,000 in baccarat. Altogether his dear mamma paid pretty high for the luxury of motherhood those days.

"That is now quite different," says Mme. Bernhardt. "He is now a married man, with a little daughter of nearly two years, and a man of independent means who doesn't need to depend on his mother's pocketbook any longer. He is now twenty-six and a fine, manly fellow, who lives in fine style in Paris."

"What does he do for a living?"

"For a living?" came the astonished counter-query. "Didn't I say that he had plenty of means? He makes verses—pretty verses—sometimes on the beautiful eyes of his wife and sometimes on something else. He does nothing besides that."

"I'd like that sort of a job myself," laughingly remarked her interviewer, and she merrily joined in the laugh.

"But he is such a good son," continued the proud mother, "and I love him as much as ever. Ah, if I had not my son I should kill myself at once. He is all I live for. Ah, yes, I love my son—even if I have not been married to his father. He is just as dear to me as if I had been, perhaps more so. You men don't understand these things. And didn't he fight four duels four my sake?"

"Only four?"

"Only four? Why, isn't that more than enough? Oh, the suspense and the dread when I knew him to face his antagonist?"

"What did he fight with—pistols or swords?"

"With the sword, every time. And he never received a scratch. He is very strong in fencing, and a splendid pistol shot as well, they say. And he is now so happy with his young wife! They often make me think that I, after all, made a botch of my life."—Chicago Herald.

Things Worth Knowing.

Renew old crackers by placing them in the oven for long enough time to dry them, but not to burn them. They are more delicious and crisp than when first bought.

PLACED HER NECK ON THE RAIL.

The Engineer Blew the Whistle, But She Would Not Save Herself.

ROCHESTER, N.H., May 17.—The engineer of the Sunday morning milk train, as it was approaching this station, saw a woman lying across the track. He gave a warning whistle, but her only response was to raise her head and deliberately place her neck on one of the rails.

The engine and tender passed over, severing the head from the body. The suicide was Mrs. Thomas Downing, who supported a large family. Domestic troubles probably drove her to commit suicide.

THE BIG STRIKE.

Inaugurated in New York Yesterday—Fully 50,000 Men Out.

NEW YORK, May 17.—The lock-out of granite cutters throughout the New England States was declared yesterday morning, throwing 20,000 or 30,000 men out of work. At the same time a number of strikes were ordered in sympathy with the stonecutters, and it was estimated that fully 50,000 men employed in quarrying and stone building work had failed to take up their tools this morning at the regular time for beginning work.

"I don't like the breath of that stove!" exclaimed little Ethel one day when the gas was escaping from the sitting room stove. Coal-gas is like the "perfumes of India," compared with the breath of a person afflicted with catarrh, but among many other symptoms the sense of smell is often destroyed, so the sufferer is unconscious of the offensiveness of his presence. Why any one *will endure* such a painful, dangerous and offensive disease, when Dr. Sage's Catarrh Remedy—costing only 50 cents—will cure the most stubborn case, is one of the many mysteries. The proprietors are so confident of the success of this Catarrh Remedy, that they offer to forfeit $500 for any case of catarrh they cannot cure. It would be suicide for their remedy, for them to make this offer, unless they understood its great merits.

As an aid to internal remedies for skin diseases Dr. Low's Sulphur Soap proves very valuable. dw

Cure for A Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of little roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents postage.

Gilmartyn Sore Cured.

DEAR SIRS,—I take pleasure in testifying to the great healing qualities of your medicines. I had the misfortune to injure my leg, and through cold and neglect it broke out in a running sore, my leg becoming inflamed and very painful, and the discharge was very offensive; various remedies failed to help me when I had the good fortune to try your B. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I feel justified in recommending it to the public as a cure. I only given a fair trial. Geo. Latham, Portage la Prairie, Man.

Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

How to Begin Beekeeping.

Most intending beekeepers must be self-taught, and pick up their knowledge in the hard and costly school of experience. Each should begin in a moderate way and make haste slowly. The first thing to do is to get a manual of beekeeping, and study it thoroughly. Buy a single hive, not more, at the start. Order it from some good reputable, practical beekeeper, who will furnish a thrifty, healthy stock. This should be done in the early spring, as a beginner cannot be expected to know the art of wintering successfully. Get Italians by all means. They are gentle, easy to handle, and probably, all things considered, the best honey-gatherers we have. Things absolutely necessary are one or two extra hives for increase, a bee smoker, veil and gloves for protection, or to inspire confidence, two or three supers containing sections for comb honey, and a small supply of artificial comb foundation. The probable cost is as follows: Stock of bees $6, spare hives about $1 each, bee smoker from 65c. to $1, or for the very best $2; veil 50c., bee gloves., 50c., if you are satisfied with a sheepskin gauntlet used by farmers for handling thistly grain. They have a thumb and forefinger, and if made of soft-tanned sheepskin are very pliable. Their smooth surface makes them non-irritants to the bees. Avoid rubber gloves. They sweat the hands, and soon rot from the action of honey. Hapees for honey sections cost from 65 to 75c. each, with sections and starters, and I would advise beginners to get them ready for use.

The probability of success depends on the novice. Patience, vigilance, attention to detail, perseverance and entire self-command are among the chief essentials. In the list of things absolutely necessary to begin with, I have purposely omitted requisites for extracting honey. These would greatly increase the cost of a beginning, which should be kept as low as possible, until the novice finds out by a season's trial, whether he or she is likely to prove a success at beekeeping. Extracting honey requires much judgment and skill, and is rather a musy job for a beginner. It disturbs the bees far more than working for comb honey, and should be deferred until some experience has been gained. I would strongly advise a novice to adopt what is known as the Langstroth hive, and after adopting it to stick to it, at least until considerable experience is gained. Having different kinds of hives is above all things to be avoided. The frames should fit all the hives in an apiary, so as to be readily interchangeable. The Langstroth hive comes the nearest to being a standard hive all over the American continent, and has many advantages on that account. The beginner should avoid novelties and take care not to be seized with a fever of hive invention. I have known some novices who, before their first season was half through, invented a hive to their sorrow, cost and confusion. Apprentices are seldom successful inventors, and it is old navigators, not cabin boys, who make valuable discoveries.—Prof. William F. Clark, Ontario Beekeepers' College.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months. The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

An Accident.

This morning as councillor H. C. Winch and a young man named John Heffernan were proceeding up George street, and were in front of Peter Hamilton's Foundry, the horse became frightened and made a spring. The king bolt of the meat express was broken thus allowing the front part of the conveyance to fall to the ground. The occupants were thrown out. Mr. Heffernan escaped with a bad shaking up, but not so Mr. Winch. He was found unconscious and had to be taken to his home, 81 Crescent street, in a phaeton. Drs. King and Halliday were called to. At first they found the action of Mr. Winch's heart very weak, but their worst fears were happily not realized. Beyond a serious shaking up, and sustaining a severe straining of the back, Mr. Winch is not badly hurt. It is hoped he will be around in a few days.

A Novel Case Before the Magistrate.

Some fun was witnessed on George street early last evening. A man was seen running down George street with a light overcoat on, and a few yards behind him was the form of a well known market square clothing dealer in hot pursuit. The latter becoming winded, went back for the police, and soon Officer McGinty was on the trail. He followed the pursued and arrested him in a shed on George street, north of Brock. Man and coat were taken to the police station together, and court was held last evening at four o'clock before Police Magistrate Dumble. The prisoner stated that he bought a pair of pants from the clothing dealer on Saturday forenoon; the latter urged them upon him, with the understanding that if he (the purchaser) did not like their style and fit in the morning, he had the privilege of returning them and having his money refunded. The prisoner did not like the pants and went back to have them changed, but the dealer declined. So as a final resource last evening, the purchaser fitted on a nice looking overcoat, and told the ready made clothier that if he did not care to give him back his money he would take and keep the overcoat until he did. Hence the sensational run of last night. The Magistrate ordered the prisoner, upon he refunded, to give back the coat, and said that he could either take the pants or sue the merchant for the $4.50 paid him by the defendant.

District Meeting.

The Peterborough District Meeting of the Bay of Quinte Conference, opened in George street Methodist church this morning at ten o'clock. The meeting is to arrange appointments for the General Conference which opens in Port Hope on June 3rd. The meeting will last two days, to-day and to-morrow. To-day the business of the meeting deals directly with ministers, to-morrow the business of the laymen from each place in the district will be considered. The following clergymen are in attendance :—

Revs. W. H. Cook, Cavan; W. G. Clarke, Cavan south; Joseph Kilgour, Fraserville; S. T. Bartlett, Lakefield; D. S. Rondi, Bridgenorth; E. D. Lewis, Warsaw; R. H. Adams, Bethany; G. H. Raley, Hall's Bridge; A. W. Mallett, Apsley; James H. Locke, Geo. W. Edwards, Jas. Thos., Peterborough; Wm. R. Young, B. A., Millbrook; Henry McQuade, Penrypool.

Rev Joseph H. Locke, pastor of the George street church, and chairman of the district, presided. After devotional exercises conducted by the chairman, the first business was the election of secretaries, which resulted as follows : Rev. S. T. Bartlett, Lakefield, secretary; Revs G. H. Raley, Hall's Bridge, and A. W. Mallett, Apsley, assistant-secretaries; Rev. W. R. Young, Millbrook, financial secretary; Rev. E. D. Lewis, Warsaw, to receive the missionary contributions. The next business was the consideration of the questions of the ministerial character and efficiency of all the clergymen present. This was confirmed. The next business was the consideration of young men on probation. The only one present and having been on probation four years and wishing to be ordained and received in full connection with the church was A. W. Mallett of Apsley. The other young men are in attendance at college at present.

Moved by W. H. Cook, seconded by E. Adams, and resolved that Albra W. Mallett having travelled four years and having been ordained last year for special purposes and having honourably passed his prescribed course of study with an average of 88 2-3 per cent. on the third year, and 81½ per cent. on the fourth year and there being no objections to his moral and religious character he be recommended to the conference to be received in full connection.

In the case of John Garbutt for one year at the Albert College, the following resolution was adopted :—Moved by W. R. Young, B. A., seconded by Jos. Kilgour, and resolved, that John Garbutt having been received on trial at the last district meeting, and having spent the year before his reception at Chandos Mission, travelling under the chairman, and having spent the past year at college, we recommend this conference to continue him on trial, and to allow the year spent under the chairman, when studies for the year are completed.

A committee consisting of Revs. Jos. Kilgour, W. R. Young, S. D. Hosek and J. H. Locke were appointed a committee to prepare a resolution expressing the high esteem in which the late Rev. Geo. H. Davis, for many years a member of the George street church, was held and also expressing sympathy with the family of the deceased.

Moved by Rev. W. H Cook, seconded by Rev. Jos. Kilgour, that Rob. Johnston, of Bethany be continued in his present relation on the list of supernumaries.—Adopted.

The meeting then adjourned at twelve o'clock, to meet at two o'clock this afternoon, when the case of young men, laid over from this morning, a review of the state of the work in the district, and the question, "Can any means be adopted for increasing the efficiency of our ministerial laborers and the promotion of the work of God," will be considered and discussed.

To-night a public meeting of the Women's Missionary Auxiliaries of the Methodist church will be held. Addresses will be delivered by Rev. W. R. Young, B.A., of Millbrook, and Rev. S. T. Bartlett, Lakefield. A fine programme will be presented, Mrs. (Dr.) Stephenson, Miss Annie Fawcett, Mrs. Clyde Green and others participating. There should be a large turnout. All are invited.

Peterborough Philharmonic Society.

The annual meeting of the Peterborough Philharmonic Society was held in the Y. M. C. A. rooms last evening. There was a small attendance. Sheriff Hall occupied the chair. Mr. J. Crane, sec. treas., read the financial report for the year and also the report of the work done by the society during the year. It was decided to continue the society for another year. Owing to the small attendance the election of officers for the ensuing year was postponed until next Tuesday night.

Mr. Gorrie handily made any recommendations to a Peterborough audience, he is so well known, but as a reminder read what the *Review* said on the occasion of his last appearance here :—"Mr. Gorrie's solo 'Ely Mevourneen' was sung in a truly artistic manner, and was worthy of the warm encore he received. Mr. Gorrie has a rich, clear tenor voice, which he uses with an admirable perception of the requirements of his selection. Mr. Gorrie has established a reputation in Peterborough as a high rate tenor."—*Peterborough Review*

Mr. Gorrie will sing at the concert Friday evening, May 20th.

Sergt. Major Rundle's Benefit.

The second concert for Sergt. Major Rundle's benefit was given in the new market building last night. The show was a good attendance, larger than on the night previous. The programme which was executed admirably under the able supervision of the Sergt.-Major, was substantially the same as given on the night previous with a few exceptions. Miss Pettit sang two solos with fine effect. The Y M C A. class also gave a fine exhibition of physical drill in addition to their dumb bell exercise. The hoop drill so dexterously executed by a number of small girls was applauded and an encore deserved it. The boys in their company drill manual and firing, together with their execution of the bayonet exercise were splendid. They were rapturously applauded and gracefully responded to an encore. Sergt.-Major Rundle desires to thank all who were present on either evening and also those who took part in the programme in any way, for their services and kindness. The thanks of the Major is also due to Mr. J. W. Crosby for the use of his piano so kindly furnished for the occasion.

Battalion Jottings.

Scores of Reasons to the Rangers Be Rent with Enemy Men in General.

The regular march out of the 57th Battalion took place last night. There was a large number of absentees. The [illegible] was left at 8 o'clock and to the [illegible] remarks rendered by the bright and [illegible] band. [illegible] five strong, the boys moved with even [illegible] and many promises through the streets, the parade being viewed by hundreds. The line of march was George street to King, up King to Aylmer, Aylmer to Hunter, Hunter to Weber, Weber to Dublin, Dublin to George at Capt. Brown's monument, Central Park where a halt was made and the band taking a prominent stand played several quiet airs marches while the different companies performed creditably the march past quick time march past quarter column and march past double quick time. After returning to the barracks the men under the command of Captain and Adjt Donnellan practised firing the fou de joie until ten o'clock when they were dismissed. The strength of the men and officers in the parade last night was 250 A company was commanded by Capt. Mason, B, Lieut. Schofield, 3, Capt. Hill, 4, Capt. Lent, 5, Capt. Miller, 6, Capt Brennan. Following are the orders issued for the coming week :—

Headquarters, Peterborough, May 17th, 1892.

Orders by Lieut.-Col. J Z. Rogers, commanding the 57th Battalion of Infantry, Peterborough Rangers.

No 1, To be orderly officer this week Lieut. Hayes, next for duty 2nd Lieut. Tebb.

No. 2 The Battalion with Bugle and Drum Corps will parade on Thursday evening next at 7.30 p.m.

No. 3. The Battalion with Band and Bugle and Drum Corps will parade in helmets and leggings on Sunday next, at 2.30 p.m., and proceed to St John's church for divine service.

No. 4—The 14th Battalion, Princess of Wales Own Rifles, will visit Peterborough on Tuesday, the 24th of May next. The officer commanding trusts that the visiting corps will be heartily welcomed and entertained by all ranks of the 57th.

No. 5—The officer commanding has been pleased to make the following promotions : C Company—To be Sergeant, (provisionally) Corporal F. J. Moherry, vice Packenham, resigned. To be Sergeant (provisionally) Corporal P. G. Goldsmith, vice Mellor, resigned. To be corporal (provisionally) R. J. Dean, vice Moherry, promoted. F Company —To be Sergeant (provisionally) Corporal L. G. Clarkson, vice Bletcher, resigned.

No. 1 Company is getting too large in number, and the streets will have to be widened in order to allow them to march unmolested.

The men will not march out with leggings to church parade on Sunday as mentioned in the orders The officers have decided to dispense with them for the occasion.

Considerable disappointment is expressed among the men at the 14th Battalion, Kingston, being able to only stay the one day. The 57th will likely remain in Kingston three days on their first of July trip.

The Telephone Deal.

The Bell Patents Acquired the Ontario Branch On Terms Satisfactory to the Shareholders.

The telephone deal, by which the Ontario Telephone Company is to be absorbed by the Bell, was practically consummated last night at the annual meeting of the former. There was a good attendance of shareholders, and President Kendry's report which we give below placed before the meeting in a very [illegible] the business of the company and the reasons for the deal in which the Directors are leading.

After a very full and frank discussion with explanations from the President and members of the Board the report was unanimously adopted. The following is the full text of

THE PRESIDENT'S REPORT.

To the shareholders of the Ontario Telephone Company :

GENTLEMEN,—In presenting to you the first annual report of the transactions of our company, I regret that I cannot congratulate you on the result of last year's operations. The estimates furnished us by the gentlemen who undertook the construction of our system, proved altogether unreliable. The plant instead of costing us $9,000 as was promised and anticipated, cost us nearly if not quite double that amount. To this one fact alone we can lay the whole blame of our present position, for it is easy to understand that the rate which was calculated to yield a dividend upon an investment of $9 000 is altogether insufficient under existing circumstances.

Your directors during the past year have devoted many hours weekly to the management of the company and have further carried the case ran entirely on their own personal credit with the banks. In addition to the heavy load which the board was called upon to shoulder, they had as you know to fight against the strongest possible competition from the Bell Company. Too result, as I said before, has not been encouraging, and your directors feel that they cannot longer devote the time and money to a proper management of the business and the operation of the exchange.

Under these circumstances the board feel that the present opportunity to dispose of their stock to be the Bell Telephone Company should be accepted. Many of the shareholders have already accepted this offer and I am pleased to be able to state that the same opportunity remains open to those that still hold their shares.

Your directors in yielding up their service have the satisfaction of knowing that for seventeen months they have given the public an excellent service.

In conclusion I ask that every shareholder will investigate for himself the reasons which have led to the present surrender, and will openly and above board make any reflections they may see fit to cast on the management of the Company. If this is done there will be no difficulty in satisfying everyone that the present step is the only one to take under existing circumstances.

The balance sheet and auditors' report, which, I regret to say, are so unfavourable, are submitted herewith for your inspection.

JAS. KENDRY,
President

In regard to the future policy of the Bell Telephone Company nothing has been decided nor will be done until the meeting of the Board.

Those who understand the inside working of the local telephone company know that President Kendry and his board of directors have fought a good fight, and that if success had been possible they would have gained it. While the officials frankly give expression to their relief that the fight is over, they retire not without honour. The public will echo their congratulations that they have given their patrons an excellent service, and that in trying the experiment of cheap telephone service they have given it every chance of success and the result is not due to any fault of theirs. The arrangement is an amicable one and as such will be hailed with very general satisfaction.

An Enterprising Firm.

It is not often that any business establishment becomes so popular a centre of trade in such a short time as it has taken the clothing house of Messrs. Grafton & Co., Peterborough, to gain a front seat with the purchasing public. It is only about one month since that firm started business in Peterborough, placing their business at that point under the control of a tried and trusted man from their large establishment at Dundas, in the person of Mr. Drake, under whose careful management the Peterborough branch budded and bloss med, and now flourishes. Certainly the firm possesses many advantages over ordinary ready-made clothing dealers, they being extensive manufacturers, employing several hundred skilled hands in the manufacture of goods for their large establishment in Dundas, where the annual sales are simply enormous. Their trade has been confined to manufacturers in Canada, the United States and in Europe, from whence one of the firm recently returned from making gigantic purchases, also bringing home with him the latest European fashions. Messrs. Grafton & Co. are entitled to a share of the credit due to clothing manufacturers for revolutionizing the ready-made clothing trade, which a few years ago was only patronized by those who were not in the least particular about their personal appearance. Now, however, it is different, and instead of rough made goods only being used for ready-made clothes, and that, too, with out regard to shape, the finest worsteds, doeskins, meltons, tweeds, etc., are used and, cutting in large quantities rapidly, well, and at low rates, has been reduced to a science, until a suit of clothes fit for anyone can be had for half what they used to cost. Messrs. Grafton & Co's large establishment in Peterborough is conducted with enterprise and ability, and the public are regularly informed through the agency of the press what they are doing and how they are doing it, and the constant stream of customers entering and leaving their premises is sufficient evidence of their success in advertising. Of course they do not advertise what they are not prepared to perform, they have no second prices and they have the stock to select from, so the stacks of coats, pants and vests of all sizes, patterns, colors and prices that cover the tables and fill the shelves of their spacious store in Clarkson's block, 393 George street, will testify. 1d1w

Peterborough Again.

Victorious Over the Lakefield Boys in the Return Match at Football Played Yesterday.

Yesterday afternoon the Peterborough Football team left town at four o'clock for Lakefield where they played the return match with the Lakefield boys. The home team were again successful, defeating their opponents by 1 goal to 0. Following are the names of the players:—

Peterborough.		*Lakefield*
T Dodds	goal	W Grant
H. Barnham, R. Kearns	backs	H. Lumpkier, W. W. Grant
W. Dumble, E. Warren, F. Long	halves	W. Jackson, A. Legary, [illegible]
W. Drope	centre	H. Frise
G. Hay	right	W. Sapsis
D. McCabe, W. Hendren	wing	J. Edwards, A. Dixon
W. Thompson	left wing	P. Alphenbeck
Referee		Dr. Blanchard

During the first half the Peterborough's played a scientific game and kept well together. They had decidedly the best of it all through this half and kept the pig-skin in very close quarters to their opponents' goal making many shots upon it time and again, but they were rather unlucky in not scoring. T. Dodds, goal keeper for Peterborough, was compelled to make only two stops during this half. At the change of position the Lakefielders did better playing, and gave their opponents some hard work. Two minutes before time was up, Hendren made a beautiful pass to Drope, who successfully passed to D. McCabe, and it was short through the uprights, scoring victory for Peterborough. The home team reached the town at ten o'clock in good spirits over their victory.

Consumption and Lung Inflammation

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Partly that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the tissues to rejoice in strength and health, and bloom with unfading beauty. St. Joseph's Convent Sports.

The Ceremony Will be an Imposing One.

The laying of the corner stone of St. Joseph's church, Dorer, on May 24th inst., at 3 p.m., promises to be a very imposing affair. Exclusive of his Lordship the Bishop, there will be present at least fourteen priests. An event on such occasion cannot be collected, will be taken up immediately after the ceremonies. The sermon will be preached by the Reverend Father Rouland of the archdiocese.

An Appreciated Pastor.

Gratifying Recognition of Rev. J. H. Locke's Labours.

At the meeting of the quarterly board of the George street Methodist church last night the following resolution was unanimously adopted.

Moved by W. J. Mason, seconded by Dr Pike :—Reviewing our church history during the last two years we are constrained to give thanks to God for His manifest favour.

During the last two years of the pastorate of the Rev. Joseph H. Locke we have enjoyed great peace, harmony and prosperity.

Mr. Locke by his uniform and unfailing courtesy has endeared himself to all ; he has visited the people, given sympathetic attention to the poor and the sick, looked after the stranger and neglected one. Under his various care all the week-day and Sabbath services have been devoutly and faithfully conducted, the number of members increased and all church and connexional funds maintained.

The church edifice has been finished by the completion of the beautiful tower, and other improvements, at an outlay of over $3 000, the entire cost of which is paid.

Under these happy circumstances this board desires to put on its minutes as an expression of its appreciation of the pastor's labours, and hereby tenders him their most heartfelt thanks for all his faithfulness.

ITCHING AND SCALY

Skin Disease 9 Years. Doctors and Medicines Useless. Cured by Cuticura for $4.75.

I feel it to my duty to tell you my experience with your CUTICURA REMEDIES. I have been troubled for over nine years with a dreadful skin disease. When I first felt it, there appeared a few small red spots on my breast, and it began to [illegible] spreading slowly. It started the same on my back, between my shoulders. A few days after the spots turned grey, and began itching. Small scales would fall off, so it continued spreading all over my body. I tried all the patent medicines I could think of, or get hold of. I also consulted doctors. Yes, they would cure me in a short time, but they always failed. Then I gave it all up, thinking there was no cure for me. Some few months ago, I noticed your advertisement in the *Tacoma Morning Globe*, thought I would try the CUTICURA REMEDIES, not thinking it would do me much good, but to my surprise, three boxes of CUTICURA, one cake of CUTICURA SOAP, and three bottles of CUTICURA RESOLVENT cured me entirely. My skin is now as white and pure as that of a child. I send my photograph. I have many friends in Chicago, Ill., and St. Paul, Minn.

HOOD'S
Sarsaparilla

Mr. Edward Hilbert, of 189 Broadway, Lawrence, Mass., sends us the following :

"Ten years ago our child was born. Having lost six children we were naturally anxious as to the health of this one. What was our dismay and sorrow to find that she was apparently doomed to the same fate as the others. She had little strength as a baby, and did not improve as she grew older. When about 2 1-2 years old she began to have

Fainting Spells,

dropping wherever she happened to be. At these times she would turn black and appeared at the point of death. Doctors told us she was in a very bad way from

Heart Trouble

Nothing that we gave her did any good until, in utter desperation, we began giving her Hood's Sarsaparilla. She gradually began to improve, the fainting fits became less and less frequent and finally ceased entirely. Her general health improved until at the end of a year, having taken seven bottles, we stopped giving it to her. At this time she was 4 years old, and, although anxious lest the troubles might return, we ceased to worry, she seemed so well. She is now 10 years old and is as

Healthy and Rugged

a child as you will find anywhere and has never shown any indication of a return of the heart difficulty. During the past 6 years perhaps she has taken 3 bottles in all, we only giving it to her irregularly, as times when she has complained of feeling tired in the spring and early summer. We feel that we owe a great deal to

Hood's Sarsaparilla

and cannot say too much in favor of it." EDWARD HILBERT, Lawrence, Mass.

WOULD YOU BUY

If the Price were Low?

Most men who do not own houses would become owners if they could do so at a moderate cost.

It is my business to build houses, the cost of which is within the reach of people in fair circumstances.

I have one house, well built, good location, Aylmer streets, between Townsend and Rink streets—$2,250. Look it up. Will have two on Dalhousie; work now going on.

DROWNED.

TWO YOUNG MEN [illegible] WATER.

They Attempted to [illegible] Island in the [illegible] A Couple of Boys [illegible] engaging Fish [illegible]

TORONTO, May 18.—[illegible] two men registered at the [illegible] Hotel. One of them was C. [illegible] lately from Montreal, the other [illegible] tered as C. W. George, Peterboro. He looked to be over 30 years of age, had a dark complexion and was dressed in a dark suit, with a dark stiff hat.

At 1.30 yesterday the men went to Armour's boat house and Wellies hired a boat to go over to the R.C.Y.C. of the Island. George said that he wanted to see the steward there, Mr. Martin.

They jumped into the boat and rowed off. Not far, however, for they had barely reached the end of the dock when a gust of wind caught the boat broadside and it capsized. The men were thrown into the water and both immediately sank. They were scarcely 100 yards from the shore, and a boat was soon on the spot, but they did not rise. The water was too rough to permit any grappling for the bodies, but they will probably be found to-day.

The trunk, although Weiler's name is on the outside, contains George's articles. Besides clothes there are several letters of recommendation from English parties and a letter from an attorney at Brighton (Eng.), speaking of an estate there. From other letters and papers, it is shown that George undoubtedly belonged to Brighton. It is also supposed that George was employed by the proprietor of the Canadian Engine Works in Montreal at 722 St. Joseph-street, as gardener, which position he must have held for a year. Both men wanted employment, and yesterday morning Wellers enquired of a porter where he could get a position as waiter. He was a tailor by trade, he said; but that work did not agree with him.

A TRADER'S SUICIDE.

After Enduring Remarkable Hardships the Old Man Poisons Himself.

MACLEOD, N.W.T., May 19.—Antoine Lachappelle, better known as "Tony," was found dead on his small farm near the Blood Reserve yesterday, having poisoned himself.

His death makes one more of the old-timers of ante-police days who has passed to the great beyond. Tony came to the country before the advent of the police to trade with the Indians. He carried on this business in various parts of the country, and at different times had his trading headquarters on Bow and High Rivers.

In one of the frequent battles which these traders had with the Indians in those days, Tony was seriously wounded and had a very close call.

When the police arrived they put a stop to the whisky traffic with the Indians, and when Colonel Macleod was established Tony settled down as a merchant. In this business he had many ups and downs, and his flights from bed-rock to wealth, and vice versa, were as rapid as they were wonderful.

He did not remain long in business after the removal of the town, and at the time of his death had a small farm just across the river from the Blood Reserve.

CROSSED IN LOVE.

The Body Found in Niagara River Was That of a Wealthy Philadelphian.

NIAGARA FALLS, May 19.—The body found below the falls has been identified as that of Mrs. E. C. Auppeter of Philadelphia. She arrived at Niagara Falls, N.Y., on Sunday afternoon and stopped at the Hotel Kaltenbach.

In her room at the hotel were several letters addressed to relatives, explaining that she had been disappointed in love and did not care to live. Five or six valuable rings and over $300 in money was left in her room. She also left a letter telling what should be done with her effects.

It is supposed she left the Kaltenbach, went to Sister Island, and jumped into the river.

RELATIVES WERE SUSPICIOUS.

But A Coroner's Jury Return a Verdict of Suicide.

FORENT, Ont, May 19.—Yesterday Dr. D. McEdward, coroner of Thedford, opened an inquest at Arkona on the remains of the late Samuel Coulter of Bosanquet, who was found dead in a cistern at his house a few days ago.

Some of Coulter's friends, suspicious of foul play, placed the matter in the coroner's hands for investigation. The body was exhumed this morning and a post mortem was made by Drs. Brown and Copeland of Arkona, after which evidence was taken at the Queen's Hotel, before a jury, of whom A. Dickinson, J.P., was chosen foreman.

The stomach will be sent to Toronto for analysis.

The jury brought in a verdict of death by suicide.

A HERO'S DEATH.

Gen. Klapka, the Hungarian Revolutionist, Passes Away in Peace.

VIENNA, May 19.—Gen. George Klapka is dead at Lobs-Pesth, aged 72. He was one of the heroes of the Hungarian revolution. When the revolution of 1848 broke out against Austria he commanded a company of Honveds and later succeeded Meszaros at the head of his army company.

Under Kossuth, Klapka was Minister of War, but he yearned to serve his country in the field, and quitting the ministry he took command of the important position of Komorn, which he defended with great heroism. He held out while the rest of the leaders of the revolution were making refuge in foreign lands, and he exacted honorable terms from the enemy when at length compelled to surrender. Klapka went into exile.

After the defeat of the Austrians by the Prussians in 1866, Klapka thought the occasion favorable for revolution and he incited the Hungarians to throw off the Austrian yoke. The attempt failed and he became a fugitive in foreign lands. Under the amnesty which followed the granting of autonomy to the Hungarians, Klapka was allowed to return to his native land, where of late years he has led a quiet life, revered as a hero by his countrymen.

Lakefield.

(From Our Own Correspondent.)

A foot ball match was played on Tuesday afternoon between the Peterborough and the home club on the grounds of the latter. The visitors came out on "top" by one goal to none.

Our street inspector is making a good job putting down cedar block crossings to replace the old timber ones now worn out.

The Royal Templars of Temperance has disbanded, want of interest and funds being the principal cause, and then Lakefield is such a good place there is no need of temperance societies or the Salvation Army.

Mr. Arthur Robson has started operations at the new Baptist church, which when finished will be a credit to the congregation and the village.

We desire to draw the attention of owners of dogs; the tags have been ready since the 1st of May, and Constable Doidge has received instructions to make it hot for the owners of all canines found without the official badge, also for the owners of all cows, etc. found runing at large during prohibited hours. So pay attention and save trouble.

The Mechanic's Institute has been removed to the room in the town hall known as the firemen's hall, and will open at all seasonable hours to subscribers.

The steamer Mary Ellen is going to run an excursion to Stony Lake on the 24th of May, leaving on the arrival of the morning G. T. train from Peterborough. We understand an evening train will also be run to meet the boat on its return so that no doubt a large number of Peterborough island holders and their friends will make a visit to their summer homes and see how they have fared during the winter.

Last Thursday evening Court Lakefield received a visit from Bro. H. Nesbitt, D. D. H. C. R., who was accompanied by Bro. Walton, P. C. R., of Springville, Bros. Layfield, Lebarveau, Craig and McLellan, of Court Langton. They received a hearty welcome and after installing the following officers for the ensuing term, spent a pleasant evening with the Lakefield Foresters, supper being served at the close of the Court:—

Cold Springs, Otonabee.

(From Our Own Correspondent).

On Sunday, May 29th, the Cold Springs Union Sabbath School will celebrate the the fourth anniversary of its re-organization. Rev. A. McWilliams, pastor of St. Andrew's church, Peterborough, will give an address to the school at 2.45 p.m., and on Monday evening, May 30th, there will be a social and an entertainment consisting of music, addresses, etc. A cordial invitation to be present on both occasions is extended to all.

We regret to have to chronicle that some of our old and respected residents are very ill. Mr. Andrew Heaslip, Mr. S. Smith and Mr. David Thompson are in a very low condition. It is to be hoped that they may be, ere long, convalescent.

The recent rain has had a very beneficial effect on the crops in this vicinity. What is needed now is continued warm weather.

When you buy your spring medicine you should get the best, and that is Hood's Sarsaparilla. It thoroughly purifies the blood.

The action of Carter's Little Liver Pills is pleasant, mild and natural. They gently stimulate the liver, and regulate the bowels, but do not purge. They are sure to please. try them.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed, Miller's Emulsion nearly always succeeds. It is the best kind of flesh and blood maker, and has been used with marked success by the physicians in the Insane Asylum, Penitentiary, Hotel Dieu and General Hospital in Kingston, Ont. In big bottles, 50c. and $1, at Peterborough drug stores. dw

CURE for A Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents per package.

Do Not be Deceived.

With Those Demands Against Attention.

"It is only a slight attack of neuralgia. I do not feel quite so steady as I did a month ago, but the feeling will wear away. I am quite certain."

You are deceiving yourself terribly, my friend; your reasoning is weak and foolish. You admit the fact that you are nervous, unsteady and weaker than you were in the past. With your present surroundings, business engagements and worry, one thousandth part of nervousness will increase your torment you a hundred times more in a short time — unless its smouldering fires are quenched at once. Your case demands the immediate use of that great nerve remedy, Paine's Celery Compound, a prescription of one of the most eminent physicians that ever lived, and who made the nerves system a constant study.

If you know anything about nervousness you must be aware that your tortures of loss, eyes and limbs proceed from it. Your restless, sleepless nights, your headaches, your feelings of languor, your moroseness and dyspepsia, come from a diseased nervous organism. This disturbed and diseased organism requires true nerve food. This strengthening food, builder, reconstructor and strengthener is Paine's Celery Compound, which possesses virtues and qualities unknown to any other medicine or remedy now before mankind.

This Paine's Celery Compound is your only hope; its use in your present condition means quick and rapid restoration to health and strength. It has the endorsation of the very best people, and the best physicians recommend it strongly. Do not put off and trust to time or circumstances for a cure; act sensibly; act instantly.

The High Park Brass Band is now fitted out in a very neat and attractive uniform. The boys went to Pontypool on Friday evening and report having had an enjoyable time. These desiring an excellent brass band cannot do better than secure the High Park Band. The boys are now prepared to furnish music for any occasion. Address all communications to Mr. Herb. D. Williamson, bandmaster and manager, Peterborough.

A successful open meeting of the Royal Templars was held on Thursday evening last. A good programme was presented, consisting of readings, recitations, vocal and instrumental music. There were also addresses by Messrs. Thos. Hunter, councillor, Rich. Lillico and the R. C., H. D. Williamson. This is a society that has been steadily growing for the past two years, and is now one of the most active Temperance organizations in the Province. May success be ever theirs in their efforts to save fellowmen from the terrible curse of rum.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. All medicine dealers sell Dr. Morse's Indian Root Pills. dw

The Commercial Man's Grip.

I have long looked for a preparation that would keep my head clear of Dandruff, but always failed to receive any material benefit until a friend recommended Anti-Dandruff, which I used with perfect success. It not only removed the Dandruff with three applications, but stopped the annoying itching of the scalp and rendered the hair soft and pliable without leaving an appearance of a dressing being used. It now occupies a permanent position in my grip. It is pleasant to use, and with pleasure I recommend it.

"German Syrup"

O. Gloger, Druggist, Watertown, Wis. This is the opinion of a man who keeps a drug store, sells all medicines, comes in direct contact with the patients and their families, and knows better than anyone else how remedies sell, and what true merit they have. He hears of all the failures and successes, and can therefore judge: "I know of no medicine for Coughs, Sore Throat, or Hoarseness that had done such effective work in my family as Boschee's German Syrup. Last winter a lady called at my store, who was suffering from a very severe cold. She could hardly talk, and I told her about German Syrup and that a few doses would give relief; but she had no confidence in patent medicines. I told her to take a bottle, and if the results were not satisfactory I would make no charge for it. A few days after she called and paid for it, saying that she would never be without it in future as a few doses had given her relief." ©

CANADIAN AFFAIRS DISCUSSED IN ENGLAND.

The Newfoundland Dispute—Treaty With Spain — Irish Newspaper Disputes — Michael Davitt Secures a Verdict for Libel — General Foreign News.

LONDON, May 18.—The final decision of the British Government to decline to assent to the Bond-Blaine convention is much discussed in colonial circles. Lord Knutsford was most anxious to show Newfoundland every consideration, but Canada's reasons against the Imperial sanction left no alternative but to adhere to the position held for a century—that Newfoundland's negotiations with the United States must proceed pari passu with the negotiations between the United States and Canada.

The Colonial Office has no wish to drive Newfoundland, but is more than ever convinced that the best interests of the colony lie in a cordial association with Canada.

The Newfoundland Legislature's repudiation of the pledges of the delegates to pass French shore legislation is arousing a distrust which must harm the colony's interest here.

Give Newfoundland a Lesson.

LONDON, May 18.—The Graphic calls upon Parliament to give Newfoundland a wholesome lesson, and says any further irresolution on the part of the English Government will be regarded as weakness.

Very Near to War.

LONDON, May 18.—Sir George Baden-Powell made his first public speech yesterday since his return from Behring Sea. He was at a meeting of the mission to deep sea fishermen. He assured the audience that Great Britain at one time was close upon war with the United States, but they had now agreed to settle the matter in dispute by an admirable means of arbitration.

Sir George eulogized the fishermen of Canada as plucky, hard-working and deserving.

Imperial Federation.

LONDON, May 18.—Respecting federation Sir Charles Tupper said yesterday: Several meetings have been held by the committee appointed by the council of the Imperial Federation League to consider any proposals for a definite scheme giving practical effect to the federation idea. Though some progress was made in the discussion it is unlikely that the committee will present any report for some time, and will most probably defer doing so till after the general election.

Trade With Spain.

LONDON, May 18.—During an interview Sir Charles Tupper said the outlook with regard to the Spanish negotiations is likely to remain uncertain for some little while. He says it is impossible at present to predict what aspect matters will ultimately assume. In some quarters the belief is current that Spain broke off negotiations with England in the hope of getting a better bargain with France.

That Tired Feeling.

Is often the forerunner of serious illness, which may be broken up if a good tonic like Hood's Sarsaparilla is taken in season. This medicine invigorates the kidneys and liver to remove the waste from the system, purifies the blood and builds up the strength.

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore the action and invigorate the liver.

HIS HEAD ON A SABRE.

Venezuelan Insurgents Win a Victory and Kill the Government Commander.

MARACAIBO, Venezuela, May 18.—Confirmation of the capture of the city of Bolivar by the insurgents, and news of the death of the commander of the Government forces, Gen. Santiago Rodil, has been received here.

The rebel chieftain, Gonzales Gil, rode into Bolivar at the head of a column of cavalry nearly 1600 strong and captured the town, little resistance being offered by Rodil's deputy, who had been left in charge.

Next day, fearing the return of General Rodil with a strong force, Gil retired to the mountains.

On the second day after Gil's raid General Rodil re-entered the city with a large number of recruits and veterans. He was exasperated at the state of things in Bolivar, and condemned a half dozen military officers whom he found in the city to be shot because they had not defeated the rebel leader. He then started in pursuit of Gil, but before reaching the insurgents' camp his troops revolted, took him prisoner, and demanded immediate countermanding of the order to shoot certain of their comrades at sunset. Rodil refused to give the order and was shot, and the soldiers rode back into Bolivar and found that town in possession of the insurgents, who had taken it without firing a shot. One of Rodil's guards rode into the town with the General's head on a sabre.

General Gil now occupies Bolivar with nearly 2500 well-armed men.

A Great Explosion!

In these days of gunpowder, dynamite, giant powder, and the like, tremendous explosions are no rarity, but the greatest explosion of modern times is, without doubt, that of the "old-school" idea that Consumption is incurable. Thousands of lives have been sacrificed to this mistaken notion. Modern research has established the fact that Consumption is a scrofulous disease of the lungs, and that there is one remedy which will positively eradicate it from the system—Dr. Pierce's Golden Medical Discovery. Of course, there were in the olden time many who would have pronounced Doctors explosives, instruments of witchcraft; but there are, fortunately, few people who do not acknowledge that the "Golden Medical Discovery" is the one sovereign remedy for *all* scrofulous diseases, and Consumption is one of them.

Having used Burdock Blood Bitters for general debility, weakness and lack of appetite, I found it a safe cure."

HENRY HOWARD, Brownsville, Ont.

Offensive Sore Cured.

DEAR SIRS,—I take pleasure in testifying to the great healing qualities of your medicine. I had the misfortune to injure my hand through cold and neglect it broke out in a running sore, my leg becoming affected and very painful, and the discharge very offensive; various remedies failed to help me when I had the good fortune to use your B. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I am justified in recommending it to the public as a cure if only given a fair trial.

GEO. LAURIA, Portage la Prairie, Man.

Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

AFTER THE EXECUTION.

Deeming's Brain Will Be Frozen and Forwarded To England.

MELBOURNE, May 18.—The board appointed to adjudicate on the 20 claims to the reward of £100 for the apprehension of the Windsor murderer have decided to divide the money among the 17 witnesses at the late trial.

The authorities have arranged to have Deeming's brain photographed after the execution, after being removed from the skull, and then to be frozen and sent to England in the refrigerator chamber of one of the mail steamers for examination by medical experts in London.

According to Deeming's will all his effects will be sold and 10 per cent. of the proceeds paid to Miss Rounsevill.

IRISH NEWSPAPER TROUBLES.

Words About an Amalgamation, and a Libel Suit Decided.

DUBLIN, May 18.—The shareholders in The Dublin Freeman and National Press met yesterday to discuss arrangements for combining the two newspapers, but no decision was arrived at.

Some time ago The Evening Herald published an article in which it was imputed that Michael Davitt had been guilty of commercial dishonesty.

Mr. Davitt brought an action for libel against the newspaper, laying his damages at £1000.

The jury to-day returned a verdict awarding £20.

John Redmond To Deliver An Address In New York.

LONDON, May 18.—At a meeting of Parnellites Tuesday it was resolved that Mr. John E. Redmond should accept the invitation to deliver an address in New York.

THE MAHATMAS.

Theosophists Send Colonel Olcott to India and Divide Up Blavatsky's Relics.

LONDON, May 18.—Theosophy in London has not fully maintained the impulse it received some time ago by the almost miraculous conversion of Mrs. Besant. The resignation of Colonel Olcott, who, with Mme. Blavatsky, was one of the founders of the sect and was chosen life president of the society, has not helped matters. Col. Olcott resigned, not because he has lost faith in the mahatmas, but because he found the pressure of work more than he could stand. That no rupture has taken place between him and the faithful is testified to by the fact that the latter have started a subscription in order to make a comfortable provision for the colonel through the rest of his life, which he proposes to spend in India.

One of the flock tells a curious thing about the final disposition of the remains of Mme. Blavatsky. As was made known at the time of her death, she was cremated. Afterwards the ashes were brought to London, and at a secret meeting between Mrs. Annie Besant and Mr. Judge, secretary of the society, were solemnly divided into three parts, one going to India, a second to New York and the third remaining to make London a holy place for the faithful.

His Life For His Hat.

QUEBEC, May 18.—While taking his horse from the farrier's to the citadel, Driver Turcotte of B Battery dropped his hat, and in stooping to pick it up was kicked on the head. He died from his injuries this afternoon.

Crazy Over His Wife's Elopement.

BUFFALO, N.Y., May 18.—John Gustavson's wife ran away with another man three years ago, leaving five children. Gustavson has worked hard to take care of his children, but has brooded constantly over his wife's desertion and yesterday he went crazy.

In a Buffalo Hospital.

OTTAWA, May 18.—James Wallace, mathematical teacher of the Ottawa Collegiate Institute, who mysteriously disappeared a week ago, has been heard from. He is in Buffalo, N.Y., laid up in a hospital.

Summoned to New York.

OTTAWA, May 18.—Mr. James Innes, M.P., proprietor of The Guelph Mercury, is at present in New York, where his wife is lying at the point of death.

Oshawa's Credit.

OSHAWA, May 18.—Oshawa's credit was tested Tuesday by a sale amounting to $5000 of 30-year 5 per cent. debentures. A large number of tenders were received, varying from par to ¼ per cent. premium. The latter was the offer of the Ontario Loan and Savings Company, which was accepted.

Over-Exertion Killed Him.

ORILLIA, Ont., May 18.—Reuben Crome, aged 66, a carpenter of Washago, dropped dead on the street yesterday. Heart disease resulting from over-exertion was the cause.

Shot a 400-lb. Bear.

GORE BAY, Ont., May 18.—Charles and Louis Kemp of Silver Water shot a very large bear. It weighed over 400 lbs., was in a good condition and the hide prime.

A Fenelon Assault.

GALT, May 18.—The police are in search of Andrew McWhinney, aged 35, a carpenter, who is wanted for committing an outrageous assault on a nine-year-old daughter of J. M. Irwin.

Rosy, health glowing cheeks follow the use of Dr William's Pink Pills, nature's remedy for driving out disease, enriching poor or watery blood, and building up the nerves. They promptly correct ALL irregularities and ills peculiar to females, sold by dealers, or by mail post paid on receipt of price—50 cents a box or six boxes for $2 50, by addressing Dr. Williams Med. Co. Brockville, Ont, or Morristown, N. Y. Beware of imitations.

As an aid to internal remedies for skin diseases Dr. Low's Sulphur Soap proves very valuable. dw

FAMILY RECIPE.—To prepare a bottle of Bitters at a price to suit every person, take the quarter of a 25c. package of the celebrated "Indigenous Bitters" and infuse it in three half pints of boiling water.

Tired, languid people who lack energy and appetite should take Burdock Blood Bitters, the best tonic strengthener and purifier extant dw

"Many men, many minds," but all men and all minds agree as to the merits of Burdock Pills, small and sugar-coated. dw

Worth $10 a Bottle.

DEAR SIRS,—I have used Burdock Blood Bitters for dyspepsia, and have found it to be the best medicine I ever used. I could not eat without suffering from a terrible burning pain in the pit of my stomach. I used six bottles of B. B. B. and am glad I did so or I should have been in my grave to-day, it completely cured me. I take a bottle every spring and would not be without it if it cost $10 a bottle.

INTENSE SUFFERING!

Mr. William Buchanan, 24 years engineer in the Cunard Steamship Company's service, 8 St. John's Road, Kirkdale, Liverpool, Eng., writes: "I suffered two years of agony from an affection in the head which six physicians pronounced incurable.

They were divided in opinion as to whether it was acute neuralgia of the head or rheumatic affection of the brain, but all agreed that I could never recover. In my paroxysms of pain it needed two and sometimes three men to hold me down in bed. When at death's door,

ST. JACOBS OIL

was applied to my head. It acted like magic. It saved my life. I am well and hearty, and have had no return of the trouble."

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing [illegible], we have decided to sell off our whole stock, and will commence at once a Sweeping Clearing Sale of everything in the store. Nothing will be reserved during the next two months. The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

Stony Lake Boating and Fishing Club.
A meeting of the subscribers to the shares of the Stony Lake Boating and Fishing club was held last night at the C.P.R. hotel. A constitution and by-law were framed and adopted, and officers for the ensuing year were elected as follows:—

PRESIDENT—A. Grover Heath.
SECRETARY-TREASURER—Thos. J Wilson.
EXECUTIVE COMMITTEE—J. S. Fanning, W. J. Overend, E. H. Brick, C. J. Taber, Frank Burdett, J. Heathorn.

One quarter of the 500 shares of the club have already been disposed of and the remainder will now be rapidly taken. The president and executive committee will go out soon to the lake and complete arrangements for purchase of two islands and erection of the buildings, boat landings etc. On their return a call of $1 50 per share will be made for immediate use. Now that the club has been regularly formed work will be pushed ahead, and members and other persons may expect to be able to enjoy themselves (at Stony lake this season, though things will not be fully ship-shape before next year.

To Hold an Inquest.
An inquest will be held to morrow afternoon in the cause of the death of the late Emma Caroline Lee, who died rather mysteriously in the 9 h concession of Dummer some four or five weeks ago. County Constable Cochrane has been inquiring into the case, and as a result an inquest will be held. Dr. Bell, coroner, Mr. R. E Wood, County Crown Attorney, and Constable Cochrane leave to night at 8 o'clock for Norwood and will drive to Dummer to-morrow, where the inquest will be held.

The Other Side of the Case.
In the police court on Monday a man was tried for taking an overcoat from the Montreal Clothing House. He stated that the proprietors had promised to take back the pants he had bought in case that they did not fit. This, he says, they refused to do, and to get even he took the coat. The proprietors state that they did not sell the pants conditionally, and that they shortened them to suit the purchaser, and that when he wished them to be taken back, that they refused to accept them, but offered to give him another pair in exchange. This the man refused and then put on and ran away with the overcoat. After the case was over the young man came and got his pants, for which he nearly paid very dearly by taking the law of reprisal into his own hands.

Another Fire.
This morning at about 2 o'clock, the alarm was rung from Dr. Goldsmith's residence for a fire in a rough cast dwelling occupied by two families in rear of his premises, on a lane between Murray and Brock streets. While the brigade was arriving the neighbours removed the contents of the dwelling, and when two streams were turned on the fire it was soon extinguished and prevented from spreading. The building which was owned by Mr. John Delaney, was pretty thoroughly gutted, but was protected by an insurance of $400 in the Royal of Liverpool. An unused furniture on the rear of a lot owned by Mr. Keough, of Eastmore, and adjoining the burnt dwelling, was the place of origin of the fire, and a pack of cards found among the *debris* indicates the probable origin of the blaze.

Board of Trade Council.
The Council of the Board of Trade met last evening in the town council chamber with a fair attendance. President R. Fair occupied the chair. A letter was read from the St. John's Board of Trade, asking the local board to join with other Boards in communicating with the Minister of Customs for the purpose of finding out the volume and trend of interprovincial trade—Referred to Mercantile Committee, B. Shortly chairman.

A communication was read from H. Calcutt asking the board that they should endeavour to get the government to remit tolls now charged on baskets, parcels of goods, etc. going through the locks here, up and down. This and tax on passengers going through the locks were injurious to our local trade. The secretary was instructed to write and communicate with the government on the question.

The secretary was instructed to write to the G. T. R. asking for an extension of market day fares to some villages and towns, including Omemee, who are desirous of trading with Peterborough.

Mr. Henry Phelan was asked by the board to prepare an analysis of freight rates which have been largely increased of late so that the discrimination against Peterborough which exists might be brought to the attention of the railway authorities. The Board intend making every effort to overcome this injustice. Some other matters claimed the attention of the Board, which adjourned at 9.30 o'clock.

A Free Trip to Europe.
The *Queen* will give a first-class cabin passage to England and return with $2000 in cash for expenses, to the person sending the first correct answer to the following problem: "If Henry's grandfather was John's uncle, what relation would Henry be to John?" —The junior lacrosse teams of Peterborough and Millbrook will play a match on the P. A. A. A. grounds here on May 24th. An interesting game is anticipated.

—Many citizens thought that some large building was being burned in the country on an early hour last evening. It was only a large brush heap fire near Mr. James Dixon's, west of the town.

—The Town of Peterborough Teachers' Convention which was to have been held on May the 27th, has been postponed until sometime in the Fall. Teachers will govern themselves accordingly.

—The Collegiate Institute Baseball Club have received a challenge from Lindsay to play on Saturday, May 28th. It has not yet been decided whether the boys will accept the challenge or not.

—The improvements to Dr. Volland's residence, corner George and Murray streets, have by no means completed. A new bowwindow, a handsome fence and bright exterior adds much to its attractiveness.

—The directors of the Peterborough Central Exhibition had a large box to-day, and were busily engaged in preparing the third of a mile track laid out on the outher portion of the grounds, by Mr. Thos. Hewson, P.L.S.

—The Peterborough Custom No. 10 I.O.O. F., have received an invitation from Bradford to attend the general meeting of the Grand Encampment and Centennial of Ontario, held in that city on July 25 h and 26th.

—The 57th Battalion with the band and bugle and drum corps will hold another parade this evening, leaving the drill shed at 7:30 o'clock. There should be a large turn-out, as the time between now and the 24th is short.

—The invoices of the supplies ordered from England some time ago for the ambulance and pioneer corps of the 57th battalion have been received. These corps will not be able to be organized for the 24th as their equipments will not have arrived by that time.

—Don't forget the entertainment to be given in the R T of T. Hall, Hunter street to-night, by the Juvenile Templars. A fine programme will be presented, and refreshments served. A large attendance is earnestly requested. Silver collection at the door.

—Canton Peterborough, No. 10, I.O.O.F., held the last drill last evening before going to Bobcaygeon on the 24th, where they will take part in the big Oddfellows demonstration on that place. The canton will leave at 8.20 in the morning, and is expected a large contingent of Oddfellows will accompany them from town.

—Staff-Capt. Cox is coming to Peterborough again to visit the local corps of the Salvation Army. This will be Miss Cox's third visit to Peterborough. On account of the cession of Evangeline and Mrs. Steele's farewell on June 16th, 19th and 20th. Evangeline and Mrs. Steele will sail for England after their farewell here, on June 26th. The trip is made for the benefit of Mrs. Steele's health.

Personal.

Mr. Harry Munro, formerly with the Wm. Hamilton Manufacturing Company, left to-day on an extended trip to the Old Country.

Miss Sophie Cameron and Miss Lillie Davidson returned home from Toronto last evening and will remain until after the 24th.

Reginald B. Southwell, of Hamilton, second vice-president of Brotherhood St. Andrew in Canada, addressed St. John's Chapter last evening. He was the guest of Mr. E. B. Lemon.

Mr. Harry T. Lewis, brother of Rev. E. D. Lewis, Warsaw, was in town last night. Mr. Lewis is returning from Victoria University where he successfully passed all his second year's examination. He also took honours in Political Science and Natural Science, taking first place in the former subject.

Mr. James Coughlin and family left on Wednesday morning for Vancouver, B. C., where he intends to make his future home. The family will have the best wishes of a large circle of friends in their new home. Mr. Coughlin, who was a member of the St. John's choir, will be greatly missed from the regular Sunday position. Vancouver is gaining a most useful citizen whose sterling qualities will become known as he becomes acquainted in business. It is his intention to embark in general business as soon as possible after his arrival.

Mr. John Braden, is opening out a large crockery and glassware business in the beautiful town of Woodstock, and left for his new scene of business this morning. Mr. Braden will doubtless succeed well in his new undertaking. He is going to a live town, with a splendid country around it, and he has the business qualifications to compel success. He drove a thrifty trade in his business till ill health compelled him to devote his attention to less exacting pursuits. He has since filled important positions of trust, like that of accountant of the Central Canada Loan and Savings Company, and secretary of the Brooks Manufacturing Company, and with satisfaction to all, but the business instinct dominates and now Woodstock gains a citizen who has for the past 22 years been a respected, prosperous and public spirited resident of Peterborough. Mr. Braden's numerous friends will wish him the highest degree of success in his new scene of action.

The District Meeting

Will be Closed to-day—Business Disposed of—Laymen Present—Report of the Sunday Schools of the District and Various Circuit Reports.

The district meeting of the Bay of Quinte Conference was continued this forenoon, Rev. J. H. Locke in the chair. The following laymen were present from the district: Dr. Fife, J. L. Hughes, M. W. Malcher, R. Clarke, D. Sharp, J. Brock, A. Dawson, John Hall, W. C. Manning, J. White, J. Staples, J. Barnegcote and Wm. Shaw.

After devotional exercises the first business taken up was the reports showing the expenditure on the various churches and parsonages of the district, which were as follows:

Charlotte street church Sunday School			$2 900 00
New church at Pontypool			2,500 00
Cavan parsonage fund			50 00
South Monaghan parsonage fund			50 00
Lakefield	"	"	50 00
Bethany	"	"	50 00
Hiawatha	"	"	75 00
Millbrook	"	"	125 00
Hall's Bridge	"	"	75 00

Other connectional funds for church reports were Bridgenorth, $65; Lakefield, $40. New organs were placed in Cavan and South Cavan churches at a cost of $100 and $140 respectively.

Queries were read from the Trustee and Quarterly Board of Lakefield, requesting that the Bible Christian church be sold to the Roman Catholics, and a request from Warsaw to sell the old parsonage and buy a new one.

A discussion arose as to there being no uniformity in the district in taking up subscriptions and collections in the district for connectional funds, and a resolution was passed requesting the conference to make the method more uniform throughout the district.

The reports from the various circuits were read and taken up this afternoon as well as the reports from the various Sunday Schools of the district. The report of the Sunday Schools shows that there are 36 schools in the district, 309 officers and teachers, 2699 scholars (92 of whom were converted during the year,) 3681 books in the libraries, $238.63 raised for missions, $1745 92 raised for Sunday school purposes, $29 40 for S. S. Aid and Extension Fund, 11 Epworth Leagues and 854 members.

A committee was appointed to suggest conference reforms and changes in the manner of conducting conferences our return. The committee will report this afternoon. Yesterday afternoon a review of the state of the work in the district was taken and found satisfactory. A committee was also appointed to report on the question "Can any means be adopted for increasing the efficiency of our ministerial labors and the promotion of the work of God?" The committee will bring in its report this afternoon.

Women's Missionary Auxiliary

Of the [illegible] held its Second Annual Meeting in the George Street Church last Evening—A Large Attendance—Good Years Progress—Fine Programme Presented—Able Addresses Delivered.

The second annual meeting of the Women's Missionary Auxiliary, of the Peterborough District, Bay of Quinte Conference, was held last evening in the Sunday School room of the George street Methodist church. There was a very large attendance, [illegible] filling the room. Mrs. Jas. Knight, President of the Auxiliary, presided in an able manner. After the singing of a hymn, the reading of the Scriptures lesson by Mrs. (Rev.) Tasse, prayer by the Rev. Jos. Kingsley, of Fraserville, and an excellent quartette by a chorus of twenty voices from the Epworth League, Mrs. Mowerry, Secretary of the Auxiliary, read the annual report. It showed that three new Auxiliaries had been added during the past year, making ten in all. The Auxiliary offered up thanks to God for His many blessings towards its above organization.

The sum of $300 was donated to the George street Society by Mr. and Mrs. Carlyle.

Mrs. Hamilton then rendered a solo entitled "Not Good-bye but Good-night" in a clear musical voice.

Rev. J. T. BARTLETT, of Lakefield, followed in an earnest and forcible missionary address of forty minutes. He said that there were several things in connection with the meeting which he admired. In a thorough sense, his organization, and its adaptation, impressed him the most. It was thorough in its requirements and adapted to all needs. The speaker said he liked the sympathy manifested in the society for the execution of the work and the nonsectarian zeal displayed. The great needs of the church in regard to this work was more heart and more sympathy, an increase of intelligent interest in the salvation of the world. There must be a change in the idea of some why the church of the Lord Jesus Christ has been organized. It was not to be a crowded hospital. It was to be a development and increase of all the powers and faculties of those first brought in this great hospital on earth, as patients. Some looked upon the church of Christ as if half developed was the supreme object. The church is the depository of sacred truth and it was placed there by Christ himself for dissemination and to evangelize the world. This needs to be impressed upon a great many people whose conception of the church is narrow and selfish. To produce an increase of intelligent interest in mission work, there must be a wide spreading of facts. Facts as Dr. Pierson has said were the fingers of God. There were more people in heathen darkness on the face of the globe to-day than at any previous stage of the world's existence. By reliable statistics it was proved that 557,000,000 had never heard of Christ and the Gospel, one hundred years ago, and to-day the number was 800,000,000 by competent calculations. The increase of Paganism is going on faster than the world is making converts, and those who are opposed to Christ argue that in time the whole Christian church will be stamped out of existence. There must be an entire change of base if the world is going to be evangelized. An interest cannot be awakened in people by impressing upon them a sense of duty. It must be by genuine sympathy, a keener sense of responsibility, and increase in the spirit of the Master. There must be a spirit of self sacrifice, that lies at the foundation of all Christian efforts, if we have in mind the early winning of the world for Christ.

Mrs. Clyde Green and Miss Annie Fawcett sang a duet with admirable effect, and were rapturously applauded. Mrs. (Rev.) Looke gave a reading, describing the difficulty of Chinese children in gaining admission to Christian schools in China, on account of the limited accommodation and number of the schools. Mrs. (Dr.) Goldsmith recited, in her usual clever manner, "A Methodist Class Meeting," in which pathos and humor were finely blent.

The Epworth Leagues chorus also rendered another selection.

Rev. W. R. Young, B A., of Lakefield, followed in a brief pointed address on the duty of the church toward mission work. He expressed his congratulations to the society on its healthy history for the past year. The first duty of the church was to embody the two first principles of teaching and those fundamental principles of teaching were first a knowledge of what is to be taught and a knowledge of the disposition of the facts we have to teach. The aggressive church was the church which was spiritually alive and it was the duty of the church in regard to missions to possess a thorough knowledge of facts.

A quartette "'Tis Harvest Time" by Misses Glass and Pollard, and Messrs. Shelton and Steer, was well given and the benediction pronounced by Rev. Mr. Thom, brought the meeting to a close.

Gough Bros. Still in the Lead.

Their Latest Big Business Deal.

Gough Brothers—the kings of clothiers—the wonderful cheap men are in one respect, like Banquo's ghost—they "will not down"—they have a way of keeping at the top. They are always lying in wait for big bargains and they have made an enormous purchase amounting to $83 763, from the well-known wholesale house of Jas. O'Brien & Co., Montreal, a purchase which their great local business and their large new establishment in Lindsay demands. There is no shadow of doubt that Gough Bros. are the largest retail clothiers in Canada, and their combination with Lindsay and associate establishments enables them to outbuy, and, of course, outsell all other clothing houses of less extent. They are here to stay; they have stood the test for years, have stood unshaken in face of the rivalry of some big industries and apparently big hustlers, but in spite of all this opposition they have kept their place at the head of the procession—have always come out at the top of the heap. They have seen many a sail go down—many an ambitious opposition succumb to good goods, low prices and square dealing, since their advent in Peterborough. Yes indeed, Gough Bros are here to stay and the public know it, and know that this last big buy of nearly $84,000, will give them big bargains, which they will rush to receive. No; no, fibs find no place to rest the sole of their foot on Gough Bros, the Wonderful Cheap Men. 21

Dangerous and Prevalent.

The fact cannot be concealed that suffering and disease is terribly prevalent in our land, owing to a disordered condition of the kidneys and liver. From an inactive condition of the kidneys and sluggish liver, the blood becomes impure and clogged, and proper digestive vigor is out of the question.

The secretory system must be in perfect order if health and strength are looked for. To bring about desired results, one month's course of treatment is recommended—the use of Kidney-Wort. This great kidney remedy is one of the oldest and best loved medicines ever given to sufferers, and in thousands of obstinate cases it has effected permanent cures.

Kidney-Wort is now recognized by the medical profession as a standard remedy. Do not suffer longer, reader, while such a curative power is near.

If your druggist does not sell Kidney-Wort, send one dollar, and a large package, put up in dry vegetable form, will be sent by mail.

Kidney-Wort is also sold in concentrated liquid form; this however, cannot be sent by mail.

Northwest Indian Missions.

Ven. Archdeacon Pinkham's Address on the Subject at St. John's Church—Observing Sketch of the Good Work Accomplished—An Appeal for Help to Continue the Work.

Ven. Archdeacon Pinkham, superintendent of Indian Missions, diocese of Athabasca, Lake, at the close of the service last night in St. John's, delivered an interesting address on the work of the missionaries in that faraway land. He began by remarking that his subject suggested the third verse of the 126th Psalm:—"The Lord hath done great things for us; whereof we are glad." The venerable speaker, who has grown grey in the mission service, has been engaged in mission work among the Indians of the Northwest for 27 years. He pointed out in the beginning of his address how vastly different the condition of things was now as compared with the time when he entered the country. Then his party were met on the banks of a river by a band of Indians, so fierce and threatening in aspect, that his escort were afraid to land. Now the efforts of over a quarter of a century of mission work was evident in the improved state of large numbers of Christianized Indians who showed the corresponding advance in physical habits and appearance, which is one of the results of Christianity. He went on to show how the Indians received the Gospel message, how anxious they were to be baptized, and how eager they were to understand the full import of the Gospel message. When they had accepted Christ they were zealous in his service, and they had a high appreciation of the privilege of public worship. For instance, they would start on Saturday, and in order to be at hand for service on Sunday, the women often carrying the children on their backs long distances. The speaker graphically described the anxiety of a recently converted Indian to appropriate

THE PRAYER OF "THE GREAT FATHER"—

the Lord's Prayer. He could not commit it to memory and he could not write, so he marked symbolic figures on a sheet of paper, as a mnemonic, and he went away—he was going to a distant region—rejoicing. Such incidents would show to Christians in more favoured lands the greatness of the blessed privilege of preaching the Gospel. Another incident related how a native pastor of a mission on the Winnipeg river received the Macedonian call from a distant region, where the light of the gospel had not shone, and he went. In the meantime a member of his flock condemned his services and preached the sermons in his own crude but effective manner. An incident of the comfort that religion brought to the dying hours of a converted Indian was graphically depicted. The elevating power of the word of God, was shown by the improved condition of the women. A noted bad Indian with several wives, one of whom he had brutally beaten and mutilated—his oldest wife—when he accepted Christ put his other wives away and married, according to the rites of the church, the mutilated wife—thus making all the restitution in his power. These incidents were related to indicate how great had been the work done in this faraway land. It might be asked why the speaker was here. It was because the great work could not be discontinued. The society in England which had hitherto sustained this mission were about to withdraw their long continued support, and leaving this duty to Eastern Canada. There was needed money and three or four live missionaries, who would endure hardness as good soldiers and undergo the great personal sacrifices the work demanded. He made an urgent appeal for assistance and pointed out how contributions would be a paying investment, for the regions now under mission, would fill up rapidly with Christian people, who in time would be a source of help. Some of the missionaries were working on hard when they were breaking down under the strain and others were needed to take their places. Speaking for his work he said they needed practical sympathy with the lonely workers thousands of miles away from home and friends. They needed the prayers and sympathy of Christian people. The preacher in his manner shown earnestness, devotedness and warm zeal in the cause of spreading the gospel, among our benighted neighbors in the Northwest.

Bad Street Watering.

To the Editor of the Examiner:

DEAR SIR,—The street watering is very badly performed. We pay enough to have it WELL DONE. Goods in the stores, books in offices are being destroyed, and people's eyes and lungs affected. The proper committee should see to the matter.

Miss Etta Hilbert
of Lawrence, Mass.

Her Parents were in Despair
But She Was Brought Into Healthy Childhood by
HOOD'S Sarsaparilla

Mr. Edward Hilbert, of 133 Broadway, Lawrence, Mass., sends us the following:

"Ten years ago our child was born. Having lost six children we were naturally anxious as to the health of this one. What was our dismay and sorrow to find that she was apparently doomed to the same fate as the others. She had little strength as a baby, and did not improve as she grew older. When about 2 1-2 years old she began to have

Fainting Spells,
dropping wherever she happened to be. At these times she would turn black and appeared at the point of death. Doctors told us she was in a very bad way from

Heart Trouble
Nothing that we gave her did any good until, in utter desperation, we began giving her Hood's Sarsaparilla. She gradually began to improve, the fainting fits became less and less frequent and finally ceased entirely. Her general health improved until at the end of a year, having taken seven bottles, we stopped giving it to her. At this time she was 4 years old, and, although anxious lest the troubles might return, we ceased to worry, she seemed so well. She is now 10 years old and is as

Healthy and Rugged
a child as you will find anywhere and has never shown any indication of a return of the heart difficulty. During the past 6 years perhaps she has taken 3 bottles in all, using only giving it to her irregularly at times when she has complained of feeling tired in the spring and early summer. We feel that we owe a great deal to

Hood's Sarsaparilla
and cannot say too much in favor of it." EDWARD HILBERT, Lawrence, Mass.

HOW often do you find a cup of Coffee entirely to your taste? There may be so much difference between one cup of coffee and another, as there is between a clam shell and a can of kerosene. There are many reasons for this difference—it would take too long to tell them all. If you want a real Coffee, try our celebrated 6th. Coffee. There is nothing to equal its flavour and fragrance.

In the art of Watch Repairing, there are many elements which go to make successful work. The cleaning and regulating is easily performed, but the replacing of any broken parts is far more difficult and it takes a workman of long experience and first class practical ability to make a new piece which is as well finished and fitted as the original was. MUNGASTER invariably finishes his work equal to new. The New Store is next to the "Examiner" Office.

MANY TRAGEDIES IN THE DOMINION YESTERDAY.

Shooting Scrape at Hamilton—A Prominent Lawyer in Quebec Mysteriously Assaults a Young Woman With an Axe—A Young Lawyer Disappears—Fierce and Lawless for Parts Unknown.

NIAGARA FALLS, Ont., May 20.—The lady of Eugene C. Aspinwall, Philadelphia, who committed suicide at Clifton Inn the other day, was taken back by [illegible], George C. Miller, yesterday.

Miss Aspinwall, married with [illegible] years of age and had been for 3 years companion as a subscriber to Justice Field's testimony before the Pacific Railroad Commission. She had been [illegible] company with Thomas Van Gorder, [illegible] as a grocery salesman, and had a [illegible] with him last Friday. The [illegible] disappeared.

It is said on Sunday evening, May 1, while Miss Aspinwall, Mrs. Miller and other members of the family were chatting together pleasantly the subject of conversation turned upon suicide and Miss Aspinwall then remarked: "If I ever commit suicide I will go to Niagara. I selected the spot two years ago when I was there."

A WOMAN WITH A HISTORY.

She Was Formerly A Happy Wife Living Near Toronto.

DETROIT, May 20.—Mrs. Miller, who has been living for some time on the yacht with Theodore Cloette, the man drowned last night, was arraigned in the police court yesterday on a charge of being drunk and disorderly.

The woman has a history. About two years ago she came here from some point in Canada, near Toronto, with her husband and three small children.

About six months ago her husband deserted her. The mother in turn deserted her children, leaving them on the steps of the Protestant Orphan Asylum, Jefferson avenue, and running away. The children were sent to the state school at Coldwater, and the woman has since led a dissipated life.

DESERTED BY HIS WIFE.

So He Married Ann Because 'Tother Dear Charmer Was Away.

GODERICH, May 20.—Richard Waistell of McGillivray township, who has spent the last six weeks in jail charged with bigamy, was tried before His Honor Judge Toms. Richard had been married in 1849 to one Susannah Cook, who is still living, and on March 19, 1889, had a second ceremony performed by Rev. Mr. Clement, at that time Methodist minister at Exeter, to Ann Cobleigh of McGillivray.

The certificates of both marriages and other conclusive evidence were adduced. It was shown, however, that the prisoner and his wife had not lived happily together and that some five years ago she left him and went to Michigan. In February, 1889, Waistell went to Michigan to induce Susannah to come back to his bed and board, which she refused to do. He then made overtures to Ann Cobleigh and was married to her on March 19 following.

His Honor found the prisoner guilty, and under the circumstances set forth allowed him to go on suspended sentence under a bond of $500 to appear for sentence when called for.

A COWARD'S REVENGE.

He Attacks a Young Woman With an Ax, Frightfully Injuring Her.

QUEBEC, May 20.—In the parish of St. Casimir, County of Portneuf, a young Frenchman named Telfie Loquerre, aged 23, a laborer, paid his addresses to Honorine Godin, aged 18, the daughter of a respectable widow.

Loquerre was a shiftless fellow and when he proposed marriage was rejected by Miss Godin.

Yesterday he entered the farm house of Widow Godin and commenced conversing with Miss Godin and two young girl friends who were present at the time and who were about to attend church service. They invited Loquerre to accompany them. Although seemingly in a bad mood he consented, and all four started off.

While passing a neighbor's house Loquerre noticed an ax lying on the ground, which he picked up unobserved by the young women, and creeping up behind Miss Godin dealt her a blow with the weapon across the head, felling her to the ground.

A physician was summoned, but pronounced the case hopeless.

The murderer was found concealed in the woods and taken into custody. He admitted his crime, and expressed regret that the blow had not been immediately fatal.

CUT HIS THROAT.

And His Wife Found His Horribly-Mutilated Corpse Next Morning.

HAMILTON, May 20.—Thomas Oliver, aged 46, who for some time past has occupied a shoe shop in the Cascade Block in York-street, was found lying dead in bed yesterday with a big gash in his throat and a deep wound in his left arm.

The horrible discovery was made by his wife, who had been staying with her mother next door. Going to call him to breakfast and receiving no response to her repeated calls she pushed the door open and, entering the little room at the back of the shop where her husband slept, she found him lying on his left side on the edge of the bed, his eyes fixed and glassy and the bed clothes simply deluged with blood. In the midst of a large pool of blood on the floor at the side of the bed lay a keen-edged knife, such as is commonly used for cutting leather. The fingers and thumb of the right hand were half-clenched, as though the knife had just slipped from their nerveless grasp.

From the appearance of the wounds it would seem that Oliver had cut the vein in his arm first, with the intention of bleeding to death, but, finding that means of ending life too slow, had accelerated matters by drawing the knife across his throat.

Deceased was in his shirt and trousers, and as the body was stiff and cold when found it is probable that the deed was committed shortly after midnight.

Oliver had been drinking hard for years, but of late had frequently expressed a desire to reform.

About two years ago Oliver attempted to commit suicide by cutting his throat, while on a visit to Rochester. By careful nursing and skilful medical attendance his life was saved, but ever since he has carried a silver tube in his throat as a memento of that event and also that he might breathe freely. The presence of this tube accounts, in a measure, for the extent of the gash in his throat this morning.

Still at Large.

YESTERDAY AT OTTAWA.

THE CRIMINAL CODE STILL UNDER CONSIDERATION.

The Very Queer Way in Which the Committee—Another Dominion Day Proposition—Promotion of Mr. Trout Another Good Thing—Jobs and Salaries on Railways and Canals.

OTTAWA, May 20.—Yesterday was a dull, quiet day in the House, the criminal code being under consideration in committee of the whole all the afternoon and evening.

The committee rose at 6.30 and reported progress and sat again after supper, taking up again the section [illegible] which was passed at noon, all the amendments still to [illegible], when it was passed and the next item, that for Minor de Loup gunboat, taken up.

[illegible] discussed.

The Senate Divorce Committee sat this morning and dismissed the report in favor of granting James Wright, of Bonald, B.C., a divorce from the wife Sarah Ann, who did not appear before the committee.

In the case of Robert Bennet of Toronto, who is seeking divorce from his wife, Mr. McCarthy, Q.C., on behalf of the petitioner, asked for an order of the committee compelling Bennet to supply his wife with money to enable her to employ counsel and summon witnesses or remit her husband's application. The committee took this matter under consideration.

STOLE A CAGE OF LIONS.

Novel Theft Committed by One of Barnum & Bailey's Men.

CHICAGO, May 20.—A man was arrested here for stealing a cage of lions. He is Henry Varnell, a runaway from Barnum & Bailey's circus, who left the show at York, Pa., last Friday, taking with him a cage containing a lion, a lioness and two small cubs.

Varnell was a driver on one of the cages and also drove a chariot. He had become dissatisfied with the money paid him and had a row with the foreman of the drivers, resulting in a hard fight.

That night, after the tents had been struck, he hitched his team to the wagon containing the lions and drove away.

In the hurried confusion the cage was not missed until the next day. Detective Lonergan found his man in a box car in the Northwestern freight yards. He was on his way to the west to join a circus in Nebraska.

The lions are valued at $3500. The robber, the lions and the cage were returned to Pittsburg this evening.

A LAWYER'S FLIGHT.

He Misappropriates Trust Money and Leaves for Parts Unknown.

VICTORIA, B.C., May 20.—Frederick George Walker, a prominent young barrister and society leader, recently charged with misappropriating $120,000 intrusted to him for investment, has skipped.

When the charges were first brought he protested his innocence and said he would face them. He was admitted to bail in $10,000, as the amount of the defalcation then discovered amounted to $8000. His bond was signed by his father-in-law, Justice Crease of the Supreme Bench, and C. E. Pooley, Q.C., president of the Provincial Executive Committee.

On Saturday Walker went to New Westminster. Yesterday the full extent of his defalcations was discovered. Letters received this evening by friends from him say: "I am going to another country to begin life over again. I intend to pay every cent of that money."

Worth a Counterfeiter Released.

OTTAWA, May 20.—Sylvester Nealon of St. Catharines arrived in the city yesterday. He carries along with him a largely signed petition, which he intends presenting to Sir John Thompson, asking that a young man named Hilton, now in the Kingston Penitentiary, be either released or his sentence reduced. Hilton, who belongs to Elgin county, was sentenced to two years in the penitentiary for counterfeiting. Nealon six and seven years of the time has been served by the prisoner.

Kinmount.

To the Editor of the Examiner:

SIR:—I have read with much pleasure in your valuable paper rhythmical descriptions of Peterborough and Bridgenorth. Feeling somewhat jealous about my own village of Kinmount, and also a little poetical I thought, before going on the rivers, that I could not better employ my spare time.—SHANTYMAN.

I've just come home from the back woods,
All winter I've been there,
And feeling in the best of moods,
And a little time to spare.
I read the papers day by day—
I read them every line—
The news from home and far away,
Both worldly and divine.

I read the speeches of great men,
Our country's best orations,
The sparkling products of the pen,
Essays and recitations,
But that which I admired most,
And which I read with pleasure,
Was the poetry of our local poets;
I've kept them as a treasure.

The Bridgenorth poet leave did take,
To describe his little town,
High overlooking "Chemong Lake,"
In splendor and renown.
Peterboocough was well described,
In Simon's versification,
Its industries were all outlined,
In his dilineation.

Oh! Bridgenorth and thy sister town,
Your interests you must not sever,
Be mutual in the great renown,
Which you have won forever.
They of those places may be proud,
And they their rhymes may flaunt,
'Tis plain that those who talk so loud,
Have never seen Kinmount.

This rising town how proud it stands,
On the banks of the Burnt River,
This rising town at once commands,
The grandest scenes of nature.
We read of Egypt's monuments—
Of Egypt's ancient glory—
Of Egypt's wealth and opulence,
And how renowned in story.

We read of Rome's imperial pages,
When the Cæsars held the sway,
Of her senators, orators, poets, sages,
Of Rome's imperial day.
We read of Greece's heroic days,
How, with battle flag unfurled,
She marched her hosts o'er land an seas,
To subjugate the world.

Old Egypt's days are past and gone,
And Rome has lost her power,
And all we have of Greece and Rome,
Is their intellectualdower,
But Kinmount is rising and bound to rise,
In a way that *is edifying*,
Its people are noted for their enterprise,
And a national spirit applying.

Her pictured rocks fantastic wrought,
In shapes of Mosaic grandeur,
No poet's pen or painter' paint,
Can sketch a perfect picture.
The country round about Kinmount
Is rich in mineral treasure,
Its lumber and agriculture count,
To make it a commercial centre.

You talk of your M.P.'s and M.P.P.'s,
Why Simon you must have the blues,
If you have Stratton and Stevenson,
Why we have got Sam Hughes!
We read in the pages of fiction,
Of cities that never were seen,
And of others preserved by tradition,
But Kinmount looms up like a queen.

And well will it pay post Simon,
Some fine day to take a short ride,
And if he has not yet adored Hymen,
To visit Kinmount with a bride.
And see for himself this young city,
And stay here as long as he can,
He'll go home singing this little ditty,
Written by a by a backwoods shantyman.

The May Weather of 1891.

What the Weather was like in the month of that year.

Some times one feels forgetful now and then one fails in what some times stage, So it fell to be my fate on Thursday, the 7th of the current month, while again reading in George street, that I was accosted by a young fellow who knows everything as to the past and present weather. He stated that in 1891 that day twelve months was cool, and perhaps I could tell him if correct. In reply I said there would be no difficulty of giving the desired information if [illegible] partly satisfying the [illegible] Having now a little respite from [illegible] and catching four wiggy [illegible] perhaps in night by a little [illegible] to give some information regarding '91. On the first we had thunder and [illegible] rain, and the 4th an awful gale, [illegible] on the 5th snow, frost and [illegible] all day, on the 6th several lights, on the 7th a no several lights, on the 8th thunder, cloudy and like rain at [illegible]. Now come our two lovely days, the morning of the 9th was [illegible] at sunrise the thermometer stood at 32 degrees, at 8 o'clock it was 60 degrees, at 10 to 72 degrees, at 11 to 73 degrees, at 12 to 82 degrees, at 1 to 82 degrees, at 2 to 84 degrees, at 3 still at 84 degrees, at sundown 72 degrees, and on the morning of the 10th, being hot all night, we find it in the morning up to 52 degrees, at 8 to 68 degrees, at 9 to 72 degrees, at 11 to 84 degrees, at 12 to 87 degrees, at 1 to 84 degrees, at 2 to 80 degrees, at 3 to 64 degrees, at 5 to 58, and at sundown to 55 degrees. They were about as hot as any days during the summer. We had local showers on the 15th, and again on the 19th, some drops of rain on the 20th and 21st, and surreal light on the 22nd, hard frost and ice on the morning of the 24th, doing considerable damage. Only 35 100 of an inch of rain fell doing [illegible]. Was that not dry enough? I think the above will give all the information required.

MAY 20th, 1892.—There was a fine display of northern lights last night, occupying about two-thirds of [illegible] arch. We shall soon get a storm.

Consumption and Lung Inflammation

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. Offensive Sore Cured.

DEAR SIRS,—I take pleasure in testifying to the great healing qualities of your medicines. I had the misfortune to injure my leg, and through cold and neglect it broke out in a running sore, my leg becoming inflamed and very painful, and the discharge was very offensive; various remedies failed to help me when I had the good fortune to try your B. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I feel justified in recommending it to the public as a cure if only given a fair trial.

The Commercial Man's Grip.

I have long looked for a preparation that would keep my head clear of Dandruff, but always failed to receive any material benefit until a friend recommended Anti-Dandruff, which I used with perfect success. It not only removed the Dandruff with three applications, but stopped the annoying itching of the scalp and rendered the hair soft and pliable without leaving an appearance of a dressing being used. It now occupies a permanent position in my grip. It is pleasant to use, and with pleasure I recommend it.

LEFT THE CONVENT.

She Claims to Have Been Persecuted Owing to a Suspected Love Affair.

ROME, May 19.—A nun named Ermelind has fled from the Convent of Santa Maria at Orta, near this city.

Owing to a suspected love affair she had been ill-treated in the convent until she became incensed. She was assisted in her flight by the pupils, and took refuge at the house of one of them.

The ecclesiastical authorities have applied to the police to recapture the nun, but the police refuse to interfere in the matter.

That Attempted Amalgamation.

DUBLIN, May 19.—The meeting of the stockholders of The Freeman's Journal and National Press was resumed yesterday.

Mr. Dillon continued his attack upon Mr. Healy, declaring that the latter was secretly working against him and plotting to control the board that would direct the future policy of the amalgamated paper despite the opposition of the Parliamentary party.

Mr. Healy frequently interrupted Mr. Dillon, protesting that in the course he was following he had the approval of Mr. McCarthy.

After a scene of turbulence the meeting ended in confusion, Mr. Gray declaring a motion to adjourn carried and Mr. Healy demanding a poll, which he declared he would have in spite of all obstruction.

Count Dillon Becomes Insane.

STUTTGART, May 19.—Count Dillon, Aide-de-Camp to the Queen of Wurtemburg, has become insane and is confined in an asylum.

The nobleman above referred to is Count Friedrich von Dillen-Spiering, the only son of Count Wilhelm von Dillen-Spiering of Wurtemburg.

Some Toronto Items.

TORONTO, May 19.—Rev. David Jennings, an old-time pastor of the Methodist Church, who has been living in retirement here for some years, died last night, aged 88. He will be buried to-morrow.

George Williams, a driver employed at the Toronto meat market, was thrown out of his wagon yesterday and had his skull fractured. He was taken to the hospital. His recovery is doubtful.

John Lindsay, a machinist, employed in a Queen-street foundry, was seized with hemorrhage of the lungs yesterday. He suffered great agony for half an hour and then expired.

Want A Nine Hours' Day.

WINNIPEG, May 19.—At a meeting of the Carpenters' Brotherhood held in Winnipeg last night, it was decided to support in the coming elections only those candidates who would pledge themselves to work for such legislation as would give the members the benefit of a law which would constitute nine hours a day's work.

The Prince's Crack 3-Year-Old.

LONDON, May 19.—Yesterday was second day of the Newmarket second spring meeting. The race for the Newmarket stakes of 2509 sove., for 3-year-olds, was won by Prince Soltykoff's Curio, Milner's St. Andelo second, Rose's St. Damin third.

Attacked by a Man With a Blackened Face.

KINGSTON, Ont., May 19.—Miss Etta Campbell, who lives three miles from this city, was awakened this morning by a man, who said: "Oh, don't be afraid, it's only your father!"

He tried to assault her, and because she persisted in yelling, he grasped her by the throat and gave her three or four savage blows in the face.

The sudden arrival of her stepfather caused the fellow to beat a hasty retreat, and he escaped. His face was blackened to prevent detection.

How the Murderers of an Infant Were Discovered.

SUSSEX, N.B., May 19.—The body of a child which had been murdered was found in some bushes near the schoolhouse. The child was wrapped in some old clothing, and appearances indicated that it had only been born a very short time when consigned to the bushes.

A dog was seen coming out of the bushes recently, and with only this clue to work upon the police have discovered the mother of the babe and her arrest will follow.

Drowned Her Babe While Crazed.

QUEBEC, May 19.—Mme. Sedaird of Boucherville, while supposed to be deranged, threw her babe into the St. Lawrence River yesterday and the infant was drowned.

Watson Accepts.

OTTAWA, May 19.—Mr. R. Watson, M.P. for Marquette, leaves to-night for Winnipeg to accept a portfolio in the Manitoba Government.

Growing Old Gracefully.

"What a lovely old lady." I heard a man remark, at the opera, lately. "She's quite as beautiful as any girl in the house. Such color and complexion is rarely seen in a woman past forty."

Indeed, the woman of whom he spoke was lovely. Her face was clear and smooth, her cheeks, fresh and rosy, her eyes bright with perfect health and enjoyment of life. She had passed the critical "change of life" without falling into "the sere and yellow leaf," as most American women do. How has she succeeded in doing this? Simply by using Dr. Pierce's Favorite Prescription at a time when nature stood in need of some assistance. She had taken it at the right time. In doing this she was wise. Wiser than most women who "trust to luck" in getting through the critical and trying period of life. This standard remedy is just what is needed at such a time. It is, from girlhood to old age, woman's best friend. In all diseases peculiar to the sex, it accomplishes what no other remedy does—a cure. Take it, woman, when life's autumn begins, and "grow old gracefully." Your money back if it doesn't help you.

Tired, languid people who lack energy and appetite should take Burdock Blood Bitters, the best tonic strengthener and purifier extant dw

"Many men, many minds," but all men and all minds agree as to the merits of Burdock Pills, small and sugar-coated. dw

Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

CHURCH CENSUS.

The Enormous Shifts by the Factors Enumerated in Canada.

OTTAWA, May 19.—The bulletin returns issued by the census office here yesterday. They show that the total increase of the population for Canada during the 10 years, is 827,000. This increase is divided among the denominations as follows: Roman Catholics, 196,825; Methodists, 169,498; Presbyterians, 70,630; Church of England, 56,903; Lutherans, 17,629; Baptists, 7226; [illegible], 2,151.

In Ontario the increase of population was 190,992. According to denomination this increase is divided as follows: Methodists, 62,430; Roman Catholics, 37,481; Presbyterians, 25,397; Church of England, 16,471; Lutherans, 7128; all others, 20,097.

The Methodists have made the greatest proportionate increase in the Dominion as a whole since 1881, followed by the Presbyterians, the Church of England and the Roman Catholics in the order named. Two denominations have increased their strength in every province of the Dominion, the Roman Catholics and the Methodists. The Church of England has decreased in New Brunswick and Prince Edward Island. The Presbyterians have decreased in New Brunswick, Nova Scotia and Prince Edward Island.

In Manitoba the growth of Presbyterianism has been remarkable, more than 28 per cent. of the whole increase falling to that denomination.

In British Columbia the growth of the Church of England is even more remarkable, that body having 31 per cent. of the total increase in population.

STEPPED ON A BUNG.

That's Why Annie Bernhardt of Pittsburg Wants $25,000 Damages.

PITTSBURG, Pa., May 19.—Annie Bernhardt yesterday entered suit against the West Penn Railroad Company for $25,000 damages. She alleges that on Oct. 5, 1891, she came from Pine Creek, Allegheny. As she alighted from the train at the Federal-street Station she stepped on the bung from a keg. It caused her foot to twist and she sprained her ankle and received a permanent injury, she alleges. She claims the company was negligent in allowing the bung to remain on the platform.

TO PROTECT NEGROES.

The Methodist Conference Condemns the Outrages Against the Colored Race.

OMAHA, Neb., May 19.—Bishop Bowman presided to-day in the Methodist Episcopal General Conference.

The Committee on the State of the Church brought in a report calling upon the Government, the state officials, the Methodist Episcopal Church and all good citizens "to arise in their might and abolish the indignities and outrages that are put upon the colored people and all white people who love to work for the elevation of the colored race in the Southern States." The resolution declared that the colored people were treated shamefully on the railway trains and at hotels in every way. They were shot down like dogs, and the law of the land was trampled under foot by people who despised the colored race.

The report was adopted by a rising vote, every delegate in the conference being on his feet.

THE DOMINION MILLERS.

The Bill For Incorporation Passes the Banking Committee At Ottawa.

OTTAWA, May 19.—The Committee on Banking and Commerce this morning reported the bill for the incorporation of the Dominion Millers' Association.

The objects of the association are stated to be the extension of the Canadian flour market in Europe, the obtaining of cheaper rates of shipment and bringing improved machinery within the reach of members of the association.

The formation of a tracing bureau similar to that in the States is also provided for.

Several of the members of the committee thought the effect of the passage of the bill might be to raise the price of flour. Accordingly a clause was added to the bill declaring the association was not empowered to engage in the business of buying or selling as a trade organization. Any attempt to fix or try to fix the price of flour is prohibited.

The headquarters of the association are to be at Toronto.

The clause empowering the organization to hold real estate to the value of $10,000 yearly was amended so as to make the amount $5000.

Suicide on a Railroad Car.

POUGHKEEPSIE, N.Y., May 19.—There was a suicide on the south-bound fast train due to pass this city on the Hudson River Railroad at 4.10 o'clock this afternoon. Just after the train left Hyde Park a well dressed man rose from his seat in the parlor car and shouting, "They are after me!" plunged the blade of a knife in his throat and drawing it rapidly right and left cut his throat from ear to ear.

There was consternation among the passengers, the women screaming with fright. It was deemed wise not to stop the train, as it was fast nearing this city, where it was halted, and the man was removed to the station baggage room, where he died.

From papers found on the body it seems certain that his name is Albert Stanton and that he was in the employ of Cross & Beguelin, diamond dealers of No. 17 Maiden-lane, New York.

EXTENSIVE CHANGES IN
THOMAS KELLY'S
DRY GOODS ESTABLISHMENT.
POSITIVE ALTERATION SALE!
About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be
COMPELLED TO MOVE OUT
of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months. The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.
To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!
Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

Cricket Jottings.
The Campbellford *Herald* says:—The Campbellford cricketers lately sent an invitation to the knights of the willow and wicket of Peterborough to come here for a friendly game on the 24th of May, and they have accepted, and the two clubs will meet in the field for their maiden game of the season on that day. Peterborough always puts a strong eleven on the ground, and the home team cannot expect on this occasion to show the visitors how to roll up a heavy score." The secretary of the Peterborough Cricket club desires that all the cricketers would not make engagements for the 24th in order that an eleven may be secured to give Campbellford a brush. The Peterborough cricketers have always had a good time when visiting Campbellford and this time will doubtless prove no exception. A communication has been received from Mr. H. L. Howard, hon. sec. of the Rosedale Cricket club stating that they cannot get a team together to play Peterborough on May 23rd, as they have a match with Port Hope on the 24th, and it is impossible to fill a team for two days engagement. The Rosedale's ask that the date be changed to Aug. 15th, when they will be only too happy to avail themselves of a match here.

A Successful Entertainment.
The Juvenile Temple of Carswell Lodge, I.O.G.T. gave a most successful entertainment in R. T. of T. hall, Hunter street, last evening. There was a large attendance and the following programme was carried out successfully. During the evening excellent refreshments were served to all present. This is the first social ever given by the newly organized juvenile temple and they have great reason to be congratulated at its success.

The Collegiate Institute.
The report of High School Inspector Hodgson of his late visit to and inspection of the Peterborough Collegiate Institute has been received, and is said to be the most favourable, in the matter of buildings, equipments, staff and excellence of instruction in every department, of any report that has been made of the Institute. The report will not be available for publication till after it has been submitted to the Board.

Oddfellowship.
Peterborough Lodge No. 111, I.O.O.F., at their meeting last night conferred the second degree on three candidates. The work was done in a manner that would be hard to excel. A new and pleasant departure from the usual course was introduced by the members who were not there missing a treat. Next Thursday night will be the third degree night. A committee was appointed to act in conjunction with a like committee of Otonabee Lodge to arrange for the annual ceremony of decorating the graves of deceased Oddfellows.

THIS EVENING.

No Parade Last Night.
The companies of the 57th Battalion did not have a parade last night, owing to the muddy state of the roads and the threatening weather. The companies practised the march past and went through some company and battalion drill at the shed. The turnout was not as large as usual.

The 57th will attend St. John's church on Sunday afternoon at 2.30 o'clock in divine service order.

On Monday night the battalion will parade at 7 30 o'clock, in drill order, headed by the fife and drum band.

On Tuesday morning a parade will be held at 10 o'clock through the principal streets of the town in review order.

The ambulance corps, which will be organized to-night, will meet the ambulance sergeant at the drill shed at 8 o'clock.

Two Fire Alarms.
A few minutes after five o'clock last night an alarm of fire was sounded. The brigade quickly responded but their services were not needed. The scene of the would be disaster was the blacksmith shop of Peter Hamilton's Agricultural Works, on George street, south. The roof caught on fire from the sparks coming from the chimney but the flame was soon extinguished, the damage done was slight. Another alarm was sent in ten o'clock this morning but the firemen did not take out the hose waggon or the hook and ladder waggon. A coal oil stove in the dressmaking room of Messrs. H. S. Griffin & Co.'s dry goods store, upset spilling the fluid all over the carpet, and in an instant the whole room was ablaze. Pails of water were brought into use, and a great conflagration was happily averted. The damage done was confined to the burning of a few old garments.

ADMISSION 35 CENTS.

In the Front.
The only possible hope for success nowadays is in doing one's level best, and being sincere about it. This is what Miss Delaney, our enterprising milliner, lays down as an every day maxim. The millinery work she does is unquestionably well done, because she is an enthusiast in her business. Just now her millinery store is brighter than ever with flowers. To keep well sorted, she has again visited the cities, and brought home with her a new supply of the most favorite flowers for trimming which she has had to large a demand for this spring; she has also new bows, with newest and novel adornments of style and fashion about them. These new arrivals, ladies, will, of course, make it their business to see. Some people never buy until the last minute. The 24th of May and the 1st of June are not far off, but customers can still have their orders filled in a hurry for both these dates, without disappointment, and can continue gentlemen with sunbeams by having their orders with Miss Delaney. 2d119

Separate School Board.

A special general meeting of the Separate School Board was held on Wednesday evening the 18th inst., there being present, Dr. Ryerson in the chair, and Messrs. Leonard, Lynch, McGrath and Quinlan.

The minutes of previous meeting were read and confirmed.

Accounts were presented from W. Richards, work, $17.00; J. Stewart, coal, $231.67; J. J. Hanley, do., 50c.

Referred to Finance Committee.

School reports for April:

	On Roll.	Average.
Convent	227	211
Central school	205	172
Lake street school	128	109
	560	492

SEPARATE SCHOOL REPORT.

The report of Separate School Inspector, J. E. Wilkie, was received and ordered to be filed. The inspector, in his remarks regarding the Convent, states:—

"In general the results of this inspection were highly satisfactory, showing careful, intelligent teaching and a good acquaintance with the work gone over in the several grades. The senior department has suffered somewhat from the long illness and final withdrawal of their teacher. At the recent entrance examination the record of the school was most favorable, eight pupils passed, some of them taking the highest places on the list, and all showing a standing decidedly above the average."

As to the Boys' School, he states:—"The results of the examination given evidence that the year's work in this school has been most successful, and that the standing of the several grades is highly satisfactory. This is further borne out by the excellent showing made at the last entrance examination, when twelve out of fifteen pupils were successful, many ranking among the highest on the list of those passing.

"The teachers are capable and faithful, and all are working earnestly under the able direction of the principal, Mr. William Brick."

Regarding the school on Lake street he remarks: "The results of the examination showed on the whole a very favourable standing of the classes in the several subjects. The teachers are capable and are working very faithfully."

RELIEVING THE PRESSURE OF ATTENDANCE.

Mr. Leonard moved, seconded by Mr. McGrath, that it is desirable to immediately relieve the pressure in forms number one in the Murray street school and at the Convent, from the large attendance of pupils in these forms, which is greatly beyond the average permitted by the school law, the attendance at the Convent being 72, and the attendance at the Murray street school in that form being 103, and for that purpose, that it would be in the interest of the children themselves and the ratepayers, that these forms be divided into two classes, a morning class and an afternoon class, this provision to be continued till the summer vacation, when extra teachers will be engaged.—Carried.

ENLARGING THE LAKE STREET SCHOOL BUILDING.

Messrs. H. Carruth and J. P. McNamara were heard with reference to the proposed addition to be made to the Lake street school building.

Moved by Mr. Lynch, seconded by Mr. Quinlan, that the Board be a committee to make arrangements to have the necessary addition made to the Lake street school.—Carried.

Moved by Mr. Quinlan, seconded by Mr. McGrath, that the local superintendent, the chairman and Mr. Leonard be a committee authorized to appoint a duly qualified teacher as representative of the Separate School Board as examiner at the entrance examinations.—Carried.

The Board then adjourned.

ENTRANCE EXAMINER APPOINTED.

The committee appointed by the Separate School Board to appoint one of the examiners to conduct the entrance examination have appointed Miss Lynch first assistant at the Murray street school, and recommend the appointment for the next year of Miss Tracy, Principal of the Lake street school, both of whom are duly qualified for the position.

Street Watering.

To the Editor of the Examiner:

SIR,—Is it not disgraceful that a town of the size and character of Peterborough should be smothered with dust through the obtuseness of a few town councillors? With the exception of the Limestone City (Kingston) I think Peterborough is the dustiest town in Canada.

Many sufferers would willingly pay a frontage, or any other tax, to have the streets watered. As it is, they have to be blinded and stuffed with dust owing to a two-penny halfpenny policy of a few of our city fathers. No doubt some of those considers street watering to be an innovation, or a luxury that may readily be dispensed with.

A few years ago the citizens of Wilkesbarre, Pennsylvania, wanted to establish water works in that town, but they met with violent opposition, similar to the opposition encountered by the Peterborough Water Company when it was in mooting the system here. The town council of Wilkesbarre was, as usual in such cases, divided. One councillor argued it would be desirable from a sanitary point of view, as people could take the water into the houses and have baths, etc. Another gentleman who objected, said he could not see it in that light, "He was fifty years of age, had never taken a bath in his life, and was well enough."

The editor of the Toronto *Mail* in today's issue says, "Street dust is not as "health-giving as some might suppose "from the way the city authorities speak "it in the face of the people. . . . On "the contrary scientific investigations have "shown that it contains nearly all the "known germs of disease. The distribu"tions of street dust is, therefore, now re"cognized as a means of disseminating in"fection." . . .

I trust that the intelligent and progressive gentlemen in the council, who tried to extend the street watering to the limits of last year, will not give up their praiseworthy efforts, so that the people may be relieved from this intolerable nuisance.

Yours truly,
X.

Peterborough, May 20th, 1892.

[The letter of "X" deals with a most undesirable state of things, that demands prompt attention. It is not only the area not included in the council's schedule of street watering, that the dust nuisance prevails, but in the official area the work is imperfectly done. Yesterday the goods of George street merchants were covered with dust, and to a large extent, destroyed, or at least, seriously injured. Something should be done.—ED. EXAMINER.

Found in the River.

The Body of a Drowned Girl Reported to Have Been Discovered.

Last night a citizen named Forster reported to the police that during his return from a fishing expedition down the river he had discovered on the shore near Dr. Kincaid's farm, partly in the water, the dead body of a young woman, apparently drowned, which had probably been washed ashore during the storm of the previous day or two. The body seemed to be that of a girl about 16 or 18 years of age, clad in a somewhat short petticoat, dress, white waist supposed to be a towel on the head. He at once, on arrival reported the matter to the police. The afternoon Mr. Undertaker Bellegham, accompanied by the reporters went down to the scene of the alleged finding and the particulars of the case will be made known in to-morrow's issue. Mr. Reeve Forster, of North Monaghan was notified and is taking whatever action the circumstances suggest.

ALL A HOAX.

Investigation by Mr. Bellegham and the reporters and Mr. Forster, 23 Westcott street, who accompanied them, shows that an effigy of a man which had been thrown into the river by boys from the Hunter street bridge on April 1st, had drifted ashore at Dr. Kincaid's farm. At a distance it resembled a human body—but close investigation unveiled a heathen's coat with red stockings on the legs, which caused Mr. Forster, in the twilight, to think it a human body. The inspector of anatomy and his association make came to town by back streets.

Looking after his Constituents' Interests.

The Norwood *Register* says: Mr. Thomas Bisnard, our representative in the Legislative Assembly, loses no opportunity for advancing the interests of his constituents. At the last session he secured grants for a large number of roads throughout the riding. For roads in this section the following grants were secured:

From lot 9 to Stony Lake, a Government grant of $200 has been secured. Add to this the township and county grants of $50 each, and we have the respectable sum of $300 to be laid out on this road. This item should commend itself particularly to the people of Norwood, who have two important interests to be served in that direction, viz., business and pleasure. The opening of the 9th line has directed almost the whole trade in the vicinity of Stony Lake to Norwood, and the better the road the better chances our business men have of retaining the same. Those of our citizens who annually spend a holiday at the lake will of course enjoy the drive better over a road $300 superior to what it was last year.

In 1891 the sum of $150 was expended by the government on the Round Lake road in the township of Belmont and this year another grant has been secured. $100 will be expended on the continuation of the road to Richardson's settlement. This road is much needed and will be appreciated by the people of that locality.

The Oak Lake road, on which the government expended a large sum of money last year, receives a grant of $400, which the county supplements by $100 and the township by $50, making a very decent total of $550. This amount will be expended between the lake and F. McAdams', sr., and should make a very respectable road.

A grant of $100 has also been made by the government to the road between Mr. J. Robb's, Samuel Munroe's and Brook's. To this sum the county and township have added $25 each, so that this road will have $150 expended on it, which should put it in fairly good shape.

For these four roads Mr. Bisnard has secured $800 from the government. This sum with the county and township grants makes a total of $1,100, which if properly expended and we have no doubt but that it will be, should make a vast improvement in these roads.

No Time Should Be Lost.

Slight symptoms and little troubles often lead on to grave sufferings and severe calamities. Men and women should be attentive to the many symptoms which indicate diseases of the kidneys and liver. The comforts of true life are often shut out by a faulty liver. Note some of the symptoms: a constipated state of the bowels, pain in the small of the back, often acute and severe, a feeling of lassitude and weakness, furred tongue, and offensive breath.

When any of these serious and distressing symptoms are experienced, the true path out of all difficulties and dangers is the use of that old and tried remedy, Kidney-Wort. This valuable preparation acts immediately upon the kidneys, liver and bowels, restores perfect and harmonious action, and conduces to a vigorous digestion.

Kidney-Wort in the past has saved thousands of valuable live when other remedies proved unavailing.

If you feel weak, tired, and all run down Hood's Sarsaparilla is just what you need to build up strength and purify your blood.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed, Miller's Emulsion nearly always succeeds. It is the best kind of flesh and blood maker, and has been used with marked success by the physicians in the Insane Asylum, Penitentiary, Hotel Dieu and General Hospital in Kingston, Ont. Cure for A Consumption and Headache

Dr. Silas Lane, walks in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it do s wonders. Druggists sell it at 50 cents a package.

The Earnest Health Revivalist

Men and Women Need Counsel and Warning.

Our dear young country with its increasing population needs, to-day, the services of the health revivalist, as much as the church requires to-be a Lord sent by travelling evangelists. Our people need the watching word and guiding hand of some earnest men as badly as the land of Egypt required the services of a Joseph during the seven years of plenty and famine.

The tact, ability and careful management of a Joseph, with his rich ing words of wisdom and truth, would soon convince the famine stricken of our land, that many might draw from the rich storehouse of Paine's Celery Compound all those healing virtues that give new life, strength and joy to the weary, worn, despairing and sickly people of Canada.

There exists at present a famine of health. Our people are sorely and sadly afflicted with nervousness and its train of troubles. We have in our homes the sleepless, excitable, morose, despondent, morbid and dyspeptic—some verging on the border of insanity—through nervous complaints.

For this condition of famine and suffering the health revivalist is needed to speak words of sweetest encouragement, hope and consolation, and to show the grand restoratives of Paine's Celery Compound, from which the afflicted may draw with profit and pleasure. What a grand and glorious work this would be; saving human life, and restoring to friends those who are considered lost and beyond the physician's power. It is a grand and noble work for any one to undertake. Each one of us can do something in this work; we can speak of Celery Compound as we have heard of it, as we have had experience with it. We feel in our duty to suffering humanity if we refrain to recommend it and urge its immediate use. We have been benefitted and cured; we have received new life; let us then convey the glad intelligence to others.

HALIFAX, May 19.—A despatch from Barrington says Arthur M. Wrayton was drowned last night while crossing from the mainland to his home on Emerald Isle, Barrington. He was 42 and leaves a wife and 10 children. Deceased's father, brother and sister were drowned at the same place a few years ago.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and blooms with unfading beauty. All medicine dealers sell Dr. Morse's Indian Root Pills. dw

Offensive Sore Cured.

DEAR SIRS,—I take pleasure in testifying to the great healing qualities of your medicines. I had the misfortune to injure my leg, and through cold and neglect it broke out in a running sore, my leg becoming inflamed and very painful, and the discharge was very offensive; various remedies failed to help me when I had the good fortune to try your B. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I feel justified in recommending it to the public as a cure if only given a fair trial. dw GEO. LAURIE, Portage la Prairie, Man.

The Commercial Man's Grip.

I have long looked for a preparation that would keep my head clear of Dandruff, but always failed to receive any material benefit until a friend recommended Anti-Dandruff, which I used with perfect success. It not only removed the Dandruff with three applications, but stopped the annoying itching of the scalp and rendered the hair soft and pliable without leaving an appearance of a dressing being used. It now occupies a permanent position in my grip. It is pleasant to use, and with pleasure I recommend it.

J. C. Davis, Rector of St. James' Episcopal Church, Eufaula, Ala.: "My son has been badly afflicted with a fearful and threatening cough for several months, and after trying several prescriptions from physicians which failed to relieve him, he has been perfectly restored by the use of two bottles of Boschee's German Syrup. I can recommend it without hesitation." Chronic severe, deep-seated coughs like this are as severe tests as a remedy can be subjected to. It is for these long-standing cases that Boschee's German Syrup is made a specialty. Many others afflicted as this lad was, will do well to make a note of this.

J. F. Arnold, Montevideo, Minn., writes: I always use German Syrup for a Cold on the Lungs. I have never found an equal to it—far less a superior.

NEW TWEED SUITINGS FOR LADIES WEAR AT

Jos. Armstrong & Co.

LeBRUN'S OLD STAND,

GEORGE STREET.

MRS. BURROWS.

It Strengthens the Feeble and Aged.

Prolongs and Makes Life Happy.

An Old Lady who was Given up by Physicians—She Met With a Severe Accident—Had a Complication of Diseases—Her System was Shattered—Now Enjoys a serene old age Through the Use of Paine's Celery Compound.

The feeble, weak and aged can be strengthened and invigorated. Instead of becoming a burden to themselves and friends, through sickness and disease, their lives can be made bright, happy and joyous; and the old folks, instead of throwing sorrow and pain around, scatter blessings and joy on the young and middle aged.

The feeble and aged have a grand friend in Paine's Celery Compound. This remedy fortifies the weak limbs; it gives a vim and energy that no other power on earth can bestow.

The aged men and women of Canada who have used Paine's Celery Compound speak strongly in its favour, and publicly declare that it has been the direct means of prolonging their lives.

As an example of this we direct very special attention to a most remarkable letter written by Mrs. Andrews, of Fort Hope, the daughter of a most estimable and respected old lady—Mrs. Burrows. The letter is full of interest and hope, and should be especially considered by men and women who have aged parents to protect and look after. Mrs. Andrews says:

"This is to certify that I consider Paine's Celery Compound has no equal for helping the feeble and aged. My mother is 88 years of age. Three times she has been given up by physicians, once for dropsy, once for grief when erysipelas set in, and lastly from a fall down steep stairs — which all thought had killed her outright. Her system was shattered, and she had a complication of diseases; but now, thanks to a kind Heavenly Parent, and the use of Paine's Celery Compound, she is enjoying a serene old age, without any disease. When weak or poorly a dose of the Compound always strengthen and relieves her."

MRS ANDREWS,
Port Hope, Ont. for Mrs. Burrows.

The above statements are endorsed by Rev. E. N. Baker.

(*From Our Own Correspondent.*)

Rev. D. S. Hosck, of Bridgenorth, will preach his farewell sermon here next Sunday.

The Rev. Mr. Mann, will preach in the school house, at 3 o'clock every other Sunday, beginning the 15th May. On the alternate Sunday's Rev. Mr. Raley.

The water has raised considerably, owing to the influx of streams, on which the logs have been brought down. The drive belonging to the Dickson Co., will reach Buckhorn Narrows this week.

An addition is to be made to the Buckhorn Hotel, and it is likely operations will be commenced next week. This will give Mr. Eastwood a better chance to accommodate the numerous strangers who remain at his place during the summer months.

Rev. Wm. Hollinshed.

Pastor of the Presbyterian church of Sparta, N.J., voluntarily writes strongly in favor of Hood's Sarsaparilla. He says: Nothing I know of will cleanse the blood, stimulate the liver or clean the stomach like this remedy. I know of scores and scores who have been helped or cured by it.

The highest praise has been won by Hood's Pills for their easy, yet efficient, action.

Creamery Meeting at Lakefield.

The Manager of the Dominion Experimental Creamery to be Present.

The Dominion Experimental Creamery closed its operations on Saturday. The feasibility of winter butter making was amply demonstrated as evidenced by the following resolution which was unanimously adopted by the Patrons:—

Moved by Mr. Joseph Blew, seconded by Mr. J. W. Chambers, "That we, the patrons of East and West Otonabee, Experimental Creamery, established by Prof. Robertson, Dairy Commissioner of the Department of Agriculture, Ottawa, and under the immediate direction of Mr. J. A. Ruddick, desire to give expression to our hearty appreciation of the efforts so put forth to introduce and foster winter butter making under the creamery system; and further, that we are satisfied with our experience of the past winter that by the introduction of winter dairying making a much larger return from our cows will be realised than has heretofore been obtained."

Mr. J. A. Ruddick, manager of the Experimental Creamery, will be present to address a meeting to be held at Lakefield on Monday evening, May 23rd. Every dairy man who can do so, should be present.

"I don't like the breath of that stove!" How often is this remarked little Ethel one day when the gas is escaping from the sitting room stove. The gas is like the "perfumes of India," but charged with the breath of a person afflicted with catarrh, but among many other poisons the sense of smell is often dulled, so the sufferer is unconscious of the offensiveness of his presence. Why any one will endure such a painful, dangerous and offensive disease, when Dr. Sage's Catarrh Remedy—costing only 50 cents—cures the most stubborn case, is one of the many mysteries. The proprietors are so confident of the success of this Catarrh Remedy, that they offer to forfeit $500 for any case of catarrh they cannot cure. It could be suicide for their remedy, for them to make this offer, unless they understood its great powers.

Tired, languid people who lack energy and appetite should take Burdock Blood Bitters, the best tonic strengthener and purifier known. dw

WOUNDED THE LOT.

M. Roules Sticks His Sword Into Four Antagonists in Succession.

PARIS, May 20.—A quadruple encounter with swords was fought yesterday by M. Doulez and three others named Leclerc, Rumoulin and Blondel.

The quarrel arose out of a dispute concerning the merits of the new opera, "Salammbo."

M. Roules criticised the piece rather severely during the evening in the hearing of Leclerc, Dumoulin and Blondel, and a violent altercation took place, ending in an exchange of blows.

At 9 o'clock this morning the antagonists and their seconds went to a spot behind the grand stand at the Longchamps' race course. The first duel was fought by M. Roules and M. Blondel, who, after a few passes, received a wound in the right lung three inches deep, and was carried off the field.

M. Dumoulin then faced M. Roules, who at the first thrust ran his rapier through the arm of his opponent, burying the steel in his breast.

The third combat was more prolonged, but after a struggle of 15 minutes M. Leclerc was driven against a tree and received a wound in the face.

M. Avarignet, M. Blondel's second, then interposed on behalf of the vanquished friend, declaring himself ready to fight M. Roules and threatening to slap his face if satisfaction was not given, upon which M. Roules promptly faced his new adversary and succeeded in wounding him in the neck, narrowly missing inflicting a mortal injury.

The quadruple encounter was over by 9.30 and all parties returned to Paris.

LONDON, May 20.—Advices from Mauritius state a hurricane unprecedented in violence passed over that island on April 29, causing enormous damage to shipping. A majority of the vessels at the island were blown ashore. The western half of Port Luis, the capital, was devastated. Houses were blown down, gigantic trees were uprooted and that part of the town was about wiped out of existence.

The loss of life was appalling. A large number of persons were caught in the falling houses and crushed to death, while others lost their lives by flying debris while they were attempting to seek places of safety.

The roar of the gale was deafening, and people rushed to and fro in great confusion with no idea of what they were doing. Rain fell in torrents. The thunder crashed with awe-inspiring volleys, while the flashes of lightning were blinding. Never before in the history of the island has such a warning of the elements been known, and never was there such widespread fear among the inhabitants.

The exact number of dead is not known. Every effort is being made by the authorities to alleviate the suffering that has been caused by the disaster. The Governor has issued orders for military tents to be distributed to shelter the homeless, and food is issued to those who have lost everything by the storm. Half of the crops of rice, coffee and pepper were nearly ruined, and the loss in this direction is extremely heavy.

ENGLAND AND AMERICA.

Lady Aberdeen Wants to See the Two Countries More Closely United.

LONDON, May 20.—The Countess of Aberdeen, at a meeting of the Women's Liberal Federation last night, spoke at length concerning the relations between England and the United States and the strain to which they had been subjected on account of English misrule in Ireland.

The peroration of her address was as follows:

"Mr. Gladstone has done much to mitigate the hatred of Irish-Americans for England, but the completion of his work is necessary to remove this great cause of friction between the United States and England. We Liberals dream—it is only a dream, to be sure, yet still not unworthy of the dreaming—of the time when the consequences of Great Britain's folly in 1776 will be obliterated by her from history, when Great Britain and America will stand shoulder to shoulder as God's chosen servants in the cause of humanity."

REV. BELL ARRAIGNED.

One of His Victims Alone Able to Appear Against Him.

LONDON, May 20.—The Rev. Kennedy Bell, rector at Little Sedwyn, who was arrested yesterday on the charge of having assaulted on a railway train Miss Britain, daughter of the station master at Kintbury, and Miss Abery, a telegraph operator, was arraigned before a police magistrate at Hungerford, Wiltshire, to-day on the charge preferred against him by Miss Abery.

Miss Britain was not present to-day to press her charge, as her condition is such as to prevent her appearing in court at present.

The magistrate committed Bell for trial in sureties of £200.

A Spiritualistic Medium Jailed.

BERLIN, May 20.—Frau Valesca Toepper, a spiritualistic medium of wide reputation, was sentenced to imprisonment for two years for having given fraudulent manifestations at seances and thus having obtained money by false pretences.

Frau Toepper has been the most prosperous and otherwise successful medium in Berlin and has been a favorite adviser of many persons in high standing at the court.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months. The stock consists of regular Staple Goods—all new and fashionable—bought for this season's trade. THE SPLENDID VALUES which will be given will afford the greatest inducements to Dry Goods Buyers which have been offered for many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy NOW, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

In the Front.

The only possible hope for success nowadays is in doing one's level best, and being sincere about it. This is what Miss Delaney, our enterprising milliner, lays down as an every day maxim. The millinery work she does is supremely well done, because she is an enthusiast in her business. Just now her millinery store is brighter than ever with flowers. To keep well sorted, she has again visited the cities, and brought home with her a new supply of the most favourite flowers for trimming which she has had so large a demand for this spring; also 500 new hats, with newer and novel advanced points of style and fashion about them. These new arrivals, ladies, will, of course, make it busy business to see. Some people never buy until the last minute. The 24th of May and the 1st of June are not far off, but customers can still have their orders filled in a hurry for both these dates, without disappointment, and can combine goodness with cheapness by leaving their orders with Miss Delaney. 2d119

Preparing for the 24th.

Come and bring your friends to the City Clothing store, and you will see what low prices and good reins mean in Readymade and Ordered Clothing. Talk about our past bargains, they do not begin to compare with our present offerings, and any man or boy who wants a suit of clothing for the 24th of May, will lose a grand opportunity if they neglect to order now. Our great persuader in the largest possible value for the least possible money. And we can trust our customers to be the judges. The City Clothing store has always held its own against every kind of competition, and will continue to do so. From now to the 24th of May we quote the following examples of our special prices: Man's suits, all wool, tweed, from $5 00 up. About 150 blue serge suits $3.50 to $8 00. Man's fine Scotch tweed and worsted dress suits marked to $6.50, $6 50 and $10 50. Boys' tweed suits $1.50 to $4 75, according to age. Boys' worsted suits for $3.50 up, and a lacrosse stick and ball thrown in with every suit. We have done our duty, now you do yours! Be loyal, certainly, but don't celebrate Her Majesty's Birthday in a shabby suit of clothes.
24 H. LEBRUN, City Clothing store.

Police and Police Court Penalties.

No arrests were made last night.

Will the lady who left a valise and bundle at the police station some two weeks ago, and who forgot to call for it, please return and claim her property?

Another dog found without a tag has been impounded in the cells and will meet death this afternoon, if not registered.

The police are on their annual tour, inspecting yards and premises.

The police are determined to stop cracking off of torpedoes on the streets, as they have caused a number of runaways. The practice is contrary to the bylaw. A boy was arrested on Wednesday night for this offence.

At the police court this morning, in the absence of the magistrate, Messrs. Thomas Cahill, J. P., and E. B. Davidson, J. P., presided on the bench. Hugh McDonald, the dirty tramp, whose case was enlarged from last Saturday, appeared before the court looking somewhat cleaner. He asked his liberty, as he said he wanted to go to Lakefield where he had relatives. He was managed to gain his voice by a week's confinement. He was sent back on the hill again for 21 days.

Four rabsqueers were brought up on the charge that they "did commit a breach of Bylaw No. 621 of the town of Peterborough by having privy pits in use, contrary to the terms of the said bylaw." Their cases were enlarged until Thursday to see what could be done in the matter.

Two colored boys arrested yesterday for hanging around the fire station and committing truancy were arraigned by Chief Reed and brought before the court yesterday afternoon. Their cases were enlarged until this morning on their promising to appear. Only one put in an appearance this morning, and he was allowed to go on promising to attend school. The other, not being present, a warrant was issued for his arrest. The police are determined to enforce the truancy bylaw.

One of the sights of the city of Hamilton is the factory in which the celebrated "Myrtle Navy" tobacco is made. Some people may suppose that putting up plugs of tobacco must be a very simple matter, but a walk amidst the ponderous and complicated machinery of the establishment would speedily undeceive them. Here are hydraulic presses, screw presses, iron frames all of enormous strength, besides a steam engine and many other pieces of machinery.

Home Happenings.

—The concert this evening was a huge success.

—The Reid House, Bobcaygeon, has passed into the hands of Mr. Garnet Hendry.

—The lacrosse match between Millbrook and the Peterborough juniors did not come off on account of the rain.

—The Lakefield team will go to Port Hope on the 24th and the Cricket Club to Chemsford. May success crown both of them.

—At a meeting of St. Peter's Court No. 2325 Catholic Order of Foresters, it was decided to run an excursion to Lindsay on June 21st.

—On Saturday Mr. Lakeside Tupper, of the Dominion Fisheries Department, deposited a quarter of a million salmon fry in Sturgeon Lake, near Sandy Point.

—Three ten gallon kegs of beer were stolen from the stock room in Mr. H. Calcutt's brewery between 9 and 10 o'clock last evening. No trace of the culprit has been found.

—Two truant school boys—one from the Central—were arrested yesterday morning and brought before the police magistrate during the afternoon and discharged with a warning.

—A lady residing on Downie street reported to the police yesterday afternoon that she had lost her three year old son and could not find him. He was located after a few hours absence, all right.

—The 57th Battalion headed by their band, with bagle and drum band, will march to St. John's Church to-morrow afternoon in divine service order. The rector, Rev. J. C. Davidson, will preach a suitable sermon.

—Two centre aisles of St. John's church to-morrow will be reserved for the volunteers. The doors will be open at 2 30. The public are cordially invited, but children will not be admitted under any circumstances.

—A runaway horse collided with the dominion wagon of Mr. Jewison, of Bobcaygeon, on George street this afternoon. Mr. Jewison's mother in-law and two children were in the vehicle and were thrown out but not hurt. The wagon was smashed.

—Capt. and Adjt. Donaldson this morning received a commendation from the 14th Battalion, Princess of Wales Rifles, Kingston, stating that the battalion will arrive in Peterborough at six o'clock on the 24th. They will leave Kingston by the C. P. R. at 11 o'clock on Monday evening and will lay over at some way station in order not to reach Peterborough too early for our citizens.

Baptist Church Mission Band

Held a Very Successful Entertainment Last Evening—Two Presentations Made.

A very interesting and well attended entertainment given by the Mission Band of the Murray street Baptist church in the school room of the church was held last evening. The pastor, Rev. J. R. Trotter, occupied the chair, and in a few well chosen words introduced the programme of the evening. One very pleasant feature of the evening was the presentation of addresses to Miss Nellie Gilmour and Ella Sarsfield, two faithful and earnest workers in the Band, accompanied by beautiful framed certificates of life membership in the Ladies' Foreign Missionary Band of Ontario and Quebec, Suitable and feeling replies were given by each. The address by Miss Nicholls, of New York, on mission work among the slums, was excellent. In a clear and forcible manner she portrayed her lifework, and won the closest attention from all. Little Harry McKee's mouth organ solos were enthusiastically encored. This tiny musical prodigy entranced the audience by skilful rendition of the "British Grenadiers" and "Home Sweet Home." A most enjoyable evening was closed by the doxology and the benediction by the pastor.

The following excellent programme was successfully carried out. Refreshments were served at the close of the programme and duly partaken of.

A Brace of Accidents.

Miss Emma Lechear, an employee of the Porcelain Department of the Brooks Manufacturing Company, was struck by a bolt of the shafting hanger, while working this morning. One of the arteries of the ankle was badly cut.

Mr. Patrick Bagley, Ashburnham, turner in J. R. Dorsell's planing mill, while working a shaper on Thursday afternoon had the misfortune to have the fingers of his left hand badly lacerated.

A Couple of Runaways.

A lively runaway occurred on Brock street this morning about 9 o'clock. The horse attached to the domestic wagon of Mr. Alfred Pearson, who resides near the Peterborough Driving Park, took fright and started off near the Protestant Home. The horse dashed down Brock street at a furious rate and made straight for the open door of Mr. T. Reedy's flour and feed store, corner of George and Brock streets. The vehicle collided with the telegraph pole and one of the wheels was smashed and also marked produce spilled out all over the street. The horse and vehicle, the latter smashed to smithereens, was stopped at Hilliard's mill after a long run. No one was happily in the conveyance.

A livery horse attached to a livery buggy started off from a citizen's residence on Charlotte street last evening. The lady had entered the vehicle and was waiting for her husband when the animal started off at a furious speed with the lady in it, but the beast was captured on Charlotte street near George before any serious damage was done. It was a miraculous escape.

The Arion Club Concert.

An Elaborate Programme Pleasantly Presented.

Mr. Bradburn's deserving efforts to present a first class concert entertainment, was met last night with a most depressing house. The attendance was very light, and exercised a disheartening effect upon the performers, the Arion Club and forbade anything like enthusiasm on the part of the audience. The liberal programme of fifteen numbers began with a violin solo, Vieuxtemps' "Concert-stuck," which was performed very creditably by Mr. Percy W. Mitchell. His other two numbers, by Vieuxtemps and a fantasie by Carrodus respectively, were, in passages, very finely done, but were uncertainly intoned, somewhat detracted from their power to please. The first quartette was Loomis's "Estudiantina," which was fairly sung and rewarded with an encore. Miss Reynolds, soprano, and Miss Meek, contralto, appeared to duet to fair advantage. Mr. F. T. Chambers sang to good voice and style, "My Queen." Mr. Chambers sings very effectively and shows marked improvement since his last appearance in Peterborough. Miss Fanny Sullivan, pianiste, played Paderewski's, Minuet and a Simonetto Caprice by Vogrich, so well that a repeat was demanded but not complied with. Perhaps the best number on the programme was the duet, "The Old Oak Tree" by Miss Lulu Meek and Mr. Chambers, while the double number, a quartette,—"Robin Adair and Crankeen Town"—was also well produced. Miss Meek who used a very pleasing voice with good taste and skill, was rewarded with, and responded to, an encore, for singing very finely the sweet Tyrolean song, "Sing Again Nightingale." The trio by Miss Reynolds, Mr. Gerrie and Mr. Chambers was highly appreciated by the audience as a specimen of concerted music. Mr. Gerrie sang with good taste and in good voice, Lassen's "Wanderer" and in response to a well deserved recall gave "Stay with Me," with even better effect. Miss Reynold's solo number was the rather exacting selection, "Robert, toi que j'aime." She has a powerful organ which she uses with effect. Messrs. Chambers and Mr. Gerrie sang "Flow Gently, Deva," with artistic elegance and spirit. A well-sung quartette concluded a programme in which the leading composers were represented and the concert was altogether a very enjoyable entertainment.

The Heintzman piano used for the concert was supplied by Messrs. Jeakins & Co.

Council Meeting.

Council met in the Council Hall last night, the Mayor in the chair. All the members present except Councillor Lang. Minutes of last meeting read and confirmed on motion of Dunsmore, Hall seconded. Petition from Mrs. John Shaughnessy, asking for grant to repair sewer on Simcoe street, referred to Finance committee, with power to grant. Petition from Mrs. Hall for grant in relief to the girl coming to her death by three different causes, request of medical attendance, advantages, and being struck with a stick, that the Crown

REFUSED TO HOLD AN INQUEST.

County Constable Geo. Cochrane had been investigating the matter for the past week, and on Thursday night Dr. Bell, accompanied by Mr. R. E Weed, County Attorney left for the scene, via Norwood. The next morning they drove from Norwood fourteen miles north in a direct line and over rough roads to near Stony Lake where they took up Mr. Reeve R. hb of Dummer, and they pushed on some miles further past Long Lake, to the house of Hiester Hubbell, in Belmont town ship where the inquest was held, in a little old log house.

The investigation began at two o'clock and lasted until after seven, when the jury returned their verdict. The inquest elicited nothing startling.

Geo Perrin, sr., foreman of the jury, and a neighbor of John Hubbell at whose house the girl died, stated that he had spoken to Wm. Hubbell, his son, about the illness of the girl, who had called her a scolding and stated in effect, as witness had understood, that she had had a miscarriage.

WM. HUBBELL deposed that the girl had been at their place three weeks and was ill 14 days. She died on Sunday, April 10th. To reasons of her being struck with a stick, caused from the black eye she wore, were untrue. She had told him that it was caused by an accident. Several of the family had suffered from diphtheria, and Miss Drake, a cousin of hers, had also suffered an attack in his father's house. No doctor had been summoned in the case of Miss Lee, but his father had procured medicine for her, and reported the case to Mr. George Brown, an uncle of the girl, living five or six miles away, and he (Brown) said he could not afford to bury her, and he did not say he would attend the funeral; so his father made a coffin for the girl and they buried her before seven o'clock on the following Monday morning, in the nearest grave yard, some five or six miles away. Dr. Couch had told them to bury all patients suffering from diphtheria as soon as possible.

THE MEDICAL EVIDENCE.

JOHN COUCH, M.D., Warsaw, gave important testimony. The coroner had ordered the body to be disinterred and while the inquest was going on, the doctor made a post mortem examination. He had found no marks of violence whatever. He was positive the girl came to her death from diphtheria. An abscess half an inch deep was found resulting from inflammation at the base of the neck. The post mortem examination showed distinctly there had been no miscarriage, and that the deceased had been chaste.

JOHN DRAIN, brother of Mrs. Hubbell, said that she had told him when they made inquiries in reference to the sickness of their daughter, that they might "Go to h——!" She would open the doors and let in the draught if she wanted to.

Mrs. HULL, a neighbor, had been at the house of Mrs. Hubbell during the illness of Miss Lee. She had never been told by any person while there of either girl suffering from diphtheria.

Mrs. SARAH HUBBELL said the girl came to her house some three weeks prior to her death, and had been troubled seven days with diarrhœa before being taken to bed. They kept it a secret about the girl having diphtheria because she desired it. The girl had received good treatment and she was not put in an old stable room and the doors and windows left open to allow draughts.

JOHN HUBBELL stated he had got medicine for the girl. He did not have a doctor for his own children until the attack of diphtheria was all over and they were very weak. They treated the girl as well as possible.

GEORGE BROWN, uncle of the deceased girl, stated that he told Mr. Hubbell he could not afford to buy the coffin and did not care to go to the funeral.

THE JURY'S VERDICT.

This concluded the evidence and the jury after five minutes deliberation brought in the following verdict:—

In accordance with the recommendation of the coroner, they brought in a verdict of censure against the Hubbell family for their cruel usage of the girl and for concealing her illness.

We, the undersigned jury, find that Emma Caroline Lee died from natural causes, namely diphtheria, on Sunday, April 10th, 1892, at the house of John Hubbell, in the township of Dummer, and that the Hubbell family are deserving of grave censure both for neglecting to call medical skill and also for concealing the nature of the disease, thus exposing the neighbours visiting their house to the contagion.

Board of Health.

The Peterborough Board of Health held a meeting in the town clerk's office last evening. The following members were present: Messrs. Hdg. Pearce (chairman), Benj Sheehy, Dr. Fife, R. W. D. Hall, J. L. Hughes, Henry Dunne and Dr. Clarke, Medical Health Officer.

The minutes of the previous meeting were read by secretary Cobb, and were approved.

THE CHAIRMAN'S ADDRESS.

MR. PEARCE, chairman, read the following, stating the reasons for calling the board together, and noting forth the sanitary conditions and sewerage defects in the town of Peterborough:

To the members of the Board of Health, Peterborough:

GENTLEMEN,—As the warm season is now approaching I thought it better that the Board should meet so that some action it is decided to adopt with a view to lessening or removing the causes of diseases may be carried out without delay. I have ascertained from the governmental mortuary statistics that the death rate in the town of Peterborough, in the year 1891, was higher than that of any city or town in Ontario with but one single exception of the city of Ottawa. A very large proportion of these deaths in Peterborough arose from diseases known as filth diseases, from the fact that they arise from or are largely increased by the filthy condition of the locality in which they occur. In Peterborough the number of deaths from these diseases is much in excess of that in any of the towns of Ontario, ranging in population from 7,000 to 10,000, and in some cases it is nearly double. The statistical statements in the assessment rolls of the town recently filed show that the death rate in the two south wards of the town are double that of the two north wards; this alarming disproportion as has been fully shadowed by your board is no doubt owing to the poisonous condition of Spalding's Bay, the town creek and the Edison sewer. In December, 1890, the minutes of the Board show that the attention of the town council was called to the fact that no less than 740 persons within the limits of the town, used the town creek as a common sewer and the warning was repeated.

This condition of things has been going from bad to worse. The population has increased rapidly, but not only has no attempt been made to prevent or lessen the pollution of the creek, but additional material has been provided for the development of filth diseases by the usage of the Edison drain for sewerage purposes. We are all accustomed to hear our friends and neighbours complain of depression of the nervous system. The malodorous condition of the town is doubtless the cause of the very general feeling of languor. By reason of this unsatisfactory state of the town, I considered it expedient to write Dr. Bryce, the Secretary of the Provincial Board of Health, and the following letter has been received in reply:

TORONTO, April 22nd, 1891.

DEAR SIR.—In reply to your communication of the 20th inst, I have to say that I regret that our time prevented the Board going into the matter referred to at length by you. I note the difficulty in which your Board is placed with regard especially to the creek and the large drain from the Edison Works. With regard to this I would say, 1st. That if the Board has evidence, as it no doubt has, that both these are causes of disease and ill health during the warm weather, it becomes their duty to prevent further pollution by excreta, etc. 2nd. This seems especially to be demanded if, as you say, there is no prospect of the sewer being constructed at an early date. 3rd. You may very properly require of every one who has a drain discharging into the creek, that he place at its end a coarse sand or fine gravel filter of say at least a cubic yard in extent, for a private house, through which the clarified water may pass into the stream. Such receiving filters ought to be divided into two parts so that each would have time to be aerated by being used alternately. 4th. Each must be covered and have a fresh air outlet low down, and another delivering into the upper air. 5th. In this way water closets can be attached to a drain. 6th. As kitchen slops and chamber water are both disagreeable, I advise this arrangement whether earth closets are used or not. 7th. Sawdust used instead of earth makes a perfect de-oderiser. 8th. The Edison Works could place easily such filters at the outlet for each building and so let the balance of water flow into the stream. There is probably nothing else which will act as a chemical disinfectant if not deodorant. Your powers under the act are ample. Judge Falconbridge decided a fortnight ago a case at common law, giving damages for privies being in a yard under houses, and ordered their immediate removal on the ground of being a public nuisance. The Act makes it apparent that your Board must protect the public health, and Section 40 gives your Board power to carry out the work as has been decided by the City Solicitor, Toronto. Trusting this may help your Board to deal effectually with public health interests.

I am your obedient servant,
E. PEARCE, Esq, P. H. BRYCE,
Co. Treasurer, Peterborough. Secretary.

P.S.—It will be for your Board to determine how much permanent improvements of the kind I have indicated are necessary, should the town promptly determine to go a street its sewers. I trust that a bylaw will be very soon submitted and that its passage will relieve your Board from pushing these improvements to an unnecessary degree of expense. At any time Canada may be visited by the cholera epidemic, which is now raging in Arabia and Asiatic Russia; the result to Peterborough of such a visitation in our unprepared or rather prepared state, for its reception is too appalling to contemplate. The one preventive is cleanliness.

It is for us to decide what action will be taken and also to see that such measures as we may decide on are enforced. It is worse than useless for this Board to meet, adopt resolutions and not enforce them as heretofore.

EDG. PEARCE,
Chairman.

THE EDISON DRAIN DISCUSSED.

Mr. PEARCE said the town council had done nothing in reference to the request made of them by the Board some time ago in providing an ambulance for contagious diseases. He also thought the matter of the Edison drain should be looked into by the Board.

In answer to an enquiry, Chief of Police ROZELL said there had been complaints of this drain.

Mr. HUGHES—What is the prospect of us having a sewerage system?

MUST BUT AN AMBULANCE.

Dr. CLARKE, touching the question of the town buying an ambulance for carrying people having infectious diseases to the hospital, said that in a large city the present

When the Weather Is out of Joint!

The weather at this writing suggests Waterproofs, Mackintoshes and Umbrellas, of which we have a complete assortment.

For utility, comfort and appearance, there is no substitute for a Mackintosh when the weather is out of joint. Give a lady her waterproof or gossamer and she is prepared to meet any kind of weather. We have some of the finest goods that are made, and in entirely new patterns. We have made a deep cut in the prices, so we can offer some as low as $2.00 for a quality that has the touch of a kid glove.

At $1.25 we offer an umbrella that is impervious to water and the strength of which would test the fury of a Kansas cyclone. Recent purchases enable us to offer a large lot of umbrellas at much below regular values.

Umbrellas re-covered while you wait.

We have an important special sale of Prints and Dress Goods going on at present. We venture a good deal by putting them down to the nominal prices they are selling at, but a clearance must be made at once. Purchasers need not fear that the bargains are all gone, for if the rush continues for a month there would still be astonishing bargains left.

DEEMING!

The Murderer Executed This Morning.

HE MAKES NO CONFESSION

Sleeps Soundly the Last Night On Earth.

HE COOLLY SMOKES A CIGAR

And Walks Firmly to the Scaffold and to Death.

Everything Passed Off Without a Hitch—The Murderer Gulps Down a Dose of Brandy to Steady His Nerves—Chronological Table Showing the History of the Slayer of Defenceless Women and Children.

MELBOURNE, Australia, Monday, May 23.—Frederick Bailey Deeming, who murdered his wife and family at Rainhill, near Liverpool, England, on July 29, 1890, and who subsequently murdered his second wife, nee Miss Mather, in this city on Dec. 24, 1891, was hanged in Melbourne Jail at one minute past 10 o'clock this morning.

FREDERICK BAILEY DEEMING.

Deeming passed Sunday in writing calmly, discussing at intervals his approaching doom. He said he had no intention of making a speech on the scaffold.

Slept Soundly All Night.

On Sunday night he thrice swallowed eagerly a small allowance of spirits, after which he slept soundly until he was awakened at 7 this (Monday) morning.

Then for the first time since his arrest the manacles on his wrists were removed, and smoking a cigar he conversed with those around him. He declared that he was resigned to his fate and had no fears in regard to the future.

To the governor of the prison he said that he had made his peace with God.

Denying the Rainhill Crime.

He persisted in denying that he was guilty of the Rainhill murders. He had never, he declared, lost his self-control in England as he had since his arrival in Australia. He expressed gratitude to the governor and all the prison officials for the consideration they had shown him, and also to Mr. Lyle, his counsel, and to all concerned in his defence. He said he thought he would not falter or make any scene on the scaffold.

On the arrival of the hangman and the deputy governor at the doomed man's cell, Deeming was praying fervently, repeating again and again "Lord have mercy on my soul." He continued muttering a prayer as he was led to the scaffold. He wore a cap which partially shaded his face from view

Fortified With Brandy.

A few moments before the time set for the execution Deeming was allowed a glass of brandy, which he swallowed at one gulp and he was told that he might have more if the prison doctor so ordered.

The doomed man was then led to the gallows and in a few moments all was over. The drop was seven feet.

The execution was witnessed by a large gathering, including government and civil officials, magistrates, police and clergymen.

DEEMING'S RECORD.

The Criminal Deeds That the Man Committed Under Various Aliases.

The following chronological table represents in a concise form the main incidents in the career of Deeming, under his different names, since his marriage with Miss James, whom he subsequently murdered and buried with her four children in Dinham Villa:

Deeming.

1881.—February.—Married Miss Marie James at Hagber Tranmere. Subsequently proceeds alone to Australia.

FOR A WOMAN'S LOVE.

The Note Clarence Gaffkit Wrote Before Taking His Life.

NANAIMO, B.C., May 23.—Clarence M. Gaffkit, 26 years of age, committed suicide yesterday at the Provincial Hotel. He arrived here over a month ago from Vancouver and has remained here in idleness since then.

When the bartender went to call him for dinner he found a corpse. The cause of death was soon discovered in a hypodermic syringe, with which the deceased had made two injections of morphine into his thighs. The syringe was found in a leather case, along with a note bequeathing it to "Cora C. Hicks, 1012 Haro-street, Vancouver." On the leaves of a notebook found beside the bed was written the following letter:

MY FEELINGS AS I PASS INTO ETERNITY.

Stimulation, then thoughts of kindred; so far very agreeable, probably on account of the stimulation. Then thoughts of the woman whom I have loved better than life itself, but of whom circumstances and events have convinced me I should have no confidence. A gradual inclination to sleep, with the idea that I should take no more injection before surrendering to make sure of—can't think of the word—dissolution.

I do not think that I am a coward, it is not so; neither am I crazy. I am simply sick, tired and discouraged with the world at large; the proper place for me who has so lost confidence in himself and his supposed friends is eternity. I must go to sleep. Good-bye, Cora. CLARENCE.

Miss Hicks is a professional nurse living in Vancouver. It is further stated that she removed from San Francisco largely for the purpose of escaping the attentions of Gaffkit, who afterwards followed her from the Bay City to Vancouver and then came to Nanaimo.

STOLE HIS SISTER.

Such is the Charge Against a Young Man of Fort Erie.

BUFFALO, May 23.—The abduction of his sister in the uncommon charge preferred against a Fort Erie young man named Jacob Heanlip, who was arrested last night. The circumstances of the case are odd and interesting. The stolen girl is 8 years old. Her name is Katie. There is a contest between her mother and her step-brother, Jacob, over the right to be her guardian. Her father died some time ago, leaving a life insurance of $10,000 to her. Both the mother and the stepson claimed her guardianship and, it is said, contested their claims in the Canadian courts, and now both contend they won the suits, so the dispute is still unsettled.

Recently Katie disappeared from Fort Erie, where the family has been living, and as the stepson also disappeared the mother suspected him of abducting her. She notified the police of this city and swore out a warrant for Jacob's arrest, with the result that he is now a prisoner.

Parrish's Peculiar Plea.

PORT HURON, Mich., May 23.—Judge Vance on Saturday sentenced Charles Parrish to Jackson Prison for four years for having three wives. Parrish said he thought he had a right to desert a wife in Canada and come to the United States and get a new one.

THE CATHOLIC SUMMER SCHOOL

A Permanent Location in the Thousand Islands.

UTICA, N.Y., May 23.—Special despatches from New York are to the effect that the committees of Catholic clergymen appointed to select a place for the location of a Catholic summer school had decided upon locating the school temporarily at New London, Conn.

It is also declared the committee is practically unanimous in the desire to permanently locate the school upon some of the Thousand Islands when proper arrangements can be made for the purchase and fitting up of suitable grounds.

SHE SCARED A TRAMP.

And Then, While Examining the Weapon Fatally Shot Her Sister.

MATAWA, Ont., May 23.—The wife of C.P.R. Section Foreman Taylor, who was alone in the house with her sister, observed a tramp coming in the direction of the house. She barricaded the door and armed herself with her husband's revolver, and when the tramp appeared at the window shoved the pistol under his nose and frightened him away.

After the tramp had left the women decided to examine the revolver when, as usual, it discharged, the bullet lodging in the sister's abdomen.

Dr. Hsentschell was summoned, but decided that probing would be dangerous. The woman is very low.

ANOTHER TRAIN HELD UP.

Desperate Encounter With Masked Robbers—The Express Messenger Killed.

JACKSONVILLE, May 23.—North-bound train number 14 on the Jacksonville, Tampa and Key West Railway was held up at Hammock station, five miles north of Seaford, 1.30 o'clock Saturday morning by four masked robbers, who, in a desperate attempt to secure the money packages of the Southern Express Company, killed the express messenger, Saunders, and badly wounded Soliciting agent I. M. Cox.

The train was stopped by the waving of a white station lantern. The two robbers jumped up, one on each side of the engine, and compelled the engineer and fireman at the muzzles of revolvers to run the train down on to a trestle 200 yards distant.

While this was being done two other robbers entered the express car, and in an encounter with them Saunders was killed. Cox is badly wounded in the face.

Train hands came to the rescue, and all four robbers beat a retreat. No money was secured. Posses are in pursuit of the robbers.

TOOK A FIT ON THE TRACK

And Was Cut to Pieces by a Freight Train.

COLBORNE, Ont., May 23.—Shortly after 1 o'clock yesterday James Ryan, aged 37, a laborer working on the double track three miles east of this place, while walking on the track, fell in a fit, to which he was subject and had had several during the fore part of the day.

While lying on the track Ryan was struck by an eastbound freight. His skull was completely stove in and death must have been instantaneous.

He had been working here about 10 days and came from Toronto. It is supposed he has a brother a boot and shoe merchant in Toronto. The body was removed to Elemmuny's boarding house awaiting orders from his friends.

Railway Accident.

PERRYOT, Ia., May 23.—Yesterday a work train on the Chicago, Milwaukee & St. Paul R. R. was standing on the switch when a west-bound freight dashed into it at the rate of 40 miles an hour. The engineer, Lon Owens, was fatally injured. The engines came together with terrific force and both exploded. Fifteen cars were demolished, one corner of the depot was torn off and the whole building was shoved three inches to one side. The total damage was over $60,000.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

They supply in condensed form all the elements needed to enrich the blood and restore the shattered nerves, thus making them a certain and speedy cure for all diseases arising from impure blood, and prostration of the nervous system, such as paralysis, spinal affections, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, sickness, nervous prostration or the excesses and indiscretions of youth. They are an unfailing restorative for females during the critical period of change of life. They give a healthy glow to pale and sallow complexions, and restore the fire of youth to the faded cheek. They are entirely different from any other medicine, and are not to be confounded with the various quack nostrums which flood the country. They are never sold in bulk or by the hundred, nor can they be had by the dozen or any quantity from peddlers or druggists, as they are not a purgative medicine, and any attempt to substitute a cheap imitation should be promptly resented. Sold by druggists or direct by mail from Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N.Y., at 50c. a box, or six boxes for $2.50.

WEAK MEN

(young and old), suffering from mental worry, overwork, insomnia, excesses, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN

afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, sleeplessness, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS

should take these Pills. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

BEWARE OF IMITATIONS. These Pills are sold by all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of price—50 cents a box or 6 for $2.50.

WARRIORS AT WORSHIP.

The Fifty-seventh Volunteers Visit St. John's.

A Fine Parade of our Citizen-Soldiers—A Bright and Hearty Service.—An Appropriate Sermon.

On Sunday afternoon the Fifty-seventh battalion paraded for church service—with helmets and side arms, about 240 strong. The boys looked smart, neat and trim, and, as they marched in the melodious wake of the stirring martial notes of the band and the bugle band, they were the observed of the thousands of spectators who fringed deeply the line of march, and came in for hearty admiration. The muster included Major Bell, commanding, Major Edwards, Surgeon Halliday, Capt. Dennistoun, adjutant, and two staff sergeants, the band, 29 strong, the bugle band, 17 strong, and the following companies with the commanding officers, non-commissioned officers and men specified—in all 236 men.

No. 1 Company—Capt. F. Mason, 36 men and 3 sergeants.

No. 2 Company—Lieut. Schofield, 24 men and 2 sergeants.

No. 3 Company—Lieut. Stevenson, 31 men and 3 sergeants.

No. 4 Company—Capt. Loch, 25 men and 3 sergeants.

No. 5 Company—Capt. Miller, 26 men and 3 sergeants.

No. 6 Company—Capt. Brennan, 19 men and 1 sergeant.

Within the church the volunteers occupied the two middle ranges of seats, while the remainder of the seating capacity was closely occupied—indeed, very many persons were unable to gain admission to the church at all.

THE SERVICE AND SERMON.

The service, which was printed specially for the use of the volunteers, was brief and appropriate to the occasion. The hymns, Scripture lesson and, of course, the sermon, had special reference to the occasion. There was an unusually large choir, and the singing was cheerful, inspiriting and hearty. The service was conducted by Rev. C. B. Kenrick, the Scripture lesson being read by Rev. Frank Heathcote and Rev. Mr. Davidson, rector, preached the sermon. He selected as text, part of the 9th verse of the Scripture lesson, the fourth chapter of the first book of Samuel—

Be strong and quit yourselves like men.

There were times in every life, the speaker said, when a word of encouragement might be a power to help and save and rouse from inaction, as was the case with the words of the text upon the Philistines, though they were spoken by heathen to heathen. At that time religion in Israel was at a low ebb. After their first defeat they had not gone directly to God for help, but trusted more to their superstitious confidence in the Ark of God, and not in God, as a source of help. The appearance of the Ark alarmed the Philistines, and to counteract this fear the words of the text were effective—the Israelites were beaten and "there was a very great slaughter." To employ the encouragement involved in the text there were two things to present to the volunteers present—First, what were the end and aim of the volunteer system in Canada? Not for war indeed, for the signs of the times were that peaceful arbitration was supplanting the arbitrament of the battle field. There was a more direct and practical end; the volunteer system fostered a national spirit. This aim was a noble one, and the speaker urged the volunteers to "be strong and quit" themselves like Canadian men and patriots. There was another direct and practical end. We might observe a slouching, shambling, street loafer, loose-jointed, uncouth, ill-dressed and generally disreputable in appearance. Put this same character under military discipline for a few months and he would become a smart, alert, well set up, well knit and self-respecting person. The speaker did not mean to say there were any such in the 57th, but there were many of sedentary occupations who would profit immensely from the physical benefit derived from the drill of physical training members of the force received. In order to benefit psychically there must be discipline. The preacher urged the volunteers, for the sake of their bodies in which they were to serve God, to be strong and quit themselves like men. While volunteers faithfully and loyally served their earthly sovereign, there was the higher service of their Heavenly King which was the first demand upon them. In this service as well as in the case of physical deterioration and indifference, there were even greater facilities for cleansing attributes of spiritual decrepitude. It was not enough for soldiers to brace themselves up physically by submitting to military discipline, but men had a spiritual nature that needed strengthening and encouragement, as witness the words of St. Paul, speaking of spiritual matters,—"Stand fast, quit you like men." The speaker closed a brief and pithy, but earnest, practical sermon, by reminding the volunteers that the Bible said their "citizenship was in heaven," and urging them as book civilians and soldiers to carry a recollection of this truth into their daily lives.

At the close of the offertory, the choir, battalion and congregation united in singing with loyal fervour the first stanza of "God Save the Queen." The Rector then marched back to the drill-shed, and after the reading of the orders for the 24th, were dismissed.

It is not what its proprietors say, but what Hood's Sarsaparilla does, that makes it sell, and wins the confidence of the people.

The Excitement Continues.

The Good Work in Progress—How and Wherein Find New Life.

The excitement continues in every section of Canada, the good work is going on, and hundreds of people feel happier to-day as they did a week ago. The joyful intelligence that new life, health and strength can be grasped by sufferers in spreading with astonishing rapidity and the quick, current, unfailing statement, that Paine's Celery Compound is producing in all other remedies.

Men and women, who have spent years in agony and suffering are now rejoicing in perfect health and strength, and cannot find words sufficiently strong in praise of the right in removing that the people who have been cured are doing more to recommend and advertise Paine's Celery Compound than all the newspaper articles that have appeared from time to time.

We feel that a glorious work is being done in Canada through Paine's Celery Compound—a truth that must increase and consolidate magnificent results. We feel proud of what has already been achieved; heavy burdens have been lifted from weak men and women, dark and black despair has been swept away from thousands of homes, and joy, gladness and sunshine have been restored to make life pleasant and happy. The wonder is that any man individual can continue in misery and suffering while such a remedy is so near.

Have you tried it, sick one? Is life worth anything to you? It is in your own power to make your life what it should be. Have you the will? If so, try what one bottle of this heaven-given remedy can do.

Honour Roll for April.

Mr. Hugh Caldwell, Clydesdale, Ont., writes:—"My daughter was troubled with female weakness, and for more than a year was under the care of doctors and taking medicine without getting relief. I then got Dr. Williams' Pink Pills for her and they have completely cured her. Sold by dealers or sent on receipt of price—50c. a box or six boxes for $2.50. Address Dr. Williams' Med. Co., Brockville, Ont., or Morristown, N.Y. dw

Worth $10 a Bottle.

Dear Sirs,—I have used Burdock Blood Bitters for dyspepsia, and have found it to be the best medicine I ever used. I could not eat without suffering from a terrible burning pain in the pit of my stomach. I used six bottles of B. B. B. and am glad I did so or I should have been in my grave to-day, it completely cured me. I take a bottle every spring and would not be without it if it cost $10 a bottle.

dw David Pedley, Morley, Alb.

My Burden was Removed.

After years of suffering from piles I found one remedy only to bring me permanent relief—that was St. Leon Mineral Water. I felt its good effects gaining from the start, and in time my old enemy left me, and though now in the "sear and yellow leaf" I enjoy good health, thanks to St. Leon Water.

Chapped Hands

Made smooth, soft and white, by using Dyer's Jelly of Cucumber and Roses. Try it. Druggists keep it. W. A. Dyer & Co., Montreal. 84121

Palpitation of the heart, nervousness, trembings, nervous headache, cold hands and feet, pain in the back, and other forms of weakness are relieved by Carter's Iron Pills, made specially for the blood, nerves, and complexion. dw

News About Town

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle free of cost. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

Important Notice.—Mrs. Joseph Leduc, of St. Benoit, writes us that only one bottle of Dr. Soy's Remedy has been sufficient to cure her of a pain in the stomach, due to bad digestion, and serious enough to prevent her from doing any work.

It is a very sad thing

To see young and beautiful people die when they might just as well live and enjoy health and strength. Many who suffer with coughs, colds and lung troubles, leading to consumption, imagine there is no hope for them, when in reality there is every hope if Miller's Emulsion of Cod Liver Oil is taken regularly. Spread the news everywhere that this great emulsion will make flesh and blood, cure coughs, colds, bronchitis, sore throats, and lung troubles tending to consumption. In big bottles 50c. and $1. at Peterborough drug stores. dw

D. L. Cayen, Toronto, Travelling Passenger Agent, C.P.R., says: Anti-Dandruff is a perfect remover of Dandruff—its action is marvellous—in my own case a few applications not only thoroughly removed excessive dandruff accumulation, but stopped falling of the hair, made it soft and pliable and promoted a visible growth. dw

B

CURES DYSPEPSIA

By acting upon the liver, stomach and bowels and purifying the blood, it removes every particle of the foul, impure or morbid matters which obstruct the proper working of the digestive organs and cause dyspepsia. This explains why B.B.B. succeeds in curing even the most obstinate cases.

B

CURES CONSTIPATION

By regulating the bowels and removing all foul accumulations, it promptly and permanently cures this disease no matter of how long standing the case may be. B.B.B. acts in a natural, thorough and pleasant manner, never causing nausea or griping.

Burdock Blood Bitters

CURES BILIOUSNESS

By regulating and toning the liver and removing excess of bile, this distressing disease, which is the frequent cause of sick headache, dizziness, etc., is cured without fail. No remedy has ever performed so many permanent cures in the same space of time as has B.B.B.

Burdock Blood Bitters

CURES SCROFULA.

This scourge of humanity arises chiefly from bad blood, for which B.B.B. has proved itself the most successful remedy of modern times. It completely frees the blood of every impurity, from a common pimple to the worst scrofulous sore. Pimples, blotches, boils, rashes, eruptions, sores, etc., vanish at once before the wonderful purifying powers of B.B.B.

ICEBERGS GALORE.

They Are So Far East That Fishermen Dread a Bad Season.

HALIFAX, N.S., May 20.—Captain Fleming of the steamer Ulunda, from Liverpool, May 4, via St. John's, N.F., which arrived to-day, reports having met hundreds of icebergs, the first sighted being 220 miles east of St. John's.

The bergs, which were drifting in a southeasterly direction, were of all sizes, and many were crumbling and showing signs of breaking up. The bergs are far east for this time of the year, and many persons in Newfoundland say that when some years ago bergs were in this easterly current a worse fishing season on the Newfoundland coast was never known before, and they believe this indicates the same this year.

THE FIRE RECORD.

Sparks From Rubbish Occasion Much Damage—An Ontario County Fire.

FERGUS, Ont., May 20.—Last night the dwelling house and barn of Joseph Lindall, three miles from here in the Township of Nichol, was burned to the ground with all their contents, Mr. and Mrs. Lindall and children barely escaping with their lives and losing everything in the house.

Sparks from rubbish started the blaze; loss $2500, insurance $1500.

Many Buildings Burned.

BRECHIN, Ont., May 20.—The barn, stable and other outbuildings on the Davis farm were totally destroyed by fire yesterday. Loss $1000, insured in Lancashire Insurance Company.

The flames caught John McCuaig's dwelling house, which was also totally destroyed. The house was owned by George Edwards and occupied by McCuaig-Edwards. Loss on house $850; McCuaig's loss $350.

The fire then crossed the road to W. R. McPhee's dwelling house, which was damaged to the extent of $300.

T. Roache's barn, stable and other outbuildings were entirely consumed; loss $1100. John Overend of the Victoria Hotel loses heavily from removing furniture.

What a Lamp Explosion Did.

SEAFORTH, Ont., May 20.—A fire broke out in Glenn's restaurant last night. The building, which is frame, is completely gutted, also John Ward's harness shop.

Cause of fire, lamp explosion in Glenn's.

A NOVA SCOTIA TRAGEDY.

Attempted Murder of a Hired Man Followed by Suicide.

AMHERST, N.S., May 20.—During an altercation yesterday at River Herbert Albert Bowles, colored, fired a shot at Jotham Smith, but fortunately missed him. He afterwards put two bullets in his own head, holding the revolver close to his ear when discharging it. He still lives.

Bowles is married and has a family. Smith has been working in Bowles' blacksmith shop for some months since his own was burned.

The Wonderful Success

O! Hood's Sarsaparilla as a blood purifier entitles it to your confidence. No other preparation has such a record of cures of Scrofula, Salt Rheum, Blood Poisoning, or other blood diseases. To try it is to know its merit. Be sure to get Hood's Sarsaparilla.

For a general family cathartic we confidently recommend Hood's Pills. They should be in every home medicine chest.

Attacked by a Man With a Blackened Face.

KINGSTON, Ont., May 19.—Miss Etta Campbell, who lives three miles from this city, was awakened this morning by a man, who said: "Oh, don't be afraid, it's only your father!"

He tried to assault her, and because she persisted in yelling, he grasped her by the throat and gave her three or four savage blows in the face.

The sudden arrival of her stepfather caused the fellow to beat a hasty retreat, and he escaped. His face was blackened to prevent detection.

LONDON, May 19.—The Governor of Victoria, the Earl of Hopton, having declined to postpone the execution of Deeming, the Rainhill and Melbourne murderer, fixed for Monday next, an appeal has been lodged with the Privy Council against the execution.

The grounds of the appeal are that Deeming did not have a fair opportunity to prepare for his defence, and that he was not given time to procure witnesses who would have testified to his insanity.

The Privy Council will give a hearing on the appeal to-morrow, and it is believed that a decision will be promptly arrived at adverse to Deeming.

As a miser counts his gold, night and day,
So I count the minutes told in the gum;
My eye is dim, my hair is thin and gray,
And I know I'm growing old as they pass.

When we approach "the sere and yellow leaf" of our days, we are prone to look back regretfully. A clear conscience and sound health will lighten our gloomy reflections. Health is the greatest blessing—Dr. Pierce's Golden Medical Discovery the greatest medicine. It arrests the progress of lung and scrofulous diseases, and cures consumption, or Lung-scrofula, if taken in time. It is the king of liver invigorators and blood-purifiers, and a powerful tonic, building up the debilitated patient to perfect health. Contains no alcohol. a

Cure For Chapped Hands.

DEAR SIRS,—I think it is a privilege to recommend Hagyard's Yellow Oil as a cure cure for chapped hands, swellings, sore throat, etc. I re-commend it to all.
dw MRS. GEO. WARD, Josephine, Ont.

Offensive Sore Cured.

DEAR SIRS,—I take pleasure in testifying to the great healing qualities of your medicines. I had the misfortune to injure my leg, and through cold and neglect to broke out in a running sore, my leg becoming inflamed and very painful, and the discharge was very offensive; various remedies failed to help me when I had the good fortune to try your B. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I feel justified in recommending it to the public as a cure if only given a fair trial.
dw GEO. LAUZON, Portage la Prairie, Man.

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them. dw

He Answered.

If there is anything more than another designed to throw a man into a gnashing-of-teeth and tearing-of-the-hair condition, says the Toledo Evening Journal, it is his attempt to give the wife of his bosom an account of some ordinary affairs, to which she listens after this fashion:

He—Oh, my dear, I must tell you something Jack Barroughs told me to-day while—

She—Where did you see Jack Barroughs?

"Oh, we went out to luncheon together, and—"

"How did you happen to go out to luncheon together?"

Well, we didn't exactly go out together. I met Jack on the restaurant steps, and—"

"What restaurant?"

"Calloway's. And Jack——"

"How did you happen to go to Calloway's? I thought you always lunched at Draper's."

"I nearly always do, but I just happened to drop into Calloway's to-day, along with Jack, and—"

"Does he always lunch at Calloway's?"

"I'm sure, my dear (a little sharply), that I don't know if he does or not. It makes no earthly difference if—"

"Oh, of course not. (Hastily). I just wondered if he did; that's all. Go on with your story."

"Well, while we were eating our soup, Jack—"

"What kind of soup?"

"Turtle. Jack said that—"

"I thought you disliked turtle soup."

"Well, I don't care much about it; but—"

"How did you happen the order it if you don't care for it?"

"Because I did. (Severely). But the soup has nothing to do with the story."

"Oh, of course not. (In a grieved tone.) I never said that it did. I don't see why you should get so cross over a simple question. Go on."

"Well, while we were eating our soup Lawrence Hildreth and his new wife came in, and—"

"They did?"

"I have just said so."

"Well, you needn't be so cross about it."

"They came in, and—"

"Is she pretty?"

"Pretty enough. Jack bowed and—"

"Does he know them?"

"Well, now, do you suppose he would have bowed if he hadn't known them? I declare if I—"

"How was she dressed?"

"How should I know? I never looked at her dress. What I was going to tell you was that—"

"Did they sit near you?"

"Yes; at the next table. And while they were ordering, Jack said that they—"

"Could they hear him?"

"Do you suppose (fiercely) that Jack would have no more sense than to let them hear him talking about them? I'll swear if—"

"James, if you can't tell me a single little incident without getting into a passion, you'd better keep it to yourself. What did did Jack say?"

"He said that Mrs. Hildreth's father was opposed to the match, and—"

"How did he know that?"

Great Cæsar! There you go again!"

"James, will you please remember that it is your wife to whom you are speaking, sir?"

"No other woman would drive me raving, distracted crazy, asking silly questions about—"

"James!"

"Every time I try to tell you anything you begin and you—"

"James (rising with dignity and saying stiffly) I do not propose listening to any such insulting remarks, and—"

"You never listen to anything. That's the trouble. If—"

"When I ask a simple question you—"

"I'd say 'simple.' You've asked me a million 'simple' questions in the last half hour, just because I was going to tell you that Jack Burroughs said that—"

"I do not wish to hear what Jack Burroughs said if you cannot tell it respectfully. I shall have my dinner sent to my room, since it is so painful for you to eat with an idiot." (Retires scornfully, while he narrowly escapes an attack of apoplexy).

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. All medicine dealers sell Dr. Morse's Indian Root Pills. dw

Tired, languid people who lack energy and appetite should take Burdock Blood Bitters, the best tonic strengthener and purifier extant dw

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give themselves call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

"Many men, many minds," but all men and all minds agree as to the merits of Burdock Pills, small and sugar-coated. dw

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

THE "SUN LIFE"

ASSURANCE CO. OF CANADA.

HEAD OFFICE, - - - - MONTREAL.

The year 1891 has been the Banner Year in the History of the Sun Life.

The Gross Assurances for the year in the Life Department amounted to the enormous total of $5,961,000.00, an amount greatly exceeding that touched by the Company in any previous year, and it is believed no other Canadian Company has ever totaled a like amount in any one year.

THE SURPLUS PROFITS

have increased to even a greater extent than the new business, thus plainly indicating that the unbounded confidence placed in this great Financial Institution by the Canadian public, has not been misplaced.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about a month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a SWEEPING CLEARANCE SALE of everything in the store. Nothing will be reserved during the next two months. The stock consists of [illegible] Goods—all new and fashionable—bought for this season's trade. [illegible] Values which will be given only [illegible] Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. PRICES WILL BE A SECONDARY MATTER! THE GOODS MUST GO! THERE WILL BE BARGAINS FOR EVERYBODY!

Come and buy now, if you want to reap the great benefit of the surrender of profits which must be made during this Positive Alteration Sale.

Market Notes.

The market on Saturday, in spite of the drizzling downpour of rain all day long, was larger than usual. The grain market, especially in spring wheat and oats, is quite brisk. Twenty loads of cash were offered, spring wheat bringing 80c. (straight), and oats 30c. One load of red wheat to mix went for 78c. (standard), and two loads of peas sold for 61c. per bushel. No rye, barley or buckwheat is being brought on the market. Hay is still selling at $13 to $14 per ton, and straw from $3.50 to 14 a load. Potatoes can hardly be sold; one farmer got completely disgusted and cleaned his out at 20c. a bag. The prevailing price was from 35 to 45c. Apples are going up, $1 to $1.25 per bag—or more if you care to give it. The supply of meat is not large, except veal, which sells at 5, 6 and 7c. per pound; mutton, 7 to 9c.; no pork offered. Beef the same in price, no change—only one load offered on Saturday's market. Turkeys, 80 to 90c.; geese, 60c. each, and chickens, 50 to 65c. per pair, according to age, size and looks. The "green goods" market is brisk. Onions, 5c. per bunch; water cress, 5c per bunch; tomato plants, 10c. per box; cabbage plants, 10c. per box, etc. The fish market is dull—white fish, 9c., trout, 9c. [illegible] no suckers offered. Butter sold at 16, 17 and as high as 18c., while eggs were [illegible] at 8 and 10c. per dozen. One man sold medicine and an auctioneer sold several miscellaneous articles, too numerous to mention, while the crowd got drenched to the pole with the pouring rain.

Oh, What a Cough!

Will you heed the warning. The signal perhaps, of the sure approach of that most terrible disease consumption. Ask for advice if you can afford, for the cost of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

Our Silks are going fast. Save them Jos. Armstrong & Co.

May 24th.

For the accommodation of parties returning from Stony Lake on the evening of above date, the Grand Trunk Railway will run a special train leaving Lakefield at 7.45 for Peterborough. Single fare for round trip.

The Latest Fiction.

New books received at the Peterborough Bookstore:—"Hadn the Lily," by H. Rider Haggard; "Alone on a Wide Wide Sea," by W. C. Russell; "My Guardian," by Ada Cambridge; "Miss Wentworth's Idea," by W. E. Norris; "Peggy," Blackie's Toy Across the Continent," by V. M. F. T.; "Averil" by R. N. Carey.

Court Note Bk.

No holiday for us on 24th. Springtime, like Christmas, comes but once a year, and the work of a year has to be done by us in a very short space of time, so that my warerooms at Holcombe and piece of property down here, corner of Brock and Water sts., will be open for transaction of business. Come and see us. All are welcome.

Busses will leave for St. Joseph's Church, Douro, at 12.30 p.m. They will leave the Grand Central Hotel and the corner of George and Hunter streets. This arrangement will give everybody an opportunity to be present. Come one, come all.

The Balmoral.

The License Commissioners met this morning and granted Mr. Richard Cavanagh a six month license to enable them to dispose of the business and to cause as little inconvenience to the farmers and travelling public as possible. The reconsideration of the former decision was in consequence of a very largely signed petition asking that a license be granted.

Cricket Jottings.

The following gentlemen will compose the cricket club which leaves here to-morrow morning at 8 o'clock to play Campbellford. The club is confident of victory:

J. Montgomery,	W. D. Parker,
T. H. Dumble,	L. Dunsford,
W. Stocker,	S. Oldfield,
G. M. Beers,	Fred Heap,
W. J. Drope,	R. Orde,
A. H. Morgan.	

Removing from Town.

Messrs. Coughlin Bros., who have for the past five years conducted a monumental business at 209 Hunter street, and also a similar business in Belleville, have amalgamated the two and removed to Toronto, where they will have a wider field for business expansion. Though they did a good business in Peterborough, and still retain the business connection, they found it inconvenient to manage the separate businesses satisfactorily.

Programme of Sports for 24th.

1st, 10 mile bicycle race to Kidd's for a pair of $3. boots for $1.50, every man who gets there may win, (open to the province and Warsaw.)

2nd, Fat man's race from Lindsay to Kidd's for a pair of J. D. King's make of boots, (open to the province of Ontario and Quebec only.)

3rd, All comers from home to Kidd's, 1st, 2nd and all other laps to Kidd's, the noted "Bester," Prize $2 boots for $1.50.

4th. The Human Race to Kidd's, the only man who can't sell shoddy boots, whose prices are lower than the lowest.

Gun Club Practice.

The Peterborough Gun Club had a practice at Riverside Park on Saturday afternoon. The members of the club have decided to hold a shoot to-morrow afternoon at two o'clock, when a match will be shot between teams captained by Vice-President Collins and Captain Tivey. Following is the score of Saturday's shooting. Messrs. Webb and Wood are now shots and did remarkably well.

ST. JOSEPH'S CORNER STONE.

His Lordship Right Rev. E. A. O'Connor, Bishop of Peterborough, will lay the corner stone of St Joseph's new church, Douro, to-morrow afternoon at 3 o'clock, with imposing ecclesiastical ceremonies. Rev. Father Scollard, of the Cathedral, will preach the sermon. It is confidently expected that there will be a large attendance of Peterborough people.

New Hardware Establishment.

Mr. A. E. Mix, of Sanderland, and Mr. H. C. Stabler, well known in Peterborough, have formed a partnership, and will, about the first of June, open out a hardware shop in the premises on Hunter street, formerly occupied by W. J. Devlin as a harness shop. They will put in a fine new stock of builders' and shelf hardware, stoves, tinware, house furnishing supplies, paints, oils, etc. The business will be conducted with special reference to meeting, on reasonable terms, promptly and satisfactorily, every demand of the public in the lines carried. The new firm doubtless gain a liberal share of the public patronage.

Police and Police Court Pencillings.

The police quelled a disturbance on the corner of Hunter and Water streets on Saturday night.

The spaniel dog arrested on Friday for being untagged was registered and removed on Saturday.

At the policecourt this morning Constable Cahill and Mr. R. S. Davidson presided.

John Farley, a youth, was charged with a breach of the transcyject. He was allowed to on promising to go to school.

Ed. Butler, an old offender, was arrested on Saturday night by Officer McGinty for being drunk and disorderly. At the court this morning he was fined $2 or ten days in gaol. He paid the fine and wended his way out of the prisoner's box.

Queen's Birthday.

Volunteers, Baseball players, Lacrosse players, Tennis players, Bicyclists, Excursionists, Come to Grafton & Co's clothing store and fit yourself out for the day. It makes no difference what kind of clothing you want, or the price you are prepared to pay, you can be suited at Grafton's. Gentlemen's stylish suits for "at homes" and travelling, or light wear for games or sports, in great variety. Fathers and mothers, do you want to treat your boy to a new suit for the 24th? Bring him to Grafton & Co's, and we will guarantee to fit him, and give him a baseball and bat, or a lacrosse stick for nothing. Dont be bamboozled into buying "way back" clothing when the greatest in the can are so cheap at Grafton's. Come one, come all to Grafton's. All Factions of the other courts of the town are invited to join on this occasion in doing honor to Mr. Lithgow, a faithful and esteemed member. His many friends in Peterborough will hope for his best success in the West.

Y. M. C. A. Notes.

The Saturday night meeting for Young men was a very profitable service, Mr. Walter Anderson spoke on the topic "Treasures to be desired" in a helpful manner, the singing was bright and hearty and the afternoon meeting was very refreshing.

The Bible study and consecration service was well attended, a profitable hour was spent in the study of the word and prayer and praise for the services in the churches and in all places in our town yesterday.

Owing to the rain and church parade no open air service was held in the Central park but a prayer meeting followed by tract distribution on the streets, which we know will bear fruit for it was done in His name.

The gospel and song service held last evening was crowded, Miss Nisbet's of New York City Mission gave a very practical and impressive address on "Blind Bartimeus," which made a marked impression on all present and we are believing for results.

Open house to all young men to-morrow; a hearty and cordial invitation is extended to all young men, especially strangers and millmen to come and enjoy our privileges.

—An itinerant musician discovered sweet music to the passers by on George street today with a hand organ. His youthful assistant now and then chimed in with the tambourine, making the most discordant sound, completely destroying the melodious effect, and sweet tones of the organ.

—The directors of the P.A.A.A. wish it understood that in view of the Peterborough Bicycle Club having rented the track for the season, that every Thursday night the grounds will be closed to all other clubs and sports, as that is the night of each week when the bicyclers will occupy the grounds.

—It is expected thousands of visitors will be in Peterborough to-morrow. The citizens generally should do everything in their power to give the town a bright and inviting appearance and do their best in entertaining the numerous visitors so that they may go away with nothing but words of praise for our town and its people.

—Mr. John McClelland made the trowel to be used in the corner stone laying of the new St. Joseph's church in Douro to-morrow afternoon. The trowel, a silver one is skillfully made and is very pretty. On it is inscribed, "Presented to the Most Reverend E. A. O'Connor, D.D., Bishop of Peterborough by the people of St. Joseph's, Douro, May 24th, 1892.

REV. FATHER CONWAY'S PIC-NIC.

Everybody knows that Rev. Father Conway's pic-nic and the 24th go together, and this year the same day is chosen. He cordially invites all his Peterborough friends to pay his picnic a visit tomorrow, when they will receive a royal welcome worthy of the day. Reduced railway rates and increased picnic attractions.

All Factions of the other courts of the town are invited to join on this occasion in doing honor to Mr. Lithgow, a faithful and esteemed member. His many friends in Peterborough will hope for his best success in the West.

The Sewerage System Again Briefly With.

"The Greatest Drawing of Conversion."

To the Editor of the Examiner.

DEAR SIR,—I am glad to see in the EXAMINER of the 20th, another "contribution" from the engineer, of the town sewerage system.

It is formally ordained to the chairman of the Town sewerage committee, and proceeds to contain replies to questions put by that gentleman.

With much less grace than check, the people have been told they may infer the questions from the answers. As a citizen and a ratepayer of the town, I now formally submit all the written questions on this subject from the beginning to this date, be given to the public. Until they are, no proper or conclusive appreciation of the answers can be arrived at.

This time the engineer "meddles" with a vengeance. In this brief communication I do not propose to be specific, but I am prepared to be so at any time.

The main trunk outfall sewer on Lock street he modifies from a capacity of 5.30 square feet to a diverting drain of 3.76, and to a possible lesser one of 0.96 capacity, and to relieve its fulness, proposes to give it head, by raising the sewer grade on George street from Charlotte to Lock street. I am glad of the change as far as it goes. I am glad to find the engineer and chairman of sewerage,

COMING TO MY VIEWS—COMING TO PARK STREET.

I hope the next "modification" will modify the ill designed, wretched Lock street sewer right out of existence, and with it the fantastic overflow sewer, "Overflow" sounds high, but in our case it is not wanted. If an outfall pipe of proper capacity be laid in Park Street, it will not only be ample to carry off all this over-estimated "outlet and storm water," but the water will be absolutely required, even on the good grade which Park street supplies, to rinse out and keep free and clean the pipe.

Mr. MacDougall "finds nothing in Mr. Fitzgerald's letter of the 14th to remark upon." All right. I thank him for the unintended compliment. It shows he found nothing wrong in it. As long as the engineer and chairman of sewerage are coming over to my side and to right conclusions I shall be satisfied. A complete new plan is now required or we shall have "modifications" and patchwork for all time. I warn the people to guard against this. I have promised to be brief, I shall be so. It would take columns of your paper to expose fully the twistings, turnings, evasions, misleadings, "modifications" and humbug that have been employed by the authorities to prop themselves on this question. No doubt more engineering and modifications will be resorted to, but it strikes me that public attention is now on the track of these gentlemen and they will be more careful in the future, than they have been in the past.

I have read the last report of the Board of Health. It is very good and true; but why bag the filth and poison around the streets, when, from the point complained of, they can be directly carried to the river by the shortest line, along Park street. In the name of prudence and common sense let something of the kind I have been aiming at, soon be decided upon, and carried out on a permanent and systematic basis. Above all let as much as possible of your beautiful, healthgiving river be kept clean and free of sewage stuff. One outfall by Park street can easily and well do all the work.

I am, dear sir, your truly,

J. W. FITZGERALD.

Battalion Notes and Jottings.

HEADQUARTERS,
PETERBOROUGH, May 22nd, 1892.

Orders by Lt.-Col. J. Z. Rogers, commanding the 57th Battalion of Infantry, Peterborough Rangers.

No. 1—The Battalion will parade to-morrow evening at 7.30 o'clock accompanied by the bugle and drum corps.

No. 2—The Battalion will parade on Tuesday, 24th, at 10 o'clock for the purpose of celebrating Her Majesty's birthday in conjunction with the 14th P. W. O. R., of Kingston.

No. 3—The probable hour of the arrival of the 14th P. W. O. R., will be announced at the parade to-morrow evening. The officer commanding desires that all the ranks will turn out to welcome the visiting corps on their arrival.

No. 4—The officer commanding has been pleased to make the following appointment: C. Company, Sergt. W. L. Loyd, to be color sergeant, vice F. Fahrnham resigned.

The sergeants of the 57th Battalion have as fine rooms on the third floor of the Claxton block, next to the Oriental Hotel, as could be desired by any non-commissioned officers of any town or city battalion. They are large, convenient and airy, and three in number, the main room being 68x24 feet and the other two adjoining 12x20. The rooms are well supplied with tables and chairs, while the walls are gaily decorated with many handsome pictures. Everything about the apartments has an air of roominess, ease and comfort. The non-coms will take the non-coms of the 14th Battalion to their rooms on their arrival in Peterborough to-morrow morning, where they will provide refreshments for the visiting comrades and give them a right royal reception during their brief residence in the town.

The members of No. 4 Company who want to get out their white helmets will be supplied with them to-night at the armory by Capt. Lesh.

An uptown barber purchased an untagged dog on Saturday. After paying the license fee and taking his spaniel to his shop, the canine escaped. The tonsorial artist started in hot pursuit down the street, and a young farmer taking pity on him joined in the chase, but all to no avail. The dog escaped.

Captain and Adjutant Donnistoun received a telegram this afternoon from Major Galloway stating that the 14th Battalion would arrive from Kingston by the C. P. R. at six o'clock to-morrow morning. The staff officers of the 57th will meet the visiting warriors at the station.

Her Majesty's Seventy-Third.

What is Going on To-morrow in Celebration of the Event.

The following events will take place to-morrow, and in one way or another the attentions of our citizens will be claimed. So spend the day as inclination and convenience may lead you to observe in a fitting manner, the glorious 24th.

1 The Peterborough Cricket club go to Campbellford to play that town.

2 The Peterborough Lacrosse club go to Port Hope to play a match.

3 Gun club match at Riverside Park at 2 o'clock in the afternoon.

4 Canton Peterborough, No. 10, I.O.O F., go to Stirling to take part in the great Oddfellows celebration.

5 14th Battalion, Princess of Wales Rifles, Grand street parade of the 14th and 57th at 10 o'clock. Sports and games on P.A.A.A. grounds at 1 o'clock p.m. Grand concert given under the auspices of the 57th Battalion band in the opera house at 8 o'clock.

6 Excursion to Stony Lake from Lakefield by steamer Mary Ellen.

7 Steamer Golden Eye's excursion down the river to Jubilee Point at 7:30 o'clock.

8 Laying of the corner stone of the new Roman Catholic church in Douro by Bishop O'Connor at three o'clock in the afternoon.

9 Rev. Father Conway's pic-nic at Norwood.

The Great Tie of Brotherhood.

The Annual Sermon to the Sons of England Preached in the Murray Street Baptist Church Last Evening by the Pastor, Rev. J. H. Tucker—A Large Turn Out—An Instructive and Helpful Sermon to the Order—We Must all Have a Master.

Last evening the members of Peterborough Lodge No. 61 and Lansdowne Lodge No. 28, Sons of England Benevolent Society, assembled in the hall on Hunter street shortly after 7 o'clock to the number of 100 strong, under the able marshalling of Bro. H. Troy the members walked up Hunter to George, up George to Murray, towards the Murray street Baptist church in procession, headed by the Peterborough Citizens' Band, which rendered some very fine music. The business completed the musical duties of the citizens, which was packed to its doors with the [illegible] of worshippers. Rev. J. H. Tucker then delivered the annual sermon to the Order, choosing his text from St. Matthew, 23rd chapter and 8th verse, "But be not ye called Rabbi; for one is your Master, even Christ, and all ye are brethren."

The reverend gentleman said he considered it a high privilege to have the [illegible] occasion to address such a [illegible] as the Sons of England. Then in an eloquent manner he landed Britain, the mother of free institutions and that champion of civil and religious liberty. She was the ruling power of the world, a distinctively Christian nation, having as her ideal the noblest type of womanhood which God's omnipotent hand had [illegible] and [illegible] had committed errors, still it had always been her

AIM TO LIFT UP AND IMPROVE

the condition of her subjects. Her beneficence was felt and recognized throughout the whole world. It was certainly an honour to claim connection with such a country, and all who bore the name should strive to prove themselves worthy of such an honour. The highest and truest type of an Englishman was the one who was truly a Christian, recognizing and acknowledging God as the Head of all things and as his Master. Approaching the subject of his text, the preacher said such a society as the Sons of England who recognized in the motto, fidelity to oneself, to one another and to one's country, could not help being friendly to the church, society and the state. The principles of the society were drawn from the Bible, there was where we found the highest brotherhood. Wherever we see a spirit of true benevolence we see a spirit heavenwards. The truly benevolent element in such a society comes from the teaching of God and his truths. To them should be ascribed all the glory seen in benevolent societies for is all comes from on high. All who aim at true brotherhood need a master, a controlling hand, a promoting principle. We also need a uniting bond, spiritually, in spiritual brotherhood. Man never was or will be his own master. He is a dependent being and will ever remain in subjection to one greater than himself. Man can never deliver himself from sin, nor could he live if delivered. He needs the help and assistance of Jesus Christ. We need a master. We are the tools of our own lust, the easy prey of a heartless world. Jesus Christ has a perfect right to become our master because He has purchased us and He alone has power to deliver us from him who ruled us in our natural condition—satan. Christ delivers us from the tyrannous yoke, he enters the heart and embraces himself there, sweeping our whole lives and natures with His mighty influence. In order to

HAVE CHRIST AS OUR MASTER

we must enter into a covenant with Him. We are to receive Him and have abundance in the life to come, everlasting joy. He was a good master. Faith was the prime, the essential condition of our hearts and by faith alone do we come to Christ. Christ was to be the master and we the servants. He rules in love by the mighty power of His

[illegible] great love, controlling our beings and bringing peace to the soul. A new order of things is established, a new hope is experienced, Christ within you the hope of glory. He becomes our master to guide, to lead, and to direct us. The great question was, was He our own master, personally, each one of us? It was by acknowledging Christ as our master that we come to a true spiritual brotherhood, and having Him in the heart we enter into a closer relation and come into nearer contact with our brothers. The great question was how are we to treat our fellows. What were our relations one with the other? Do we love our neighbor as ourself. Our aim was to be as much like Christ as possible, to do His will well, to seek his aid as far as in us lies. Christ came to the world not to save the worthy, but to save the unworthy, the rebellious and the lost. We must be humble, having the same mind in us as was in Christ Jesus. We must, in order to be true brothers, have a

COMMON LIFE, FEELING AND AIMS,

and we must get them all from a common source. What constitutes the society here to-night? It is because English blood runs in your veins. What makes us brothers spiritually? It is because we were all followers of the Lord Jesus Christ. It was a true brotherhood. We meet in heaven among those who have allowed Jesus Christ to sway their lives. If Christ was our Master, He was also our elder Brother. Closing his discourse the preacher said: "I wish the brotherhood before me to-night all success. The aims and principles of your society are praiseworthy and good. Take Jesus Christ as your Master, accept His offer and submit to Him, allowing His life and power to mould your characters and guide your career. When the journey of life is past and we are called home to God to reap our reward you will be none the less Sons of England because Sons of God."

The service was closed as is usual on such occasions by the singing of the national anthem. After the service the brethren marshaled back to their hall where a public meeting was held, Bro. Saxby, president, presiding. A vote of thanks was moved by Bro. A. Clegg, and seconded by Bro. R. Warnn, thanking Rev. Mr. Trotter for his able and instructive sermon, the trustees of the church for the use of the edifice and the choir for their excellent music. After a vote of thanks to the marshall, Bro. R. Tivey, the meeting dispersed by singing "God save the Queen."

No Time Should Be Lost.

Slight symptoms and little troubles often lead on to grave sufferings and severe calamities. Men and women should be attentive to the many symptoms which indicate diseases of the kidneys and liver. The comforts of true life are often shut out by a faulty liver. Note some of the symptoms: a constipated state of the bowels, pain in the small of the back, often acute and severe, a feeling of lassitude and weakness, furred tongue, and offensive breath.

When any of these serious and distressing symptoms are experienced, the true path out of all difficulties and dangers is the use of that old and tried remedy, Kidney-Wort. This valuable preparation acts immediately upon the kidneys, liver and bowels, restores perfect and harmonious action, and conduces to a vigorous digestion.

Kidney-Wort in the past has saved thousands of valuable live when other remedies proved unavailing.

Church Chimes.

The congregations in the town showing more and more an eager appreciation of the Congregational services.

Rev. George Edwards, pastor of the Charlotte street Methodist church, conducted anniversary services in the Smithville Methodist church yesterday.

Farmers were all fixed up in all this shower yesterday for the month of His Majesty and that her birthday might be blessed and happy. The national anthem was also sung.

The seventh anniversary of the new St. Andrews' church and the first anniversary of the Rev. A. S. MacWilliams' induction as pastor will be celebrated on Sunday June 5th. Rev. Dr. Jackson, of Galt, will preach the anniversary discourse.

Mr. Vincent Price, a student of Trinity College, Toronto, ably conducted the services held in evening at morning in St. Luke's church. Next Sunday being Whit Sunday the pastor, Rev. Prof. Symonds, M.A., will conduct the services.

A joint missionary meeting of the congregations of St. Andrews' and St. Paul's Presbyterian churches will be held in St. Paul's church on Wednesday night to be addressed by the Rev. A. Dowsley a returned missionary from China and Japan. All are invited.

Rev. R. Shaw, of the Hunter street church, continued his sermons, preached with morning and evening on the Centenary Methodist church yesterday to large congregations. Mr. Seaborn is a fluent and earnest speaker, and his discourses were listened to with marked attention. In the morning his subject was "Abraham offering up his son Isaac as a sacrifice," and in the evening "The Atonement," basing his observations on Saul Timothy, 6th chapter and 9th verse, "Who gave Himself a ransom."

Words of Truth and Soberness from the "Canada Presbyterian."

The last number of the *Canada Presbyterian* contains the following:

Peterborough is a good town, a town that might be a city and rank municipally with such youthful cities as Guelph, St. Catharines, Belleville, Brantford, Stratford and St. Thomas. The population is large enough for a city, but whether the citizens are too modest to assume urban honours or too economical to take upon themselves urban responsibilities, we did not ascertain when attending the meeting of Synod. Whether modesty or economy, the motive is a good one. Ontario has probably more than one youthful city that would get on just as well in town clothes. Peterborough is a good town to live in. It is also a good place to get sick in, for there are two magnificent looking hospitals there, one on each side of the town. It would also be a good place to finish one's course in, for the cemetery, beautifully situated on the bend of the river, is one of the loveliest spots we have seen for many a day. What more need be said about Peterborough? Yes, there is one more good thing to be said. Peterborough has two live newspapers. They made excellent reports of the meeting of the Synod.

When the Weather Is out of Joint!

The weather at this writing suggests Waterproofs, Mackintoshes and Umbrellas, of which we have a complete assortment.

For utility, comfort and appearance, there is no substitute for a Mackintosh when the weather is out of joint. Give a lady her waterproof or gossamer and she is prepared for any kind of weather. We have some of the finest goods that are made, and in entirely new patterns. We have made a deep cut in the prices, so we can offer some as low as $2 00 for a quality that has the touch of a kid glove.

At $1.25 we offer an umbrella that is impervious to water and the strength of which would test the fury of a Kansas cyclone. Recent purchases enable us to offer a large lot of umbrellas at much below regular values.

Umbrellas re-covered while you wait.

We have an important special sale of Prints and Dress Goods going on at present. We venture a good deal by putting them down to the nominal prices they are selling at, but a clearance must be made at once. Purchasers need not fear that the bargains are all gone, for if the rush continues for a month there would still be astonishing bargains left.

The Afternoon's Sports.

Held on the P. A. A. Grounds—Some Fun and Much Amusement Provided by the Various Races.

The military sports held on the P.A.A.A. grounds in the afternoon under the auspices of the band and the non-commissioned officers of the 57th, were not as great a success in point of attendance as might be desired, owing somewhat, no doubt, to the threatening weather. The 57th Battalion band discoursed lively airs all the afternoon, Bandmaster F. Miller was the chairman of the committee, col-sergt. D. Harris, secretary-treasurer, and Lieut.-Col. J. Z. Rogers, Dr. Halliday and Dr. Burnham were the judges. The first event on the programme was a scratch baseball match between nines selected from the 14th and 57th Battalions. As the teams were mixed up and not composed distinctively of one battalion or another, one will have to be called McCabe's nine and the other Anderson's nine. Following are the names of the teams: McCabe's nine—McCabe p., O'Brien c., Lipsett 1b., Lyle 2b., Westherton ss., McKee 3b., Reid lf., Dean cf., Campbell rf. Anderson's nine—Anderson p., Tighe c., Augustine 1b., Goldsmith, 2b., Forsyth ss., Evans 3b., Reynolds lf., Harris cf., Head rf. Five innings were played. John Callahan umpiring, and the score as the close standing 12 runs to 9, in favor of McCabe's team. The next event on the programme was the one mile bicycle race (safety), 1st prize, medal, value $8, 2nd prize, medal value $5. There were four entries in this, A. McMahon Kingston, Alex. Gibson, Mr. Swayne, Kingston, and Robt. Fife. The last two contestants dropped out in the first round and the struggle narrowed down to a life and death tussle between McMahon and Gibson, After an exciting race the former took first place.

The next event was the fist race, 100 yards, best 2 in 3 heats, 1st prize, medal, value $6, 2nd prize, medal, value $4. This race was taken by N. Smith, 1st, A. Dean, 2nd, and Court King, 3rd, the first two named being from Kingston.

In the sack race there were six entries and the distance was 100 yards. Much amusement was found in this race as each man and his sack tumbled over in a heap on the grass. The race was taken by Corp. W. G. Kelly, with Corp. F. Ward a close 2nd, and Pte. W. Wahley, a good third.

Hurdle Race, 220 yards—1st prize, cup, value $6, 2nd prize, medal, value $4. Four hurdles had to be jumped and four contestants started. Corp. W. Witherall 1st, Pte. B. Ames 2nd.

Three-Legged Race, 100 yards—1st prize, tickets to Rifle Association. Privates W. Chapman, and A. Harvey took first but were closely pursued by Sergeants W. A. Porter and J. Walker.

The Pick-a-back Race, 100 yards, 1st prize, tickets to Rifle Association, was next called. Privates W. A. Chapman and A. Harvey took first in this race. Sergeants W. A. Porter and G. Appleby, Kingston, made a good run but could no get there.

The Menagerie Race was the race of the day. One hundred yards, open to officers of the 14th and 57th Battalions. In this race each entrant strives to drive some kind of an animal the distance to be covered, each who ever finishes first with his brute companion is the winner. The following gentlemen entered: Major, Skinner, 14th, with a duck; Capt. Brennan, turkey; Capt. and Adjt. Donnelsean, cock; Capt. Hora, 14th, goose; Major Galloway, 14th, hen. The fun relied mountains high. Capt. Brennan with his hen took the first place. In order to award second place the other entrants were taken back 50 yards and a fresh start made. Major Skinner took second and triumphantly bore his goose away amid loud applause.

The last event was the tug of war between teams of ten men each selected from the 14th and 57th. prize box of cigars, brand A No. 1, best two in three. The teams were composed as follows:—57th—Sergt. T. Consal, Bandsman W. H. Crowe, Corp. W. Witherhead, Pte. T. McClung, Pte. T. Bradford, Pte. R. Maxwell, Pte. J. Anderson, Pte. Pollock, Sergt. L. Hall, Bandsman R. Main; 14th — Col.-Sergt. Stratford, Sergt. Young, Sergt. O'Connor, Sergt. Fitts, Col.-Sergt. Fitts, Lance Corp. Crane, Corp. Davey, Col.-Sergt. Dunlop, Corp. McNeil, and Col.-Sergt. Crawford. The 14th won the battle, taking it in two straights. The prizes were then distributed to the various prize winners on the ground by Capt. E. F. Mason and the battalion sports brought to a close.

Grand Musical Festival.

Given Under the Auspices of the 57th Battalion Band in the Opera House Last Night—A Splendid Success—Mrs. Nash, of Belleville, Scores a Great Success.

The grand instrumental and vocal concert given in the opera house last evening under the auspices of the 57th Battalion band, Peterborough Rangers, was a great success. There was a fair house, but the efforts of the band were deserving of greater public patronage, as from the opening selection by the Princess of Wales R.&s band to the last number, a solo by Mrs. E Caverly Nash, the programme was one of superior merit.

The Fourteenth Band of 27 pieces opened each part by a selection, the first one being "Adelia" and the next "Flower Maidens." Both of these renditions were liberally applauded. The cornet duet "What are the wild waves saying," by Messrs. F. C. Miller and W. H. Calder, was well received, Mr. Fenwick Umpleby was the effective accompanist. Mr. W. F. Hardy sang well "Round the Camp Fire." Responding to an encore he rendered "Brave old General." The next event was a cornet solo, "Hungarian Song," by Bandmaster Miller, the 57th Battalion Band, twenty-seven strong, ably playing the accompaniment. Mr. Wm. Shea, Kingston's comic singer and a member of the 14th band was next seen to put in an appearance; in a grotesque costume he sang with ludicrous effect, "She might look McCarby but she can't look us." The house went wild with delight and demanded two encores while Mr. Shea gratified them in "Mr. McCarby" and "Naughty Biddy McCarby." During the evening he was assisted by two or three lines from letters freshly received from parents who have given German Syrup to their children in the emergencies of Croup. You will credit these, because they come from good, substantial people, happy in finding what so many families lack—a medicine containing no evil drug, which mother can administer with confidence to the little ones in their most critical hours, safe and sure that it will carry them through.

MR. L. WILLITS, of Alma, Neb. I give it to my children when troubled with Croup and never saw any preparation act like it. It is simply miraculous.

MRS. JAS. W. KIRK, Daughters' College, Harrodsburg, Ky. I have depended upon it in attacks of Croup with my little daughter, and find it an invaluable remedy.

Fully one-half of our customers are mothers who use Boschee's German Syrup among their children. A medicine to be successful with the little folks must be a treatment for the sudden and terrible foes of childhood, whooping cough, croup, diphtheria and the dangerous inflammations of delicate throats and lungs.

"German Syrup"

Mr. Hugh Caldwell, Clydesdale, writes:—My daughter was troubled with female weakness, and for more than a year was under the care of doctors and taking medicine without getting relief. I then got Dr. Williams' Pink Pills for her and they have completely cured her. Sold by dealers or sent on receipt of price—50c. a box or six boxes for $2.50. Address Dr. Williams' Med. Co., Brockville, Ont., or Morristown, N.Y. dw

My Burden was Removed.

After years of suffering from piles I found one remedy only to bring me permanent relief—that was St. Leon Mineral Water. I felt its good effects gaining from the start, and in time my old enemy left me, and though now in the "rose and yellow leaf" I enjoy good health, thanks to St. Leon Water.

News About Town

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throats, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

IMPORTANT NOTICE.—Mrs. Joseph Ledue, of St. Benoit, writes us that only one bottle of Dr. Sey's Remedy has been sufficient to cure her of a pain in the stomach, due to bad digestion, and serious enough to prevent her from doing any work.

It is a very sad thing

To see young and beautiful people die when they might just as well live and enjoy health and strength. Many who suffer with coughs, colds and lung troubles, leading to consumption, imagine there is no hope for them, when in reality there is every hope if Miller's Emulsion of Cod Liver Oil is taken regularly. Spread the news everywhere that this great emulsion will make flesh and blood, cure coughs, colds, bronchitis, sore throats, and lung troubles leading to consumption. In big bottles 50c. and $1, at Peterborough drug stores. dw

D. L. Cayen, Toronto, Travelling Passenger Agent, C.P.R., says: Ant-i-Dandruff is a perfect remover of Dandruff—its action is marvellous—in my own case a few applications not only thoroughly removed excessive dandruff accumulations, but stopped falling of the hair, made it soft and pliable and promoted a visible growth. dw

The Blood Mixture

Of the Labon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LABON, 24 Macdonell ave., Toronto, Canada

BURDOCK BLOOD BITTERS

CURES DYSPEPSIA

By acting upon the liver, stomach and bowels and purifying the blood, it removes every particle of the foul, impure or morbid matters which obstruct the proper working of the digestive organs and cause dyspepsia. This explains why B.B.B. succeeds in curing even the most obstinate cases.

BURDOCK BLOOD BITTERS

CURES CONSTIPATION

By regulating the bowels and removing all foul accumulations, it promptly and permanently cures this disease no matter of how long standing the case may be. B.B.B. acts in a natural, thorough and pleasant manner, never causing nausea or griping.

BURDOCK BLOOD BITTERS

CURES BILIOUSNESS

By regulating and toning the liver and removing excess of bile, this distressing disease, which is the frequent cause of sick headache, dizziness, etc., is cured without fail. No remedy has ever performed so many permanent cures in the same space of time as has B.B.B.

BURDOCK BLOOD BITTERS

CURES SCROFULA.

This scourge of humanity arises chiefly from bad blood, for which B.B.B. has proved itself the most successful remedy of modern times. It completely frees the blood of every impurity, from a common pimple to the worst scrofulous sore. Pimples, blotches, boils, rashes, eruptions, sores, etc., vanish at once before the wonderful purifying powers of B.B.B.

LeBRUN'S OLD STAND,

GEORGE STREET.

The Queen and the Khedive.

LONDON, May 22.—The Queen has conferred the decoration of the order of the Bath upon the Khedive of Egypt.

The King of the Tarnway Islands Killed

SAN FRANCISCO, May 23.—The schooner *Orion*, which has arrived from Jaluit, Marshall Islands, brings news of troublous times in the group. She brought up among her passengers C. H. Gibson. He reports that the native king on the Islands of Tarnway was killed by some of his chiefs who rebelled against him, and that Anarchy prevails on the group.

He Lighted the Funeral Wreaths.

PARIS, May 23.—Ravachol has confessed that he violated the tomb of Baroness Rochetaille. He says he got no jewels. When his lantern went out he lighted the funeral wreaths, so that he might continue searching the body for valuable.

Footballers Drowned.

MELBOURNE, Australia, May 23.—An open boat in which 15 members of a football team were being taken across the bay to Port Philip by two fishermen has been found bottom up and all were drowned. One body has been recovered.

A Paris Fire.

PARIS, May 23.—An extensive fire occurred this morning in the Passage Gabois and before the firemen could get the flames under control six dwelling houses, a wood factory and eight granaries belonging to the Lyons Railway Company were destroyed. Loss heavy.

Birds Killed by Hailstones.

VIENNA, May 23.—A despatch from Klagenfurth, Capital of Carinthia, states that immense damage has been done in that district by a heavy cloudburst.

The rain fell apparently in solid mass and the destruction to roads and crops is incalculable. The storm was accompanied by a heavy downfall of hail, the stones being as large as walnuts. Fruit trees were in full bloom and every tree before the storm gave promise of an abundant harvest.

The entire district was devastated. The bodies of thousands of birds are scattered throughout the country. They were killed by hailstones. No loss of life is reported.

A Bomb For Ravachol's Persecuter.

PARIS, May 23.—A dynamite cartridge was found Saturday at the residence in the Avenue Kleber of M. Beaupaire, the public persecutor who had charge of the case against the notorious Anarchist and criminal, Ravachol. Another large quantity of dynamite has been stolen from the Epenay quarries in the Department of the Seine.

Wiltshire Villagers Destitute.

LONDON, May 23.—The village of Handley in Wiltshire was destroyed by fire yesterday. Three hundred persons are destitute.

The best of all ways
To lengthen our days
Is to use Pierce's Purgative Pellets, Sir!

For nine tenths of the diseases of the body begin with constipation or the clogging up of the sluice-ways, through which the impurities of the blood escape, so that they are reabsorbed into the system. The Purgative Pellets act gently but thoroughly upon the stomach and liver, and are the best laxative known. Without racking and straining the organs, they open the bowels and restore a natural, healthy digestion. Unequaled in dyspepsia, constipation, biliousness, piles, or any of the resulting diseases. c

Drew a Revolver on His Wife.

SARNIA, May 23.—George Howe, market clerk of Port Huron, was jailed here Saturday night for pointing a revolver at his wife. The couple were separated, and their child is in the convent. Howe was taking the little girl for a walk when the mother came upon them. A dispute followed, when Howe drew a revolver. His arrest followed.

A Deathbed Gift to His Nurse.

WASHINGTON, May 23.—Eva Burrill brought suit in the equity Court yesterday against Peter Paige and the Capitol Saving Bank, on account of a transaction in stock. Peter Paige is the sole heir of George Paige, who died at her house, Feb. 20. She says that she took care of him during his last illness, and that he handed her 20 shares of stock for $100 each in the Capitol Savings Bank, requesting her to take care of them for him, and saying that they were to be hers in case of his death. No endorsement of the stock was made, and she did not think it necessary. Peter Paige disputes her claim to the stock, and she wishes the court to adjust the matter and order the bank to take the necessary steps to transfer the stock to her.

Drowned While Fishing.

OTTAWA, May 23.—The 11-year-old son of Wellington Pressley of Plantagenet fell from a log while fishing in the South Nation River and was drowned.

Your Blood

Undoubtedly needs a thorough cleansing this season to expel impurities, keep up the health-tone and prevent disease. You should take Hood's Sarsaparilla, the best blood purifier and system tonic. It is unequalled in positive medicinal merit.

Hood's Pills are purely vegetable, perfectly harmless, effective, but do not cause pain or gripe. Be sure to get Hood's.

Rough Skin,

Caused by cold weather, is made perfectly smooth by one application of Dyer's Jelly of Cucumber and Elder. Try it. Druggists keep it. W. A. Dyer & Co., Montreal. 64121

As an aid to internal remedies for skin diseases Dr. Low's Sulphur Soap proves very valuable. dw

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you. dw

Cure For Chapped Hands.

DEAR SIRS,—I think it is a privilege to recommend Hagyard's Yellow Oil as a sure cure for chapped hands, swellings, sore throat, etc. I recommend it to all.
dw MRS. GEO. WARD, Josephine, Ont.

Offensive Sore Cured.

DEAR SIRS,—I take pleasure in testifying to the great healing qualities of your medicines. I had the misfortune to injure my leg, and through cold and neglect it broke out in a running sore, my leg becoming big flamed and very painful, and the discharge was very offensive; various remedies failed to help me when I had the good fortune to try your R. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I feel justified in recommending it to the public as a cure if only given a fair trial.
dw GEO. LAURIE, Portage la Prairie, Man.

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them. dw

BLAINE THE CANDIDATE.

IF HARRISON IS NOT NOMINATED ON THE FIRST BALLOT.

Jessie M. Gove the Authority—Very Strong Probability of the Maine Statesman's Nomination—Harrison Now Equally Confident—Things will be Rather Lively For Both Next Month.

CINCINNATI, May 23.—The Enquirer this morning prints this despatch from its Washington correspondent, which, in view of the warm social relations between Mr. Blaine and Mr. John R. McLean, may be regarded as significant:

WASHINGTON, May 23.—The convention to be held in Minneapolis on June 7 will nominate James G. Blaine for the office of President of the United States.

This information is given in advance because the mission of The Enquirer is to print the news. It is not based on street gossip or cartstone conference. It is a living indisputable fact.

Ever since the name of Blaine has been connected with the nomination its ratification required only his assent. Up to within 48 hours ago this was held. It is no longer withheld. Mr. Blaine has spoken to this extent; "I will do nothing to prevent my nomination."

HOLYOKE, Mass., May 21.—The Democrat learns on good authority that Blaine will accept the Republican nomination for the presidency if Harrison is not nominated on the first ballot.

The information comes from Jessie M. Gove of Boston, "the original Blaine man."

Mr. Gove has been in Washington to see Blaine. He had a lengthy conference with the Secretary of State, during which he learned that Harrison and Blaine are on friendly terms and that Blaine will not seek the nomination if Harrison can get it.

The anti-Harrison men, it is said, are confident that the President cannot be nominated on either the first or second ballots, while the friends of President Harrison admit that he will fall short of the number by about 75 votes.

If these 75 votes are not forthcoming before the convention meets Blaine will declare himself a candidate, for Harrison will not fight for the nomination.

Two Distinct Reports That He will Accept.

WASHINGTON, May 14.—Great excitement was caused at the Capitol to-day by the report, which took the form of a positive announcement, that Secretary Blaine had given conditional assent to the use of his name at Minneapolis, and that he would accept the nomination if it came to him with practical unanimity. Investigation shows this rests upon a substantial basis of fact.

Three Republican senators agreed yesterday to call upon Secretary Blaine at *different hours* and put to *him* a hypothetical question concerning the nomination. Two of these senators are Cameron of Pennsylvania and Washburn of Minnesota. The question which each of the three senators put to Mr. Blaine was in effect:

"Mr. Secretary, it is my belief that the renomination of President Harrison cannot be accomplished. What your friends would like to know is whether, if the convention, without the use of your name in antagonism to that of the President, nominates you, will you bring disaster by declining?"

To each of his three separate callers Secretary Blaine made exactly the same reply:

"I do not wish to be president. I wish to live as long as possible. The office of President would be especially hard for me, because if I were in the White House, I would freely receive every citizen who wished to see the chief executive. I am looking forward with eagerness to the time when I may lay aside the burden of my present office."

"But, Mr. Secretary, you have not answered my question."

Mr. Blaine hesitated for some moments as if trying to contrive some other form of reply. At last he said, with a smile:

"If my language is not satisfactory and intelligible to you I shall have to leave any more explicit reply to my friends."

Harrison and anti-Harrison men agree that *this means Blaine will accept.*

Did it ever occur to you to take Hood's Sarsaparilla, the best spring medicine? Try a bottle this season. It will do you good.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility it, its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. All medicine dealers sell Dr. Morse's Indian Root Pills. dw

Tired, languid people who lack energy and appetite should take Burdock Blood Bitters, the best tonic strengthener and purifier extant dw

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give thereto who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

"Many men, many minds," but all men and all minds agree as to the merits of Burdock Pills, small and sugar-coated. dw

Worth $10 a Bottle.

DEAR SIRS,—I have used Burdock Blood Bitters for dyspepsia, and have found it to be the best medicine I ever used. I could not eat without suffering from a terrible burning pain in the pit of my stomach. I used six bottles of B. B. B. and am glad I did so or I should have been in my grave to-day, it completely cured me. I take a bottle every spring and would not be without it if it cost $10 a bottle.
dw DAVID PEDLEY, Morley, Alb.

A Pleasant, Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with sarsaparilla herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

A Voice From Scotland.

DEAR SIRS,—I can highly recommend Hagyard's Pectoral Balsam. It cured my daughter of a cough she had been troubled with since childhood. She is now twelve years old.
dw MRS. M. FAIRCHILD, Scotland, Ont.

"Having used Burdock Blood Bitters for general debility, weakness and lack of appetite, I found it a safe cure."
dw HENRY HOWARD, Brownsville, Ont.

Stubborn children readily take Dr. Low's Worm Syrup. It pleases the child and destroys the worms. dw

RHEUMATISM.—Jos. H. ARCHAMBAULT, C. CROSS & CO., Shoppers' Supply, Lowell, Mass., U. S. A., wrote: "Mr. [illegible] DENNIS, 136 Moody St., desires to say: "ORRIN ROBINSON, a boy of [illegible]ville, Mass., came to my house in 1881, walking on crutches; his leg was bent at the knee for two months. Lowell, Mass., U. S. A., July 9, '87: "The crippled boy ORRIN ROBINSON, cured by St. Jacobs Oil in 1881, has remained cured. The young man has been and is now at work every day at manual labor." GEORGE C. OSGOOD, M. D.

EXTENSIVE CHANGES IN

THOMAS KELLY'S

DRY GOODS ESTABLISHMENT.

POSITIVE ALTERATION SALE!

About a year ago extensive alterations and improvements in our George and Simcoe Street premises were contemplated and publicly announced in good faith, and preparations were commenced to transform our store into one of the finest business premises in Peterborough. Unfortunately, owing to difficulties which arose at the time, we were compelled to postpone the work indefinitely. Now, however, we have determined that These Improvements must go on, no matter what the Cost. We, therefore, beg to announce that during the month of July, in order to allow these important alterations to be made, we will be

COMPELLED TO MOVE OUT

of the premises altogether, for about 3 month. To avoid the expense and trouble of removing the goods, we have decided to sell off our whole stock, and will commence at once a Stupendous Clearance Sale of remaining Stock and Fixtures. Nothing will be reserved during the next two months. The stock consists of regular staple Goods, such as are used and handled for this season's trade. THE SELECTED VALUES which will be given will afford the greatest inducements to buy Goods below which have been offered for Many years to the people of Peterborough.

To secure a complete clearance we are prepared to make great sacrifices in every department. Those who Buy Secondary Matter! The Goods Must Go! Those who do Business can Economize!

Come and buy NOW, If you want to see the great bargains of the remarkable goods which will be sold during the Positive Alteration Sale.

Wedding Bells.

A happy event occurred at St. John's church yesterday afternoon at three o'clock when Mr. Wm. G. Randle, son of Sergt-Major Randle was united in the holy bonds of matrimony to Sophia Ann, daughter of Mr. Joseph Mitchell, Romaine street. Rev. C. B. Kenrick, M.A., performed the interesting ceremony in the presence of a very few friends. Mr. and Mrs. Randle left for Toronto and the west on a short wedding trip with the best wishes from their friends.

Farewell Greetings to Mr. R. H. Lithgow.

Yesterday evening Mr. R. H. Lithgow left for Calgary, and being a prominent Forester, the members of the local courts united to entertain him at a banquet provided by Bro. Johnny Watt. Mr. F. H. Dobbin, of Court Little John, held the chair, and Bro. Nesbitt, D.D.H.C.R. and other prominent Foresters were present. The health of Mr. Lithgow was most heartily drunk and many of the members made eulogistic remarks upon Mr. Lithgow's sterling qualities as a citizen and a Forester. Calgary gains a first-class business man and citizen in Mr. Lithgow.

The Grand Central Changes Hands.

Mr. F. J. Daly has disposed of his interest in the Grand Central Hotel to Mr. J. Lackie of Toronto, who takes possession on the first of June. Mr. Lackie comes to Peterborough highly recommended as a reliable and good host and the guests as well as the travelling public will be pleased to have a successor to Mr. Daly who will keep up the reputation and standing that the Central has obtained under its present management. It is rumored that Mr. Daly is about to become proprietor of the Benson House, Lindsay, but Mr. Daly assures us that he has at present no intension of entering business, desiring a few months' rest.

Arrested in Toronto.

Owen Martin, alias "Student," was arrested in Toronto on Monday and is now lodged in the county gaol here. He received a hearing before County P. M. Emiston yesterday and the case was enlarged till Friday. *It is said* that Martin, under the name "Student," advertised here "Cheese" to sell, and Mr. A. D. Anderson, of Keene, wrote "Student," stating that he wanted to exchange a gold watch for a bicycle. The matter was agreed and Anderson forwarded the watch and received a letter in reply from "Student," stating that he was sorry but he had just disposed of both bicycles. Martin says he wrote offering to pay Anderson for the watch, but the latter alleges that the former refused to return. Hence Chief Ramsay was notified and had the man arrested.

The Canton at Stirling.

Peterborough Canton No. 16, I.O.O.F., 25 strong, spent yesterday at Stirling. Oddfellows were present from Peterborough, Campbellford, Hastings, Havelock, Norwood, Keene and Belleville Lodges. A grand parade, two hundred strong, was held in the morning. In the afternoon the exhibition grounds was the scene of lively sport. A football match between Norwood and Stirling was one by the former by five goals to none. There were also baseball matches and games and sports of all kind. The Canton, under the direction of Capt. Jas. Mills, assisted by Bro. J. B. Ferris, of Campbellford, gave a creditable exhibition of drill, which was much admired. Campbellford won the prize, $20, for turnout out the largest number of Oddfellows—about sixty. The Canton returned at 5 o'clock after a pleasant day's outing.

THE GREAT TWENTY-FOURTH.

Visit of the 14th Battalion, Princess of Wales Rifles, to Peterborough.

The Visiting Corps Well Pleased with the Town—Colors of the Day and Line of March—The Streets Thronged and the Town Decorated — The Afternoon Sports—A Fitting Celebration in every Way of Her Majesty's Seventy-third Birthday, in Peterborough.

The glorious twenty-fourth is past. The 14th Battalion has come and gone, and we are left alone. The visiting companies have gone well pleased with our beautiful town and its hospitable citizens. They will talk to their friends at home nothing but words of praise. The happy anniversary of Her Majesty's seventy-third birthday was celebrated in Peterborough in a hearty and truly loyal manner. The 14th Battalion, Princess of Wales' Rifles arrived in town at 5 31 o'clock yesterday morning. They came in by the K. & P. and C. P. R. in a special, in charge of Mr. W. T. Deskell, travelling passenger agent. The boys left Kingston at half past eleven on Monday night in a pouring rain. A large number of Kingston's citizens were down to the station to see them off. The run here was slow, the train stopping in Toronto for some time, the visiting corps not wanting to strike Peterborough at too early an hour in the morning. The officers rode in the sleeper Gaslight, and the men in seven tourist cars.

The officers and staff of the 57th Battalion Infantry Peterborough Rangers were down at the station to meet the visiting warriors. As it was expected they would not arrive at until o'clock, there was not as large a number of citizens to see them come in as there would otherwise have been. Headed by the band of the 14th, the various companies marched up George street to the

DRILL SHED, WHERE A SURPRISE AWAITED

the visiting militia. Here long rows of tables were set and a cup of coffee with light refreshments served to all the privates. The visiting officers partook of lunch in the officers' mess, the non-commissioned officers in the 57th non-coms' mess rooms on Hunter street, and the members of the band were provided refreshments by the 57th band in their band room. After the men had gratified their keen appetites, all the more the sharp air of a long night ride had wrought of sleep, the various companies were divided in squads and marched down to the respective hotels at which they were stationed for meals for their breakfast. They were then allowed their liberty until half-past ten o'clock, when they were ordered to muster at the drill shed for parade in review order. Most of the visiting comrades spent the intervening couple of hours in seeing the town and renewing old acquaintances or cultivating new ones among the members of the 57th, and it was not long before the boys in red and the boys in black became known to one another. In the meantime the country folk began pouring into town to see the sights and witness the celebration of the day.

At half-past ten the great street parade began. After taking some time to get the men in order and the route of the march laid out, the great military procession wended its way from the drill shed. Owing to the indisposition of Lieut.-Col. J. Z. Rogers, Major Bell had command of the brigade, Major Edwards command of the 57th, and Major Shannon command of the 14th, Lieut.-Col. Smith, Sergeant-at-Arms, being unable to be present. The following composed the procession:—Fifty-Seventh Battalion band, 29 strong, and the bugle and drum band, 15 strong, with 3rd Cavalry, bugle and drum major leading. The following are those who composed the procession. 57th Battalion following the band. Names of captains, their companies and the strength including non-commissioned officers.

Major Bell, commanding. Major Edwards, Capt. Donaldson, adjt, Dr. Halliday, surgeon, Capt. Langford, quartermaster, Lt.-Col. J. Z. Rogers and Lt.-Col. H. C. Rogers, being in the parade.

A. Co, Capt. Mason, Lieut Tebb, 42 strong.
B Co, Lieut. Schofield, 39 strong.
C Co, Capt. Hill, Lieut. Stevenson, 40 strong.
D Co. Capt. Loch, Lieut. Hayes, 34 strong.
E Co. Capt. Millar, 31 strong.
F Co. Capt. Brennan, Lieut. Snyder, 29 strong.
Battalion Band, 29; Bugle and Drum Band, 15.
Total strength of battalion, 276.

Then came the 14th Band—27 strong—and the bugle and drum band, 17 strong, under Bandmaster Carey.

Staff Major Shannon commanding; Major Skinner; Brevit-Major Galloway, Adjt.; Dr. Garrett, surgeon; Dr. Herald, assistant-surgeon; Major Spragge, quartermaster; Captain Sinclair, paymaster.

A Company—Capt. Dupine, Lieut. Richardson, 44 strong.
B Company—Capt. McKelvey, 42 strong.
C Company—Capt. Joyner, Lieut. Kirkpatrick, 41 strong.
D Company—Capt. Hare, 44 strong.
E Company—Capt. Kent, 44 strong.
F Company — Capt. Carruthers, Lieut. McMillan, 44 strong.
Whole battalion strength, 269.

The order of march was, down George to Hunter, up Hunter to Stewart, down Stewart to Charlotte, up Charlotte to Water, up Water to Hunter, thence to Riverside Park, Ashburnham, where the two battalions were drawn up in order. Here the men of both battalions fired the *feu de joie*, gave the royal salute and marched past in column, quarter column and on the double. The bands played "God Save the Queen," and three rousing cheers rang out from officers and men for the Queen. A large number watched the boys at both battalion perform their manoeuvres creditably, and cheered the battalions to the echo as they went through their exercises.

The procession again marched back in the same order up Hunter to George, down George to Charlotte, up Charlotte to Water, up Water to Murray, thence to the drill shed, where the various companies were dismissed for the day at one o'clock. The remainder of the day was spent by the boys in attending the sports in the afternoon, the concert in the opera house in the evening, and seeing the town and having a good time generally.

At eleven o'clock last night night the 14th assembled at the drill shed and marched down to the C. P. R. station, where they embarked on board their special for home at 11.50 o'clock, all leaving Peterborough with a sigh, but hoping to visit the town again. The officers of the 57th and a large number of the men saw them off, and as the train carrying away the visitors was moving off, three rousing cheers were given for the warriors who had helped Peterborough to celebrate in a fitting and loyal manner the glorious 24th of 1892.

NOTES.

The town was nicely decorated with bunting and flags. The citizens did their part in giving it an attractive appearance by leaving their window blinds up during the day and allowing the incandescent lights to burn brilliantly in their stores at night.

The members of the 14th band and the bugle and drum band dined at the Morgan House. The 14th Battalion officers were quartered at the Oriental.

The officers of the 57th entertained the officers and staff of the 14th at the Snowden House for dinner, and in the evening the staff of the 14th entertained the staff of the 57th for supper at the Oriental.

Sergt. Leader of No. 5 Co., Capt. Kent, had hand hurt on the trip up. Private Gaskin of No. 5 also sustained a bruise on his eye.

The various companies were billited at the following hotels:—Snowden, Balmoral, Phelan, Commercial, City and Grand Central. The "war correspondents" for the 14th Battalion were Mr. W. M. Stewart representing the *Whig*, Private, W. E. Tandy, C. company, representing the *News* Major Shannon, commander of the 14th, is the proprietor of the Kingston *News*.

The 14th have a well equipped ambulance corps. They brought up the rear of the procession on marching past. Sergt. Allen has command.

The men and officers could not praise Peterborough too loud or long. Not one dissenting voice or complaint was heard. The universal expression was: "Peterborough is the prettiest and most enterprising place we have ever seen. We have never been used so well by the citizens and their hotelmen as we have here, during all the years, and to all the places wherever we have taken a trip."

Kingston may well feel proud of her crack battalion. They are a good looking set of young men, created a splendid impression and conducted themselves creditably.

The boys were all keen on having a good time. Many of them purchased the whistles and fifers and formed themselves into a band—making the night hideous with their discordant sounds. Others bought Japanese parasols and paraded the streets, while others believed in the walk of the Salvation Army and sought to enliven the proceedings of their march somewhat.

The 57th are looking forward with pleasure to their proposed three days' visit to Kingston on Dominion Day, knowing as they do, that they will have a right royal reception and a great time.

Col. Bell came out in all his glory yesterday and to the day was all that could be desired, looking now and then a threatening cloud. The streets were quite muddy for marching.

F Company, Capt. Carruthers, is the best company of the 14th Battalion. They are certainly the best drilled company and possessed the steadiest front on the march past yesterday. Mr. Oberndoffer, of Kingston, presented them with a new bream gaily garnished with flags.

The officers of the 57th entertained the officers of the 14th to a smoking concert in the officers' mess last night. An enjoyable time was spent.

Yesterday's Lacrosse Matches.

The Seniors Defeated at Port Hope—The Juniors Successful at Smithfield.

The senior lacrosse team of the Peterborough's which went to Port Hope to play the Ontario's yesterday afternoon were defeated two goals to none. The match took place at three o'clock in the public park before a large turnout of people. Following are the names of the teams:—

PETERBOROUGH.		PORT HOPE.
T Crowin	goal	M Dillon
G W Parks	point	Oliver White
F Featherstone	cover point	W Patterson
F Adams	2nd defence	E Mason
B Hickey	1st "	T Burt

C Brennan	3rd "	F Day
J Daly	outside home	G Fulton
J McCabe	inside home	T Tar
W E Loch	field captain	H O Dore
P Devlin	umpire	W Stones
Referee		Dr. N Hoey

The game was a very rough one throughout and played on rough ground. The Port Hopers took the first game in about thirteen minutes and secured the second goal about five minutes afterwards. The remaining time in the first half was played without either side scoring further. About three-quarters of an hour had been played on the second half, the ball was again shot through the uprights, so the Port Hopers claimed, but the referee refused to allow the game, and after considerable jangling the match left the field. The home team, although meeting defeat, all played well, Parkes especially doing well for a new man. The Port Hopers played a very rough and tumble game, besides playing four Indians in their team who formerly played with the Cornwalls. The name "Ontario" is well suited to the Port Hope lacrosse team, as is evidenced by the fact that they take any one on their team, selecting their players from all over Ontario. Two of the Peterborough men were severely hurt in the game.

THE JUNIOR MATCH.

The Peterborough juniors defeated the Millbrook seniors by 3 goals to 0. The following are the players:

PETERBOROUGH.		MILLBROOK.
F. Dobbin	goal	T. McMahon
J. Mein	point	A. Vance
H. Hughes	cover point	F. Ledsteur
W. Belknap	1st defence	J. Natrress

E. Wasson	1st "	J. Bateson
R. Glover	outside "	H. Hunter
F. Lung	inside "	J Richards
R. Wood	umpire	A. Wood
	W. Wood, referee.	

The first game lasted 13 minutes, the playing about equal on both sides. After some clever passes by the Peterboroughs, G. Heap got the ball and made a fine shot from centre field, putting the rubber between the Millbrook flags, thus scoring the first game. The second game was somewhat longer, lasting forty minutes. The ball hovered near the Millbrook goal. After some hard playing by the Peterborough team, R. Glover got the ball and scored the second game. In the third game the Millbrooks did their best to score but the home team's defence was prepared and every time the ball came near returned it to the other end of the field. After about twenty minutes play F. Lung scored the 3rd last game. There was still some eighteen minutes to play but neither side scored although it was evident that Peterborough had the best of it.

NOTES.

E. Wasson had to leave the field in the second game, he having had his hip hurt.

The juniors had a genuine senior team to play against, the majority of the Millbrooks being old players.

One of the old Riversides and a man from Toronto were among the players.

There was quite a number of friends of the club went down to witness the match.

There will be a meeting of the juniors to-morrow evening.

Police Court Pencillings.

Mr. R. S. Davidson, J.P., presided on the bench this morning.

Thomas Robinson and Herbert Welsh were each fined $2 or ten days in gaol at the police court this morning—3 & d. They paid the damage.

John Clancy pleaded guilty to the charge of being drunk, but said he did not know whether he committed the damage to the property of which he is accused or not. His case was enlarged until Friday.

The case of F. J. Daly, charged with selling liquor during prohibited hours on Sunday, May 22nd, contrary to the Liquor License Act, was enlarged until Friday.

A woman charged with a breach of the dog by-law had her case enlarged until Friday.

Personal.

Mr. S. T. Hulme, Belleville, spent yesterday in town the guest of Mr. C. H. Jellett, of the Bank of Montreal.

Misses Mann, Kennedy and Mercer left for Keene this morning to attend a Sunday-school convention. They were the delegates from St. Andrew's church.

Ald. Jackson Reid, West Toronto Junction, after an absence of forty-eight years, returned home yesterday from a visit to Mr. J. W. Carey, town.

Rev. Father McEvay, rector of the cathedral, Hamilton, was in town yesterday, the guest of Rev. Father Radkins. He left for home this morning on the 8.20 G.T.R. express.

Mr. M. Coughlin, Marble Manufacturer, on the occasion of his removal to Toronto, was presented with an illuminated address last night, by St. Peter's Court, C.O.F., No. 225.

Meeting of Creditors.

A meeting of the creditors of the Lakefield *Chronicle* estate was held this afternoon. The assignee, Mr. E. W. Bicombe, submitted, as far as possible, a list of the creditors. Mr. Milner did not present an appearance, and the estate looks as if it would not pay a cent on the dollar. The plant is chattel mortgaged to Mr. E. W. Bicombe, and the real estate is covered to its full value by agreements and mortgages. The principal creditors are Messrs. Stratton, Bicombe and Carruth, the others are small amounts. At the meeting Mr. E. W. Bicombe was appointed, assignee, and Mr. J. E. Stratton, inspector. Lakefield has been unfortunate in the outcome of the liberal support it has extended to local newspapers.

Another Great Concert.

The Rev. Father Conway held his annual picnic in the church grove, at Norwood, yesterday. Between 500 and 600 people were present to enjoy the day. Two coaches filled with pleasure-seekers left Peterborough in the morning to attend, and this number was largely augmented at Hall's Bridge. The day was spent in the usual festivities and all present thoroughly enjoyed themselves. Rev. Father Conway's picnic and the 24th of May are synonymous. He was here and there and everywhere at the same moment, looking after the comfort of the picnickers.

Oh, What a Cough!

Will you heed the warning. The signal perhaps, of the sure approach of that most terrible disease consumption. Ask yourself if you can afford, for the use of seven dollars, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. For

CORNER STONE DULY LAID

His Lordship Lays the Corner Stone of St. Joseph's New Church, Dunn.

An Impressive Ceremony—An Enormous Concourse—Large Attendance of People —Liberal Contributions—Brief Sketch of the New Church.

The corner stone of the new St. Joseph's church, Dunn, was laid yesterday afternoon under the most auspicious and gratifying circumstances. The weather was all that could be desired. There was a large attendance of the people of the parish, and also several prominent citizens from Peterborough, Mr. J. W. Fitzgerald, Dr. McGrath, Mr. Harry Phelan and others. Mr. Thomas Bicknell, M.P.P., was also present, and letters of regret were received from others regretting the inability to be present.

The following clergy, of course including the Rt. Rev. Bishop, and Rev. Father Kelly, the energetic pastor of St. Joseph's, were present, and ensconced in the carriages:—Very Rev. Vicar General Browne; Rev. Father McEvay, rector of the cathedral Hamilton; Rev. Father O'Connell, Lindsay; Rev. Father Murray, Cobourg; Rev. Father Larkin, Grafton; Rev. Father Casey, Campbellford; Rev. Father Connolly, Downeyville; Rev. Father Radkins, rector of St. Peter's cathedral, and the other cathedral clergy, Rev. Father Scollard and Rev. Father Donnelleen.

At an early hour the people began to assemble about the walls of the new building admiring their proportions and strength. At the southeast corner of the building the stone was placed, suspended from a tripod derrick,

BEAUTIFULLY BEDECKED WITH EVERGREENS,

and surmounted by the Union Jack.

Promptly at three o'clock the procession of clergy, the Bishop last in full canonicals with mitre and crozier, and followed by the architect, Mr. J. E. Belcher, C.E., and assistant started. Then came the trustees and the building committee, Mr. John Maloney, reeve, chairman, and Mr. John Leahy, the veteran treasurer of the township, Mr. J. M. Walsh and Mr. Maher, and the general company of parishioners. The procession advanced to a platform at the north end of the foundation walls, upon the site representing the sanctuary of the completed church. The Bishop then sprinkled the site of the altar, represented by a cross, while the clergy chanted the following antiphon: "Sprinkle up, O Lord Jesus Christ, in this place the sign of salvation, and permit not the destroying angel to enter therein," and also Psalm 83. Then followed the prescribed sentences and prayers, after which the Bishop and clergy advanced to the front of the church, where was the corner stone whose front bore a carven cross in high relief. The Bishop

SPRINKLED THE STONE WITH HOLY WATER,

and with a trowel marked upon it the sign of the cross in the name of the Trinity. The Litany of the Saints was then recited, after which the bishop intoned this antiphon: "Jacob rising up in the morning erected an inscription stone, and pouring oil over it he made a vow to the Lord. Truly this place is holy and I knew it." The 126th Psalm was chanted, and the bishop placed the corner stone in the foundation with the following words:—"In the faith of Jesus Christ we place this corner stone in this foundation, in the name of the Father, † and of the Son, † and of the Holy Ghost, † that the true faith, the fear of God, and fraternal charity may flourish here; and that this place may be destined for prayer, and for the invocation and praises of the same Lord Jesus Christ, who together with the Father and the Holy Ghost, liveth and reigneth, God, world without end. Amen." He sprinkled the stone with holy water and said:—"Sprinkle me, O Lord, with hyssop and I shall be cleansed; wash me and I shall be whiter than snow."

Then followed the 50th Psalm closing with the antiphon: "O Lord, we should fear this place; truly this is none other but the house of God and the gate of prayer."

At this point the architect, Mr. Belcher, on behalf of the congregation of St. Joseph's presented His Lordship with

A BEAUTIFUL SILVER TROWEL,

furnished by Mr. John McClelland, and bearing the following inscription:

"Presented to the Most Rev. R. A. O'Connor, D.D., Bishop of Peterborough, by the people of St. Joseph's church, Dunn, May 24th, 1892."

The Bishop, accompanied by the clergy, proceeded around the outside of the building, sprinkling the foundations with holy water, Rev. Father Murray, chanting, as the procession moved, the 86th psalm. After the whole foundation, had been sprinkled, the concluding prayers were recited and the ceremony was over.

Rev. Father Scollard preached the sermon taking as his text the first verse of the 83rd psalm:—"How lovely are thy tabernacles, O Lord of Hosts!" The preacher, in the course of an eloquent and p notical discourse, remarked that the presence of the bishop and clergy, and a large concourse of people indicated that it was no ordinary building whose foundation had been blessed. The external ceremonies, impressive as they had been were only types of the

SOUL AND SIGNIFICANCE OF THE OCCASION,

which meant that the benediction of God now rested on the building which was holy and dedicated to the Lord of Hosts—it was His house. The original ban placed upon all things, remained upon all except man who was redeemed through Christ's sacrifice. Therefore it was necessary to remove this ban from the earth and all materials to be devoted to holy uses, and for this the ceremonies and prayers had been effective. The great blessing that would come to the congregation by the erection of this store-house of grace were pointed out. Before the altar, now marked by the cross, people would bow in adoration of the mysterious presence of God in imitation of the saints triumphant before the throne. To the man of faith and religion no place could be too large and beautiful for the church of God. And their generosity in contributing would be blessed; in building this church they were building a tabernacle for their souls in heaven.

At the conclusion of the sermon, His Lordship addressed a few words to the people, remarking that it gave him the greatest pleasure to be present to lay this corner stone and bless the foundation of

THE BEAUTIFUL NEW CHURCH,

which from its present appearance would be worthy of the generous people of Dunn and others who had contributed to the building. He was glad to know that, as he had suggested, stone had been selected for the building material, which would last for years. The prayers offered had been to ask that the primal curse which, by the fall of man had been placed upon all things, might be removed from the material used in building the church. What the people gave they gave to Almighty God, from whom we got all we had, and who has a claim upon all our possessions and talents. In giving, God would repay both spiritually and temporally. He congratulated the people upon the prudence they had shown in accumulating in the bank a large building fund, which would

[illegible] which would be worthy of their ideas of honoring God. His Lordship closed by giving his thanks to outsiders and Peterborough givers, especially those of a differing faith, who had shown that true charity—the essential of true religion.

This done, the people proceeded to the corner stone and

BEFORE IT PLACED THEIR OFFERINGS,

which amounted to a total of between $400 and $500, including a handsome donation of $100 by Mr. J. W. Fitzgerald, C.E., Peterborough.

The new church faces southward, and is placed west of the old wooden building it replaces. The new church of St. Joseph, as designed by Mr. J. E Belcher, C.E., will be an elegant and imposing structure in the Romanesque style of architecture. Its dimensions are as follows:—nave, 45x90 feet; chancel, 20x26 feet; vestry, 20x20 feet, and the tower in front 16x16 feet. The crypt or basement for heating apparatus, etc., is eight feet high. The material of the walls exclusively is rock-faced Dunnose limestone of splendid quality and dark rich colour, with red dressings of Longford stone with heavy buttresses between windows. The tower will be eighty feet in height to the cornice, with an crowded open belfry. Internally the nave has a graduated roof with hammer beams. The gothic style of moral design and very effective. There is a bold chancel arch with side arches for the side altars. The height of the ceiling from floor to apex of the graduated roof is 36 feet. The seating capacity of the church is about eight hundred and the cost of the completed structure is between $12,000 and $20,000.

The Peterborough Eleven Wins at Cobourg—Lakefield.

The Peterborough cricketers explored Campbellford in fine style yesterday, though the team came down by no means representative of the club's strength as cement pitch. Lack of space forbids detailed relaterum, but a glance at the score given below shows who took their goodies out of the enemies. The match was finished on the first innings, though the home team took their second. Following are some of the details of the innings:—

Gun Club Match.

A match took place yesterday afternoon at Riverside Park between teams captained by Secretary R. B. Loucks and Capt. Tivey. Fifteen rounds were shot, the former's team winning by four birds. The wind was blowing strongly from the South and sent the birds to the ground, the light was dark and deceiving. Following the score:—

TERRIBLE ITCHING

Used Everything Else Possible. In Three Weeks not a Sore or Pimple. Cured by Cuticura.

When my baby was three months old the cloths and bedding began to look as though they were spotted with red needles. In a few days little pustules, which was terrible. After he would rub them they would run and form a thick scab. Some of the scabs were as large as a dime. The poison spread all over his body, and he was a sight. He would scratch until the blood would run, and then the scabs would form again. He was restless, and would not sleep more than two hours at a time for a week or more. We had to put mittens on his hands to keep him from scratching. We had everything, and could get no relief. He was under the care of a physician, but grew worse. It grew from bad to worse, and finally we concluded to try CUTICURA REMEDIES. We bought a set, and before the first bottle of CUTICURA RESOLVENT, and one cake of CUTICURA SOAP was used, we could see a change for the better. He was entirely cured in six weeks from the time we began using the CUTICURA REMEDIES, and now (See portrait herewith.)

MRS. OSCAR JAMES, Weyburn, Ont.

My infant, eighteen months old, was afflicted with skin eruptions on his face. Had never come on his body. Tried different kinds of medicine, but CUTICURA REMEDIES cured him. Mrs. A. M. WALKER, Greenville, Ga.

Cuticura Resolvent

The new Blood Purifier, internally (to cleanse the blood of all impurities and poisonous elements), and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally (to clear the skin and scalp and restore the hair), have cured thousands of cases where the suffering was great beyond endurance, and physicians and friends pronounced them incurable. What other remedies have made such marvellous cures?

When the Weather Is out of Joint!

The weather at this writing suggests Waterproofs, Mackintoshes and Umbrellas, of which we have a complete assortment

For utility, comfort and appearance, there is no substitute for a Mackintosh when the weather is out of joint. Give a lady her *waterproof* or gossamer and she is prepared for any kind of weather. We have some of the finest goods that can be made, and in entirely new patterns. We have made a deep cut in the prices, so we can offer some as low as $2.00 for a quality that has the touch of a kid glove.

At $1.25 we offer an umbrella that is impervious to water and the strength of which would test the fury of a Kansas cyclone. Recent purchases enable us to offer a large lot of umbrellas at much below regular values.

Umbrellas re-covered while you wait.

We have an important special sale of Prints and Dress Goods going on at present. We venture a good deal by putting them down to the nominal prices they are selling at, but a clearance must be made at once. Purchasers need not fear that the bargains are all gone, for if the rush continues for a month there would still be astonishing bargains left.

THE WIDOW'S BIG FUND.

[illegible]

Dawson, Ont., May 26.—[illegible] a hundred or [illegible] accident occurred at Adamson, that has startled [illegible] of the district. A party [illegible] awarded [illegible] to [illegible] Mrs. Gaboge Sharp, who has been [illegible] by the Orphans' Court of [illegible] Pa. This award was [illegible] recover certain [illegible] she claims [illegible] the same company, [illegible] two months.

Mrs. Hoyt is not yet [illegible] years old, and George Hoyt was [illegible] George Hoyt Miller and the late Wyoming Hoyt. He was one of the [illegible] men of the Wyoming [illegible] coal region. He was a millionaire. [illegible] a big-hearted young man with a [illegible] to spend money. Ex-Governor Hoyt of Pennsylvania was an uncle of George. The widow is a very pretty woman and lives in a gorgeously-furnished palace with a corps of servants and as many dogs, while her stables are the largest in Dawson. She is a favorite with everybody and has spent large sums of money in charity and assisting other people.

Tour of Europe at [illegible]

Anna Marie Fell was Mrs. Hoyt's maiden name, and a year after her birth she was cared for by her aunt, Marie Bontag, the singer. When scarcely 6 years of age she made her debut in concert at the Theatre Francais, Paris, and at the age of 15 she made a tour of Europe, finally locating in Vienna, where she met and married Baron Von Balina. The traveled considerably, and two years later, while the Baroness was in a critical condition at her home in Philadelphia, her husband died in Vienna of heart disease. He was the youngest son, but his widow will in time inherit a large fortune from his parents.

Secretly Married to George Hoyt.

Her subsequent life is best told in her own words, as given in an interview yesterday. "I first met George Hoyt," she said, "five years before our marriage. We lived in the same city and saw each other frequently. We took a strong fancy to each other from the first. In January 1889, two years after my husband's death we came to Denver and were secretly married by a justice of the peace. We remined in Denver for 7 months and then went back East. In Chicago my husband became sick, and for the first time our marriage became known. After his recovery we immediately went to Wilkesbarre, where I stopped with his parents, who entertained most royally. After that we visited various portions of the East and South, returning to Denver 6 months later, when we settled down.

A Fortune of a Million.

"Two weeks after the foundation of our house had been laid my husband died of typhoid fever. I was sick with the fever at the same time, but recovered. I went to Wilkesbarre, where I stopped with my mother-in-law and began to settle up my husband's estate. I am a great lover of horses and dogs, and last week purchased a pair of stallions the equal of which cannot be found in Colorado. My one great object in life is the good I can do the poor and unfortunate. Through the aid of God I have become the possessor of a fortune amounting to almost $1,000,000. I own the Hotel Hoyt at Aransas Pass., Texas, and here in Denver have many lots and valuable ranches. I loved my husband dearly, and his parents always proved friends of mine."

Oats steady and unchanged.

THIS BURGLAR WAS MAGNANIMOUS.

The Endearing Reference to a Mother Touched His Heart.

CHICAGO, May 26.—A magnanimous burglar came to grief in Lakewood to-day. He entered the house of E. Handrey, at 1203 Wrightwood-avenue. He gathered all the jewelry up and was putting it in his pocket when Mrs. Handrey discovered him.

"I should like," he said, "all the jewelry you have in the house, madam."

Mrs. Handrey scanned what effects the burglar had in his possession.

"You have everything," she said, "but oh, sir! don't take it. All that jewelry, save one piece, was presented to me by my mother, who is now dead."

The burglar handed it all back. "Take it, madam," he said, bowing courteously. "I had a mother once myself."

Receiving the jewelry, Mrs. Handrey selected from the heap a valuable breastpin. "This is the one piece I spoke of" she said; "take this."

"No, madam; keep it," and with another polite bow the burglar walked out the back door and into the alley.

A policeman happened to be in the alley and arrested the fellow, who gave the name of George Schneider.

The T.S.C.'s Great Trio.

WOODSTOCK, May 26.—The road race held here yesterday under the W.A.A.A. auspices was won by the Toronto Bicycle Club team, composed of R. J. P. Smith, W. Hyslop and D. Nesmith, with the Ramblers of Hamilton, made up of the Wise Brothers and J. Bain, second. Smith's time for the distance, 10 miles, over very muddy roads, was 41 3-5 min. Hyslop was second and Nesmith third.

Lipschutz Wins the Last Chess Game.

NEW YORK, May 26.—The 15th and last game of the chess match was opened by Showalter with a Ruy Lopez. He obtained a fair game, but soon was troubled by pressure of time. On the 38th move he pinned his king to B 3, which was nothing less than a blunder, and lost the game right off. K Kt sq last and would have given him rather the better game. Two moves later the Kentuckian resigned the game and match. Final score: Lipschutz, 7; Showalter, 1; drawn, 7.

With Aconite and Razor Mrs. Noyes Tried to Take Her Children With Her.

WOODSTOCK, N. H., May 26.—Mrs. Ralph Noyes committed suicide here by taking poison, having previously attempted to kill her two children—a girl aged 3 and a boy aged 5. Mr. Noyes was absent at the time.

Directly after breakfast Mrs. Noyes prepared a dose of aconite in some sweetened water and forced the children to take it. The girl, suspecting something wrong, ejected the last mouthful when her mother was not looking. The boy was seized with vomiting, and threw the poison up. Mrs. Noyes took about a drachm of the poison herself, and then took a razor and drew it across the girl's throat. Then she tried to cut her own, but did not succeed in severing the windpipe. The girl grasped her mother's hand and held on until assistance arrived.

To the doctor that was summoned Mrs. Noyes said: "I am sorry you have come. I was in hopes to have taken the children with me. I think I have taken enough myself, but don't think they have." Mrs. Noyes died a few minutes later. The boy is now all right, but the girl is still in a bad condition.

Mrs. Noyes had never complained from the effects of the grip [illegible] and has at times been a little [illegible]

DOMINION PARLIAMENT.

THE SETTLEMENT OF THE NOVA SCOTIAN AFFAIRS.

[illegible]

OTTAWA, May 26.—The House went into Committee of the Whole on the Governor's Message, and the discussion of the Nova Scotian affairs was resumed. Before the orders of the day were called Hon. Mr. Davies asked [illegible] officers, and was given the [illegible] sanction [illegible] Newfoundland [illegible] of sanction vivendi for the [illegible] Sir John Thompson [illegible] over, whether delegates [illegible] go from Canada to Newfoundland or visit [illegible] supposed that a despatch [illegible] Newfoundland Government would be [illegible] more fully.

Mr. Davies asked whether any negotiations were pending with a view to the [illegible] of Newfoundland into the Dominion, and was informed by Sir John Thompson that no negotiations in that direction had taken place recently.

In making his enquiry Mr. Davies was only voicing a rumor which has been current for the past day or two, and probably arose out of the statement that the difficulties between Newfoundland and the Dominion were in a fair way of settlement. That an offer may be made to permanently settle our differences in this way is quite possible, as it is well known that the Imperial Government have for a long time been anxious that Newfoundland should become part of the Dominion.

After this the House went into committee of the whole on the criminal code and discussed some fifty clauses, adjourning at 11 until Friday.

Just prior to adjournment Sir John Thompson stated in reply to Mr. Laurier's question as to what it was intended to go on with on Friday, that he proposed first to take up the motion approving the appointment of the judges to take evidence in the Caron case, after that the Redistribution bill would be taken up, and if that was disposed of the House may be asked to go on again with the criminal code.

METHODISTS AND DANCING.

Two Reports Made to the General Conference.

OMAHA, Neb., May 26.—In the Methodist Conference yesterday the committee on the state of the church filed a majority and minority report touching dancing and other worldly amusements.

The majority believe there is no sufficient reason for making the proposed change, while the minority desire to eliminate the present penalty of expulsion and allow the members to decide for themselves what amusements are proper.

Mother and Child Drowned.

NEW WESTMINSTER, B.C., May 26.—A deplorable accident occurred yesterday. A boat containing four persons met the steamer Ritchet at Plumper's Pass on the way to the mainland. In attempting to board the steamer the boat was carried under the wheel and broken up, the occupants being thrown into the water. Mrs. Pope and an infant child were hit by the wheel, carried under the steamer and drowned. Mr. Pope and the other occupant of the boat escaped.

BUNCOED OUT OF $500.

A Bruce Farmer the Prey of the New York Green Goods Gang.

BUFFALO, May 26.—W. A. Thompson, a Canadian farmer of Chepstowe, Bruce County, Ont., arrived in Buffalo yesterday from New York, where he went on the understanding that he could buy $7000 counterfeit money for $500.

He was met by one of the swindlers at Poughkeepsie, taken to New York, planked down his $500, saw the bogus $7000 counted out and apparently put in a box, which he was cautious not to open till he reached Buffalo.

On arriving here he opened the box and found it to contain some paper and a piece of brick.

The Lair Raided.

NEW YORK, May 26.—Police Captain McLaughlin dropped in on a nest of "green goods" swindlers last evening, which resulted in the arrest of four men and a woman and the capture of 10,000 circulars, a large quantity of newspaper clippings and the apparatus for printing them.

A BOY CALLS IN DEATH.

12-Year-Old Howard Reid Hangs Himself With a Towel.

OTTAWA, May 26.—Howard Reid, son of Arthur Reid, farmer of March township, committed suicide yesterday by hanging with some roller towelling.

The lad, who was 12 years of age, sustained a severe injury to his head some years ago and is supposed to have been insane at the time of the suicide.

The Alphabet in His Eyes.

FORTH WORTH, May 26.—A freak of nature has come to light in the County Jail. His name is Jesse Lee, aged 18 years. Turn the boy's face so that a strong light may shine into his eyes and a phenomenon is seen. Around the pupils of his eyes, in the iris, are the 26 letters of the alphabet, arranged symmetrically. There are 13 letters in each eye, those up to "M" being in the left eye and the remaining ones in the right. Lee says his father and four brothers are similarly affected.

All Hands Probably Drowned.

ST. JOHN'S, N.B., May 26.—Three bodies from the schooner L. P. have been washed ashore near Nauset Light. The vessel drifted ashore on Friday last, having been on fire and abandoned. It was thought, however, that the crew had been rescued by a passing vessel. There is little hope now of any of the poor fellows having been saved.

The War Minister's Grandson Dead.

BELLEVILLE, May 26.—John R. Jamieson, aged 22, son of Mr. J. C. Jamieson of The Intelligencer, died in Chicago yesterday from typhoid fever. Deceased was a grandson of the Hon. Mackenzie Bowell, Minister of Militia.

Savard, M.P., Unseated.

OTTAWA, May 26.—Robert Cassells, Q.C., in Supreme Court chambers this afternoon allowed Mr. Belcourt's motion to unseat Mr. Savard's, M.P., appeal against the election of the election judges in the Chicoutimi petition. This finally unseats Savard (Liberal).

His Prosecution Petitioned.

PHILADELPHIA, May 26.—Martin McInerney, engineer in charge of the locomotive at the Roxboro reservoir, informed one of his fellow-workmen yesterday that he did not expect to be another day on earth, that he had a premonition that before the sun would set for the day his life would have ended. It came to him he said in a dream. Five hours later he fell from the locomotive and was crushed to death under the wheels.

Death Then a Jurist.

NEW YORK, May 26.—As the Clerk of Superior Court Part I was about to call the roll of jurors in the branch of promises case brought by Esther Jacoby against Brother Henry B. Hire yesterday, Juror Michael T. Wartin dropped dead in the box of the court-room.

TAXING THE BREWERS.

The Demand of the Ontario Government for a $250 License Fee.

OTTAWA, May 26.—The Ontario Government, through its license inspectors, has demanded of the brewers and distillers that they take out a provincial license costing $250. The matter has been brought before the Government and the suggestion made that they should test the constitutionality of the demand.

The brewers hold that as they already pay a tax to the Federal power the latter ought to protect them from the demands of the provinces. They further contend that the tax in question is interference with trade and commerce and therefore ultra vires of the legislatures of provinces. The Dominion Government's reply, so far as can be learned, is that the brewers and distillers ought to combine and test Mr. Mowat's legislation if they think it unconstitutional, but that the Dominion Government cannot undertake to do it.

A case which seems to be in line with this reply is that while the Federal power incorporates the banks and regulates them, the Provincial Legislatures in Quebec and New Brunswick have and do charge the banks a license and have been sustained in the imposition of that tax by the courts.

KILLED BY LIGHTNING.

A St. Mary's Citizen Struck Down in His Yard.

ST. MARY'S, Ont., May 26.—During a terrific thunderstorm which passed over this town yesterday Roger Hedley, one of the oldest and most respected citizens in St. Mary's, was struck by lightning and instantly killed in his yard. He leaves a wife and large family.

THE BARNARD BARONY.

Claimants for the Title Which Lapsed by the Duke of Cleveland's Death.

LONDON, May 26.—The Committee for Privileges of the House of Lords is considering the petition of Henry de Vere Vaze, praying that he may be summoned to the House of Lords as Baron Barnard of Barnard.

His claim is being contested by Captain Francis William Forester of Croom House, County Limerick.

THE OTHER SIDE.

The Charges Made Against Architect Balfour by His Wife.

ELMIRA, May 26.—In her statement of claim against Architect James Balfour, his wife, Mrs. Georgina Catharine Balfour, states that the defendant was in the habit of using violent, obscene and profane language towards the plaintiff, and on March 24 he struck the plaintiff violently in the face with his fist and choked her. On April 7 he choked her and in a violent rage said: "I wish to God you were dead," and picking up a knife lying on a table he chased the plaintiff around the kitchen, using threats at the same time, such as, "I will settle you!" In consequence of such threats the plaintiff, on April 7, left the defendant's house.

The statement says the defendant is owner of property to the value of $30,000, while his yearly income from his profession as an architect is between $8000 and $7000. She wants alimony.

Sherman Sent to Prison.

BUFFALO, N.Y., May 26.—Stephen F. Sherman, whose appeal was denied by the Court of Appeals, has been taken to Auburn to serve his 5-year sentence.

The grain frauds in which the Sherman brothers were involved amounted to over a quarter of a million bushels. The other brother, Wilson Sherman, is living in Toronto. An attempt to extradite him failed on technical grounds.

Killed While Coupling.

ST. CATHARINES, May 26.—Brakeman George Foster of Thorold was killed while coupling cars on the Niagara Central Railway yesterday. His body was cut in two.

OTTAWA, May 25.—When the Gatineau Valley Railway excursion train was leaving Lapeache last evening a lad named James McLaren, who had been running to catch the train, fell under the wheels, losing his right hand and foot. He may die.

A Priest Hanged to Death.

TRENTON, Ont., May 26.—The Gilbert House here, owned by Mrs. Gilbert of Toronto and occupied by T. P. Beasley, was burned to the ground at 5.30 this morning and one of the guests, a man named Hunt of Prince Edward County, was burned to death. The others escaped in their night-clothes.

A frame house adjoining, occupied by Dennis McAuley, was also burned and the family had a narrow escape.

The total loss is $6000. A smouldering fire is supposed to have caused the blaze.

Cheated Up His Child.

HAMILTON, May 26.—George Pearce was fined $3 by the Police Magistrate yesterday for cheating up his little girl in the yard because she played truant from school.

Canadian Ice at Philadelphia.

PHILADELPHIA, May 26.—The first cargo of Canadian ice ever brought to this city was landed here yesterday by the brig Harry Stewart, from St. John, New Brunswick. The cargo consisted of 430 tons, consigned to order.

ONTARIO AND THE WORLD'S FAIR.

If present indications be relied upon Ontario will have good cause to be proud of the exhibit which Mr. N. Awrey, M.PP., the Provincial Commissioner for the World's Fair, is now preparing for the great Columbian Exhibition. Applications for space have come in so numerously already that Mr. Awrey has been forced to visit Chicago to secure increased room for our proposed display. Even then it will be necessary in the fall to call over the offerings, when, possibly, 75 per cent. of them will be rejected, so that what will go to the World's Fair will be the very choice of what the Province can produce. To accomplish the best results it is necessary that the public at large should enter cordially into the spirit of the enterprise, and assist the commissioner in making a display creditable to the Province, and a standing advertisement of the enterprise and industry of its people. It is fitting that the finest Province in the Dominion, the first in natural advantages and resources, the first in agricultural advancement and industrial enterprise, should be adequately represented at the Exposition, so that her products of field, forest, mine and workshop will receive an attention that must result in their fuller development.

Lakefield.

(*From Our Own Correspondent.*)

The rains of the last few days have made a great change in the appearance of the country. Warm weather is now needed.

Clarence Bell, W. D. E. Strickland, A. Strickland, Geo. McWilliams, of Toronto, and others were all home for the 24th.

The Lakefield Court of Revision was held in the town hall, on Monday afternoon. Only one or two trivial cases were up for adjustment, and the roll was confirmed.

We are now having the highest water in the river so far this season, due to the late rains and the lumbermen letting it out of the creeks with logs, but it will not amount to much as more is not the water in the back lakes to cause any extra freshet.

The members of Exeter Lodge, Sons of England, attended St. John's English church on Sunday evening and listened to an instructive sermon by the Reverend George Warren.

Your correspondent had occasion to stop over at McFarlane's hotel, Young's Point, one day last week, and found mine host "Bill" to the fore and all prepared for his country visitors. Everything looks fresh and new, while the table was equal to many found in our larger cities. Any one wishing to enjoy a few days boating or fishing cannot do better than pay "Bill" a visit, as they will not rue it.

The Queen's Birthday passed off very quietly in the village. The Mary Ellen, Golden City, and Sunbeam all had fair loads of passengers to visit the back lakes. Several private pic-nics were held. The football club drove up to Warsaw, and a number of Roman Catholics drove down to Deare to be present at the laying of the corner stone of their new church, while quite a number went by train to town. In the evening there was a lecture in the P.C.A. Hall under the auspices of the Baptists. The rain in the afternoon and evening kept many in doors.

Mr. Hugh Caldwell, Clydesdale, Ont., writes:—My daughter was troubled with female weakness, and for more than a year was under the care of doctors and taking medicine without getting relief. I then got Dr. Williams' Pink Pills for her and they have completely cured her. Sold by dealers or sent on receipt of price—50c. a box or six boxes for $2.50. Address Dr. Williams' Med. A True Story.

Acclamation Rests Given the Troubled—How to Overcome Them.

Ned ——— was examined with one of our largest Canadian banks as ledger keeper; he was one of the most thorough and skilled of bank clerks, and his reputation had spread throughout every banking institution.

Ned had one grand fault; he had acquired a habit that gave him much trouble and distress. [illegible] and urged him to be careful. He promised [illegible] but failed to thoroughly overhaul him, and hold him captive.

Ned's [illegible] was dark; coating; his usual time for a meal was from five to ten minutes. This [illegible] habit at last brought him very sore—it made him a miserable dyspeptic—suffering from day to day till life became almost intolerable. In addition to his severe dyspepsia, frequent headaches and sleeplessness filled his cup of misery to the brim, and he was soon obliged to confine himself to his home.

Ned's family physician was attentive and painstaking, and used every effort to restore him to health. The work, however, was not satisfactory; the remedies used seemed to be powerless. After weeks of suffering and fasting, Ned's uncle, a well-known clergyman of a large country parish, called to see his nephew; and, after careful consideration, at once recommended a remedy that to himself had used to great advantage two years before.

"This Paine's Celery Compound is what you require, my boy; give up, at once, your other medicines and commence with it. Tell Dr. ——what you are doing; be frank with him, and I am sure he will commend your decision," said Ned's uncle.

A supply of the recommended remedy—Paine's Celery Compound—was procured at once, and the work of rebuilding and strengthening was begun with great earnestness.

In two weeks a notable and happy change was effected in Ned's case. Strength was returning, sleep—kind and refreshing—came regularly to the weary one; he found true rest and enjoyment. The digestive organs were toned and strengthened, and those distressing headaches banished.

Ned's doctor, who called to see him occasionally, was pleased and rejoiced to see the mighty change; and did not forget to speak favorably of the wonderful curing qualities of Celery Compound.

Family, friends and office officials were highly delighted to see the young man resume work in five weeks after having commenced with Paine's Celery Compound.

We are permitted to say that, to-day, Canada's great family remedy is extremely popular with Ned's friends and the bank officials and all recommend it when they have the opportunity.

About Oregon.

To the Editor of the Examiner:

Dear Sir,—If you will kindly allow me a space in your paper I would like to make a few remarks on a letter I saw in the Examiner from a Peterboroughian, now living in Oregon. I have been here three years and I cannot say that land has gone up in value. The land he speaks of is a few hundred acres lying between Independence and Monmouth, which a company bought and ran a motor line through, and surveyed off in lots, with the expectation of Independence becoming the county site. If speculators meet with any [illegible] enough to pay $10,000 for a $6,000 farm, land may, in a few cases, rise. An Ontario man came to Oregon seven years ago with about $10,000 and if he was to sell out to-day and go back to Canada he could not make $10,000 with him.

Oregon is well enough as it is, but it is very often misrepresented. We had a very wet fall, with a few weeks of fine weather in January and February. We have also had a very wet spring, it being impossible to do anything on the land. Wheat, oats and barley do well here if sown early, but late they can be sown as the dry weather comes on. There are from four to five months it never rains. This being a poor country for dairy work, as we have to feed our cows grain the year round if we want milk and butter. It takes a large range for a few head of cattle. Sheep and hogs do well if it is a favourable fall for growth and the farmers get their wheat in early, so as to be able to pasture it in the winter. Some seasons a farmer can fatten his hogs on oak nuts with a little grain to make the pork firm. (If a man rents he gives one-third and is allowed pasture for as many horses as are required to work the land, and pasture for hogs for family use, and for one or two cows. If he rents for cash he pays about $13 per acre. There is plenty of fruit but the flavor is not as rich as in Ontario. This is no country for the labouring man, as there are nearly six months in which he can do next to nothing.

I remain, respectfully yours,
HIRAM HOSKINS,
Sawyer, Polk county, Oregon.

No Time Should Be Lost.

Slight symptoms and little troubles often lead on to grave sufferings and severe calamities. Men and women should be attentive to the many symptoms which indicate diseases of the kidneys and liver. The comforts of true life are often shut out by a faulty liver. Note some of the symptoms: a constipated state of the bowels, pain in the small of the back, often acute and severe, a feeling of lassitude and weakness, furred tongue, and offensive breath.

When any of these serious and distressing symptoms are experienced, the true path out of all difficulties and dangers is the use of that old and tried remedy, Kidney-Wort. This valuable preparation acts immediately upon the kidneys, liver and bowels, restores perfect and harmonious action, and conduces to a vigorous digestion.

Kidney-Wort in the past has saved thousands of valuable lives when other remedies proved unavailing.

After the grip, Hood's Sarsaparilla will restore your strength and health, and expel every trace of poison from the blood.

"August Flower"

For two years I suffered terribly with stomach trouble, and was for all that time under treatment by a physician. He finally, after trying everything, said stomach was about worn out, and that I would have to cease eating solid food for [illegible] at least. I was so weak that I could not walk. Finally on the recommendation of a friend who had used your preparations with beneficial results, I procured a bottle of August Flower, and commenced using it. It seemed to do me good at once. I gained in strength and flesh rapidly; my appetite became good, and I suffered no bad effects from what I ate. I feel now like a new man, and consider that August Flower has entirely cured me of Dyspepsia in its worst form. James E. Dennrick, Saugerties, New York.

CURES BILIOUSNESS

By regulating and toning the liver and removing excess of bile, this distressing disease, which is the frequent cause of sick headache, dizziness, etc., is cured without fail. No remedy has ever performed so many permanent cures in the same space of time as has B.B.B.

B Burdock Blood Bitters

CURES SCROFULA.

This scourge of humanity arises chiefly from bad blood, for which B.B.B. has proved itself the most successful remedy of modern times. It completely frees the blood of every impurity, from a common pimple to the worst scrofulous sore. Pimples, blotches, boils, rashes, eruptions, sores, etc., vanish at once before the wonderful purifying powers of B.B.B.

WHOLESALE INFANTICIDE.

Terrible State of Affairs Brought to Light in Russia.

LONDON, May 25.—The trials at Bilas, Russia, of over 30 men and women on charges of wholesale systematic infanticide have been concluded.

All of the prisoners have been convicted and sentenced to imprisonment in a fortress for terms ranging from 6 to 30 years.

The number of victims has not been positively ascertained, but the bodies of 35 children, mostly new-born, have been traced.

The evidence teemed with blood-curdling disclosures as to the methods employed in getting rid of the unfortunate children. Many of them were allowed to die of cold and hunger and neglect and others were poisoned with a decoction of poppy seed; and a large number were violently put to death, being suffocated with pillows, or packages of wadding or linen, while others were strangled by the accused, or drowned in cess-pools.

The bodies of the murdered children were wrapped up in rags, and concealed in the woods at the first convenient opportunity. In some instances they were kept for days, both before and after their death, in chests, drawers, baskets, boxes, barrels, and other receptacles filled with filthy rags, and concealed in dark and sometimes noisome underground cellars. To the ringleader of the gang, Noskina, the murders of 24 infants were attributed. Two other women were charged with the murder of 16 children each; and another was alleged to have made away with 15.

COPENHAGEN, May 25.—The Prince and Princess of Wales arrived here to-day for the purpose of taking part in festivities attendant upon the celebration of the golden wedding of the King and Queen of Denmark.

The city has taken a holiday appearance and the harbor is filling up with war ships.

The Russian Imperial yacht Polar Star, which arrived here yesterday with the Czar and Czarina, was escorted by several vessels belonging to the Baltic fleet.

A British squadron is hourly expected.

The French North Sea squadron and vessels arrived to-night.

Among the presents already received by the royal couple is a magnificent vase standing nearly nine feet high, painted by one of the principal artists of Naples. This vase is a gift from the Danes residing in Italy.

The Czarina has presented to her father, who is a great lover of horses, six pure white Arab steeds. They are magnificent animals.

In memory of the occasion the Danish Government has caused to be struck off for the King and Queen two handsome two-half-crown pieces. The heads of Their Majesties are stamped on the coins, surrounded by a myrtle wreath and inscription, "26 May, 1842."

As a miser counts his gold, night and day,
So I count the minutes told to the chime;
My eye is dim, my hair is thin and gray,
And I know I'm growing old as they pass.

When we approach "the sere and yellow leaf" of our days, we are prone to look back regretfully. A clear conscience and sound health will lighten our gloomy reflections. Health is the greatest blessing—Dr. Pierce's Golden Medical Discovery the greatest medicine. It arrests the progress of lung and scrofulous diseases, and cures consumption, or Lung-scrofula, if taken in time. It is the king of liver invigorators and blood-purifiers, and a powerful tonic, building up the debilitated patient to perfect health. Contains no alcohol. a

A DEFAULTER'S DEATH.

Lived and Died Bearing a Name That Was Not His Own.

MONTREAL, May 25.—William S. Darling, who was a partner in the big New York firm of John F. Plummer & Co., which collapsed in 1890 leaving creditors with losses of several hundred thousands of dollars, died suddenly in this city Monday of heart disease.

Darling, who passed in Montreal under the name of Hilton, has lived here ever since the collapse of the firm. His wife and family lived in New York. Several members of the family arrived here to-night and took charge of the remains, which will be conveyed to New York for interment.

Offensive Sore Cured.

DEAR SIRS,—I take pleasure in testifying to the great healing qualities of your medicines. I had the misfortune to injure my leg, and through cold and neglect it broke out in a running sore, my leg becoming inflamed and very painful, and the discharge was very offensive; various remedies failed to help me when I had the good fortune to try your B. B. B. and Burdock Healing Ointment. Before I had finished the second bottle the discharge had stopped, and in two weeks more my leg was as well as ever. I feel justified in recommending it to the public as a cure if only given a fair trial.

A WIFE'S REVENGE.

A Paris Tragedy Which Resembles Another Recent One.

Deceived Husband Shoots Down Wife and Her Paramour.

PARIS, May 25.—This day last week was startled by a murder that in many ways resembles the Deneen affair save that in the present case the shooting was done by a woman.

The beautiful young wife of a well-known club-man, suspected that her husband was carrying on a liaison with the wife of an official high in the government. She kept watch on her husband and caught the pair together in a house in the Quarter L'Europe.

The wife forced open the door and drawing a revolver she advanced upon the woman, who had crouched in abject fear in a corner, and shot. The bullet struck home and the wounded woman begged piteously to be spared, but she appealed in vain.

Again and again did the revolver flash until five bullets had been buried in the woman's body.

During the shooting the husband stepped forward to disarm his wife, but she threatened to kill him if he advanced another step. Other people in the house rushed to the apartments, but none dared to place a hand upon the woman.

After the cartridges in the revolver were exhausted the woman quietly awaited the coming of the police, who had been summoned, and then calmly signified her desire to be taken away.

The wounded woman lingered in great pain for a few hours and then died.

The name of the murderess is Madame Raymond and the name of her victim Delaporte Lassimoone. The murdered woman was a niece of Casimir-Perier. Madame Reymond, who is a pretty brunet and and only 24 years old, says that Madame Delaporte was an intimate friend of hers, who had separated from her husband. She herself introduced Madame Delaporte to M. Reymond and son after ward discovered that they were meeting secretly.

After shooting her victim the murderess repeatedly stabbed her. She afterwards surrendered to the police.

The victim also had dagger wounds on the head, breast, and arm. Mme. Reymond's father says he and his wife were opposed to their daughter's marriage with Reymond.

Mme. Reymond's suspicions were aroused on Saturday by her husband's postponing a promised visit to the salon with her. She then searched his papers and soon discovered letters to Mme. Lassimoone and her address in the Rue Rocher.

The murderess says she became enraged because only 10 days ago she gave her husband some valuable jewelry to sell, ostensibly to pay a debt but really to furnish an apartment in the Rue Rocher.

A Cruel Judge Deposed.

ST. PETERSBURG, May 25.—Judge Hermann Koehlbrandt of Wenden, near Riga, has been fined 200 roubles and removed from office for abusing his power.

Among the offences proved against the judge was that he had caused nine men and women accused of trivial offences to be flogged with switches until the blood flowed from their bodies in streams.

Sergt. Schmitz Commits Suicide.

BERLIN, May 25.—Sergt. Schmitz of the artillery garrisoned at Soest, Westphalia, shot himself dead in the guard room while under arrest for bullying privates and inciting them to swear falsely on his trial.

Death of Baron Rosenorn Lehn.

COPENHAGEN, May 25.—Baron Rosenorn Leho, the Minister of Foreign Affairs, died here Monday.

Consumption and Lung Difficulties

Always arise from particles of corrupt matter deposited in the air cells by impure blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter, and like a crystal river flowing through a desert will bring with it and leave throughout the body the elements of health and strength. As the river, leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. Keep the Works in good order.

NORMAN, Ont., January 7th, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference in perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement in particular, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

A Fraternal Honoured.

The following address was presented by the members of St. Peter's Court, No. 225, to Bro. M. Coughlin, late treasurer of St. Peter's Court, No. 225, C. O. F., on the eve of his departure for Toronto, where he has established a monumental business:

To Bro. M. Coughlin:

Dear Sir and Bro.,—Learning with regret that you are about to remove from this vicinity to Toronto, where a larger field is open to you in which to increase your business and where we hope you will reap that measure of success you so richly merit, we, the officers and members of St. Peter's Court, No. 225, deem it our duty to express to you our sorrow and regret at your departure and our high appreciation of the valuable services you have rendered our Court as a most active and exemplary member and a most efficient officer. The Court loses in you a good and worthy member and the community an honoured and respected citizen. And we pray that in your new field the richest blessings of Heaven and an abundant share of happiness and prosperity may attend all your undertakings.

Signed on behalf of the officers and members.

Missionary Meeting at St. Paul's.

A united missionary meeting of the congregations of St. Paul's and St. Andrew's Presbyterian churches was held in the Sunday school room of St. Paul's last evening, Rev. E. F. Torrance presiding, and conducted the opening devotional services. Rev. A. Dowsley, B.A., then addressed the meeting on the subject of missions and mission work. Mr. Dowsley, whose home is in Campbellford, is a minister of the Presbyterian church of Scotland. He has spent twelve years labouring in India and China, being sent out by the Church of Scotland. Mr. Dowsley delivered an hour's interesting address upon these countries, their people, their characteristics, worship, habits, customs, modes of life, intelligence, history, etc. Rev. Mr. Dowsley had on profuse exhibition all kinds of goods and wares made by the inhabitants of India, China Egypt, Singapore, Penang and Ceylon. He also showed their dress, household utensils, personal ornaments, house decorations, etc. In fact Mr. Dowsley had evidently transported everything from the Orient and he only needed the natives themselves of those eastern countries and the topography of the country before him to make the scene vivid and realistic. During his remarks he made a vigorous appeal not to the church alone but to each one individually to obey the divine command, "Go preach the gospel to every creature." The amount of the work to be done in order to evangelize the world could not be estimated. We have the Word and it was our duty and the church's duty to give it to others. He landed the Chinese as a nation and said their great crime as a nation and a people was idolatry. In other respects they were equal in intelligence and genius to any people on the earth. At the close a vote of thanks was tendered Rev. Mr. Dowsley for his entertaining remarks, moved by Mr. Peter Hamilton and seconded by Mr. Wm. Collins, jr. "Praise God from whom all blessings flow" was sung and after the benediction a large number crowded around to examine all that the eastern nations produced, Mr. Dowsley kindly offering all explanations of the various curios which he possesses.

Christian Attendance Meeting.

There will be two mass meetings in the opera house on Sunday first, May 29th, at four o'clock in the afternoon and eight in the evening, addressed by the Rev. John Salmon and Rev. R. J. Zimmerman, of Toronto. Theme of the addresses, "The fulness of Jesus or present deliverance from the power of all sinful appetites and healing for the sick and suffering."

Good Men in Demand.

Mr. Geo. Cochrane has received offers from two large lumbering firms—the Victoria Harbour Lumber Company and Mr. John Wales, Collins Inlet, wishing to secure his services for measuring logs on Georgian Bay; one for a three months' engagement, and the other to measure 34 million feet of lumber. Owing to other engagements Mr. Cochrane is compelled to decline these lucrative offers.

Ascension Day.

To-day is the anniversary of our Lord's Ascension into Heaven, and the great event is suitably recognized at St. John's. There was Holy Communion service this morning, which was well attended. To-night at eight o'clock there will be full evening service and sermon, with full musical service, including anthem. This day marks one of the great events in the life of our Lord, which every devout Christian should feel bound to recognise.

Dress and Mantle Making.

Parties desiring to become expert cutters will do well to call on Mrs. E. Keane, who teaches Crowe's Mechanical Tailor System—best in use, fits every form, follows every fashion. Suits cut or made complete. Patterns drafted while you wait. Seamless basques and dartless coats to perfection. Agents wanted. Scholars intending to begin should call as early as possible to avoid the rush. Satisfaction guaranteed. Prices moderate. Peterborough Cutting and Sewing School, corner George and Edinburgh streets.

Bicycle Club Meet.

To-night—if it is not actually raining—there will be a muster of the Bicycle Club on the P.A.A.A. grounds, Ashburnham. Mud need not interfere with the meet; once the bikes are on the ground "everything is serene." The cinder track is in splendid shape, a sufficiency of water that the recent rain causes it is dry and fit for use. Let there be a full turn out. Don't let the enthusiasm in this lively sport die out:—

Wheel into line, boys, wheel into line,—
The cinder track is always fit, or be it rain or shine.

A Few Facts.

While at Peterborough a *Whig* reporter learned that the council there intended to purchase the horses engaged in the fire department. Peterborough, with a population of 12,000, has awakened to the necessity of this scheme, while Kingston with her 20,000 still slumbers in the sweet repose of negligence.

Chief Rossi, of Peterborough, is a fine looking man, weighing 225 pounds. He only has three constants with him and has no trouble in keeping peace either. Kingston has just appointed her fourteenth policeman.—Kingston *Whig*.

The New Track.

The work on the third-mile track at the Peterborough Central Fair Grounds will be completed to-day. Nine teams and a dozen men or more a day have been working diligently at the track for the past few days and their labors are nearly completed. The grading was completed two days ago, and the rolling and levelling is now being done. The first man to speed his steed on the new track was the genial secretary of the association, Mr. Wm. Collins. He was just a little too previous in claiming the honor of being the first one to drive over the new track, for while speeding his blood colt, Harold Hastwood, this morning he had the shafts of the vehicle broken by his horse becoming frightened.

The Town Clock.

It is noticed that the town clock, is paradoxically situated; on strike, and yet not striking, and for legitimate reasons, too. Mr. John Kincaid, under instructions from Mr. Councillor Muldrum, is moving the bell—raising it to the top of the tower, which is to be remodelled in such a way as to permit the sound to escape. In order to allow the bell to be raised, it was necessary to disconnect the clock, and remove it from its position. This was done on Wednesday morning by Mr. R. W. Hilborne, caretaker of the clock. It will be a week or ten days before the bell is placed in position and the clock started running again. The clothing of the bell is a step upwards, and it is to be hoped that it will hereafter make itself heard with no uncertain or muffled sound.

Delighted With Their Visit.

The Kingston *Whig*, among other things has the following to say of the 14th's visit to Peterborough and the fine band of the 57th.

Bandmaster F. W. Miller, of Peterborough, is to be complimented on his fine class of musicians. The band now numbers thirty strong and Mr. Miller has been conductor for the past eighteen years.

The 14th band put up at the Morgan house. They say the proprietor is the "squarest" man they ever met.

The Kingston band were right royally entertained by the Peterborough band and they feel highly grateful. The non-commissioned officers of the 14th also tender thanks to their grade in the 57 h.

The trip of the 14th battalion to Peterborough will be long remembered. From the departure of the battalion on Monday night, until its return this morning, the intervening hours were full of pleasure to the boys.

Gentlemen.

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy, Syrup of Figs, a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers, the California Fig Syrup Company.

Grand Trunk Local Improvements

Matters of Important Changes in the Station Property.

The annual spring cleaning season has struck the local Grand Trunk authorities in the right spot. All spring important improvements have been going on in the station buildings and grounds, and, as in their due, the ladies have received the first share of attention, and now they are provided with as elegant, comfortable and convenient a waiting room as can be desired. The large room originally used as the superintendent's office has been elegantly fitted up—to the south of the general office and ticket office, with which latter it has been connected by the opening of a ticket gate. The panelled wood ceiling has been overcalsked, the walls have been tinted a delicate shade of green, the seats have been nicely upholstered, and everything has been done to meet the wants of lady passengers. This room has been provided with elegant ladies' drinking and toilet rooms, with marble and sanitary plated fittings, plate mirrors, dressing tables, lavatory basins, etc., with city water laid on. They are lighted with gas. There are two entrances to this ladies' waiting room, one from the platform on the south and the other from the passage which has been opened between the train side and the cab side of the platform. The passage has been railroaded and provided with city water, for both drinking and fire extinguishing purposes. Passengers alighting can now pass directly through to the cab platform without having to make, as formerly, the northern circuit of the station buildings. Off this passage, at the eastern end, opens the office of Mr. R. M. Roy, storekeeper and manager of the fuel department, [illegible] district, who keeps a local staff of three or four, and a total staff of about forty at other points on the line. This room has been thoroughly renovated also, and a partition thrown across it at the northern end to make a private office for the resident agent, opening on the public office to the left.

At the King street end of the premises an elegant office for Mr. McNabb, roadmaster, is being fitted up in the old tank building, corner of King and Bethune. The best work of all perhaps has been done upon the yard drive from King to Charlotte street, west of the station. The cut coil was ploughed up to a good depth, removed and the vacancy filled, to the depth of a foot with broken stone, and over this has been placed a dressing of fine clean gravel. This will make a thoroughly good roadway, which will last for years, and would not make a bad model for our town streets, upon which, by the way, a surface coating of broken granite is now being laid—a vast improvement over the gravel they were formerly treated with. The station drive is level as an ice pond and absorbs the rain readily. This morning it was so dry and clean that a lady in ball shoes could have crossed it without soiling her dainty number twos. The shrubbery at the Charlotte street end of the station grounds is in a neat, thrifty and attractive condition. Altogether important improvements have been well made, and the station with its *vis a vis* of fine new residences on Bethune street with their trim, tidy front lawns is a model railway centre, creditable alike to the company and the employes who take so much pride in its appearance.

Peterborough Presbyterially Considered.

The last issue of the *Canadian Presbyterian* has the following:—Presbyterially considered, Peterborough does not need to take a back seat in any company. St. Paul's church might be called St. Paul's Cathedral. It is large enough for a cathedral, and in a young country like Canada, where few things are covered with moss, might pass for one. As most of the pews are on the ground floor when the people are well out, as Dr. Burns used to say, Brother Torrance must feel as if he had about an acre of Presbyterianism before him. St. Andrew's Church is a solidly-built structure and commands a beautiful rising ground on the western side of the town. The new pastor came in just in time to get the benefit of a sudden increase in the population, and we were told the church is fast filling up. On one side of the church is a school room, now being replaced by a new and larger one, and on the other a most comfortable-looking manse in which, we believe, the Rev. D. J. McConnell spent the youthful days of his ministry and prepared himself for shouldering augmentation and other ecclesiastical burdens. Near by stands the former home of one whose liberal gifts will be long remembered. Her Christian munificence in doing good work in many fields, though the house on the hill knows her no more. A short distance to the north stands the hospital that bears her name, and many a weary sufferer there will bless the memory of Mrs. Nicholls.

Unclaimed Bank Accounts.

A very interesting return has just been issued by Parliament, it being a list of the unclaimed balances and dividends remaining in the banks of the Dominion, and awaiting a call from the owners. Summing up the amount totals nearly a half million of dollars. Among the list we find the following names in this neighborhood:—

—Dominion Day this year will be the twenty-fifth anniversary of Confederation.

—County visiting Knights [illegible] Templar [illegible] of the 14th Battalion in Peterborough.

—A new school house will be erected in school section number two, North Monaghan, near the Roman Catholic Cemetery. Tenders are advertised for.

—The beautiful Dominion ensign, which was lovingly floating from the flag staff of the Edison Works on the 24th, was furnished by Messrs. J. J. Turner & Son.

—Small hail stones fell thick and fast for a few minutes yesterday afternoon. Some of the stones were very large. Several small panes of glass in the town were broken.

—Sunday evening a large and valuable raft of square timber worth some $37,000 owned by R. G. Beak, of Norwood, left Belleville for Quebec in tow of the tug John A. Macdonald.

—The first match of the series of League Matches between two teams of ten men aside chosen from the 57th Battalion, are being shot at the R.S.A. Association ranges this afternoon.

—The hail storm of yesterday caused many horses to run away. The animals attached to two separate vehicles which were near the C.P.R. station at the time, started, off, but no serious damage was done.

—The excursionists who went to Stony Lake report having had a good time. Everything about the Islands was found in good order, no marks of vandalism being found at all. The "Mary Ellen" made the trip in good style.

—The flags on the post office, Customs office, court house, and St. John's and the George street Methodist churches are flying at half mast out of respect to the memory of Sir Alex. Campbell, late Lieut. Governor of Ontario.

—The Y.M.C.A. Bible class meet to-night at 8 o'clock. Subject, "The Two Natures," led by Mr. Alex. Richardson. The Devotional Committee will also meet. The Conference Committee will meet to-morrow night at 7.45 o'clock.

—The Rideau and the Peterborough Baseball Clubs will play their first match of the season at the P.A.A.A. grounds on Saturday afternoon. This will be the first of a series of games between the two clubs to decide which is the champion.

—There can be no complaint that crops are not receiving abundance of rain, as during the past few days it has been falling almost steadily. A touch of summer weather would now bring out the foliage and blossoms in unusual splendour.

—Street Inspector Pope is bringing the grade of the several streets adjoining the crossings on a level with the crossings themselves. He is using the large number of broken cords of stone which were gotten out last winter to do the work and is making good jobs.

—The cricket match with Port Hope, which was to have come off to-day in that town, has been postponed until Wednesday, June 1st, owing to the inability of the Peterboroughs to get a team together. All who can play on the team on the above date should hand in their names at once to Mr. Sam Bray.

—Mr. Owen Martin, who was arrested in Toronto and lodged in the county gaol here on Tuesday for alleged swindling of Mr. A. D. Anderson, of Keene, out of a gold watch, was liberated from custody yesterday. The matter was settled, Martin returning the watch to Anderson. Each of the parties paid half the costs.

—The case of Forbes vs. Memorial came up for hearing before County Magistrate Edmison yesterday afternoon. The parties lived in North Monaghan. It appears that defendant told plaintiff who is a poor old man, that he could cut certain wood on his place and have it for his own use gratis. Plaintiff alleges that after he had cut the wood that the defendant went and sold it. The case was enlarged until Saturday afternoon.

—The 57th Battalion band will commence their weekly concerts in the Court House Park to-morrow evening. This will be the first of the season and no doubt the citizens will turn out in large numbers. Complaints have been made by members of the band that the property committee are slow to make the extensions and improvements to their band stand which they asked for some time ago. The capacity of the stand is far too inadequate for the present large number who belong to the band.

Police Court.

Thursday, May 26th.

Councillor Thos. Cahill and Mr. R. S. Davidson, J.P., presided at the police court this morning.

The case of two ratepayers charged with a breach of the health by-law, was enlarged for a week.

The case of Miss Polly Arnold who charged E. Moroney that he did on May 24th use grossly, insulting and abusive language to her, contrary to the statute in that behalf, was enlarged until Monday.

A family feud case, in which one brother charged another with assault, was dismissed by the court with the remark that it was to be hoped that the parties would be able to settle their family squabbles amicably, and prevent the necessity of binding over both parties to keep the peace.

[Mr. J. Clancy, of the Peterborough House, requests the Examiner to state that he was not the "J. Clancy" who appeared at the Police Court on Wednesday for being too alcoholically loyal on the 24th.

Sir Oliver Appointed.

On Monday, the 23rd, Mr. E. J. Orton, the enthusiastic and obliging secretary of the Y.M.C.A., completed his third year's labours. The active members of the association felt they could not allow the opportunity to pass without expressing their appreciation of his labors, and on Thursday evening they entertained him to an oyster supper at Mr. H. Long's restaurant. Mr. Albert Hamilton presided, and a delightful time was spent.

A Sudden Death.

Frances Gardener, wife of Mr. William Green, butcher, who resides on Park street, died suddenly at a late hour last night of heart disease. Deceased lady was in her usual good health all the evening and was enjoying herself as a family reunion took place at her residence. Shortly after retiring she complained to her husband that she was not feeling well, and said she would go down stairs to get a drink of water. As she did not return her husband became alarmed and on investigation found Mrs. Green lying on the floor unconscious. A physician was called in, but before he arrived she died. Heart disease was the cause of her death. Mrs. Green was in her fifty-second year. She leaves a husband and a family of several children who have the sympathy of the entire community in the sudden loss of a kind and loving mother. Deceased was highly esteemed and universally respected by all who knew her. The funeral will take place to-morrow afternoon at three o'clock from the family residence, 173 Park street. The remains will be interred in Little Lake cemetery.

No Wonder
That People Speak Well of
HOOD'S
Sarsaparilla

Mr. R. J. Brundage of Norwalk, Ct., of the firm of Buxton & Brundage, expressmen, 159 Main Street, writes his experience below:

"For a long time I have been troubled with a weak stomach, followed by

Indigestion and Dyspepsia

A short time ago I began taking Hood's Sarsaparilla and took three or four bottles. Result, I have not felt so well all over for years. My food seldom troubles me now. My sister, who was troubled about the same way as myself, took Hood's Sarsaparilla with very pleasing results. I do not wonder that patrons all along the line speak so well of Hood's Sarsaparilla. Don't see how they can help it." R. J. Brundage, Norwalk, Ct.

Mr. B. H. Rose

Is well known in Rochester, N. Y., as head of the firm of Rose & Eddy, wholesale and retail dealers in general hardware and house furnishing goods, at 137 East Main street. The statement of so prominent a man must

Command Attention

"I send this unsolicited as I feel to congratulate myself that I used Hood's Sarsaparilla. Six months ago my digestion was very bad, and I had almost a case of

Chronic Dyspepsia

I was also broken down by over-work, so that I could not sleep nights. My stomach is now perfect, my nerves in excellent shape, and I have gained 10 pounds in 6 months. For all this benefit my gratitude is due Hood's Sarsaparilla. Accept my best wishes for

Hood's Sarsaparilla

the best medicine in the land." B. H. Rose, of Rose & Eddy, Rochester, N. Y.

In the art of Welsh Rarebing, there are many elements which go to make successful work. The cleaning and regulating is easily performed, but the replacing of any broken parts is far more difficult and it takes a workman of taste experience and first class practical ability to make a new piece which is so well finished and fitted as the original was. Mr. Master invariably finishes his work equal to new. The New Store is next to the "Examiner" Office.

When the Weather Is out of Joint!

The weather at this writing suggests Waterproofs, Mackintoshes and Umbrellas of which we have a complete assortment.

For utility, comfort and appearance, there is no substitute for a Mackintosh when the weather is out of joint. Give a lady her waterproof or gossamer and she is prepared for any kind of weather. We have some of the finest goods that are made, and in entirely new patterns. We have made a deep cut in the prices, so we can offer some as low as $2.00 for a quality that has the touch of a kid glove.

At $1.25 we offer an umbrella that is impervious to water and the strength of which would test the fury of a Kansas cyclone. Recent purchases enable us to off r a large lot of umbrellas at much below regular values.

Umbrellas re-covered while you wait.

We have an important special sale of Prints and Dress Goods going on at present. We venture a good deal by putting them down to the nominal prices they are selling at, but a clearance must be made at once. Purchasers need not fear that the bargains are all gone, for if the rush continues for a month there would still be astonishing bargains left.
